Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement.

General Information

On October 27, 2004, the Company entered into a Five Year Competitive Advance and Revolving Credit Facility Agreement with JPMorgan Chase Bank, as Administrative Agent (JP Morgan), and Wells Fargo Bank, National Association, as Syndication Agent, and various other lenders (the Credit Facility), with the proceeds from advances under the Credit Facility to be used for general corporate purposes. The Credit Facility provides for an unsecured \$1.5 billion multi-currency revolving credit and competitive advance facility (fully available in US\$, Euros or competitive loans in any currency). Multi-currency commitments (available in certain specified currencies other than US\$ or Euros) in an initial aggregate amount of \$200 million and swing line loans in an amount up to \$150 million are provided under the facility. The Credit Facility may be increased by up to \$300 million, subject to certain conditions. The lending commitments under the Credit Facility are scheduled to terminate October 27, 2009. At the Closing of the Credit Facility, the Company borrowed \$316 million under the Credit Facility to pay off and terminate the Prior Facility. In addition, \$94 million in letters of credit were issued under the Credit Facility to replace letters of credit outstanding under the Prior Facility.

Interest Rates and Fees

Other than competitive loans and swing line loans, advances under the Credit Facility, will bear interest at a Eurocurrency Rate or a Base Rate (generally equal to the prime rate of JP Morgan), plus a percentage determined based on the Company's credit rating. The Company is required to pay accrued interest at established intervals based upon the Company's elected interest period.

Among other fees, the Company pays a facility fee of 0.110% per annum (due quarterly), based on the Company's credit rating on the aggregate commitment of the Credit Facility, whether used or unused. The Company also pays a utilization fee of 0.125% on the total amount

outstanding under the Credit Facility for each day that such amount exceeds 50% of the aggregate commitments then in effect.

Covenants and Events of Acceleration

The Credit Facility contains customary covenants, including but not limited to, restrictions on the Company's ability, and in certain instances, its subsidiaries' ability, to incur liens, merge or dissolve, finance its accounts receivables, or sell or transfer assets. The Credit Facility also limits the Company's subsidiaries' ability to incur additional indebtedness. In addition, the Company may not permit its consolidated leverage ratio to exceed 2.75 to 1.0 or its consolidated interest coverage ratio to be less than 3.50 to 1.0 during specified periods.

Upon the occurrence of certain events of default, the Company's obligations under the Credit Facility may be accelerated and the lending commitments under the Credit Facility terminated. Such events of default include, but are not limited to, payment default to lenders, material inaccuracies of representations and warranties, covenant defaults, material payment defaults (other than under the Credit Facility), voluntary and involuntary bankruptcy proceedings, material money judgments, material ERISA events, or change of control of the Company.
