**PROXY STATEMENT
FOR
2005 ANNUAL MEETING OF STOCKHOLDERS**

April 25, 2005
GENERAL

These proxy materials are provided in connection with the solicitation of proxies by the Board of Directors of FormFactor, Inc., a Delaware corporation, with respect to the 2005 Annual Meeting of Stockholders to be held at our offices located at 7005 Southfront Road, Livermore, California, on Thursday, May 19, 2005, at 3:00 p.m., Pacific Daylight Time, and at any adjournment or postponement of the Annual Meeting.

This Proxy Statement and the accompanying proxy card were first mailed to our stockholders on or about April 25, 2005. Our Annual Report on Form 10-K for the fiscal year ended December 25, 2004 was enclosed with this Proxy Statement in such mailing.

Purpose of Annual Meeting

The specific proposals to be considered and acted upon at the Annual Meeting are summarized in the accompanying Notice of Annual Meeting of Stockholders. Each proposal is described in more detail in this Proxy Statement.

Voting and Solicitation

Record Date. Only stockholders of record of our common stock at the close of business on March 31, 2005, which is the record date, are entitled to notice of, and to vote at, the Annual Meeting. At the close of business on the record date, we had 39,197,061 shares of FormFactor common stock outstanding and entitled to vote, which were held by 163 stockholders of record.

Voting Rights. Holders of our common stock are entitled to one vote for each share held as of the record date. All proxies will be voted in accordance with the instructions contained therein and, if no choice is specified, the proxies will be voted in favor of the nominees for director and the selection of PricewaterhouseCoopers as our independent auditor, all as presented in the accompanying Notice of Annual Meeting of Stockholders and this Proxy Statement. Please note that if your shares of our common stock are held of record by a broker, bank or other nominee and you wish to vote at the Annual Meeting, you must obtain from the record holder a proxy issued in your name.

Quorum. A quorum is required for our stockholders to conduct business at the Annual Meeting. The holders of a majority of the shares of our common stock entitled to vote on the record date, present in person or represented by proxy, will constitute a quorum for the transaction of business at the Annual Meeting.

Vote Required to Approve Proposals. With respect to Proposal No. 1, directors will be elected by a plurality of the votes of the shares of our common stock present in person or represented by proxy at the Annual Meeting and entitled to vote on the election of directors. Stockholders may not cumulate votes in the election of directors. Approval and adoption of Proposal No. 2 requires the affirmative vote of a majority of the shares of our common stock entitled to vote on the proposal that are present in person or represented by proxy

Table of Contents

at the Annual Meeting. The effectiveness of any of the proposals is not conditioned upon the approval by our stockholders of any other proposal by the stockholders.

Effect of Abstentions and Broker Non-Votes. Abstentions will have no effect with regard to the election of directors, since approval of a percentage of shares present or outstanding is not required for this proposal, but will have the same effect as negative votes with regard to all other matters. Brokers who hold shares for the accounts of their clients may vote such shares either as directed by their clients or, in the absence of such direction, in their own discretion if permitted by the stock exchange or other organization of which they are members. Brokers that are members of certain exchanges are permitted to vote their clients' proxies in their own discretion as to certain routine proposals, such as all of the proposals to be voted on at the Annual Meeting. If a broker votes shares that are not voted by its clients for or against a proposal, those shares are considered present and entitled to vote at the Annual Meeting, and will be counted towards determining whether or not a quorum is present. Those shares will also be taken into account in determining the outcome of all of the proposals. Although all of the proposals to be voted on at the meeting are considered routine, where a proposal is not routine, a broker who has received no instructions from its clients generally does not have discretion to vote its clients' unvoted shares on that proposal. When a broker indicates on a proxy that it does not have discretionary authority to vote certain shares on a particular proposal, the missing votes are referred to as broker non-votes. Those shares would be considered present for purposes of determining whether or not a quorum is present, but would not be considered entitled to vote on the proposal or counted as affirmative votes with respect to its approval.

Recommendations of our Board of Directors

Proposal No. 1. Our Board of Directors recommends a vote FOR the election of Dr. Homa Bahrami and G. Carl Everett, Jr. to our Board of Directors as Class II directors.

Proposal No. 2. Our Board of Directors recommends a vote FOR the ratification of the selection of PricewaterhouseCoopers LLP as our independent auditor for the fiscal year ending December 31, 2005.

How to Vote

Voting by Mail. By completing, dating, signing and returning the proxy accompanying this Proxy Statement in the enclosed postage-paid envelope (to which no postage need be affixed if mailed in the United States), you are authorizing the individuals named on the proxy, who are officers of FormFactor and are known as proxy holders, to vote your shares at the Annual Meeting in the manner that you indicate. We encourage you to sign and return the proxy even if you plan to attend the Annual Meeting. In this way, your shares will be voted if you are unable to attend the Annual Meeting. If you received more than one proxy card, it is an indication that your shares are held in multiple accounts. Please complete, date, sign and return all proxies to ensure that all of your shares of our common stock are voted at the Annual Meeting.

Voting in Person. If you plan to attend the Annual Meeting and vote in person, we will provide you with a ballot at the meeting. If your shares are registered directly in your name, you are considered the stockholder of record and you have the right to vote in person at the meeting. If your shares are held in the name of your broker, bank or other nominee, you are considered the beneficial owner of shares held in street name. As a beneficial owner, if you wish to vote at the Annual Meeting, you must bring to the Annual Meeting a letter from the broker, bank or other nominee confirming your beneficial ownership of such shares.

Revocability of Proxies

Any person signing a proxy in the form accompanying this Proxy Statement has the power to revoke it prior to the Annual Meeting, or at the Annual Meeting prior to the commencement of voting at the Annual Meeting. A proxy may be revoked by any of the following methods:

a written instrument delivered to us stating that the proxy is revoked;

a subsequent proxy that is signed by the person who signed the earlier proxy and is presented at the Annual Meeting; or

attendance at the Annual Meeting and voting in person.

Table of Contents

Adjournment of Annual Meeting

In the event that sufficient votes in favor of the proposals are not received by the date of the Annual Meeting, the persons named as proxies may propose one or more adjournments of the Annual Meeting to permit further solicitations of proxies. Any such adjournment would require the affirmative vote of the majority of the shares of common stock present in person or represented by proxy at the Annual Meeting.

Expenses of Soliciting Proxies; Solicitation

We will pay the entire cost of soliciting proxies to be voted at the Annual Meeting, including the preparation, assembly, printing and mailing of these proxy materials. Copies of these proxy materials will be provided to brokerage firms, fiduciaries and custodians holding shares in their names that are beneficially owned by others so that they may forward the solicitation material to such beneficial owners. In these cases, we may reimburse the record holders for their reasonable expenses for forwarding proxy materials to, and obtaining authority to execute proxies from, such beneficial owners. Following the original mailing of these proxy materials, our directors, officers and employees may also solicit proxies by mail, telephone or in person. We will not pay any compensation to these individuals for their proxy solicitation efforts, but we may reimburse them for reasonable out-of-pocket expenses in connection with any solicitation. In addition, we may engage a proxy solicitor to assist in the solicitation of proxies from our stockholders. If we engage a proxy solicitor, we expect that the fees we would pay to the proxy solicitor would not exceed \$10,000, plus reasonable out-of-pocket expenses.

**PROPOSAL NO. 1
ELECTION OF DIRECTORS**

The first proposal is to elect two Class II directors to our Board of Directors. The Class II nominees are Dr. Homa Bahrami and G. Carl Everett, Jr., who are current directors of FormFactor. These nominees have been duly recommended by our Governance Committee and nominated by our Board of Directors, and have elected to stand for reelection. The proxy holders intend to vote all proxies received by them for Dr. Bahrami and Mr. Everett, unless otherwise instructed. Proxies may not be voted for more than two directors. Stockholders may not cumulate votes in the election of directors. In the event any nominee is unable or declines to serve as a director at the time of the Annual Meeting, the proxies may be voted for a nominee designated by our Board of Directors to fill the vacancy. As of the date of this Proxy Statement, our Board of Directors is not aware that any nominee is unable or will decline to serve as a director of our company.

Our Board of Directors recommends a vote FOR the election of Dr. Homa Bahrami and G. Carl Everett, Jr. to our Board of Directors as Class II directors.

Board of Directors

Our Board of Directors consists of seven members and is divided into three classes, which we have designated as Classes I, II and III. Each director is elected for a three-year term of office, with one class of directors being elected at each annual meeting of stockholders. Each director holds office until his or her successor is duly elected and qualified or until his or her earlier death, resignation or removal. Our Board of Directors has determined that each of our directors, other than Dr. Khandros, who is our Chief Executive Officer, and Mr. Bronson, who is our President, is independent within the meaning of the rules of the Nasdaq National Market. Accordingly, more than a majority of the members of our Board are independent.

Our Board of Directors and the Audit Committee have adopted a charter for the Audit Committee, a copy of which is attached to this Proxy Statement as Appendix A.

Compensation Committee. The Compensation Committee oversees our company's compensation policies and programs, determines the compensation of our executive officers and Board of Directors, and administers our equity and benefit plans. During fiscal 2004, the Compensation Committee met four times and was comprised of Dr. Davidow and Messrs. Bronson and Everett, except during November and December 2004, for which period the Committee was comprised of Dr. Davidow and Messrs. Everett and Prestridge. The current members of our Compensation Committee are Dr. Davidow and Messrs. Everett and Prestridge. Mr. Prestridge is the chairperson of this committee. Our Board of Directors has determined that each member of the Compensation Committee is independent within the meaning of the rules of the Nasdaq National Market, a non-employee director within the meaning of Section 16 of the Securities Exchange Act of 1934, and an outside director within the meaning of Section 162(m) of the Internal Revenue Code. Our Board of Directors and the Compensation Committee have adopted a charter for the Compensation Committee, a copy of which was filed as Appendix B to our Proxy Statement for 2004 Annual Meeting of Stockholders.

Governance Committee. The Governance Committee oversees our company's corporate governance practices and our process for identifying, evaluating and recommending for nomination by our Board of Directors individuals for service on the Board and its committees. During fiscal 2004, the Governance Committee met two times and was comprised of Dr. Davidow and Messrs. Campbell and Prestridge, except during December 2004, for which period the Committee was comprised of Drs. Bahrami and Davidow and Mr. Prestridge. The current members of the Governance Committee are Drs. Bahrami and Davidow and Mr. Everett. Dr. Bahrami is the chairperson of this committee. Our Board of Directors and the Governance Committee have adopted a charter for the Governance Committee. The charter of this committee is not available on our company website; however a copy of this charter was filed as Appendix C to our Proxy Statement for 2004 Annual Meeting of Stockholders.

Director Compensation

For fiscal 2004, our independent directors received annual compensation of \$12,500, compensation of \$1,000 for each Board meeting attended, and compensation of \$500 for each Board committee meeting attended. For fiscal 2005, our independent directors will receive annual compensation of \$20,000, compensation of \$2,000 for each Board meeting attended, \$1,000 for meetings attended telephonically, and compensation of \$1,000 for each Board committee meeting attended. Additionally, we will pay additional annual compensation of \$5,000 to each committee chair and \$15,000 to the Chairman of the Board. Our non-independent directors do not receive cash compensation for their services as directors. All of our directors are reimbursed for their reasonable expenses in attending Board and Board committee meetings.

Each of our directors is eligible to participate in our 2002 Equity Incentive Plan. Under this plan, option grants to directors who are our employees, or employees of a parent or subsidiary of ours, are made at the discretion of the Compensation Committee, and option grants to directors who are not our employees, or employees of a parent or subsidiary of ours, are automatic and non-discretionary. Each non-employee director who becomes a member of our Board of Directors is granted an option to purchase 12,500 shares of our common stock as of the date that director joins the Board. In addition, immediately after each annual meeting of our stockholders, each non-employee director is automatically granted an additional option to purchase 12,500 shares of our common stock, as long as the non-employee director is a member of our Board on that date and has served continuously as a member of our Board for at least 12 months since the last option grant to that non-employee director. If less than 12 months has passed, then the number of shares subject to the option granted after the annual meeting is 12,500 multiplied by a fraction, the numerator of which is the

Table of Contents

number of days that have elapsed since the last option grant to that director and the denominator of which is 365 days.

Each option granted to a director under our 2002 Equity Incentive Plan will have an exercise price equal to the fair market value of our common stock on the date of grant. The options will have ten-year terms and will terminate three months after the date the director ceases to be a director or consultant or 12 months if the termination is due to death or disability. All options granted to non-employee directors who first became members of our Board of Directors after our initial public offering will vest over a one-year period at a rate of 1/12th of the total shares granted at the end of each full succeeding month, so long as the non-employee director continuously remains our director or consultant. All succeeding option grants to non-employee directors who were members of our Board of Directors prior to our initial public offering will vest as to 1/12th of the total shares granted at the end of each full succeeding month from the later of the date of grant or the date when all outstanding stock options and all outstanding shares issued upon exercise of any stock options granted to the non-employee director prior to the grant of such succeeding grant have fully vested. In the event of our dissolution or liquidation or a change in control transaction, options granted to our non-employee directors under the plan will become 100% vested and exercisable in full.

In connection with Dr. Bahrami's appointment to the Board, in December 2004 we granted Dr. Bahrami an option under the 2002 Equity Incentive Plan to purchase 12,500 shares of our common stock at an exercise price of \$25.65 per share, with other terms as specified above.

Compensation Committee Interlocks and Insider Participation

None of the members of our Compensation Committee has at any time since our incorporation been one of our officers or employees. None of our executive officers serves or in the past has served as a member of the board of directors or compensation committee of any entity that has one or more of its executive officers serving on our Board of Directors or our Compensation Committee.

Consideration of Director Nominees

Our Governance Committee identifies, evaluates and recommends individuals for nomination by our Board of Directors for election as directors of our Board. The committee generally identifies nominees based upon recommendations by our directors and management. In addition, our Governance Committee also considers recommendations properly submitted by our stockholders. The committee may retain recruiting professionals to assist in the identification and evaluation of candidates for director nominees. To date, we have not paid any third parties to assist us in this process.

In selecting nominees for our Board of Directors, the Governance Committee considers candidates based on the need to satisfy the applicable rules and regulations of the Securities and Exchange Commission and the rules of the Nasdaq National Market, including the requirements for independent directors and an audit committee financial expert. Our Governance Committee also evaluates candidates in accordance with its charter, assessing a number of factors, including the extent to which the candidate contributes to the range of talent, skill and expertise appropriate for our Board generally and the candidate's integrity, business acumen, understanding of our company's business and industry, diversity, availability, commitments to serve on other boards, independence of thought, and overall ability to represent the interests of all stockholders of our company. The Governance Committee uses the same standards to evaluate nominees proposed by our directors, management and stockholders.

Stockholders can recommend qualified candidates for our Board of Directors by writing to our Corporate Secretary at FormFactor, Inc., 7005 Southfront Road, Livermore, California 94551. When making recommendations, a stockholder should submit recommendations for individuals that meet at least the criteria outlined above. Such recommendations should be accompanied by the information required by our bylaws and Regulation 14A under the Securities Exchange Act of 1934, which includes evidence of the nominating stockholder's ownership of FormFactor common stock, biographical information regarding the candidate, and the candidate's written consent to serve as a director if elected. We require that any such recommendations for inclusion in our proxy materials for our 2006 Annual Meeting of Stockholders be made no later than

Table of Contents

December 15, 2005 to ensure adequate time for meaningful consideration by the Governance Committee. See **Proposals for Our 2006 Annual Meeting of Stockholders** for additional information regarding deadlines for submitting proposals. Properly submitted recommendations will be forwarded to our Governance Committee for review and consideration. The committee may consider in the future whether our company should adopt a more formal policy regarding stockholder nominations.

After evaluating Dr. Bahrami and Mr. Everett, our Governance Committee recommended to our Board of Directors in accordance with its charter, and our Board approved, the nomination of these current directors for election to our Board at our Annual Meeting.

Board Attendance at Annual Meetings

We encourage the members of our Board of Directors to attend our annual meeting of stockholders. We do not have a formal policy regarding attendance of annual meetings by the members of our Board. We may consider in the future whether our company should adopt a more formal policy regarding director attendance at annual meetings. All of our directors attended last year's annual meeting.

We have adopted a Statement of Corporate Code of Business Conduct that applies to our directors, officers and employees. We have also adopted a Statement of Financial Code of Ethics that applies to our chief executive officer, chief financial officer, principal accounting officer and the employees of our finance department. In addition, we have adopted a Statement of Policy Regarding Corporate Code Violations (Complaints and Concerns and WhistleBlowers) that is designed to ensure that all of our directors, officers and employees observe high standards of personal and business ethics consistent with the Code of Business Conduct and the Code of Ethics, and to provide a forum to which our directors, officers and employees may report violations or suspected violations of our codes of conduct without fear of harassment, retaliation or adverse employment consequence. These corporate statements are posted on our company website at <http://www.formfactor.com>. PROPOSAL NO. 2

RATIFICATION OF SELECTION OF INDEPENDENT AUDITOR

The second proposal is to ratify the selection of PricewaterhouseCoopers LLP as FormFactor's independent auditor for the fiscal year ending December 31, 2005. The Audit Committee of our Board of Directors has appointed PricewaterhouseCoopers as the independent auditor to perform the audit of our financial statements for the fiscal year ending December 31, 2005, and our stockholders are being asked to ratify such selection. Representatives of PricewaterhouseCoopers are expected to be present at the Annual

Table of Contents

Meeting, will have the opportunity to make a statement at the Annual Meeting if they desire to do so and are expected to be available to respond to appropriate questions.

Ratification by our stockholders of the selection of PricewaterhouseCoopers as our independent auditor is not required by applicable law, our certificate of incorporation, our bylaws or otherwise. However, our Board of Directors is submitting the selection of PricewaterhouseCoopers to our stockholders for ratification as a matter of good corporate practice. If our stockholders fail to ratify this selection, our Audit Committee will reconsider whether to retain that firm. Even if the selection is ratified, our Audit Committee in its discretion may direct the selection of a different independent accounting firm at any time during the year if it determines that such a change would be in the best interests of our company and stockholders.

Our Board of Directors recommends a vote FOR the ratification of the selection of PricewaterhouseCoopers LLP as our independent auditor for the fiscal year ending December 31, 2005.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee assists the Board of Directors in fulfilling its responsibility for oversight of the integrity of the Company's financial statements, the effectiveness of the Company's internal control over financial reporting, the qualifications, independence and performance of the Company's independent accountants, the performance of the Company's internal audit function, and compliance by the Company with legal and regulatory requirements and by employees and officers with the Company's Statement of Corporate Code of Business Conduct. Management has the primary responsibility for the financial statements and the reporting process, including the Company's system of internal control over financial reporting. In discharging its oversight responsibility as to the audit process, the Audit Committee reviewed and discussed with management the audited financial statements of the Company as of and for the year ended December 25, 2004, including a discussion of the quality and the acceptability of the Company's financial reporting and controls and internal control over financial reporting, as well as the selection, application and disclosure of critical accounting policies.

The Audit Committee obtained from the Company's independent accountants, PricewaterhouseCoopers LLP, the letter required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and discussed with the accountants any relationships that may impact their objectivity and independence and satisfied itself as to the accountants' independence. The Audit Committee considered and determined that such accountants' provision of non-audit services to the Company is compatible with maintaining the accountants' independence. The Committee reviewed various matters with the accountants, who are responsible for expressing an opinion on the Company's financial statements as of and for the year ended December 25, 2004, for expressing an opinion on the Company's internal control over financial reporting and for attesting to management's report on internal control over financial reporting, based on their audit. The Committee met with the accountants, with and without management present, and discussed the matters required to be discussed by Statement on Auditing Standards No. 61 as amended,

Communication with Audit Committees, including their judgment as to the quality and the acceptability of the Company's financial reporting, internal control over financial reporting and such other matters as are required to be discussed with the Committee under generally accepted auditing standards. The Committee also discussed with the accountants various control deficiencies, including a material weakness, identified in the Company's internal control over financial reporting and the remediation steps management has taken and proposes to take to address them.

Based on the above-mentioned reviews and discussions with management and the independent accountants, the Audit Committee recommended to the Board of Directors that the Company's financial statements as of and for the year ended December 25, 2004 be included in its Annual Report on Form 10-K for the year ended December 25, 2004 for filing with the Securities and Exchange Commission. The Audit Committee also reappointed, and is presenting for stockholder ratification at the Company's 2005 Annual Meeting of Stockholders, PricewaterhouseCoopers LLP as the Company's independent accountants.

Table of Contents**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT
AND RELATED STOCKHOLDER MATTERS****Beneficial Ownership of our Securities**

The following table presents information regarding the beneficial ownership of our common stock as of March 26, 2005 for:

each person or entity known by us to own beneficially more than 5% of our common stock;

each of our current directors;

our Chief Executive Officer, President, and each of our four other most highly compensated executive officers; and

all of our current directors and executive officers as a group.

The percentage of beneficial ownership for the following table is based on 39,197,061 shares of our common stock outstanding as of March 26, 2005. Beneficial ownership is determined under the rules and regulations of the Securities and Exchange Commission and does not necessarily indicate beneficial ownership for any other purpose. Under these rules, beneficial ownership includes those shares of common stock over which the stockholder has sole or shared voting or investment power. It also includes shares of common stock that the stockholder has a right to acquire within 60 days of March 26, 2005 through the exercise of any option, warrant or other right, and restricted shares of our common stock, which are subject to a lapsing right of repurchase at their initial purchase price, purchased by some of our officers who exercised immediately exercisable options. The percentage ownership of the outstanding common stock, however, is based on the assumption, expressly required by the rules and regulations of the Securities and Exchange Commission, that only the person or entity whose ownership is being reported has exercised options or warrants into shares of our common stock.

To our knowledge, except under community property laws or as otherwise noted, the persons named in the table have sole voting and sole investment power with respect to all shares beneficially owned. Unless otherwise indicated, each director, officer and 5% stockholder listed below maintains a mailing address of c/o FormFactor, Inc., 7005 Southfront Road, Livermore, California 94551.

Option Grants in Fiscal 2004

The following table presents information regarding grants of stock options during fiscal 2004 to the executive officers named in the executive compensation table above. We granted these options to the named executive officers under our 2002 Equity Incentive Plan. All of the options listed on the following table expire ten years from the date of grant and were granted at an exercise price equal to the fair market value of our common stock as determined by our Board of Directors on the date of grant. The percentage of total options granted to employees in fiscal 2004 is based on grants of options to purchase a total of 1,230,200 shares of our common stock made to all of our employees and named executive officers in fiscal 2004.

Name	Individual Grants				Potential Realizable Value at	
	Number of Securities Underlying Options Granted	% of Total Options Granted to Employees in Fiscal Year	Exercise Price per Share	Expiration Date	Assumed Annual Rates of Stock Price Appreciation for Option Term	
					5%	10%
Joseph R. Bronson	12,500	1.0%	\$ 19.20	5/13/2014	\$ 50,935	\$ 82,498
	200,000	16.3	26.02	11/17/2014	3,272,768	8,293,836
Jens Meyerhoff	60,000	4.9	19.20	5/13/2014	724,487	1,835,991

Potential realizable values are calculated by:

multiplying the number of shares of our common stock subject to a given option by the price per share of our common stock at the time of the grant;

assuming that the aggregate stock value derived from that calculation compounds at the annual 5% or 10% rates shown in the table for the entire ten-year term of the option; and

subtracting from that result the total option exercise price.

The 5% and 10% assumed annual rates of stock price appreciation are required by the rules of the Securities and Exchange Commission and do not represent our estimate or projection of future stock price growth. Actual gains, if any, on stock option exercises will be dependent on the future performance of our common stock.

The option for 12,500 shares of our common stock was granted to Mr. Bronson in his capacity as a director, prior to his employment as our President in November, 2004. The option vests in 12 equal monthly increments beginning on May 13, 2004. The option for 200,000 shares of our common stock granted to Mr. Bronson vests with respect to 25% of the shares on November 17, 2005 and the remaining shares subject to the option vest in 36 equal monthly increments thereafter.

The option for 60,000 shares of our common stock granted to Mr. Meyerhoff vests in 48 equal monthly increments.

Except for the option for 12,500 shares of our common stock granted to Mr. Bronson in his capacity as a director, all of the options listed in the above table provide that in the event the officer's employment is terminated without cause within the 12 months following a change in control transaction, the officer will receive credit for an additional 12 months of service for purposes of calculating the number of shares of our common stock that are vested under such option.

Table of Contents**Aggregate Option Exercises in Fiscal 2004**

The following table presents information concerning the exercise of options during fiscal 2004 held by the executive officers named in the executive compensation table above and the unexercised options held by them at December 25, 2004. The value realized represents the difference between the aggregate closing price of the shares on the date of exercise less the aggregate exercise price paid. The value of the unexercised options that are in-the-money is calculated based on the difference between \$26.86, the closing price per share of our common stock on December 23, 2004, the last trading day prior to our fiscal year end of December 25, 2004, and the exercise price for the shares underlying the option, multiplied by the number of shares. The values of the unexercised options have not been, and may never be, realized.

Certain Employee Benefit Plans

Key Management Bonus Plan. Our Board of Directors has adopted a Key Employee Bonus Plan which provides awards to our chief executive officer, president, senior vice presidents, vice presidents and other employees based upon the percentage achievement of corporate objectives and personal objectives for these individuals. Bonus target percentages for these awards for each participant level are established for each fiscal year. Corporate objectives are also established for each fiscal year. In fiscal 2004, the corporate objectives were based upon bookings, net sales and operating profit. Personal objectives are determined by the management of the Company and/ or the immediate supervisor(s) of the participant in consultation with the participant. These objectives are generally critical to the success of the participant in our company and relate to the overall business priorities of our company. For each participant, percentage participation rates are based upon the level of that individual's responsibility and the scope of that individual's work in our organization. This plan is administered by the Compensation Committee.

Sales Incentive Plan. The Company has adopted a Sales Incentive Plan that provides incentive commissions to each member of our sales force who is a senior vice president, vice president, director, account manager or regional manager. These commissions are based upon bookings for the region in which the sales member participates and upon personal objectives determined by the management of the Company and/ or the immediate supervisor of the sales member in consultation with the sales member. The commissions of each participating member of our sales force are calculated based upon a percentage of that member's base salary with the commission allocated between the bookings targets and the member's personal objectives. These incentive commissions are paid on a semi-annual basis. This plan is administered by the management of the Company.

Employee Stock Purchase Plan. Employees of FormFactor, including our executive officers, members of our board of directors, who are employees of FormFactor, or any parent or subsidiary of FormFactor and who own our

common stock or hold options to purchase our common stock in an amount less than 5% of our total outstanding shares, are eligible to participate in our 2002 Employee Stock Purchase Plan. The 2002 Employee Stock Purchase Plan is designed to enable eligible employees to purchase shares of our common stock at a discount on a periodic basis through payroll deductions of between 1% and 15% of their cash compensation. Each offering period under this plan is for two years and consists of four six-month purchase periods. The purchase price for shares of our common stock purchased under this plan will be 85% of the lesser of the fair market value of our common stock on the first day of the applicable offering period or the last day of each purchase period. No participant will be able to purchase shares having a fair market value of more

Table of Contents

than \$25,000, determined as of the first day of the applicable offering period, for each calendar year in which the employee participates in this plan.

401(k) Plan. Members of our board of directors, who are employees of FormFactor, or any parent or subsidiary of FormFactor, are also eligible to participate in our other employee benefit plans, including our 401(k) Plan, and if applicable based on their position with FormFactor, or any parent or subsidiary of FormFactor, in our Key Employee Bonus Plan and Sales Incentive Plan.

Change of Control, Severance, Employment and Indemnification Agreements

Under our Key Employee Bonus Plan, if a change in control of our company occurs, all bonus awards will be deemed to have been earned at 100% of the bonus target percentage for the current plan year and will be paid to the participants at that time. This plan is administered by the Compensation Committee.

Our current stock option agreements under our stock option plans for our officers, including our 2002 Equity Incentive Plan, provide that in the event the officer's employment is terminated without cause within the 12 months following a change in control transaction, the officer will receive credit for an additional 12 months of service for purposes of calculating the number of shares of our common stock that are vested under such option.

We have entered into an agreement with Mr. Hatsukano, our Senior Vice President of Asia-Pacific Operations and the President of FormFactor K.K., that provides that if his employment is terminated, he will receive a severance payment equal to one month's base salary for each year of service to us, with partial years being prorated. If Mr. Hatsukano's employment is terminated for reasons other than cause, he will receive an additional lump sum payment equal to one month's base salary.

Additionally, we have entered into change of control severance agreements with each of our named executive officers and certain other executives. We adopted these agreements as part of our review of compensation and benefits of the Company. Each change of control severance agreement provides for the executive to receive the following severance benefits upon a qualifying termination of employment within one year following a change of control of the Company, subject to the executive signing a release of claims against the Company:

A lump sum severance payment equal to one year of base salary and bonus;

Health benefits continuation for one year (subject to the participating executive's compliance with a confidentiality agreement and an agreement not to solicit employees of the Company for one year after termination); and

Fully accelerated vesting of options or other equity awards.

Terminations of employment that entitle the executive to receive severance benefits under the change of control severance agreement consist of either termination by the Company without cause or by resignation of the executive for good reason (as each of these terms is defined in the agreement) within one year following a change of control.

The change of control severance agreements provide that if payments to an executive are subject to the excise tax imposed by Section 280G of the Internal Revenue Code, the severance benefits will be reduced to the extent that such reduction would increase the benefits received by the executive on an after-tax basis.

A change of control for purposes of the change of control severance agreements means:

The consummation of a merger or consolidation of the Company resulting in a change in ownership of more than 40% of the total voting securities of the Company;

Any approval by the shareholders of the Company of a plan of complete liquidation of the Company, other than as a result of insolvency;

The sale or disposition of all or substantially all of the Company's assets;

Table of Contents

An acquisition of 40% or more of the Company's voting securities; or

During any period of two consecutive years, the current directors (or their successors approved by the Board of Directors) ceasing to constitute a majority of the Board of Directors.

The change of control severance agreements do not alter the at-will employment of the executives who have entered into them.

In February 2005 we entered into a letter agreement with Ronald C. Foster providing for his employment as Chief Financial Officer of the Company. The letter agreement provides that Mr. Foster will be paid a salary of \$275,000 per year, is eligible to receive a bonus targeted at 70% of his base salary and may also receive certain equity awards. Additionally, pursuant to the letter agreement, Mr. Foster was paid a sign-on bonus of \$50,000. Pursuant to the letter agreement, Mr. Foster was granted, as of his effective hire date, options to purchase 110,000 shares of FormFactor stock with an exercise price of \$22.83 per share. These options vest over 4 years, with 25% vesting on the first anniversary of Mr. Foster's effective hire date and the remainder vesting monthly over the following 3 years. Mr. Foster has also entered into a change of control severance agreement with terms as described above.

We have entered into indemnification agreements with each of our current directors and executive officers. These agreements require us to indemnify these individuals to the fullest extent permitted under Delaware law against liabilities that may arise by reason of their service to our company, and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified. We also intend to enter into indemnification agreements with our future directors and executive officers.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee of the Board of Directors of FormFactor determines the salaries, bonuses and other compensation of the company's executive officers. The Compensation Committee is composed of the three directors named below. Each member of the Compensation Committee is independent within the meaning of the rules of the Nasdaq National Market, a non-employee director within the meaning of Section 16 of the Securities Exchange Act of 1934, and an outside director within the meaning of Section 162(m) of the Internal Revenue Code. The Compensation Committee operates under a written charter adopted by FormFactor's Board of Directors and by the Compensation Committee that is reviewed annually.

Compensation Policy. The Compensation Committee believes that the compensation programs for the executive officers of FormFactor should be designed to attract, motivate, reward and retain talented executives, who are critical to the success of the company. The Compensation Committee also believes that such compensation programs should relate compensation to corporate performance and increases in stockholder value, while providing a total compensation package that is competitive and that enables FormFactor to attract, motivate, reward and retain key executive officers. Within this overall philosophy, the committee's objectives are to:

offer a total compensation package that is competitive with total compensation packages in effect at technology companies that are of comparable size to FormFactor, that engage in similar or complementary industries, and with which FormFactor competes for executive personnel;

provide annual incentive awards, such as cash bonuses and stock-based incentive awards, that take into account FormFactor's overall financial performance in terms of designated corporate objectives, as well as individual contributions; and

align the interests of FormFactor's executive officers with those of the company's stockholders by providing significant equity-based, long-term incentive awards.

Base Salary. Base salaries for executive officers for the fiscal year ended December 25, 2004 were generally determined on an individual basis by evaluating each executive officer's scope of responsibility, performance, prior experience and salary history, as well as the salaries for similar positions at comparable companies.

Table of Contents

Annual Incentive Awards. In the past, FormFactor has included performance-based bonuses, payable in cash and/or stock-based incentive awards, as part of each executive officer's annual compensation plan. Annual performance-based bonuses are based on mutually agreed upon goals and objectives. This practice is expected to continue and each executive officer's annual performance will be measured by the achievement of established goals and objectives.

Long-Term Incentive Awards. The Compensation Committee believes that equity-based compensation in the form of stock options links the interests of FormFactor's executive officers with the long-term interests of the company's stockholders and encourages the company's executive officers to continue to work for FormFactor. Stock options generally have value for executive officers only if the price of common stock increases above the fair market value on the grant date and the officer continues in the employment of the company for the period required for the shares to vest.

The Compensation Committee grants stock options to its executive officers in accordance with the 2002 Equity Incentive Plan. In the fiscal year ended December 25, 2004, stock options were granted to an executive officer to recognize his increased responsibilities. Stock options have been granted to executive officers when the officer first joins the Company, in connection with a significant change in responsibilities and, occasionally, to achieve equity within a peer group. The Compensation Committee may, however, grant additional stock options to executives for other reasons. The number of shares subject to each stock option granted is within the discretion of the Compensation Committee and for each officer, it is primarily based on the officer's anticipated future contribution and ability to impact the results, past performance and consistency within the officer's peer group. In the fiscal year ended December 25, 2004, the Compensation Committee considered these and other factors, including the number of stock options held by executive officers as of the date of the grant that remained unvested. In February 2005 the Compensation Committee granted stock options to various executive officers consistent with the foregoing philosophies; these grants included recognition for performance in the fiscal year ended December 25, 2004. The vesting for stock options is designed to further ensure the retention of the company's officers. The stock options are granted at a price that is equal to the fair market value of FormFactor's common stock on the date of grant.

Chief Executive Officer Compensation. The base salary, annual incentive awards and long-term incentive awards of Dr. Igor Y. Khandros, the chief executive officer of FormFactor, for the fiscal year ended December 25, 2004 as described in this Proxy Statement under the heading "Executive Compensation and Related Information" were determined by the Compensation Committee in a manner consistent with the factors described above for all of the company's executive officers. For fiscal 2005, the Compensation Committee will evaluate the compensation of FormFactor's chief executive officer consistent with the factors described above for all executive officers.

Effect of Internal Revenue Code Section 162(m). Section 162(m) of the Internal Revenue Code limits the tax deduction of a publicly held company in any taxable year to \$1,000,000 for compensation paid to the chief executive officer and the four other most highly compensated executive officers. Having considered the requirements of Section 162(m), the Compensation Committee believes that grants made pursuant to the 2002 Equity Incentive Plan meet the requirements that such grants be performance based and are, therefore, exempt from the limitations on deductibility. Historically, the combined salary and bonus of each executive officer has been below the \$1,000,000 limit. The Compensation Committee's present intention is to comply with Section 162(m), although the committee may award compensation that does not comply with Section 162(m) depending upon the specific circumstances if in the best interests of FormFactor and its stockholders.
