PROXY STATEMENT**

INFORMATION CONCERNING SOLICITATION AND VOTING

The Board of Directors (the **Board**) of Introgen Therapeutics, Inc. is soliciting proxies for our 2007 Annual Meeting of Stockholders (the **Annual Meeting**). This proxy statement (the **Proxy Statement**) contains important information for you to consider when deciding how to vote on the matters brought before the Annual Meeting. Please read it carefully. All references in this Proxy Statement to **we**, **us**, **our**, **Introgen** or the **Company** shall mean Introgen Therapeutics, Inc.

A proxy card (the **Proxy Card**), the Notice of Annual Meeting of Stockholders (the **Notice**) and a copy of the 2006 Annual Report to Stockholders (the **Annual Report**) are enclosed. Our Annual Report can also be accessed free of charge electronically on our website at www.introgen.com or by writing to us at Introgen Therapeutics, Inc., 301 Congress Avenue, Suite 1850, Austin, Texas 78701, Attention: Investor Relations.

This Proxy Statement and the enclosed Notice, Annual Report and Proxy Card are being distributed on or about April 26, 2007.

Q: Why am I receiving these materials?

A: The accompanying proxy is solicited on behalf of our Board. We are providing these proxy materials to you in connection with our Annual Meeting, to be held on Wednesday, May 30, 2007 at 9:00 a.m., local time, at The Briar Club, 2603 Timmons Lane, Houston, Texas 77027. As a Company stockholder you are invited to attend the Annual Meeting and are entitled to vote and requested to vote on the proposals described in this Proxy Statement.

Q: What is the record date for the Annual Meeting and how many shares of Introgen's common stock were outstanding on the record date?

A: Our Board has set April 2, 2007 as the record date for the Annual Meeting. On April 2, 2007 approximately 43,699,601 shares of our common stock were outstanding.

Q: Who is entitled to vote and how many votes do I have?

A: All stockholders who owned shares of our common stock on April 2, 2007 are entitled to vote at the Annual Meeting. Every stockholder is entitled to one (1) vote for each share of common stock held.

Q: How do I vote?

A: You may vote:

- in person by attending the Annual Meeting;
- by completing and returning your proxy by mail;
- electronically using the Internet; or
- by telephone.

To vote your proxy by mail, mark your vote on the enclosed Proxy Card, then follow the directions on the Proxy Card. To vote your proxy using the Internet, see the instructions on the Proxy Card and have the Proxy Card available when you access the Internet website. The Introgen voting page will prompt you to enter your control number, then follow the instructions to record your vote. To vote your proxy using the telephone, see the instructions on the Proxy Card and have the Proxy Card available during the call. If you send in your card but do not mark any selections, your shares will be voted as recommended by our Board. Whether you plan to attend the Annual Meeting or not, we encourage you to vote by proxy as soon as possible.

Q: If my shares are held by my broker in street name will my broker vote my shares for me?

A: Your broker will only vote your shares if you follow the instructions provided to you by your broker or if the proposal is a matter on which your broker has discretion to vote, such as the election of directors and the ratification of the appointment of the independent registered public accounting firm.

Q: Can I change my vote?

A: You can revoke your proxy before the time of voting at the Annual Meeting in several ways:
by mailing a revised proxy dated later than the prior proxy;

by voting again at the Internet website;

by voting again using the telephone;

by voting in person at the Annual Meeting; or

by notifying our corporate secretary in writing that you are revoking your proxy.

Your revocation must be received before the Annual Meeting to be counted.

Q: What constitutes a quorum for the Annual Meeting?

A: At least a majority of the shares of our common stock outstanding as of the record date must be present at the Annual Meeting in person or by proxy in order to hold the Annual Meeting and conduct business. This is called a quorum. Your shares are counted as present at the Annual Meeting if you are either (i) present and vote in person at the Annual Meeting or (ii) have properly submitted a proxy via mail, Internet or telephone. Abstentions, broker non-votes and votes withheld from director nominees are considered as shares present at the Annual Meeting for the purposes of determining a quorum. A broker non-vote occurs when a broker or other nominee who holds shares for the owner of the shares does not vote on a particular proposal because the nominee does not have discretionary voting authority for that proposal and has not received voting instructions from the owner of the shares.

Q: What is the voting requirement to approve each of the proposals?

A: For Proposal I, the election of directors, the two (2) individuals receiving the highest number of FOR votes will be elected. To pass, Proposal II, the ratification of the appointment of the independent registered public accounting firm, requires the affirmative FOR vote of at least a majority of the shares of our common stock present or represented by proxy at the Annual Meeting and entitled to vote.

Q: How are votes counted?

A:

Edgar Filing: INTROGEN THERAPEUTICS INC - Form DEF 14A

For Proposal I, you may vote **FOR** all of the nominees or you may elect to have your vote **WITHHELD** with respect to one or more of the nominees. Votes that are withheld will be excluded entirely and will have no effect in the election of directors. Similarly, if you hold your shares in a brokerage account in your broker's name (this is

called (street name) and you do not vote or instruct the broker how to vote the shares, or your broker does not have discretionary authority to vote in the election of directors, your shares will have no effect in the election of directors. For Proposal II you may vote FOR, AGAINST or ABSTAIN. If you abstain from voting on Proposal II, it has the same effect as a vote against the proposal. If you hold your shares in a (street name) and you do not vote or instruct the broker how to vote the shares, or your broker does not have discretionary authority to vote, your shares will not be counted in the tally of the number of shares cast on Proposal II and therefore may have the effect of reducing the number of shares needed to approve the proposal.

Finally, if you just sign and return your Proxy Card with no further instructions, your shares will be counted as a vote FOR each director nominee and FOR the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2007.

Q: Who pays for the solicitation of proxies?

A: We pay the costs of soliciting proxies from stockholders. We may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding the voting materials to the beneficial owners. Directors, officers and regular employees may solicit proxies on our behalf personally, by telephone or by facsimile, without additional compensation.

Q: How does the Board recommend voting on the proposals?

A: Our Board recommends that you vote your shares FOR each of the nominees to the Board and FOR the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the current fiscal year ending December 31, 2007.

Q: Where can I find voting results of the Annual Meeting?

A: We will announce preliminary voting results at the Annual Meeting and file the final results in our Quarterly Report on Form 10-Q for the second quarter of fiscal year 2007.

Q: When are the stockholder proposals for the 2008 Annual Meeting of Stockholders due?

A: We anticipate holding our 2008 Annual Meeting of Stockholders on or about May 28, 2008. Stockholder proposals for our 2008 Annual Meeting of Stockholders, whether intended for inclusion in the Proxy Statement for such meeting or for presentation directly at such meeting, must be received at our principal executive offices by the close of business on December 28, 2007. In addition, notice of any stockholder proposals must be given in accordance with our Bylaws and all other applicable requirements including the rules and regulations of the United States Securities and Exchange Commission (the Commission). If a stockholder fails to give notice of a stockholder proposal by December 28, 2007 and as required by our Bylaws or other applicable requirements, then the proposal will not be included in the Proxy Statement for the 2008 Annual Meeting of Stockholders and the stockholder will not be permitted to present the proposal to the stockholders for a vote at the 2008 Annual Meeting of Stockholders.

Statement on Corporate Governance

We have had formal corporate governance standards in place since our inception in 1993. We have reviewed internally and with the Board the provisions of the Sarbanes-Oxley Act of 2002 (Sarbanes-Oxley Act), the rules of the Commission and the Nasdaq Global Market s corporate governance listing standards regarding corporate governance policies and processes, and we believe that we are in compliance with the rules and listing standards. You can access our committee charters for our Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee free of charge on our website at www.introgen.com or by writing to us at Introgen Therapeutics, Inc., 301 Congress Avenue, Suite 1850, Austin, Texas 78701, Attention: Investor Relations. We encourage, but do not require, our Board members to attend the annual meeting of stockholders. Last year, five of our six directors attended the annual meeting of stockholders. We have adopted the following standards for director independence in compliance with the Nasdaq Global Market corporate governance listing standards:

No director qualifies as independent if such person has a relationship, which, in the opinion of the Board, would interfere with exercise of independent judgment in carrying out the responsibilities of a director;

A director who is an officer or employee of us or our subsidiaries, or one whose immediate family member is an executive officer of us or our subsidiaries is not independent until three years after the end of such employment relationship;

A director who accepts, or whose immediate family member accepts, more than \$60,000 in compensation from us or any of our subsidiaries during any period of twelve consecutive months within the three years preceding the determination of independence, other than certain permitted payments such as compensation for Board or Board committee service, payments arising solely from investments in our securities, compensation paid to a family member who is a non-executive employee of us or a subsidiary of ours, or benefits under a tax-qualified retirement plan, is not independent until three years after he or she ceases to accept more than \$60,000 during any period of twelve consecutive months within the three years preceding the determination of independence;

A director who is, or who has a family member who is, a partner in, or a controlling stockholder or an executive officer of, any organization in which we made, or from which we received, payments for property or services that exceed 5% of the recipient's consolidated gross revenues for that year, or \$200,000, whichever is more, is not independent until three years after falling below such threshold;

A director who is employed, or one whose immediate family member is employed, as an executive officer of another company where any of our or any of our subsidiaries' present executives serve on that company's compensation committee is not independent until three years after the end of such service or employment relationship; and

A director who is, or who has a family member who is, a current partner of our independent registered public accounting firm, Ernst & Young LLP, or was a partner or employee of Ernst & Young LLP who worked on our audit is not independent until three years after the end of such affiliation or employment relationship.

The Board has determined that William H. Cunningham, Ph.D., Charles E. Long, S. Malcolm Gillis, Ph.D. and Peter Barton Hutt meet the aforementioned independence standards. David G. Nance does not meet the aforementioned independence standards because he is our current President and Chief Executive Officer and is an employee of Introgen. John N. Kapoor, Ph.D. does not meet the aforementioned independence standards because of his relationship with EJ Financial Enterprises, Inc., which is detailed below in Transactions with Related Persons. Mr. Hutt is a partner in the law firm Covington and Burling LLP, which has done a small amount of legal work for the Company. Because we have not made payments that exceed 5% of the law firm's consolidated gross revenues for that year, or \$200,000, whichever is more, for at least the last three years, the Board determined that Mr. Hutt met the aforementioned independence standards.

Board Meetings and Committees

Our Board held a total of five meetings and acted by written consent one time during the calendar year ended December 31, 2006. During such period, the Board had a standing Audit Committee, Compensation Committee, Nominating and Corporate Governance Committee and Executive Committee. The Compensation Committee has the primary authority to determine the Company's compensation philosophy and to establish compensation for the Company's executive officers. The Compensation Committee oversees the Company's compensation and benefit plans and policies; administers the Company's stock option plans; reviews the compensation components provided to our officers, employees and consultants; grants options to purchase common stock and restricted stock to our officers, employees and consultants; and reviews and makes recommendations to the Board regarding all forms of compensation to be provided to the members of the Board. The Compensation Committee generally sets the initial compensation of each executive. The Compensation Committee annually reviews and in some cases adjusts compensation for executives. The Chief Executive Officer provides recommendations to the Compensation Committee regarding the compensation of the other executive officers.

The Compensation Committee has the sole authority to set compensation of the Chief Executive Officer. In 2006, the Compensation Committee consulted an independent compensation consultant, Lyons, Benenson & Company, to

advise the Committee regarding compensation of the Chief Executive Officer. The consultant provided compensation information for chief executive officers in a peer group of companies in the United States, which is discussed in more detail under the heading Executive Compensation The Role of the Compensation Committee.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee consists of independent directors William H. Cunningham, Ph.D. (Chairman), Peter Barton Hutt and Charles E. Long. The Nominating and Corporate Governance Committee proposes a slate of directors for election by our stockholders at each annual meeting and nominates candidates for appointment by the Board to fill any vacancies on the Board. The Nominating and Corporate Governance Committee is also responsible for advising the Board as to the appropriate Board size, composition and committee structure and developing and reviewing applicable corporate governance principles.

The Nominating and Corporate Governance Committee will consider nominees recommended by stockholders provided that the recommendations are made in accordance with the procedures described in Article II, Section 2.5 of our Bylaws and in this Proxy Statement under Information Concerning Solicitation and Voting. To be considered timely, such stockholder's recommendation must be delivered to or mailed and received at our principal executive offices as set forth below not less than one hundred twenty (120) calendar days in advance of the first anniversary date of mailing of our Proxy Statement released to stockholders in connection with the previous year's annual meeting of stockholders. Stockholder recommendations for candidates to the Board must be directed in writing to the Nominating and Corporate Governance Committee, c/o Corporate Secretary of Introgen Therapeutics, Inc., 301 Congress Avenue, Suite 1850, Austin, Texas 78701, and must include the candidate's name, biographical data and qualifications. It is our policy that stockholder nominees nominated in compliance with these procedures will receive the same consideration that the Nominating and Corporate Governance Committee's nominees receive.

The Nominating and Corporate Governance Committee identifies director nominees through a combination of referrals, including by management, existing Board members and stockholders, third party search firms and direct solicitations, where warranted. The Nominating and Corporate Governance Committee may request references and additional information from the candidate prior to reaching a conclusion. The Nominating and Corporate Governance Committee is under no obligation to formally respond to recommendations, although as a matter of practice, every effort is made to do so.

To be considered by the Nominating and Corporate Governance Committee, a director nominee must meet the following minimum criteria: (i) the highest personal and professional integrity; (ii) a record of exceptional ability and judgment; (iii) the ability and willingness to devote the required amount of time to the Company's affairs, including attendance at Board and Board committee meetings; (iv) the interest, capacity and willingness, in conjunction with the other members of the Board, to serve the long-term interests of our stockholders; and (v) freedom from any personal or professional relationships that would adversely affect his or her ability to serve the best interests of Introgen and our stockholders.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This section discusses the Company's underlying policies, objectives and decisions as they relate to executive compensation and provides further clarification to the tables that follow.

Objectives of Our Executive Compensation Program

The compensation committee of our Board (the Compensation Committee) administers our executive compensation program. The Compensation Committee is composed entirely of independent directors.

The general philosophy of our executive compensation program is to align executive compensation with the Company's business objectives and the long-term interests of our stockholders. To that end, the Compensation Committee believes executive compensation packages provided by the Company to its executives, including the named executive officers, should include both cash and stock-based compensation that rewards performance as measured against established goals. In addition, the Company strives to provide compensation that is competitive with other biopharmaceutical and biotechnology companies and that will allow us to attract, motivate and retain qualified executives with superior talent and abilities.

Our executive compensation is designed to reward achievement of the Company's corporate goals. In 2006, Introgen's corporate goals included, but were not limited to: (i) the achievement of regulatory advances; (ii) furtherance of the Company's clinical trial activities; (iii) maintaining and advancing intellectual property protection of our products; (iv) advancing the Company's research and development programs; (v) obtaining additional financing as needed; and (vi) realizing financial goals. This focus allows us to reward our executives for their roles in creating value for our stockholders.

The Role of the Compensation Committee

The Compensation Committee has the primary authority to determine the Company's compensation philosophy and to establish compensation for the Company's executive officers. The Compensation Committee oversees the Company's compensation and benefit plans and policies; administers the Company's stock option plans; reviews the compensation components provided to Introgen's officers, employees and consultants; grants options to purchase common stock and restricted stock to Introgen's officers, employees and consultants; and reviews and makes recommendations to the Board regarding all forms of compensation to be provided to the members of the Board.

The Compensation Committee generally sets the initial compensation of each executive. The Compensation Committee annually reviews and in some cases adjusts compensation for executives. Although, the Chief Executive Officer provides recommendations to the Compensation Committee regarding the compensation of the other executive officers, the Compensation Committee has full authority over all compensation matters relating to executive officers.

The Compensation Committee has the sole authority to set compensation of the Chief Executive Officer. The Compensation Committee evaluates the Chief Executive Officer's performance in light of the Company's goals and objectives, and sets his compensation, including grants of stock options or other equity-based compensation, based on this evaluation. In 2006, as in prior years, the Compensation Committee retained an independent compensation consultant to provide compensation information for chief executive officers in a peer group of companies in the United States. The Compensation Committee used this peer group information to help ensure that the compensation awarded by the Company to the Chief Executive Officer is competitive with that of other similar companies. This peer group consists of the following 17 biopharmaceutical companies in a range of sizes, stages of development and geographic locations:

Avanir Pharmaceuticals
Cell Genesys, Inc.
Emisphere Technologies, Inc.

AVANT Immunotherapeutics, Inc.
Dov Pharmaceuticals, Inc.
Geron Corporation

Hollis-Eden Pharmaceuticals, Inc.
Nastech Pharmaceutical Company Inc.
Palatin Technologies, Inc.
SciClone Pharmaceuticals, Inc.
Tanox, Inc.
XOMA Ltd.

Lexicon Genetics Inc.
Onyx Pharmaceuticals, Inc.
Praecis Pharmaceuticals Incorporated
Sirna Therapeutics, Inc.
Vical Incorporated

The Compensation Committee believes that our Chief Executive Officer's compensation, as structured, is within the market range of our peer group and is an accurate reflection of his performance in 2006.

Elements of Executive Compensation

Although the Compensation Committee has not adopted any formal guidelines for allocating total compensation between equity compensation and cash compensation, it strives to maintain a strong link between executive incentives and the creation of stockholder value. Therefore, the Company emphasizes incentive compensation in the form of stock options and/or restricted stock, rather than base salary.

Executive compensation consists of the following elements:

Base Salary. Base salaries for our executives are generally established based on the scope of their responsibilities, taking into account competitive market compensation paid by other companies for similar positions and recognizing cost of living considerations. Prior to making its recommendations and determinations, the Compensation Committee reviews:

each executive's historical pay levels;

past performance; and

expected future contributions.

The Compensation Committee does not use any particular indices or formulae to arrive at each executive's recommended pay level.

Equity Awards. We also use long-term incentives in the form of stock options and/or restricted stock. Employees and executive officers generally receive stock option grants at the commencement of employment and periodically receive additional stock option grants, typically on an annual basis. In certain cases, compensation has been provided using grants of restricted stock. We believe that stock options are instrumental in aligning the long-term interests of the Company's employees and executive officers with those of the stockholders because such individuals realize gains only if the stock price increases. Stock options also help to balance the overall executive compensation program, with base salary providing short-term compensation and stock options rewarding executives for long-term increases in stockholder value.

Options are generally granted through our 2000 Stock Option Plan, which authorizes us to grant options to purchase shares of common stock to our employees, directors and consultants. The Compensation Committee reviews and approves stock option awards to executive officers in amounts that are based upon a review and assessment of:

competitive compensation data;

individual performance;

each executive's existing long-term incentives; and

retention considerations.

Periodic stock option grants are made at the discretion of the Compensation Committee to eligible employees and, in appropriate circumstances, the Compensation Committee considers the recommendations of members of management, such as the Chief Executive Officer. In 2006, each named executive officer was awarded stock options in the amounts indicated in the section entitled Grants of Plan-Based Awards. Stock options are granted with an exercise price equal to the fair market value of our common stock on the day of grant and typically vest ratably over a four-year period. In some cases, our stock options vest sooner, as in the case of our Chief Executive Officer whose stock option grants in 2006 vested immediately. The Compensation Committee believes that the value of this fully vested option, valued using the Black-Scholes method of valuing the options, was integral to creating an appropriate compensation package for our Chief Executive Officer. Options generally expire ten years after the grant date.

Our 2000 Stock Option Plan also provides for the grant of rights to acquire shares of the Company's common stock. Additional compliance requirements for financing, regulatory and other corporate matters in 2006 required an increased time commitment from our Board members. Therefore, we granted an additional 7,500 shares of restricted stock to each non-employee director in 2006, in addition to our annual stock option grants to non-employee directors, as additional compensation for these added duties. Because each director is obligated to report the value of the stock grant as taxable income in the year of the grant, but is currently unable to sell the stock due to Company-imposed trading restrictions, each non-employee director was paid \$11,600 to mitigate the impact of the income tax liability associated with the restricted stock grant.

Other Compensation. Consistent with our compensation philosophy, we intend to continue to maintain our current benefits for our executive officers, including paying premiums for term life insurance on behalf of each executive officer.

COMPENSATION COMMITTEE REPORT

The Compensation Committee of the Board is composed of two independent directors as defined under the Marketplace Rules of The Nasdaq Global Market (Nasdaq). The Compensation Committee operates under a written charter adopted by the Board, which is available on Introgen s website at www.introgen.com. The members of the Compensation Committee are Charles E. Long (Chairman) and William H. Cunningham, Ph.D. We believe that each member of the Compensation Committee meets the director independence requirements set forth in the applicable Securities and Exchange Commission (Commission) rules and Nasdaq Marketplace Rules.

The Compensation Committee administers Introgen s 1995 Stock Plan, 2000 Stock Option Plan and 2000 Employee Stock Purchase Plan; reviews compensation components to be provided to Introgen s officers, employees and consultants; grants options to purchase common stock and restricted stock to Introgen s officers, employees and consultants; and reviews and makes recommendations to the Board regarding all forms of compensation to be provided to the members of the Board. The Compensation Committee believes it has fulfilled its responsibilities under its charter for the fiscal year ended December 31, 2006.

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) for the fiscal year ended December 31, 2006 with management. Based upon this review and discussion, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be incorporated by reference in Introgen s Annual Report on Form 10-K for the fiscal year ended December 31, 2006, and included in this Proxy Statement.

Respectfully submitted,

COMPENSATION COMMITTEE

William H. Cunningham, Ph.D.

The following table shows our cash and share-based compensation for our Chief Executive Officer, Chief Financial Officer and three other most highly compensated executive officers (collectively, the Named Executive Officers):

James W. Albrecht, Jr., Chief Financial Officer	2006	\$243,104	\$ 303,744	\$ 162	\$ 547,010

The Compensation Committee has not adopted any formal guidelines for allocating total compensation between equity compensation and cash compensation and it does not utilize any particular indices or formulae to arrive at each executive's recommended pay level. The Compensation Committee seeks to align executive compensation with the Company's business objectives and the long-term interests of our stockholders, while staying in the market range of our peer group.

(1) Share-based compensation is determined pursuant to SFAS No. 123R assuming none of the option awards will be forfeited. It is computed based upon the portion of the stock or option award vesting during 2006. Some of the awards vesting in 2006 were originally granted in prior years. Some of the awards granted in 2006 have portions that will vest in 2007 and later years. The compensation expense related to the portion of awards that will vest in 2007 and

later years and that will be recorded in our financial statements in those future years is not included in the amounts above. See further discussion of our accounting policy regarding share-based compensation expense in Note 2,

Summary of Significant Accounting Policies-Share-Based Compensation, to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2006, filed with the Commission on March 8, 2007.

- (2) Includes \$162 for each of the Named Executive Officers for the full dollar value of premiums paid by the Company for term life insurance on behalf of each of the Named Executive Officers for 2006.

Grants of Plan-Based Awards for Fiscal Year Ended December 31, 2006

The following table sets forth grants of stock options made during the year ended December 31, 2006 to each Named Executive Officer. The exercise price of these stock options is the closing market price quoted by NASDAQ on the date the options were granted. The options are subject to accelerated vesting in certain circumstances as detailed in the discussion under the heading "Potential Payments Upon Termination or Change-in-Control" below.

The grant date fair value of these option awards was determined pursuant to FAS No. 123R. We recognize share-based compensation expense related to these awards in our financial statements in the periods in which the awards vest. See Note 2, "Summary of Significant Accounting Policies-Share-Based Compensation," to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2006, filed with the Commission on March 8, 2007.

Option Exercises and Stock Vested for Fiscal Year Ended December 31, 2006

The following table sets forth, for each of the Named Executive Officers, the number of shares acquired and the value realized on options exercised during the fiscal year ended December 31, 2006. The value realized on exercise set forth in this table is the intrinsic value of the options, which is the number of shares exercised times the difference between the quoted closing price of our common stock on the date of exercise and the exercise price. This amount may differ from the compensation expense we recorded in our financial statements for these options in accordance with SFAS No. 123R.

Potential Payments Upon Termination or Change-In-Control

We have an employment agreement with David G. Nance, entered into on August 1, 2003, under which Mr. Nance serves as our President and Chief Executive Officer. The employment agreement with Mr. Nance continues through July 31, 2007, and thereafter renews automatically for one-year terms until either party gives timely written notice of non-renewal. Mr. Nance's base salary under the employment agreement is \$593,250 per annum effective August 1, 2006. His compensation under the employment agreement is subject to review annually. In the event of Mr. Nance's termination by the Company other than for cause, the Company must continue to pay Mr. Nance compensation otherwise payable to him under the employment agreement for the remainder of the then current term, and he will no longer be subject to his non-competition and nondisclosure agreements. Assuming Mr. Nance's employment was terminated by the Company other than for cause on December 31, 2006, he would have received payments for the remainder of his term of an amount not to exceed \$346,063 in salary, and he would receive benefit continuation in the form of health insurance coverage and vacation accrual until the end of his term with a value of approximately \$121,269. All vested options may be exercised within three months of the date when Mr. Nance or any other employee, director or consultant ceases to be engaged by the Company.

All of the options granted under our 1995 Stock Plan and the 2000 Stock Option Plan shall immediately vest and become exercisable upon our merger with or into another corporation, entity or person, or the sale of all or substantially all our assets to another corporation, entity or person, unless such options are assumed or an equivalent option or right is substituted by the successor corporation or a parent or subsidiary of the successor corporation. In addition, all of the options granted under our 2000 Stock Option Plan shall immediately vest and become exercisable in the event of (i) the merger or reorganization of Introgen with or into another corporation, entity, or person, (ii) the sale of all or substantially all of our assets to another corporation, entity, or person, or (iii) any change in ownership of our voting stock resulting in ownership of more than 50% of our voting stock by one or more persons acting in concert who did not prior to the date of grant own more than 50% of our voting stock. The table below reflects the total value of our Named Executive Officers' shares that are vested or will vest on an accelerated basis on December 31, 2006 assuming a change of control and accelerated vesting took place on December 31, 2006. The value of vested options in the table below is the intrinsic value of the options, which is the number of shares that are vested or will vest on an accelerated basis at December 31, 2006 as a result of the change of control times the difference between the quoted closing price of our common stock on that date and the exercise price of each option. If the exercise price of an option is above the quoted closing price of our common stock, it has a zero value for this purpose. This amount may differ from the compensation expense we would record in our financial statements for these options in the event of immediate vesting in accordance with SFAS No. 123R.

Transactions with Related Persons

The Audit Committee has authority under its written charter to review all potential related party transactions, which would include any transaction exceeding certain minimum dollar thresholds between the Company or its affiliates and an executive officer, director, or 5% shareholder or any of their family members. The Audit Committee's primary goal when making its approval determination is to decide whether the transaction will provide significant benefit to the Company and ultimately translate into increased stockholder value. Transactions are approved on a case-by-case basis.

John N. Kapoor, Ph.D., the Chairman of our Board, is the sole shareholder of EJ Financial Enterprises, Inc. (EJ Financial). We have a consulting agreement with EJ Financial pursuant to which EJ Financial provides services to us for \$175,000 per year. Pursuant to the agreement, EJ Financial assists us with business development, license

negotiations, market analysis and general corporate development. This agreement is automatically renewable each July 1 for one-year terms, unless either party gives 30 days advance notice of termination.

David Parker, Ph.D., J.D., our Senior Vice President, Intellectual Property, is a partner in the law firm Fulbright & Jaworski LLP, which provides legal services to us as our primary outside counsel for intellectual property matters.

In October 2004, we acquired all of the outstanding capital stock of Magnum Therapeutics Corporation (Magnum), a company for which Dr. Robert Sobol, our Senior Vice President, Medical and Scientific Affairs, was the sole stockholder. We paid approximately \$1.75 million for the Magnum stock by (1) issuing approximately 252,000 shares of our common stock valued at approximately \$1.48 million at the acquisition date and (2) assuming liabilities of approximately \$272,000. The shares were issued to Dr. Sobol, as the sole stockholder of Magnum, pursuant to Section 4(2) under the Securities Act of 1933, as amended (the Securities Act). Magnum s primary asset is the right to receive funding under a grant from the National Institutes of Health. During the year ended December 31, 2006, we earned \$163,000 of revenue under this grant, which completed the funding available to us under this grant. In the event certain of Magnum s technologies result in commercial products, we may be obligated to pay royalties related to the sales of those products to certain third parties. Our Audit Committee reviewed and approved the acquisition of Magnum.

Subsequent to December 31, 2006, we became an owner of 49% of the outstanding stock of Introgen Research Institute (IRI). The other 51% of IRI is owned by our corporate Secretary, who is also an Introgen shareholder. We transferred to IRI an NIH grant originally awarded to us. IRI will be responsible for the remaining research contemplated by that grant and will receive future funding, if any, from the NIH under that grant. We have contractual relationships with IRI under which we may perform research and development services for them in the future.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board is composed of three independent directors as defined under the Marketplace Rules of The Nasdaq Global Market (Nasdaq). The Audit Committee operates under a written charter adopted by the Board, as amended in 2005, available on Introgen's website at www.introgen.com. The members of the Audit Committee are William H. Cunningham, Ph.D. (Chairman), Charles E. Long and S. Malcolm Gillis, Ph.D. In accordance with Section 407 of the Sarbanes-Oxley Act, Introgen identified Dr. Gillis as the audit committee financial expert. We believe that each member of the Audit Committee meets the director independence requirements set forth in the applicable Securities and Exchange Commission (Commission) rules and Nasdaq Marketplace Rules. The Audit Committee believes it has fulfilled its responsibilities under its charter for the fiscal year ended December 31, 2006.

Management is responsible for the preparation, presentation and integrity of the financial statements, including establishing accounting and financial reporting principles and designing systems of internal controls over financial reporting. Introgen's independent registered public accounting firm is responsible for performing an independent audit of the consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) and for issuing a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

The Audit Committee has reviewed and discussed the audited consolidated financial statements for the fiscal year ended December 31, 2006 with management and the independent registered public accounting firm that performed such audit, Ernst & Young LLP. The Audit Committee also discussed with Ernst & Young LLP the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended. The Audit Committee has also received the written disclosures and the letter from Ernst & Young LLP required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and the Audit Committee has discussed the independence of Ernst & Young LLP with that firm.

Based upon the Audit Committee's review and discussions referred to in the immediately preceding paragraph, the Audit Committee recommended to the Board that the audited consolidated financial statements be included in Introgen's Annual Report on Form 10-K for the fiscal year ended December 31, 2006, filed with the Commission on March 8, 2007. Each of the services rendered by Ernst & Young LLP was pre-approved by the Audit Committee.

Respectfully submitted,

AUDIT COMMITTEE

William H. Cunningham, Ph.D.

Charles E. Long

S. Malcolm Gillis, Ph.D.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our officers and directors, and persons who own more than 10% of a registered class of our equity securities, to file reports of ownership on Form 3 and changes in ownership on Form 4 or Form 5 with the Commission. Such officers, directors and 10% stockholders are also required by Commission rules to furnish us with copies of all Section 16(a) forms they file. Based solely on our review of the copies of such forms we received, we believe that, during the fiscal year ended December 31, 2006, all Section 16(a) filing requirements applicable to our officers, directors and 10% stockholders were satisfied.
