Item 1. Report to Shareholders

Welcome, Shareholder

In this update, you'll learn about how your trust performed during the reporting period. The portfolio management team will provide an overview of the market climate, and discuss some of the factors that helped or hindered performance during the reporting period. In addition, this report includes the trust's financial statements and a list of investments, as well as other information.

Market forecasts provided in this report may not necessarily come to

The solid line above represents the trust's net asset value (NAV), which indicates overall changes in value among the trust's underlying securities. The trust's common share market price is represented by the dashed line, which indicates the price the market is willing to pay for shares of the trust at a given time. Common share market price is influenced by a range of factors, including supply and demand and market conditions.

AVERAGE ANNUAL TOTAL RETURNS	MARKET PRICE since 01/26/89

10-year	3.64
5-year	-0.04
1-year	7.10
6-month	32.84

Past performance is no guarantee of future results. Investment return, common share market price and net asset value will fluctuate and trust shares, when sold, may be worth more or less than their original cost.

As a result of recent market activity, current performance may vary from the figures shown. For more up-to-date information, please visit vankampen.com or speak with your financial advisor. Total return assumes an investment at the common share market price at the beginning of the period, reinvestment of all distributions for the period in accordance with the trust's dividend reinvestment plan, and sale of all shares at the closing common share market price at the end of the period. Distribution rate represents the monthly annualized distributions of the trust at the end of the period and not the earnings of the trust.

The Chase High Yield Index is generally representative of high-yield securities. The index does not include any expenses, fees or sales charges, which would lower performance. The index is unmanaged and should not be considered an investment.

Trust Report

FOR THE SIX-MONTH PERIOD ENDED JUNE 30, 2003

Van Kampen High Income Trust is managed by the Adviser's High Yield team. Current members include Gordon Loery, Executive Director; Josh Givelber, Vice President; and Chad Liu, Vice President.(1) The following discussion reflects their views on the trust's performance.

Q. BEFORE YOU DISCUSS HOW THE TRUST PERFORMED, PLEASE DESCRIBE THE OVERALL MARKET ENVIRONMENT.

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST - Form N-CSRS

- A. The high-yield market roared ahead in the first half of 2003, posting its best six-month return since 1991. High-yield mutual fund inflows during the period were at their highest level ever, reflecting enormous demand on the part of individual and institutional investors. The market was also boosted by declining default rates and better earnings results from many companies.

Overall, performance seemed to be inversely related to credit rating, with many CCC credits strongly outperforming B and BB rated bonds. Sector performance was dominated by industries such as wireless communications, utilities, telecommunications and cable that were among the worst performers in 2002.

- Q. HOW DID THE TRUST PERFORM DURING THE REPORTING PERIOD?

- A. The trust outperformed its benchmark.

- The trust returned 32.84 percent for the six months ended June 30, 2003, based on common share market price.
- By comparison, the trust's benchmark, the Chase High Yield Index, returned 16.75 percent.
- The trust's monthly dividend of \$0.03 translated to a distribution rate of 9.18 percent, based on the trust's common share market price as of June 30, 2003.

See Performance Summary for additional information and index definition.

- Q. WHAT HELPED PERFORMANCE DURING THE REPORTING PERIOD?

- A. -- Strong security selection in the wireless sector helped the trust's performance. American Cellular performed especially well, rebounding strongly from a low valuation on the basis of its solid fundamentals.
- Housing companies such as CB Richard Ellis and Technical Olympic performed well as housing activity remained one of the economy's few bright spots.

(1) Team members may change at any time without notice.

2

- Our analysts found few compelling opportunities in the consumer-products sector, which led us to underweight the group relative to the benchmark. The sector's subsequent underperformance relative to the rest of the market supported their views.

- Q. WHAT FACTORS HINDERED PERFORMANCE?

- A. -- The portfolio's relatively high aggregate credit quality did not allow it to capitalize on the strong performance of the lowest-rated credits.
- The lack of compelling opportunities in the airline and utilities sectors led us to underweight those sectors, both of which enjoyed rallies coming off of their 2002 lows.

- Q. PLEASE WALK US THROUGH HOW YOU POSITIONED THE PORTFOLIO, HIGHLIGHTING KEY THEMES.

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST - Form N-CSRS

- A. -- Strong performance in the energy sector led us to take some profits there, though we maintained the portfolio's overweight position.
- Many of the transportation holdings are automobile-parts manufacturers; we reduced the portfolio's holdings in the sector because of concerns about the health of these companies going forward.
- We increased the portfolio's holdings of utilities to keep it in line with that sector's rapidly growing weighting in the benchmark.

Subject to change daily. Sector percentages are as a percentage of long-term investments. Ratings allocation percentages are as a percentage of long-term debt investments. Provided for informational purposes only and should not be deemed as a recommendation to buy securities in the sectors shown above. Securities are classified by sectors that represent broad groupings of related industries. Ratings allocation based upon ratings as issued by Standard and Poor's and Moody's, respectively. Morgan Stanley is a full-service securities firm engaged in securities trading and brokerage activities, investment banking, research and analysis, financing and financial advisory services.

3

- Through selective purchases, we added to the portfolio's cable holdings when our analysts were able to identify attractive companies.
- Q. NOW THAT YOU'VE PROVIDED AN OVERVIEW OF THE TRUST, DO YOU HAVE ANY CLOSING THOUGHTS FOR THE SHAREHOLDERS?
- A. After the strong rally of the past six months, we believe future gains in the high-yield market are more likely to come from yield than from price improvements. If this proves to be the case, security selection will assume increasing importance as a driver of total returns. We hope to see ongoing improvement in the economy, which should be supportive of the high-yield market, and will continue monitoring the market for opportunities to capture value.

(a) Total return assumes an investment at the common share market price at the beginning of the period indicated, reinvestment of all distributions for the period in accordance with the Trust's dividend reinvestment plan, and sale of all shares at the closing common share market price at the end of the period indicated.

(b) Ratios do not reflect the effect of dividend payments to preferred shareholders.

(c) As required, effective January 1, 2001, the Trust has adopted the provisions of the AICPA Audit and Accounting Guide for Investment Companies and began amortizing premium on fixed income securities. The effect of this change for the year ended December 31, 2001 was to decrease net investment income per share by \$.02, increase net realized and unrealized gains and losses per

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST - Form N-CSRS

share by \$.02 and decrease the ratio of net investment income to average net assets applicable to common shares by .38%. Per share, ratios and supplemental data for periods prior to December 31, 2001 have not been restated to reflect this change in presentation.

(d) Ratios reflect the effect of dividend payments to preferred shareholders.

(e) Calculated by subtracting the Trust's total liabilities (not including the preferred shares) from the Trust's total assets and dividing this by the number of preferred shares outstanding.

NOTES TO FINANCIAL STATEMENTS

June 30, 2003 (Unaudited)

1. SIGNIFICANT ACCOUNTING POLICIES

Van Kampen High Income Trust (the "Trust") is registered as a diversified,

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST - Form N-CSRS

closed-end management investment company under the Investment Company Act of 1940, as amended. The Trust's investment objective is to provide high current income, while seeking to preserve shareholders' capital through investment in a professionally managed diversified portfolio of high yield, fixed income securities. The Trust commenced investment operations on January 26, 1989.

The following is a summary of significant accounting policies consistently followed by the Trust in the preparation of its financial statements. The preparation of financial statements in conformity with accounting principals generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

A. SECURITY VALUATION Investments are stated at value using market quotations or indications of value obtained from an independent pricing service. For those securities where quotations or prices are not available, valuations are obtained from yield data relating to instruments or securities with similar characteristics in accordance with procedures established in good faith by the Board of Trustees. Short-term securities with remaining maturities of 60 days or less are valued at amortized cost, which approximates market value.

B. SECURITY TRANSACTIONS Security transactions are recorded on a trade date basis. Realized gains and losses are determined on an identified cost basis.

The Trust may invest in repurchase agreements, which are short-term investments in which the Trust acquires ownership of a debt security and the seller agrees to repurchase the security at a future time and specified price. The Trust may invest independently in repurchase agreements, or transfer uninvested cash balances into a pooled cash account along with other investment companies advised by Van Kampen Investment Advisory Corp. (the "Adviser") or its affiliates, the daily aggregate of which is invested in repurchase agreements. Repurchase agreements are fully collateralized by the underlying debt security. The Trust will make payment for such securities only upon physical delivery or evidence of book entry transfer to the account of the custodian bank. The seller is required to maintain the value of the underlying security at not less than the repurchase proceeds due the Trust.

C. INVESTMENT INCOME Interest income is recorded on an accrual basis. Bond discount is accreted and premium is amortized over the expected life of each applicable security.

D. FEDERAL INCOME TAXES It is the Trust's policy to comply with the requirements of the Internal Revenue Code applicable to regulated investment companies and to distribute substantially all of its taxable income to its shareholders. Therefore, no provision for federal income taxes is required.

18

NOTES TO FINANCIAL STATEMENTS

June 30, 2003 (Unaudited)

The Trust intends to utilize provisions of the federal income tax laws which allow it to carry a realized capital loss forward for eight years following the year of the loss and offset such losses against any future realized capital gains. At December 31, 2002, the Trust had an accumulated capital loss carry forward for tax purposes of \$26,230,148 which expires between December 31, 2003 and December 31, 2010. Of this amount, \$1,028,010 will expire on December 31,

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST - Form N-CSRS

2003.

At June 30, 2003, the cost and related gross unrealized appreciation and depreciation are as follows:

Cost of investments for tax purposes.....	\$87,431,045
	=====
Gross tax unrealized appreciation.....	\$ 4,976,457
Gross tax unrealized depreciation.....	(9,372,124)

Net tax unrealized depreciation on investments.....	\$(4,395,667)
	=====

E. DISTRIBUTION OF INCOME AND GAINS The Trust declares and pays monthly dividends from net investment income to common shareholders. Net realized gains, if any, are distributed annually to common shareholders. Distributions from net realized gains for book purposes may include short-term capital gains which are included in ordinary income for tax purposes.

The tax character of distributions paid during the year ended December 31, 2002 was as follows:

	2002
Distributions paid from:	
Ordinary income.....	\$7,081,715
Return of capital.....	198,341

	\$7,280,056

2. INVESTMENT ADVISORY AGREEMENT AND OTHER TRANSACTIONS WITH AFFILIATES

Under the terms of the Trust's Investment Advisory Agreement, the Adviser will provide investment advice and facilities to the Trust for an annual fee payable monthly of .70% of the average daily net assets of the Trust.

For the six months ended June 30, 2003, the Trust recognized expenses of approximately \$3,800 representing legal services provided by Skadden, Arps, Slate, Meagher & Flom (Illinois), counsel to the Trust, of which a trustee of the Trust is an affiliated person.

Under separate Accounting Services and Legal Services agreements, the Adviser provides accounting and legal services to the Trust. The Adviser allocates the cost of such services to each trust. For the six months ended June 30, 2003, the Trust recognized expenses of approximately \$15,900 representing Van Kampen Investments Inc.'s or its affiliates' (collectively "Van Kampen") cost of providing accounting and legal services to the Trust, which are reported as part of "Other" and "Legal" expenses, respectively, in the Statement of Operations.

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST - Form N-CSRS

June 30, 2003 (Unaudited)

Certain officers and trustees of the Trust are also officers and directors of Van Kampen. The Trust does not compensate its officers or trustees who are officers of Van Kampen.

The Trust provides deferred compensation and retirement plans for its trustees who are not officers of Van Kampen. Under the deferred compensation plan, trustees may elect to defer all or a portion of their compensation to a later date. Benefits under the retirement plan are payable upon retirement for a ten-year period and are based upon each trustee's years of service to the Trust. The maximum annual benefit per trustee under the plan is \$2,500.

3. INVESTMENT TRANSACTIONS

During the period, the cost of purchases and proceeds from sales of investments, excluding short-term investments, were \$34,064,316 and \$34,480,349, respectively.

4. AUCTION MARKET PREFERRED SHARES

The Trust has outstanding 376 shares of Auction Market Preferred Shares ("AMPS") at a liquidation value of \$100,000 per share. Dividends are cumulative and the rate is currently reset through an auction process every 28 days. The rate in effect on June 30, 2003, was 1.020%. During the six months ended June 30, 2003, the rates ranged from 1.020% to 1.380%.

The Trust pays annual fees equivalent to .25% of the preferred share liquidation value for the remarketing efforts associated with the preferred auctions. These fees are included as a component of Preferred Share Maintenance expense. The AMPS are redeemable at the option of the Trust in whole or in part at a price of \$100,000 per share plus accumulated and unpaid dividends. The Trust is subject to certain asset coverage tests, and the AMPS are subject to mandatory redemption if the tests are not met.

DIVIDEND REINVESTMENT PLAN

The Trust offers a Dividend Reinvestment Plan (the "Plan") in which Common Shareholders may elect to have dividends and capital gains distributions automatically reinvested in Common Shares of the Trust. The service is entirely voluntary and you may join or withdraw at any time.

HOW TO PARTICIPATE

If you wish to elect to participate in the Plan and your shares are held in your own name, call 1-800-341-2929 for more information and a brochure. If your shares are held in the name of a brokerage firm, bank, or other nominee, you should contact your nominee to see if it would participate in the Plan on your behalf. If you wish to participate in the Plan, but your brokerage firm, bank, or nominee is unable to participate on your behalf, you should request that your shares be re-registered in your own name which will enable your participation in the Plan.

HOW THE PLAN WORKS

State Street Bank and Trust Company, as your Plan Agent, serves as agent for the Common Shareholders in administering the Plan. After the Trust declares a dividend or determines to make a capital gains distribution, the Plan Agent will, as agent for the participants, receive the cash payment and use it to buy

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST - Form N-CSRS

Common Shares in the open market, on the New York Stock Exchange or elsewhere, for the participants' accounts. The Trust will not issue any new Common Shares in connection with the Plan. All reinvestments are in full and fractional Common Shares, carried to three decimal places.

Experience under the Plan may indicate that changes are desirable. Accordingly, the Trust reserves the right to amend or terminate the Plan as applied to any dividend or capital gains distribution paid subsequent to written notice of the change sent to all Common Shareholders of the Trust at least 90 days before the record date for the dividend or distribution. The Plan also may be amended or terminated by the Plan Agent, with the written consent of the Trust, by providing at least 90 days written notice to all Participants in the Plan.

COSTS OF THE PLAN

The Plan Agent's fees for the handling of the reinvestment of dividends and distributions will be paid by the Trust. However, each participant will pay a pro rata share of brokerage commissions incurred with respect to the Plan Agent's open market purchases in connection with the reinvestment of dividends and distributions. No other charges will be made to participants for reinvesting dividends or capital gains distributions, except for certain brokerage commissions, as described above.

21

TAX IMPLICATIONS

You will receive tax information annually for your personal records and to help you prepare your federal income tax return. The automatic reinvestment of dividends and capital gains distributions does not relieve you of any income tax which may be payable on dividends or capital gains distributions.

RIGHT TO WITHDRAW

You may withdraw from the Plan at any time by calling 1-800-341-2929 or by writing State Street Bank and Trust Company. If you withdraw, you will receive, without charge, a share certificate issued in your name for all full Common Shares credited to your account under the Plan, and a cash payment will be made for any fractional Common Share credited to your account under the Plan. You may again elect to participate in the Plan at any time by calling 1-800-341-2929 or writing to the Trust at:
