**Plumas Bancorp
Proxy Statement
Annual Meeting of Shareholders
May 18, 2005**

Plumas Bancorp is providing this proxy statement to shareholders of Plumas Bancorp in connection with the annual meeting (the Meeting) of shareholders of Plumas Bancorp to be held at the Plumas Bank Credit Administration Building located at 32 Central Avenue, Quincy, California, on Wednesday, May 18, 2005 at 10:30 a.m. and at any and all adjournments thereof.

It is expected that Plumas Bancorp will mail this proxy statement and accompanying notice and form of proxy to shareholders on or about April 11, 2004.

Revocability of Proxies

A proxy for use at the meeting is enclosed. Any shareholder who executes and delivers such proxy has the right to revoke it at any time before it is exercised, by filing with the Secretary of Plumas Bancorp an instrument revoking it, or a duly executed proxy bearing a later date. The Secretary of Plumas Bancorp is Terrance J. Reeson, and any revocation should be filed with him at Plumas Bancorp, 35 S. Lindan Avenue, Quincy, California 95971. In addition, the powers of the proxyholders will be revoked if the person executing the proxy is present at the meeting and elects to vote in person. Subject to such revocation or suspension, the proxyholders will vote all shares represented by a properly executed proxy received in time for the meeting in accordance with the instructions on the proxy. **If no instruction is specified with regard to the matter to be acted upon, the proxyholders will vote the shares represented by the proxy FOR each of the nominees for directors and for adoption of the technical amendments to the Plumas Bank 1991 and 2001 Stock Option Plans. If any other matter is presented at the meeting, the proxyholders will vote in accordance with the recommendations of management.**

Persons Making the Solicitation

The Board of Directors of Plumas Bancorp is soliciting proxies. Plumas Bancorp (the Company) will bear the expense of preparing, assembling, printing and mailing this proxy statement and the material used in the solicitation of proxies for the meeting. The Company contemplates that proxies will be solicited principally through the use of the mail, but officers, directors and employees of Plumas Bancorp may solicit proxies personally or by telephone, without receiving special compensation for the solicitation. Although there is no formal agreement to do so, the Company will reimburse banks, brokerage houses and other custodians, nominees and fiduciaries for their reasonable expenses in forwarding these proxy materials to their principals. In addition, the Company may utilize the services of individuals or entities not regularly employed by Plumas Bancorp in connection with the solicitation of proxies, if management of the Company determines that this is advisable.

Voting Securities

Management of the Company has fixed March 31, 2005 as the record date for purposes of determining the shareholders entitled to notice of, and to vote at, the meeting. On March 28, 2005, there were 3,287,829 shares of Plumas Bancorp's common stock issued and outstanding. Each holder of Plumas Bancorp's common stock will be entitled to one vote for each share of the Company's common stock held of record on the books of Plumas Bancorp as

of the record date. In connection with the election of directors, shares may be voted cumulatively if a shareholder present at the meeting gives notice at the meeting, prior to the voting for election of directors, of his or her intention to vote cumulatively. If any shareholder of Plumas Bancorp gives that notice, then all shareholders eligible to vote will be entitled to cumulate their shares in voting for election of directors. Cumulative voting allows a shareholder to cast a number of votes equal to the number of shares held in his or her name as of the record date, multiplied by the number of directors to be elected. These votes may be cast for any one nominee, or may be distributed among as many nominees as the shareholder sees fit. If cumulative voting is declared at the meeting, votes represented by proxies delivered pursuant to this proxy

Table of Contents

statement may be cumulated in the discretion of the proxyholders, in accordance with management's recommendation.

The effect of broker nonvotes is that such votes are not counted as being voted; however such votes are counted for purposes of determining a quorum. The effect of a vote of abstention on any matter is that such vote is not counted as a vote for or against the matter, but is counted as an abstention.

Shareholdings of Certain Beneficial Owners and Management

Management of Plumas Bancorp knows of no person who owns, beneficially or of record, either individually or together with associates, 5 percent or more of the outstanding shares of the Company's common stock, except as set forth in the table below. The following table sets forth, as of March 28, 2005, the number and percentage of shares of Plumas Bancorp's outstanding common stock beneficially owned, directly or indirectly, by each of the Company's directors, named executive officers and principal shareholders and by the directors and executive officers of the Company as a group. The shares beneficially owned are determined under the Securities and Exchange Commission Rules, and do not necessarily indicate ownership for any other purpose. In general, beneficial ownership includes shares over which the director, named executive officer or principal shareholder has sole or shared voting or investment power and shares which such person has the right to acquire within 60 days of March 28, 2005. Unless otherwise indicated, the persons listed below have sole voting and investment powers of the shares beneficially owned or acquirable by exercise of stock options. within their capacities as such. There are no family relationships between any of the directors of Plumas Bancorp. The Board of Directors and Committees

During 2004, the Company's Board of Directors met 14 times. None of Plumas Bancorp's directors attended less than 75 percent of all Board of Directors' meetings and committee meetings of which they were members. The Company does not have a policy requiring director attendance at its annual meeting. However, most directors attend the meeting as a matter of course. All the directors, except Mr. Flournoy, attended the annual meeting of shareholders held in May 2004. Mr. Flournoy was not appointed to the Board of Directors until March 2005.

Shareholder Communication with the Board of Directors

If you wish to communicate with the Board of Directors you may send correspondence to the Corporate Secretary, Plumas Bancorp, 35 S. Lindan Avenue, Quincy, California 95971. The Corporate Secretary will submit your correspondence to the Board of Directors or the appropriate committee, as applicable.

Code of Ethics

The Board of Directors has adopted a code of business conduct and ethics for directors, officers (including Plumas Bancorp's principal executive officer, principal financial officer and controller) and financial personnel, known as the Corporate Governance Code of Ethics Policy. This Code of Ethics Policy is available on Plumas Bancorp's website at www.plumasbank.com. Shareholders may request a free copy of the Code of Ethics Policy from Plumas Bancorp, Attn: Mr. Andrew Ryback, Investor Relations, 35 S. Lindan Avenue, Quincy, California 95971.

Audit Committee

Plumas Bancorp has an Audit Committee composed of Mr. Reeson, Chairman and Messrs. Flournoy, Grohs and Watson. The Board has determined that each member of the Audit Committee is independent within the meaning of the rules and regulations of the Securities and Exchange Commission (the SEC). The Board has determined that the Audit Committee does not have an audit committee financial expert, as that term is defined in Item 401(h) of SEC Regulation S-K, because (i) none of the members of the Audit Committee possesses all the requisite qualifications to be considered an audit committee financial expert and (ii) thus far, the Board has not been able to successfully recruit an individual who qualifies as an audit committee financial expert and who would be willing to serve on the Audit Committee in that capacity. In the future as a Board vacancy occurs, the Board of Directors will attempt to recruit a member who will meet the SEC definition of audit committee financial expert.

The Audit Committee met six times during 2004. The Audit Committee reviews all internal and external audits including the audit by Perry-Smith LLP, the Company's independent auditor, report any significant findings of audits to the Board of Directors, and ensure that the internal audit plans are met, programs are carried out, and weaknesses are addressed. The Audit Committee meets regularly to discuss and review the overall audit plan. In February 2005, the Board of Directors adopted a written charter for the Audit Committee. This Audit Committee Charter is attached to this document as Appendix A.

The Audit Committee's policy is to pre-approve all recurring audit and non-audit services provided by the independent auditors through the use of engagement letters. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year and any pre-approval is

detailed as to particular service or category of services and is generally subject to a specific budget. The independent auditors and management are required to periodically report to the full Audit

Table of Contents

Committee regarding all services provided by the independent auditors and fees associated with those services performed to date. Other than some ancillary audit and accounting services and some ancillary tax and accounting consulting services the fees paid to the independent auditors in 2004 and 2003 were approved per the Audit Committee's pre-approval policies.

Audit Committee Report

This report of the Audit Committee shall not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that Plumas Bancorp specifically incorporates this information by reference, and shall not otherwise be deemed filed under the Acts.

The Board of Directors and the Audit Committee has reviewed Plumas Bancorp's audited financial statements and discussed such statements with management. The Board of Directors and the Audit Committee has discussed with Perry-Smith LLP, the Company's independent auditors during the year 2004, the matters required to be discussed by Statement of Auditing Standards No. 61 (Communication with Audit and Finance Committees, as amended).

The Audit Committee received written disclosures and a letter from Perry-Smith LLP, required by Independence Standards Board Standard No. 1 and has discussed with them their independence from management. The Audit Committee has also considered whether the independent auditors' provision of other non-audit services is compatible with the auditors' independence.

Based on the review and discussions noted above, the Audit Committee recommended to the Board of Directors that Plumas Bancorp's audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2004, for filing with the Securities and Exchange Commission.

Corporate Governance Committee

Plumas Bancorp has a Corporate Governance Committee which met six times during 2004. The Corporate Governance committee consists of Mr. Grohs, Chairman and Messrs. Kehr, Blickenstaff and Watson and Ms. McArthur. The Board has determined that each member of the Corporate Governance Committee is independent within the meaning of the rules and regulations of the Securities and Exchange Commission (the "SEC"). The Corporate Governance committee provides assistance to the Board by identifying qualified individuals as prospective Board members, recommends to the Board the director nominees for election at the annual meeting of shareholders, oversees the annual review and evaluation of the performance of the Board and its committees and develops and recommends corporate governance guidelines to the Board of Directors. In May 2004, the Board of Directors adopted a written charter for the Corporate Governance Committee.

The Corporate Governance Committee does not have any written specific minimum qualifications or skills that the committee believes must be met by either a committee-recommended or a security holder-recommended candidate in order to serve on the committee. The Corporate Governance Committee identifies nominees by first evaluating the current members of the Board of Directors willing to continue in service. Current members of the Board with skills and experience that are relevant to the Company's business and who are willing to continue in service are considered for re-nomination, balancing the value of continuity of service by existing members of the Board with that of

obtaining a new perspective. If any member of the Board does not wish to continue in service or if the Corporate Governance Committee or the Board decided not to re-nominate a member for re-election, the Corporate Governance Committee identifies the desired skills and experience of a new nominee in light of the following criteria. When identifying and evaluating new directors, the Corporate Governance Committee considers the diversity and mix of the existing Board of Directors,

Table of Contents

including, but not limited to, such factors as: the age of the current directors, their geographic location (being a community bank, there is a strong preference for local directors), background and employment experience. Among other things, when examining a specific candidate's qualifications, the Corporate Governance Committee considers: the ability to represent the best interest of the Company, existing relationships with the Company, interest in the affairs of the Company and its purpose, the ability to fulfill director responsibilities, leadership skill, reputation within the Company's community, community service, integrity, business judgment, ability to develop business for the Plumas Bancorp and the ability to work as a member of a team. All nominees to be considered at the Meeting were recommended by the Corporate Governance Committee.

The Corporate Governance Committee will consider nominees to the Board proposed by shareholders, although the Board has no formal policy with regard to shareholder nominees as it considers all nominees on their merits as aforementioned. Any shareholder nominations proposed for consideration by the Board should include the nominee's name and qualifications for Board membership and should be addressed to:

Corporate Secretary
Plumas Bancorp
35 S. Lindan Avenue
Quincy, CA 95971

In addition, the bylaws of Plumas Bancorp permit stockholders to nominate directors for consideration at an annual shareholder meeting. For a description of the process for nominating directors in accordance with the bylaws, please see the notice to this proxy statement.

Compensation Committee

Plumas Bancorp has a Compensation Committee that met two times in 2004. The Compensation Committee consists of Mr. Grohs, Chairman and Messrs. Kehr, Blickenstaff, Watson and Ms. McArthur. The Compensation Committee reviews human resource policies, establishes the compensation for the Chief Executive Officer and other executive officers, reviews salary recommendations, grants stock options and approves other personnel matters, which are in excess of management's authority.

Compensation Committee Interlocks and Insider Participation

Mr. William E. Elliott, President and Chief Executive Officer, served as an advisor to the Compensation Committee during 2004. There are no Compensation Committee interlocks between Plumas Bancorp and other entities involving Plumas Bancorp's executive officers or board members.

Compensation Committee Report

The Compensation Committee establishes the overall executive compensation guidelines of Plumas Bancorp and establishes the compensation plans and specific compensation levels of the Chief Executive Officer and other executive officers. The Compensation Committee reviews its approach to executive compensation annually.

The Compensation Committee believes that executive officer compensation should be closely aligned with the performance of Plumas Bancorp on a short-term and long-term basis, and that such compensation should be structured to assist the Company in attracting and retaining key executives critical to its long-term success. To that end, the Compensation Committee's policy for compensation packages of executive officers consists of four components: (i) an annual base salary; (ii) the potential to earn incentive bonuses dependent on Plumas Bancorp's performance and, in certain cases, individual performance as well, and (iii) stock option awards and salary continuation plans designed to

link shareholder interests with those of executive management by providing long-term incentives to executive officers of the Company, and (iv) long-term incentives similar to those received by non-executives, including a 401(k) match. The performance based aspects, items (ii) and (iii) above, are considered major elements of the overall compensation program.

Table of Contents

Annual base salary is determined by considering the overall performance of Mr. William E. Elliott, President and Chief Executive Officer of both Plumas Bancorp and its subsidiary Plumas Bank with respect to the duties and responsibilities assigned. Salary surveys of other California community banks, including the California Bankers Association and California Department of Financial Institutions Annual Salary Surveys, are reviewed and factored into the process to insure fair rates of compensation in an increasingly competitive labor market. All outside Plumas Bancorp directors individually complete a written evaluation of the performance of Mr. Elliott for 2004. The evaluations are summarized by the Mr. Grohs and discussed by Messrs. Grohs and Kehr with Mr. Elliott. Mr. Elliott with the concurrence of the Board of Directors reviews annually other executive officers of Plumas Bancorp and Plumas Bank, including Douglas N. Biddle, Executive Vice President and Chief Operating Officer of Plumas Bancorp and President and Chief Operating Officer of Plumas Bank, Dennis C. Irvine, Executive Vice President and Chief Information Technology Officer of Plumas Bank, Robert T. Herr, Executive Vice President and Loan Administrator of Plumas Bank and Andrew J. Ryback, Executive Vice President and Chief Financial Officer of Plumas Bancorp and Plumas Bank.

Incentive bonuses are linked to specific objectives for each executive. In 2004, Mr. Elliott could earn a percentage of his base salary based on the achievement of specific goals tied to (1) return on equity; (2) growth in earnings; and, (3) individual performance goals. Each goal is also assigned a range of target levels. At year-end, the target level achieved for each performance measure is combined to arrive at the final bonus compensation award. The maximum Mr. Elliott could earn under this bonus compensation formula is 60% of his base salary. In 2004, Mr. Elliott earned bonus compensation in the amount of \$70,500, or 36% of total base compensation of \$196,250. Bonus compensation for other executive officers is based on a similar quantitative formula as Mr. Elliott s.

The Board of Directors at its discretion periodically awards incentive compensation in the form of stock option grants to executive officers and other employees. The Board employed qualitative criteria in awarding stock options to the executive officers. In 2004, Mr. Elliott received an option to purchase 5,625 shares. The other above named executive officers received options to purchase 15,125 shares in total. All options were granted at fair market value as of the date of the award.

The Board of Directors has provided Mr. Elliott and the other executive officers salary continuation agreements. The purpose of the salary continuation agreements with Mr. Elliott and the other executive officers is to provide incentives for key personnel to remain in the employ of the Company. In connection with the agreements, the Company has purchased certain cash surrender value life insurance policies (COLI).

The Personnel Committee believes that the programs for executive officer compensation serve well the interests of Plumas Bancorp s shareholders by providing the motivation for executives to contribute to the overall long-term success and value of Plumas Bancorp and Plumas Bank.

This report is submitted by the outside directors of the Plumas Bancorp s Personnel Committee, consisting of Mr. Grohs, Chairman and Messrs. Kehr, Blickenstaff, Watson and Ms. McArthur.

Compensation of Directors and Executive Officers

Director Compensation

During 2004, directors, except the Chairman, each received \$2,000 per month for serving on the Plumas Bancorp s and Plumas Bank s Board of Directors and committees. The Chairman received \$2,500 per month.

Deferred Fee Agreement: Effective May 1998 the Company entered into a Deferred Fee Agreement with board member Kehr. On March 3, 2001 the Company entered into a Deferred Fee Agreement with board member Watson.

The purpose of the Deferred Fee Agreements is to provide a board member an opportunity to defer his or her director fees as an incentive to continue service with the Company. The agreement provides for deferral of director fees to the earlier of an agreed upon distribution date or the termination of director services for any reason. The Company will accrue interest on all deferred director fees at an annual floating percentage rate of the current Plumas Bank Prime Rate minus 1%. In the event of death prior to retirement, the

beneficiary will receive full-deferred fee benefits. In the event of disability wherein the director does not continue service with the Company, the director is entitled to the full-deferred fee benefit accrued up to the point of director's termination of service.

Non-Qualified Stock Options: The Board of Directors of Plumas Bank adopted the 1991 Stock Option Plan (the 1991 Plan) in March 1991. The 1991 Plan was approved by the shareholders at the 1991 Annual Meeting. Non-qualified stock options representing 5,625 shares of stock were granted to new board member West at an exercise price of \$7.72 per share in November 1997. Non-qualified stock options representing a total of 27,045 (3,240 for each director, with the exception of board member West, who received 1,125) shares of stock were granted to directors of the Company at an exercise price of \$7.44 per share in November 1998. Non-qualified stock options representing 3,750 shares of stock were granted to new board member McArthur at an exercise price of \$7.00 per share in August 2000.

The Board of Directors of Plumas Bank adopted the 2001 Stock Option Plan (the 2001 Plan) in March 2001. The 2001 Plan was approved by the shareholders at the 2001 Annual Meeting. Non-qualified stock options representing 3,750 shares were granted to new board member Watson at an exercise price of \$8.29 per share in November 2001. Non-qualified stock options representing a total of 33,750 (3,750 for each director) shares of stock were granted to directors of the Company at an exercise price of \$16.13 per share in December 2002. Non-qualified stock options representing 16,875 (1,875 for each director) shares of stock were granted to directors of the Company at an exercise price of \$19.79 per share in December 2003. Non-qualified stock options representing 16,875 (1,875 for each director) shares of stock were granted to directors of the Company at an exercise price of \$21.28 per share in December 2004.

As of December 31, 2004, the Company had 91,860 non-qualified stock options outstanding to directors of the Company, of which 45,235 were exercisable. All stock options were granted at an exercise price of not less than one hundred percent (100%) of the fair market value of the stock on the date of the grant. The amount of options outstanding at December 31, 2004 (as well as the original option grant information presented above) has been adjusted to reflect the 3-for-2 stock split effective June 15, 1999 and the 3-for-2 stock split effective November 26, 2002.

Each option granted under either the 1991 or 2001 Plan expires no later than ten (10) years from the date the option was granted. Both Plans allows the options granted to be exercised by the optionee according to a vesting schedule. The vesting of stock options typically occurs at a rate that provides for a 20% vesting for each completed year of service from the anniversary of the option grant date, for a total vesting of 100% after the completion of five years of service. All of the non-qualified stock options outstanding to directors of the Company, vest over a five-year period as described above, with the exception of 15,000 non-qualified stock options granted in December 2002 to four directors of the Company that are nearing retirement. Messrs. Blickenstaff, Kehr, Grohs and Sphar, each were granted 3,750 non-qualified stock options at an exercise price of \$16.13 per share. These options vest at a rate that provides for a 33% vesting for each completed year of service from the anniversary of the option grant date, for a total vesting of 100% after the completion of three years of service.

Director Emeritus Plans

Director Retirement Agreement: Effective March 1, 1998 the Company entered into Director Retirement (fee continuation) Agreements with board members Blickenstaff, Fletcher, Grohs, Kehr, Reeson, Schoensee (currently retired), Sphar (currently retired), Wellenbrock (currently retired) and West. The purpose of the fee continuation agreements is to provide a retirement benefit to the board members as an incentive to continue service with the Company. The agreement provides for fee continuation benefits of up to \$8,100 per year for 5 years after retirement. In the event of death prior to retirement, the beneficiary will receive full fee continuation benefits. In the event of disability wherein the director does not continue service with the Company, the director is entitled to fee continuation benefits, at a reduced amount depending on the length of service with the Company, beginning the month following

termination of service. If the director terminates service with the Company for a reason other than death or disability prior to the retirement age of

75, he/she will be entitled to fee continuation benefits at a reduced amount depending on the length of service with the Company. The vesting of fee continuation benefits occurs at a rate that provides for a 6.67% vesting for each completed year of service, for a total vesting of 100% after the completion of fifteen years of service. The fee continuation benefits are informally funded by single premium life insurance policies. The directors are the insured parties and the Company is the beneficiary of the policies.

During April and May of 2000, the Director Retirement Agreements for the directors described above were modified to increase the amount of the annual benefit to \$10,000 and extend the term to 12 years after retirement with these benefits beginning after the third anniversary of the director's retirement. This increase in benefits was informally funded by single premium life insurance policies. The directors are the insured parties and the Company is the beneficiary of the policies.

On May 12, 2000, the Company entered into a Director Retirement Agreement with board member McArthur. Additionally, on May 1, 2003, the Company entered into a Director Retirement Agreement with board member Watson. The fee continuation benefits are informally funded by single premium life insurance policies. The directors are the insured parties and the Company is the beneficiary of the policies.

Post-Retirement Consulting Agreement: In May 2000, the Company entered into Post-Retirement Consulting Agreements with board members Blickenstaff, Fletcher, Grohs, Kehr, McArthur, Reeson, Schoensee (currently retired), Sphar (currently retired), Wellenbrock (currently retired) and West. Additionally, on May 1, 2003, the Company entered into a Post-Retirement Consulting Agreement with board member Watson. The purpose of the Agreements is to provide consideration to the board members in exchange for consulting services after their retirement from the Board. The agreements provide for consulting fees of \$10,000 per year for 3 years after retirement. In the event of death prior to completion of the consulting services, the beneficiary will receive death benefits equal to the remaining unpaid consulting fee benefits. In the event of disability wherein the retired director is unable to continue consulting services with the Company, the Company may terminate the director's post-retirement consulting services. If the retired director voluntarily terminates his or her consulting services for other than good reason or if the Company terminates the director's post-retirement consulting services for cause, the Post-Retirement Consulting Agreement shall terminate.

The Board of Directors of the Company entered into an employment agreement with Mr. Elliott dated February 9, 1990, subsequently restated on October 15, 1999 and April 17, 2002. Under the terms of the agreement the Company has provided and will provide employment to Mr. Elliott from April 17, 2002 to July 1, 2007. His current annual base salary is \$200,000 with future base salary increases to be granted at the sole discretion of the Board. The Company also provides a \$100,000 term life insurance policy on behalf of Mr. Elliott. Mr. Elliott is entitled to participate in any and all other employee benefits and plans existing or developed by the Company. The Company has the right to terminate the agreement for cause, as defined in the agreement. If the Board of Directors of the Company determines that Mr. Elliott's continued employment would be detrimental to the best interests of the shareholders, he will be entitled to termination pay of one (1) year's salary or the balance due per the employment agreement, whichever is less.

On October 13, 1993, the Company's Board of Directors entered into a salary continuation agreement with Mr. Elliott. The purpose of the salary continuation agreement is to provide special incentive to Mr. Elliott for his continuing employment with the Company on a long-term basis. The agreement provides Mr. Elliott with salary continuation benefits of up to \$75,000 per year for 15 years after retirement. In the event of death prior to retirement, Mr. Elliott's beneficiary will receive the full salary continuation benefits. In the event of disability wherein Mr. Elliott does not continue employment with the Company, Mr. Elliott is entitled to salary continuation benefits (which are reduced if at the time of disability he does not have 12 years of service with the Company) beginning at age 65 or on

the date on which he is no longer entitled to disability benefits under the Company's group disability insurance, whichever is earlier. If Mr. Elliott terminates employment with the Bank for a reason other than death or disability prior to the retirement age of age 65, he will be entitled to salary continuation benefits at a reduced amount depending on the length of service with the Company. The vesting of salary continuation benefits is at the rate of 5% per year for the first four years of service, 10% per year for the next four years of service, 15% per year for the next two years of service and 5% per year for the next two years of service, for a total vesting of 100%.

On June 2, 1994, the Company's Board of Directors entered into salary continuation agreements with Mr. Biddle and Mr. Irvine. The purpose of the salary continuation agreements is to provide special incentive to Mr. Biddle and Mr. Irvine to continue employment with the Company on a long-term basis. The agreement

Table of Contents

provides Mr. Biddle and Mr. Irvine with salary continuation benefits of up to \$45,000 per year for 15 years after retirement. In the event of death prior to retirement, Mr. Biddle and Mr. Irvine's beneficiary will receive salary continuation benefits at a reduced amount depending on the length of service with the Company. In the event of disability wherein Mr. Biddle or Mr. Irvine does not continue employment with the Company, Mr. Biddle and Mr. Irvine are entitled to salary continuation benefits, at a reduced amount depending on the length of service with the Company, beginning at age 65 or on the date on which he is no longer entitled to disability benefits under the Company's group disability insurance, whichever is earlier. If Mr. Biddle or Mr. Irvine terminates employment with the Company for a reason other than death or disability prior to the retirement age of age 65, such person will be entitled to salary continuation benefits at a reduced amount depending on the length of service with the Company. The vesting of salary continuation benefits occurs at a rate that provides for a 90% vesting at age 60 and 2% per year for the next five years of service, for a total vesting of 100%. The salary continuation benefits are informally funded by single premium life insurance policies with Mr. Biddle and Mr. Irvine as the insured parties and the Company as the beneficiary of the policies.

As of December 28, 1999, the salary continuation agreements for Messrs. Elliott, Biddle and Irvine were modified to increase the amount of the annual benefit to \$110,000, \$62,000 and \$62,000, respectively. This increase in benefits is informally funded by single premium life insurance policies. Messrs. Elliott, Biddle and Irvine are the insured parties and the Company is the beneficiary of the policies. The agreements were also modified so that in the event of a change in control and Messrs. Elliott, Biddle or Irvine terminate their employment with Plumas Bancorp or its successor within a period of 5 years after such change in control, then they may elect full vesting of their salary continuation payments and the payment of the salary continuation benefits beginning with the month after their termination, subject to the reduction of benefits if the benefits result in a limitation of deductibility of such benefits for Plumas Bancorp under Section 280G of the Internal Revenue Code.

On January 23, 2002 and January 24, 2002, the Company's Board of Directors entered into split dollar agreements with Messrs. Elliott, Biddle and Irvine. The purpose of the split dollar agreements is to provide special incentive for the executives to continue employment with the Company on a long-term basis. To accomplish this, the Company agrees to divide the net death proceeds of life insurance policies on the Executive's life with the Executive's beneficiary.

On June 4, 2002, the Company's Board of Directors entered into salary continuation agreements with Mr. Herr. The purpose of the salary continuation agreements is to provide special incentive to Mr. Herr to continue employment with the Company on a long-term basis. The agreement provides Mr. Herr with salary continuation benefits of up to \$62,000 per year for 15 years after retirement. In the event of death prior to retirement, Mr. Herr's beneficiary will receive salary continuation benefits at a reduced amount depending on the length of service with the Company. In the event of disability wherein Mr. Herr does not continue employment with the Company, Mr. Herr is entitled to salary continuation benefits, at a reduced amount depending on the length of service with the Company, beginning at age 65 or on the date on which he is no longer entitled to disability benefits under the Company's group disability insurance, whichever is earlier. If Mr. Herr terminates employment with the Company for a reason other than death or disability prior to the retirement age of age 65, he will be entitled to salary continuation benefits at a reduced amount depending on the length of service with the Company. The vesting of salary continuation benefits occurs at a rate that provides for a 90% vesting at age 60 and 2% per year for the next five years of service, for a total vesting of 100%. In the event of a change of control of Plumas Bancorp and Mr. Herr terminates employment with Plumas Bancorp or its successor within a period of 5 years after such change in control, then Mr. Herr may elect full vesting of his salary continuation payments and the payment of the salary continuation benefits beginning with the month after his termination, subject to the reduction of benefits if the benefits result in a limitation of deductibility of such benefits for Plumas Bancorp under Section 280G of the Internal Revenue Code. The salary continuation benefits are informally funded by single premium life insurance policies with Mr. Herr as the insured parties and the Company as the beneficiary of the policies.

The salary continuation agreement of Mr. Elliott was amended in November 2003 to increase the

salary continuation payments by a 2% increase each year and increase the term of the salary continuation payments from 15 years to 20 years. The salary continuation benefits are informally funded by single premium life insurance policies with Mr. Elliott as the insured party and the Company as the beneficiary of the policies.

On September 15, 2004, the salary continuation agreement of Mr. Herr was amended to provide for the addition of split dollar agreements. On that same date the Company's Board of Directors entered into split dollar agreements with Mr. Herr. The purpose of the split dollar agreements is to provide special incentive for Mr. Herr to continue employment with the Company on a long-term basis. To accomplish this, the Company agrees to divide the net death proceeds of life insurance policies on Mr. Herr's life with his beneficiary.

PROPOSAL 2

Amendment of the Plumas Bank 1991 Stock Option Plan and Plumas Bank 2001 Stock Option Plan, as Amended to Designate the Maximum Aggregate Number of Shares that May Be Issued under each Plan for Incentive Stock Options

In August 2004, the Internal Revenue Service issued final regulations regarding stock options. Section 1.422-2 of such final regulations requires that a stock option plan providing for the issuance of incentive stock options must designate the maximum aggregate number of shares that may be issued under the plan through incentive stock options. Plumas Bancorp has two stock option plans under which stock options are outstanding, the Plumas Bank 1991 Stock Option Plan (1991 Plan) and the Plumas Bank 2001 Stock Option Plan, as amended (2001 Plan). Both the 1991 Plan and the 2001 Plan provide a single maximum aggregate number of shares of common stock of Plumas Bancorp that may be issued for both incentive stock options and nonqualified stock options. Therefore both the 1991 Plan and the 2001 Plan require amendment and shareholder approval to comply with final regulations of the Internal Revenue Service regarding stock options. **The proposed amendments to the 1991 Plan and 2001 Plan are technical amendments and do not increase the aggregate number of shares allocated to either plan.**

For the Plumas Bancorp's board of directors to be able to grant future incentive stock options and for previously issued incentive stock options to continue to have favorable federal income tax treatment as incentive stock options, the 1991 Plan and 2001 Plan must be amended with the approval of shareholders to comply with Section 1.422-2 of the final regulations of the Internal Revenue Service to designate the maximum aggregate number of shares that may be issued as incentive stock options under each plan. If shareholders do not approve the amendments to 1991 Plan and 2001 Plan, optionees, with certain exceptions, will lose the favorable federal income tax treatment for incentive stock options.

The Board of Directors of the Plumas Bancorp has adopted resolutions amending the 1991 Plan and 2001 Plan to designate the maximum aggregate number of shares that may be issued as incentive stock options under the each respective plan and believes it is in the best interest of Plumas Bancorp and its shareholders to approve an amendment to the 1991 Plan and 2001 Plan to designate the maximum aggregate number of shares that may be issued as incentive stock options under each respective plan.

The 1991 Plan was originally allocated 97,950 shares of common stock, which amount is adjusted for stock splits and stock dividends and other changes in capitalization of Plumas Bancorp occurring after the original effective date of the 1991 Plan, and the amendment would expressly designate 97,950 shares of common stock, which amount is adjusted for stock splits and stock dividends and other changes in capitalization occurring after the original effective date of the 1991 Plan as the maximum aggregate number of shares that may be issued as incentive stock options under the 1991 Plan. The shareholder resolution presented to shareholders to amend the 1991 Plan reads as follows:

Table of Contents

RESOLVED, that Section 5 of the Plumas Bank 1991 Stock Option Plan, as amended is amended in the entirety to read as follows (the new added language appears in bold):

5. Stock Subject to the Plan

*Subject to adjustments as provided in Section 12, hereof, the stock to be offered under the Plan shall be shares of the Bank's authorized but unissued common stock (hereinafter called "stock") and the aggregate amount of stock to be delivered upon exercise of all options granted under the Plan shall not exceed 97,950 shares (which amount may not exceed 30 percent of the total outstanding shares of the same class and series of the Bank). If any option shall be canceled, surrendered or expire for any reason without having been exercised in full, the underlying shares subject thereto shall again be available for purposes of this Plan. **Furthermore, the maximum aggregate number of shares that may be issued as incentive stock options under the Plan is 97,950 shares, subject to adjustments as provided in Section 12, hereof.***

The 2001 Plan was originally allocated 425,000 shares of common stock, which amount is adjusted for stock splits and stock dividends and other changes in capitalization of Plumas Bancorp occurring after the original effective date of the 2001 Plan, and the amendment would expressly designate 425,000 shares of common stock, which amount is adjusted for stock splits and stock dividends and other changes in capitalization occurring after the original effective date of the 2001 Plan as the maximum aggregate number of shares that may be issued as incentive stock options under the 2001 Plan. The shareholder resolution presented to shareholders to amend the 2001 Plan reads as follows:

RESOLVED, that Section 5 of the Plumas Bank 2001 Stock Option Plan, as amended is amended in the entirety to read as follows (the new added language appears in bold):

5. Stock Subject to the Plan

*Subject to adjustments as provided in Section 12, hereof, the stock to be offered under the Plan shall be shares of the Bancorp's authorized but unissued common stock (hereinafter called "stock") and the aggregate amount of stock to be delivered upon exercise of all options granted under the Plan shall not exceed 425,000 shares. If any option shall be canceled, surrendered or expire for any reason without having been exercised in full, the underlying shares subject thereto shall again be available for purposes of the Plan. **Furthermore, the maximum aggregate number of shares that may be issued as incentive stock options under the Plan is 425,000 shares, subject to adjustments as provided in Section 12, hereof.***

Approval of the amendments to the 1991 Plan and 2001 Plan to designate the maximum aggregate number of shares that may be issued as incentive stock options under each respective plan requires the affirmative vote of a majority of the outstanding shares of common stock represented and voting at the Meeting.
