ITEM 8.01. OTHER EVENTS

In this report, Monsanto Company ("Monsanto" or "the company") is providing

## Edgar Filing: MONSANTO CO /NEW/ - Form 8-K

certain recasted consolidated financial information to reflect that the operations of its environmental technologies businesses are now being treated as discontinued operations.

In second quarter 2005, the company committed to a plan to sell its environmental technologies businesses that met the "held for sale" criteria under SFAS No. 144 (SFAS 144), Accounting for the Impairment or Disposal of Long-Lived Assets. The environmental technologies businesses provide engineering, procurement and construction management services, and sell proprietary equipment and process technologies. The company has determined that these businesses are no longer consistent with its strategic business goals. In April 2005, the company announced that it signed a non-binding letter of intent to sell the environmental technologies businesses to the management of such businesses in a management buyout. The parties are negotiating a definitive agreement for the transaction, which is targeted to close by the end of fiscal year 2005.

On Jan. 1, 2002, we adopted the provisions of SFAS 144. SFAS 144 addresses financial accounting and reporting for the disposal of long-lived assets. In accordance with SFAS 144, in a period in which a component of an entity either has been disposed of or is classified as held for sale, the income statement of a business enterprise for current and prior periods shall report the results of operations of the component in discontinued operations. Therefore, our Report on Form 10-Q for the quarterly period ended Feb. 28, 2005, reported the results of operations of our environmental technologies businesses as discontinued operations for the three months and six months ended Feb. 28, 2005, and for the comparable periods in the prior year, in accordance with SFAS 144.

The same reclassification for discontinued operations is required by SFAS 144 for previously issued financial statements and related information that were included in our most recently filed Form 10-K, should we incorporate that Form 10-K by reference into any of our filings under the Securities Act of 1933 ("1933 Act filings"). Also, in this Current Report on Form 8-K we reclassified the results of operations of our environmental technologies businesses as discontinued operations for the three months ended Nov. 30, 2004, and Nov. 30, 2003, included in our Report on Form 10-Q for the quarterly period ended Nov. 30, 2004. Therefore, in this Current Report on Form 8-K, we have updated the consolidated financial information that was included in our Form 10-K for the fiscal year ended Aug. 31, 2004, and our Form 10-Q for the quarterly period ended Nov. 30, 2004, to reflect the environmental technologies businesses as discontinued operations and other revisions described below. This report includes our recasted audited Statement of Consolidated Operations for the fiscal year ended Aug. 31, 2004, the eight months ended Aug. 31, 2003, and the calendar years ended Dec. 31, 2002 and 2001, and our recasted unaudited Statement of Consolidated Operations for the three months ended Nov. 30, 2004, and Nov. 30, 2003. In addition, this Current Report includes the respective Selected Financial Data, and Management's Discussion and Analysis of Financial Condition and Results of Operations, revised to be consistent with the recasted Statements of Consolidated Operations.

The revisions are reflected in the following sections of our Form 10-K for the fiscal year ended Aug. 31, 2004:

- Part II, Item 6. Selected Financial Data;
- Part II, Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations; and
- Part II, Item 8. Financial Statements and Supplementary Data.

The revisions are reflected in the following sections of our Form 10-Q for the quarterly period ended Nov. 30, 2004:

## Edgar Filing: MONSANTO CO /NEW/ - Form 8-K

- Part I, Item 1. Financial Statements; and
- Part I, Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

The SFAS 144 treatment reflected in these recasted consolidated financial statements had no effect on the net income available to common stockholders and did not have a material effect on the company's results of operations or financial condition.

The recasted consolidated financial information is attached to this Current Report on Form 8-K as Exhibits 99.1 and 99.2. The information contained in this filing has been revised for the treatment of the environmental technologies businesses as discontinued operations. Because we are recasting the Form 10-K for the fiscal year ended Aug. 31, 2004, and the Form 10-Q for the quarterly period ended Nov. 30, 2004, for discontinued operations, we have also incorporated changes to conform the presentation of this consolidated financial information to the form presented in our Form 10-Q for the quarterly period ended Feb. 28, 2005, filed with the Securities and Exchange Commission (the "SEC") on April 11, 2005, and certain other changes in presentation. The revised sections of our Form 10-K for the fiscal year ended Aug. 31, 2004, and our Form 10-Q for the quarterly period ended Nov. 30, 2004, included in this Current Report on Form 8-K have not been otherwise updated for events occurring after the date of our consolidated financial statements, which were originally presented in our Report on Form 10-K for the fiscal year ended Aug. 31, 2004, filed on Nov. 3, 2004, and our Report on Form 10-Q for the quarterly period ended Nov. 30, 2004, filed on Jan. 10, 2005. This Current Report on Form 8-K should be read in conjunction with our Reports on Form 10-Q for the quarters ended Nov. 30, 2004 (except Part I, which is contained in this Current Report), and Feb. 28, 2005, and our other Current Reports on Form 8-K for disclosure of other information.
