NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

1. BASIS OF PRESENTATION

The accompanying unaudited condensed consolidated financial statements have been prepared in conformity with instructions to Form 10-Q and, therefore, do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. Certain items included in these statements are based on management estimates. In the opinion of management, the accompanying financial statements contain all adjustments, consisting of normal recurring accruals, necessary to present fairly the financial position of the Company at April 30, 2001 and January 31, 2001 and the statements of income for the three month periods ended April 30, 2001 and 2000 and statements of cash flows for the three month periods ended April 30, 2001 and 2000. The results of operations for the three months ended April 30, 2001 are not necessarily indicative of the operating results expected for the fiscal year ending January 31, 2002. These financial statements should be read in conjunction with the consolidated financial statements and notes thereto contained in the Company's annual report on Form 10-K for the year ended January 31, 2001.

2. EARNINGS PER SHARE

Basic earnings per share is computed by dividing net income available to common shareholders by the weighted-average number of common shares outstanding during the period. Diluted earnings per share is computed by dividing income available to common shareholders by the weighted-average number of common shares outstanding during the period increased to include the number of additional common shares that would have been outstanding if the diluted potential common shares had been issued. The diluted effect of outstanding options is reflected in diluted earnings per share by application of the treasury stock method.

8

6. PROVISION FOR INCOME TAXES

In the three months ended April 30, 2001, the Company recorded a provision for income taxes of \$515,000, at an effective tax rate of 39.5%. In the three months ended April 30, 2000, the Company recorded a provision for income taxes of \$432,000, at an effective tax rate of 39%.

7. SUBSEQUENT EVENT

On June 1, 2001, the Company entered into an Agreement and Plan of Merger with Tweeter Home Entertainment Group, Inc. ("Tweeter"), providing for the acquisition by Tweeter of all the outstanding common stock of Sound Advice. The Merger is structured as a tax-free exchange for stock and will be accounted for by Tweeter as a purchase. Under the terms of the agreement, each outstanding share of Sound Advice common stock will be converted into Tweeter common stock, at an exchange ratio of 1 for 1 while the five-day average market price for Tweeter common stock two days prior to closing is between \$21 and \$30 per share. If the five-day average market price for Tweeter common stock is above \$30 per share, the exchange ratio will decrease in order to maintain \$30 per share. If the five-day average market price for Tweeter common stock is below \$21 per share, the exchange ratio will increase in order to maintain \$21 per share. Both parties have the right to terminate if the five-day average closing price of Tweeter common stock is below \$18 per share at the time of closing. The transaction, which is expected to close on or about September 1, 2001, is subject to shareholder approval by both companies, any necessary regulatory approvals and other customary closing conditions.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

RESULTS OF OPERATIONS

## Edgar Filing: SOUND ADVICE INC - Form 10-Q

Net sales for quarter ended April 30, 2001 increased \$5,631,000 or 13% to \$48,307,000 as compared to \$42,676,000 in the corresponding period in the prior fiscal year. The increase in sales resulted primarily from the acquisition of Showcase Home Entertainment in October 2000 and an increase in same store sales. The core category of video was primarily responsible for the sales increase. The largest product sales increases were in projection televisions, direct view television and custom installations. Comparable store net sales increased 1.5% in the quarter ended April 30, 2001 over the corresponding quarter in the prior year. Our operations, similar to those of other retailers, are subject to seasonal influences. Historically, we have realized greater sales and profits during the holiday selling season.

Cost of goods sold includes the cost of merchandise, net of vendor rebates and discounts, allowances for product shrinkage and obsolescence. Gross profit for the quarter ended April 30, 2001 was \$17,720,000, an increase of \$2,644,000 or 18%, compared to the corresponding quarter in the prior fiscal year. The increase in gross profit was directly related to the increased sales of projection televisions, direct view televisions and custom installation services. The gross profit margin was 36.7% in the quarter ended April 30, 2001 as compared to 35.3% in the quarter ended April 30, 2000.

Selling, general and administrative expenses, referred to as SG&A expense, includes costs related to sales commissions, salaries, advertising, warehouse and distribution, corporate expenses, store operations, including rent and utilities and depreciation. SG&A expense for the quarter ended April 30, 2001 was \$15,873,000, an increase of \$2,312,000 or 17% over the corresponding period in the prior year. The increase was primarily a result the costs associated with the newly acquired stores, sales commissions on increased gross profit and the costs associated with newly opened stores. SG&A as a percentage of net sales increased to 32.9 % for the quarter April 30, 2001 from 31.8% for the corresponding quarter of the prior fiscal year.

Income from operations in the quarter ended April 30, 2001 was \$1,848,000, an increase of \$332,000, or 22%, over the corresponding quarter in the prior year. Income from operations as a percentage of net sales increased to 3.8% in the quarter ended April 30, 2001 from 3.6% in the corresponding quarter in the prior fiscal year.

Interest expense increased by \$142,000 for the quarter ended April 30, 2001 from the corresponding period in the prior fiscal year. The increase was attributable to increased borrowings compared to the corresponding quarter in the prior fiscal year net of a decrease in interest rates.

Income taxes of \$515,000 for the quarter ended April 30, 2001 were recorded at an effective tax rate of 39.5%. The income tax provision in the corresponding quarter of the prior fiscal year was \$432,000 recorded at an effective rate of 39.0%.

Net income for the quarter ended April 30, 2001 was \$788,000 or \$.19 per share (basic) and \$.17 per share (diluted) compared to net income of \$676,000 or \$.18 per share (basic) and \$.16 per share (diluted) for the corresponding quarter in the prior fiscal year.

## Edgar Filing: SOUND ADVICE INC - Form 10-Q

### FINANCIAL CONDITION

Historically, our primary sources of capital for working capital, expansion and growth have been our revolving line of credit, net cash from operations and vendor credit. Our primary cash requirements are for new store openings, relocations and upgrades of existing stores, as well as working capital to support our inventory requirements and SG&A expenses.

Net cash used in operating activities was approximately \$2,362,000 for the three months ended April 30, 2001 primarily due to cash flows from net income and a decrease of accounts payable and accrued liabilities, net of a decrease in inventory since January 31, 2001. Working capital was approximately \$8,369,000 at April 30, 2001, compared to \$8,256,000 in working capital at January 31, 2001 for an overall increase of \$113,000. The decrease in current assets of \$5,254,000 during the three months ended April 30, 2001 was primarily related to the \$6,186,000 decrease in inventory and the \$1,269,000 increase in cash. There was an overall decrease of \$5,368,000 in current liabilities. The net decrease in current liabilities resulted primarily from an increase in borrowings under the revolving line of credit of \$4,921,000, a decrease in accrued liabilities of \$3,507,000 and a decrease in accounts payable of \$6,432,000. The increase in the revolving line of credit is primarily due to the decreases in accounts payable and accrued liabilities net of a decrease in inventory.

At April 30, 2001, there was \$23,063,000 outstanding under the facility. Our revolving credit facility expires on July 31, 2004. The terms of the facility allow us to borrow, repay, and reborrow up to \$40,000,000 based upon a borrowing base equal to the lesser of 70% of eligible inventory as defined, at cost, or 55% of eligible inventory at retail selling price. The availability under the facility is reduced by outstanding letters of credit. The revolving credit facility bears interest on the outstanding balance at prime rate plus .5% and allows for a LIBOR pricing option for one, two, three or six month periods at 1.75% over the corresponding LIBOR rate for the respective period. We pay a monthly fee based upon the unused portion of commitment which varies based upon the average outstanding loan balance at .375% per annum. We are in compliance with all of our loan covenants. In December 1999, we entered into at three \$5,000,000 term loan agreement payable in monthly installments at an effective interest rate of 9.96%. At April 30, 2001, there was \$2,960,000 outstanding under the term loan agreement.

We believe that funds generated by operations combined with borrowings available under the revolving credit facility and vendor credit programs will be sufficient to satisfy our projected operating cash requirements and store expansion and relocation plans during fiscal 2002. However, in order to continue store expansion and upgrades beyond fiscal 2002 or to pursue acquisitions as a part of our expansion strategy, we may need to seek additional sources of debt or equity financing.

On June 1, 2001, the Company entered into an Agreement and Plan of Merger with Tweeter Home Entertainment Group, Inc. ("Tweeter"), providing for the acquisition by Tweeter of all the outstanding common stock of Sound Advice. The Merger is structured as a tax-free exchange for stock and will be accounted for by Tweeter as a purchase. Under the terms of the agreement, each outstanding share of Sound Advice common stock will be converted into Tweeter common stock, at an exchange ratio of 1 for 1 while the five-day average market price for Tweeter common stock two days prior to closing is between \$21 and \$30 per share. If the five-day average market price for Tweeter common stock is above \$30 per share, the exchange ratio will decrease in order to maintain \$30 per share. If the five-day average market price for Tweeter common stock is below \$21 per share, the exchange ratio will increase in order to maintain \$21 per share. Both parties have the

right to terminate if the five-day average closing price of Tweeter common stock is below \$18 per share at the time of closing. The transaction, which is expected to close on or about September 1, 2001, is subject to shareholder approval by both companies, any necessary regulatory approvals and other customary closing conditions.

### FORWARD-LOOKING STATEMENTS

This Form 10-Q contains forward-looking statements (within the meaning of Section 21E. of the Securities Exchange Act of 1934, as amended) representing our current expectations, beliefs, estimates or intentions concerning our future performance and operating results, our products, services, markets and industry, and/or future events relating to or effecting us and our business and operations. When used in this report, the words "believes," "estimates," "plans," "expects," "intends," "anticipates," and similar expressions as they relate to us or our management are intended to identify forward-looking statements. Our actual results or achievements could differ materially from those indicated by the forward-looking statements because of various risks, and uncertainties related to and including, without limitation, the effectiveness of our business and marketing strategies, our product mix, customer demand, availability of existing and new merchandise from and the establishment and maintenance of relationships with suppliers, price competition for products and services sold by us, management of expenses, gross profit margins, our ability to open new stores and improve performance at existing locations, our ability to effectively integrate the new Showcase Home Entertainment operations with our existing operations, availability and terms of financing to refinance or repay existing financings or to fund capital and expansion needs, the continued and anticipated growth of the retail home entertainment and consumer electronics industry, a change in interest rates, exchange rate fluctuations, the seasonality of our business, the consummation of the merger with Tweeter and the other risks and factors detailed in this Form 10-Q and in our other filings with the Securities and Exchange Commission. These risks and uncertainties are beyond our ability to control. In many cases, we cannot predict the risks and uncertainties that could cause actual results to differ materially from those indicated by the forward-looking statements.
