CONSULIER ENGINEERING, INC. AND SUBSIDIARIES
NOTES TO THE UNAUDITED CONDENSED CONSOLIDATED FINANCIAL
STATEMENTS AS OF SEPTEMBER 30, 2003

NOTE 1. BASIS OF PRESENTATION

Interim Financial Data

The accompanying unaudited condensed interim consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and with

Edgar Filing: CONSULIER ENGINEERING INC - Form 10QSB

instructions to Form 10-QSB and Regulation S-B. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements. However, management believes the accompanying unaudited condensed interim consolidated financial statements contain all adjustments, consisting of only normal recurring adjustments, necessary to present fairly the consolidated financial position of the Company as of September 30, 2003 and the results of their operations for the three and nine months ended September 30, 2003 and 2002 and cash flows for the nine months ended September 30, 2003 and 2002. The results of operations and cash flows for the periods are not necessarily indicative of the results of operations or cash flows that can be expected for the year ending December 31, 2003. For further information, refer to the consolidated financial statements and footnotes thereto included in the Company's annual report on Form 10-KSB for the year ended December 31, 2002.

Reclassifications

In order to maintain consistency and comparability between periods presented, certain amounts have been reclassified from the previously reported condensed consolidated financial statements in order to conform to the financial statement presentation of the current period.

Basis of Consolidation

The condensed consolidated financial statements include CONSULIER ENGINEERING, INC. (the "Company" or "Consulier"), and its wholly-owned subsidiaries, CONSULIER INTERNATIONAL, INC., ("CII") and C-6 PRODUCTS, INC., ("C-6"), as well as SOUTHEAST AUTOMOTIVE ACQUISITION CORP. ("Southeast") (Note 2). All intercompany balances and transactions between the Company and its wholly-owned subsidiaries have been eliminated.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Income Taxes

The income tax provision differs from the expected Federal statutory rates due primarily to the reversal of deferred tax assets related to the divestiture of Southeast (Note 2).

NOTES TO THE UNAUDITED CONDENSED CONSOLIDATED FINANCIAL
STATEMENTS AS OF SEPTEMBER 30, 2003

NOTE 2. DISCONTINUED OPERATIONS

As of December 31, 2002, the Company sold 70% of the common stock of its wholly-owned subsidiary, Southeast, to executive officers of Southeast, in exchange for 45,000 shares of the Company's common stock, and a promissory note (the "Note") of approximately \$1,600,000 payable to the Company by Southeast for its pre-existing debt to the Company, collateralized by Southeast's assets, the

Edgar Filing: CONSULIER ENGINEERING INC - Form 10QSB

common stock in Southeast and the purchasers' personal guarantees, limited to the cash in Southeast at December 31, 2002 of approximately \$228,000. The note bears interest at 6% and is payable in monthly installments of principal and interest of approximately \$9,600 beginning February 20, 2003.

On June 29, 2003, the Company transferred its remaining 30% ownership of the common stock of Southeast to the former executive officers of Southeast in consideration of their agreement to change the method of calculating the purchase price of the 70% of common stock of Southeast and their agreement to amend the note to reflect an original principal balance of \$1,764,581 with a term of 40 years from June 2003, with a balloon payment of \$206,916 due on May 20, 2043; the remaining terms of the note were unchanged. On June 30, 2003, the Company sold and assigned the note to the majority stockholder of Consulier, together with its security interest for the consideration of \$1,762,575, the then current unpaid principal balance and accrued interest due on the note.

As the note was sold and assigned from the Company, the Company is no longer considered to be the primary beneficiary. As such, Southeast is considered to be divested as of the assignment date, June 30, 2003, and as a result the Company recorded the operations and disposal of Southeast as discontinued operations.

Following is summarized unaudited financial information for the discontinued operations during the three and nine months ended September 30, 2003 and 2002:

NOTE 3. PARTNERSHIP AND LLC INTERESTS (CONTINUED)

SYSTEMS TECHNOLOGIES, LLC

During August 2002 the Company purchased a 14.25% interest in Systems Technologies, LLC, a Nevada limited liability company (ST, LLC). During the nine months ended September 30, 2003, the Company made additional contributions of \$2,827,000 to increase its investment in ST, LLC. As of September 30, 2003, the Company's interest in ST, LLC totaled 41%. ST, LLC is a member of Patient Care Technology Systems, LLC, a California limited liability company (PCTS). ST, LLC's primary asset is its approximate 75% (at September 30, 2003) investment in PCTS. The original agreement provides that the losses from ST, LLC are allocated to ST, LLC's principal members. Effective April 1, 2003, the agreement was amended and stipulates that the Company receives allocated losses to the extent that the Company has made capital contributions during the current year or since inception. Consequently, the loss allocated to the Company is greater than 41%. The Company's principal shareholder owns approximately 44% of ST, LLC, and together with the Company's 41%, the ownership aggregates 85%. The Company can require the Company's principal shareholder to purchase its interest in ST, LLC for cash equal to the Company's capital account balance in ST, LLC at any time with 60 days written notice. Management has evaluated ST, LLC's projections and related assumptions regarding their operations. In this regard, management periodically compares actual results to these projections. Should actual results be significantly less than the projection, a write down might be necessary. Following is a summary of the results of operations of ST, LLC and the losses allocated to the Company:

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

RESULTS OF OPERATIONS

THE FOLLOWING COMPARES THE RESULTS OF OPERATIONS FOR THE THREE AND NINE MONTHS ENDED SEPTEMBER 30, 2003 TO THE THREE AND NINE MONTHS ENDED SEPTEMBER 30, 2002:

During the quarter ended September 30, 2003, sales increased \$88,581 from the comparable amounts recorded during the quarter ended September 30, 2002. Operating loss from continuing operations for the third quarter of 2003 was \$130,693, or \$.03 per share, compared to a loss of \$2,844, or \$.00 per share, for the third quarter of 2002 from continuing operations.

During the nine months ended September 30, 2003, sales increased \$115,478 from the comparable amounts recorded during the quarter ended September 30, 2002. Operating loss from continuing operations for the nine months ended September 30, 2003 was \$392,185, or \$.08 per share, compared to a loss of \$211,473, or \$.04 per share, for the nine months ended September 30, 2002 from continuing operations.

Increase in operating expenses was due to the an increase in sales and marketing effort of bringing the new soap formula to market.

Edgar Filing: CONSULIER ENGINEERING INC - Form 10QSB

Investment income from AVM Limited, Inc. increased by approximately \$525,000. However, the allocated loss from equity investees increased by more than \$1,945,000. That coupled with the increase in selling general administrative expenses resulted in the loss from continuing operations.

AUTOMOTIVE PARTS DISTRIBUTION - Because of the assignment of the note on the disposition of the Southeast Automotive Parts Distribution subsidiary, all financial information is disclosed as discontinued operations. A \$97,564 gain on the disposal of subsidiary (net of income tax) was recorded in the second quarter of 2003.

HOUSEHOLD AND TOOL PRODUCTS - C-6 incurred a net loss of \$10,021 in the three months ended September 30, 2003 consisting mostly of storage costs, compared to a net loss of \$12,000 in the three months of 2002.

C-6 had net income of \$2,700 for the nine months ended September 30, 2003 compared to a net loss of \$18,575 for the nine months ended September 30, 2002.

14

CONSULIER ENGINEERING, INC. AND SUBSIDIARIES

RESULTS OF OPERATIONS (CONTINUED)

LIQUIDITY AND CAPITAL RESOURCES

At September 30, 2003, Consulier's cash totaled \$1,583,886 as compared to \$262,303 at December 31, 2002. Net cash provided by operations was \$411,107 for the three months ended September 30, 2003 compared to \$176,488 of net cash used in the three months ended September 30, 2002. Net cash used by investing activities was primarily due to additional investment in ST, LLC of \$1,242,000 offset by the distribution of \$1,196,500 from AVM during the three months ended September 30, 2003.

Net cash used by operations was \$654,852 for the nine months ended September 30, 2003 compared to \$1,123,188 used in the nine months ended September 30, 2002. Net cash provided by investing activities for the nine months ended September 30, 2003 was primarily the distribution of \$2,430,885 from AVM, and the sale of the discontinued operations in the amount of \$1,762,575, offset by additional investment in ST, LLC of \$2,827,000.

The ability of Consulier to continue to generate cash flow in excess of its normal operating requirements depends almost entirely on the performance of its limited partnership investment in AVM. Consulier cannot, with any degree of assurance, predict whether there will be a continuation of the net return experienced in the period that the AVM limited partnership interest has been owned. However, Consulier does not expect that the rate of return will decline to the point where Consulier has negative cash flow. Furthermore, although AVM has given Consulier no indication of any intention on its part to redeem the partnership interest, there can be no assurance that AVM will not do so in the future.

The Company has a \$2,000,000 line of credit from a bank available, which has not been used. It is anticipated that the cash requirements for ST, LLC will reduce in the future as the sales increase within that limited liability company.

FUTURE OUTLOOK

Based on AVM's recent operations and operating results over the past five years, management expects continued annualized returns in 2003 on Consulier's limited partnership investments. However, there is no guarantee that the annualized return of 258% in the third quarter of 2003 will be maintained.

The Company has developed a new formula for its Captain Cra-z Hand and All Purpose Soap and is expecting its first delivery of soap based on this formula from its new domestic manufacturer in the fourth quarter of 2003. Design changes to packaging to better serve the industrial as well as retail markets will be implemented and launched with the new formula.
