Mansur, the Company's Executive Director and Chief Executive Officer, which employment agreement superseded and replaced Mr. Mansur's previous employment agreement with the Company. The employment agreement provides that Mr. Mansur's base salary shall be \$200,000 per annum through December 31, 2004 and any renewal period thereafter. In the event that Mr. Mansur is terminated for any reason other than for cause or total and permanent disability prior to the end of the agreement's term, Mr. Mansur is entitled to receive (i) his salary payments for the remaining term of the agreement and (ii) continued benefit coverage for the remaining term of the agreement. Executive Incentive Plan

The Company adopted its Executive Incentive Plan, as amended (the "Plan"), in September 1996 in connection with the Company's initial public offering of Common Stock. The Plan provides for grants of stock options, stock appreciation rights, restricted stock, deferred stock, other stock-related awards and performance or annual incentive awards that may be settled in cash, stock or other property. A total of 750,000 shares of the Company's Common Stock have been reserved for the grant of awards under the Plan. The purpose of the Plan is to advance the Company's interests by providing an additional incentive in attracting, motivating and retaining qualified executives and other employees, officers, directors and independent contractors by enabling plan participants to acquire or increase a proprietary interest in the Company's Common Stock in order to strengthen the mutuality of interests between plan participants and the Company's shareholders, and providing plan participants with annual and long-term performance incentives to expend their maximum efforts in the creation of shareholder value.

The persons eligible to receive awards under the Plan are the Company's officers, directors, employees and independent contractors. Under the Plan, the Company's non-employee directors are only eligible to receive automatic formula grants of stock options and restricted stock as described below and the independent contractors the Company engaged are only eligible to receive stock options.

The Plan is administered by the Company's compensation committee. Subject to the terms of the Plan, the Company's compensation committee is authorized to (i) select eligible persons to receive awards, (ii) determine the type and number of awards to be granted and the number of shares of Common Stock to which awards will relate, (iii) specify times at which awards will be exercisable or settleable (including performance conditions that may be required as a condition thereof), (iv) set other terms and conditions of awards, prescribe forms of award agreements, (v) interpret and specify rules and regulations relating to the Plan and (vi) make any other determinations that may be necessary or advisable for the administration of the Plan.

In addition, the Plan imposes individual limitations on the amount of certain awards in part to comply with Section 162(m) of the Internal Revenue Code of 1986, as amended. Under these limitations, during any fiscal year the number of options, stock appreciation rights, restricted shares of Common Stock, deferred shares of Common Stock, shares granted as a bonus or in lieu of other obligations owed by the Company, and other stock-based awards granted to any one participant may not exceed 250,000 for each type of such award, subject to adjustment in certain circumstances. The maximum amount that may be paid out as a final annual incentive award or other cash award in any fiscal year to any one participant is \$1,000,000 and the maximum amount that may be earned as a final performance award or other

cash award in respect of a performance period by any one participant is \$5,000,000.

The Plan provides that each non-employee director shall receive (i) on the date of his or her appointment as a director of the Company an automatic grant of an option to purchase 3,500 shares of the Company's Common Stock and (ii) each year, on the day the Company issued its earnings release for the prior fiscal year, an automatic

Table of Contents

grant of an option to purchase 3,500 shares of Common Stock. Such options will have a term of seven years and become exercisable at the rate of one-third per year commencing on the first anniversary of the date of grant; provided, however, that the options become fully exercisable in the event that, while serving as a director of the Company, the non-employee director dies, or suffers a disability, or retires, as such terms are defined in the Plan. The per share exercise price of all options granted to non-employee directors will be equal to the fair market value of a share of Common Stock on the date such option is granted, subject to certain minimum exercise prices as may be defined by the Company's compensation committee.

Compensation of Directors

Compensation. Non-affiliated directors receive annual compensation in the amount of \$10,000 for attendance at meetings of the Board of Directors or committees thereof. However, neither affiliated directors nor directors who are also employed by the Company receive any fee or compensation for their services as directors. All members of the Board of Directors receive reimbursement for actual travel-related expenses incurred in connection with their attendance at meetings of the Board of Directors.

Options. Directors are eligible to receive options under the Company's Executive Incentive Plan, as amended. This plan provides for an automatic grant of an option to purchase 3,500 shares of the Company's Common Stock upon a person's election as a non-employee director, as well as an automatic annual grant of an option to purchase 3,500 shares of Common Stock on the day the Company issues its earnings release for the prior fiscal year.

Report on Repricing of Options/SARs

Pursuant to a stock option replacement program approved by the Company's Board of Directors, on June 28, 2003 the Company cancelled options to purchase 424,716 shares of Common Stock issued pursuant to the Company's Executive Incentive Plan, as amended, prior to March 31, 2003, at various exercise prices between \$2.50 and \$19.50 per share (the Cancelled Options). Among the holders of the Cancelled Options were certain directors and officers of the Company. On December 30, 2003 the Cancelled Options were replaced with options to purchase 235,828 shares of Common Stock at an exercise price of \$1.00 per share (the December Options). In addition, on March 31, 2003 the Company issued options to purchase 107,000 shares of Common Stock at an exercise price of \$1.00 per share (the March Options). When the December Options and March Options were issued, the new exercise price exceeded the market price of the Common Stock, with the new exercise prices representing approximately a 300% and 54% premium, respectively, over the then market prices of \$0.25 and \$0.65 per share of Common Stock, respectively. Each replaced stock option has terms and conditions substantially similar to the terms of the original grant.

The Company's Board of Directors approved the stock option replacement program as a result of the significant reduction in the price of the Common Stock subsequent to the original grant of the Cancelled Options. The Board of Directors determined that the Cancelled Options neither provided a meaningful incentive to the option holders to remain in the Company's employ nor continued to maximize shareholder value. The Board of Directors believed that the grant of new stock options with a lower exercise price in replacement for the Cancelled Options would once again provide incentive to the Company's directors, officers and employees to continue to provide services to the Company as well as maximize shareholder value.

The Company is also party to a Shareholders Agreement dated May 2, 2000 with the holders of the Company's preferred stock and Pierre Mansur, pursuant to which, Messrs. Paul A. Biddelman and Kenneth C. Leung were appointed to the Company's Board of Directors on May 29, 2000. The holders of the Company's preferred stock are also entitled to nominate one or more additional individuals to establish a controlling majority on the Company's Board. In addition, among other things, the Shareholders Agreement provides that certain decisions to be made by the Company's Board, including authorization of any merger or similar transaction or material acquisition, the issuance of certain securities or the employment of senior management, require concurrence of the directors designated by the holders of the Company's preferred stock.

On August 7, 2000 (the Issuance Date), the Company entered into a Loan Agreement with Environmental Opportunities Fund II, L.P., Environmental Opportunities Fund II (Institutional), L.P. and Hanseatic Americas LDC (collectively, the Lenders), as amended on November 10, 2000, November 30, 2000, February 27, 2002, September 30, 2002 and December 9, 2002 (collectively the Subordinated Loan Agreement), under which the Company borrowed an aggregate principal amount of \$3,300,000. These borrowings are evidenced by promissory notes (the Subordinated Promissory Notes), maturing December 31, 2005 (extended from February 23, 2003 in connection with the Company's 2002 debt restructuring described briefly in this Annual Report (the Restructuring)), subject to prepayment at any time at the Company's option and mandatory prepayment to the extent of any proceeds received by the Company from the sale of any new securities or the borrowing of any additional money (other than purchase money debt and borrowings under the Senior Revolver (as defined below)). The Subordinated Promissory Notes bear interest at the rate of 10% per annum (reduced from 16% in connection with the Restructuring) until final repayment in full of such Subordinated Promissory Notes. The Company's obligations under the Subordinated Loan Agreement are secured by a lien on substantially all of the Company's assets other than the Company's intellectual property although such obligations have been subordinated to the Senior Revolver. Pursuant to the Subordinated Loan Agreement the Company issued warrants to purchase an aggregate of up to 942,858 shares of the Company's Common Stock at \$3.50 per share (the August Warrants). Interest accrued under the Subordinated Promissory Notes during 2003 amounted to \$447,974.

The Company is required to issue an additional 942,858 warrants to the holders of its Subordinated Promissory Notes if the Company (i) sells debt or equity securities, or debt securities convertible into equity securities, or incurs debt with a final scheduled maturity date more than twelve months after issuance providing gross cash proceeds to the Company in an amount equal to or greater than the outstanding principal amount of the Subordinated Promissory Notes or (ii) enters into a merger, consolidation, sale of all or substantially all of its assets or other business combination transaction with a party that prior to such transaction owns less than 25 percent of the voting power of the Company's outstanding equity securities. The fair market value of the warrants would be charged to operations should the warrants become issuable.

The Company is party to a Revolving Credit Loan Agreement (the Senior Revolver) with Hansa Finance Limited Liability Company (Hansa), which provides the Company with a revolving line of credit. In connection with the Senior Revolver, the Company granted the lender a security interest in substantially all of the Company's assets, including its intellectual property. Pursuant to the Senior Revolver, the Company may borrow twice a month up to the Advance Limit. Effective prior to November 24, 2003, the Advance Limit was the lesser of \$5,000,000 or the sum of the Advance Supplement (as defined) plus an amount based on the Company's receivables and inventory. The Advance Supplement was \$2,500,000 for the period from April 1, 2001 until maturity. Effective November 24, 2003, the Advance Limit is the lesser of \$3,000,000 or an amount based on the Company's receivables and inventory and there is no longer an Advance Supplement. In addition, Hansa agreed to reduce the annual interest rate under the Senior Revolver to 13 percent. At December 31, 2003, the Company exceeded its lending limits and, as a result thereof, the Company has repaid the outstanding balance of the Senior Revolver of approximately \$1.4 million in January 2004. Interest paid to Hansa during 2003 amounted to \$522,139. The Company and Hansa entered into an agreement on February 15, 2003 to extend the maturity of the Senior Revolver from May 30, 2003 to May 30, 2005.

Hansa is controlled indirectly by Hanseatic Corporation and Paul Biddelman, one of the Company's directors, who is the President of Hanseatic Corporation.

On February 27, 2002, the Company and Lenders, Hanseatic Americas LDC, Environmental Fund II, L.P. and Environmental Opportunities Fund II (Institutional), L.P. (collectively, with the Lenders, the Investors), entered into a Letter Agreement suspending the Company's registration obligations for shares of Common Stock

issuable upon conversion of shares of Series B, C and D Preferred Stock which the Company issued to the Investors until the Company received notification from the Investors holding shares with a current market value of at least \$1,000,000 requesting that the Company registered such shares.

In connection with the Company's Restructuring on December 9, 2002, the Company issued 750,000 warrants to the holders of the Company's 8 1/4% Subordinated Convertible Notes that would have triggered certain anti-dilution rights pursuant to the Company's outstanding (i) shares of Series D Preferred Stock, \$1.00 per share, (ii) the May Warrants and (iii) the August Warrants (collectively, the Outstanding Warrants). The holders of the Series D Preferred Stock and Outstanding Warrants waived their anti-dilution rights in exchange for warrants for the purchase of an aggregate of 250,000 shares of Common Stock at an exercise price of \$.01 per share expiring on December 31, 2005. Also in connection with the Restructuring, the holders of the Company's outstanding shares of Preferred Stock agreed to extend the date upon which the Company must redeem such shares from May 17, 2004 to the earlier of the 90th day after all of the Subordinated Convertible Notes are paid in full or March 31, 2006. Additionally, pursuant to the Restructuring, Gerlach & Co. (named in the table of beneficial owners set forth in Item 11) exchanged then outstanding 8 1/4% Subordinated Convertible Notes due February 23, 2003 (Old Notes) in the aggregate principal amounts together with accrued interest of \$5,895,618 for (i) 8 1/4% Subordinated Convertible Notes due December 31, 2005 in the aggregate principal amount of \$2,962,467 bearing interest which when due was added at the Company's option to the principal amount of such notes through December 31, 2002 and thereafter shall be paid in cash, plus (ii) 8 1/4% Subordinated Convertible Notes due December 31, 2005 in the aggregate principal amount of \$2,962,467 bearing interest which when due may be added to the principal amount for the life of such notes and (iii) warrants for the purchase of an aggregate of 200,000 shares of the Company's Common Stock at an exercise price of \$.01 per share expiring on December 31, 2005.

During March 2004, the Company repurchased and retired \$13.5 million principal amount of its 8 1/4% Subordinated Convertible Notes (the Notes) for an aggregate purchase price of \$2.9 million. The Company expects to recognize a pre-tax gain of approximately \$10.4 million in the first quarter of 2004 on the repurchase and retirement of the Notes. Whiting & Co., previously a 5% or more beneficial owner of the Company's securities, sold its Notes to the Company as part of this repurchase and retirement. To the Company's knowledge Whiting & Co. no longer owns any securities of the Company.

services. The policy requires the specific pre-approval of all permitted services. Additionally, the audit committee considers whether the independent auditors are best positioned and qualified to provide the most effective and efficient service, based on factors such as the independent auditors' familiarity with the Company's business, personnel, systems or risk profile and whether provision of the service by the independent auditors would enhance the Company's ability to manage or control risk or improve audit quality or would otherwise be beneficial to the Company.
