PROXY STATEMENT
THE GEO GROUP, INC.
621 NW 53rd Street, Suite 700
Boca Raton, Florida 33487
Telephone: (866) 301-4436

April 11, 2005

The GEO Group Inc. (GEO, we or us) is furnishing this proxy statement in connection with the solicitation of proxies by its board of directors for use at its annual meeting of shareholders to be held at the Boca Raton Resort & Club, Boca Raton, Florida, May 5, 2005, at 9:00 A.M. (EST). Please note that the proxy card provides a means to withhold authority to vote for any individual director-nominee. Also, note the format of the proxy card, which provides an opportunity to specify your choice between approval, disapproval or abstention with respect to the proposals indicated on the proxy card. A proxy card which is properly executed, returned and not revoked, will be voted in accordance with the instructions indicated. A proxy voted by telephone or the internet and not revoked will be voted in accordance with the shareholder's instructions. If no instructions are given, proxies that are signed and returned or voted by telephone or internet will be voted as follows:

- FOR The election of directors for the ensuing year;
- FOR The proposal to ratify the appointment of Ernst & Young LLP as the independent registered certified public accountants of GEO;
- FOR The proposal to approve the Senior Management Performance Award Plan; and
- AGAINST The proposal to request that the Compensation Committee of the board of directors, when setting executive compensation, include social responsibility as well as corporate governance financial criteria in the evaluation.

The enclosed proxy gives discretionary authority as to any matters not specifically referred to therein. Management is not aware of any other matters to be presented for action by shareholders at the annual meeting. If any such matter or matters properly come before the annual meeting, it is understood that the designated proxy holders have discretionary authority to vote thereon.

Holders of shares of GEO common stock, par value \$0.01 per share, of record as of the close of business on March 17, 2005, will be entitled to one vote for each share of common stock standing in their name on the books of GEO. On March 17, 2005, GEO had 9,532,204 shares of common stock issued and outstanding.

The presence, in person or by proxy, of at least a majority of the total number of shares of common stock outstanding on the record date will constitute a quorum for purposes of the annual meeting. With the exception of the election of directors, which requires a plurality of the votes cast, any other proposals to come before the annual meeting will be approved if the number of votes cast in favor of the proposal exceed the number of votes cast against the proposal. Shares of common stock represented by proxies that reflect abstentions or broker non-votes (i.e., shares held by a broker or nominee which are represented at the annual meeting, but with respect to which such broker or nominee is not empowered to vote on a particular proposal) will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum. However, neither abstentions nor broker non-votes are counted as voted either for or against a proposal. If less than a majority of the outstanding shares of common stock are represented at the annual meeting, a majority of the shares so represented may adjourn the annual meeting to another date and time.

Any person giving a proxy has the power to revoke it any time before it is voted by written notice to GEO addressed to the Corporate Secretary, by executing and delivering a later dated proxy, or by attending the meeting and voting the shares in person.

The costs of preparation, assembly and mailing this proxy statement and the accompanying materials will be borne by GEO. It is contemplated that the solicitation of proxies will be by mail and telephone. We mailed this proxy statement, the notice of annual meeting, the proxy card and our 2004 annual report to shareholders on or about April 11, 2005.

OTHER CORPORATE GOVERNANCE INFORMATION

Director Independence

Pursuant to the corporate governance standards applicable to companies listed on the NYSE, the board of directors must be comprised of a majority of directors who qualify as independent directors. In determining independence, each year the board of directors affirmatively determines whether directors have a material relationship with GEO. When assessing the materiality of a director's relationship with GEO, the board of directors considers all relevant facts and circumstances, not merely from the director's standpoint, but also from that of the persons or organizations with which the director has an affiliation. An independent director is free from any relationship with GEO that may impair the director's ability to make independent judgments. Particular attention is paid to whether the director is independent from management and, with respect to organizations affiliated with a director with which GEO does business, the frequency and regularity of the business conducted, and whether the business is carried out at arm's length on substantially the same terms to GEO as those prevailing at the time from unrelated third parties for comparable business transactions. Material relationships can include commercial, banking, industrial, consulting, legal, accounting, charitable and familial relationships.

Applying the NYSE's independence standards, the board of directors has determined that Norman A. Carlson, Anne N. Foreman, Richard H. Glanton, William M. Murphy, and John M. Perzel qualify as independent under the New York Stock Exchange's corporate governance standards, and that the board of directors is therefore comprised of a majority of independent directors. The board of directors' determination that each of these directors is independent was based on the fact that none of the directors had a material

relationship with GEO outside of such person's position as a director, including a relationship that would disqualify such director from being considered independent under the NYSE's listing standards.

Director Identification and Selection

The processes for director selection and director qualifications are set forth in Section 3 of our Corporate Governance Guidelines. The board of directors, acting on the recommendation of the Nominating and Corporate Governance Committee, will nominate a slate of director candidates for election at each annual meeting of shareholders and will elect directors to fill vacancies, including vacancies created as a result of any increase in the size of the board, between annual meetings. Nominees for director are selected on the basis of outstanding achievement in their personal careers, broad experience, wisdom, integrity, ability to make independent, analytical inquiries, understanding of the business environment, and willingness to devote adequate time to duties of the board of directors. The board believes that each director should have a basic understanding of (i) the principal operational and financial objectives and plans and strategies of GEO, (ii) the results of operations and financial condition of GEO and of any significant subsidiaries or business segments, and (iii) the relative standing of GEO and its business segments in relation to its competitors. The board is committed to diversified membership and will not discriminate on the basis of race, color, national origin, gender, religion or disability in selecting nominees. The Nominating and Corporate Governance Committee may, to the extent it deems appropriate, engage a third party professional search firm to identify and review new director candidates and their credentials.

The Nominating and Corporate Governance Committee will consider proposed nominees whose names are submitted to it by shareholders; however, it does not have a formal process for that consideration. The Nominating and Corporate Governance Committee has not adopted a formal process because it believes that the informal consideration process has been adequate to date. The Nominating and Corporate Governance Committee intends to review periodically whether a more formal policy should be adopted. If a shareholder wishes to suggest a proposed name for committee consideration, the name of that nominee and related personal information should be forwarded to the Nominating and Corporate Governance Committee, in care of the Corporate Secretary, at least six months before the next annual meeting to assure time for meaningful consideration by the committee.

Code of Business Conduct and Ethics

The board of directors has adopted a code of business conduct and ethics applicable to GEO's directors, officers, employees, agents and representatives, including its consultants. The code strives to deter wrongdoing and promote honest and ethical conduct, the avoidance of conflicts of interest, full, fair, accurate, timely and transparent disclosure, compliance with the applicable government and self-regulatory organization laws, rules and regulations, prompt internal reporting of violations of the code, and accountability for compliance with the code. The code can be found on our website at <http://www.thegeogroupinc.com> by clicking on the link "Corporate" on our homepage and then clicking on the link "Corporate Governance". In addition, the code is available in print to any shareholder who requests it by contacting our Director of Corporate Communications at 561-999-7306.

Code of Ethics for CEO, Senior Financial Officers and Other Employees

Pursuant to Section 406 of the Sarbanes-Oxley Act of 2002, the board of directors has also adopted a code of ethics for the CEO, its senior financial officers and all other employees. The text of this code is located in Section 18 of the code of business conduct and ethics. The code can be found on our website at <http://www.thegeogroupinc.com> by clicking on the link "Corporate" on our homepage and then clicking on the link "Corporate Governance". In addition, the code is available in print to any shareholder who requests it by contacting our Director of Corporate Communications at 561-999-7306.

Corporate Governance Guidelines

The board of directors has adopted corporate governance guidelines to promote the effective functioning of the board of directors and its committees, and the continued implementation of good corporate governance practices. The corporate governance guidelines address matters such as the role and structure of the board of directors, the selection, qualifications and continuing education of members of the board of directors, board meetings, non-employee director executive sessions, board self-evaluation, board committees, CEO performance review, succession planning, non-employee director compensation, certain shareholder matters and certain shareholder rights.

The corporate governance guidelines can be found on our website at <http://www.thegeogroupinc.com> by clicking on the link [Corporate](#) on our homepage and then clicking on the link [Corporate Governance](#) . In addition, the corporate governance guidelines are available in print to any shareholder who requests them by contacting our Director of Corporate Communications at 561-999-7306.

Annual Board and Committee Self-Assessments and Non-Employee Director Executive Sessions

The board of directors conducts a self-assessment annually, which is reported by the Nominating and Corporate Governance Committee to the board of directors. In addition, the Audit and Finance Committee, the Compensation Committee and the Nominating and Corporate Governance Committee also undergo annual self-assessments of their performance. The non-employee directors of the board of directors meet in executive session at least twice per year and such meetings are presided over by a presiding director who is typically the chairman of the Nominating and Corporate Governance Committee.

Shareholder Communications with Directors

The board of directors has adopted a process to facilitate written communications by shareholders or other interested parties to the board. Persons wishing to write to the board of directors of GEO, or to a specified director or committee of the board, should send correspondence to the Corporate Secretary at 621 NW 53rd Street, Suite 700, Boca Raton, Florida, 33487.

The Corporate Secretary will forward to the directors all communications that, in his or her judgment, are appropriate for consideration by the directors. Examples of communications that would not be appropriate for consideration by the directors include commercial solicitations and matters not relevant to the shareholders, to the functioning of the board, or to the affairs of GEO.

Board Member Attendance at Annual Meetings

GEO encourages all of its directors to attend the annual meeting of shareholders. We generally hold a board meeting coincident with our annual meeting to minimize director travel obligations and facilitate their attendance at the annual shareholders meeting. All of our then current directors attended the 2004 annual meeting of shareholders.

INDEPENDENT REGISTERED CERTIFIED PUBLIC ACCOUNTANTS

The board of directors contemplates retaining the firm of Ernst & Young LLP, which we refer to as Ernst & Young, independent certified public accountants, to serve as independent auditors for the fiscal year ending January 1, 2006. Ernst & Young has served as GEO's independent registered certified public accountants since 2002. It is expected that a member of Ernst & Young will be present at the annual meeting with the opportunity to make a statement if so desired and will be available to respond to appropriate questions. The following sets forth the aggregate fees billed by Ernst & Young to GEO related to fiscal years 2004 and 2003:

Audit Fees

Fees billed by Ernst & Young for audit services were approximately \$2,299,446 for 2004 and \$1,711,741 for 2003, including fees associated with the annual audit, the reviews of the financial statements included in GEO's quarterly reports on Form 10-Q, statutory audits required internationally, filings with the SEC, Sarbanes-Oxley Section 404 and accounting consultations.

Audit-Related Fees

Fees billed by Ernst & Young for audit-related services were approximately \$496,711 for 2004, primarily for due diligence pertaining to business combinations, and \$8,693 for 2003, related to consultations on proposed financial reporting standards on internal controls.

Tax Fees

Fees billed by Ernst & Young for tax services, including tax compliance and tax advice primarily in GEO's foreign locations, were approximately \$160,460 for 2004 and \$135,236 for 2003.

All Other Fees

Fees billed by Ernst & Young for all other services were approximately \$1,485 for 2004 and \$113,491 for 2003, which primarily included fees for advisory services in connection with the sale of GEO's interest in its joint venture in the United Kingdom.

The Audit and Finance Committee of the board of directors has implemented procedures to ensure that all audit and permitted non-audit services provided to GEO are pre-approved by the Audit and Finance Committee. All of the audit-related, tax and all other services provided by Ernst & Young to GEO in 2004 were approved by the Audit and Finance Committee pursuant to these procedures. All non-audit services provided in 2004 were reviewed with the Audit and Finance Committee, which concluded that the provision of such services by Ernst & Young was compatible with the maintenance of that firm's independence in the conduct of its auditing functions.

Audit and Finance Committee Pre-Approvals of Audit, Audit-Related, Tax and Permissible Non-Audit Services

On February 8, 2005, the Audit and Finance Committee approved various audit, audit-related, tax and other services currently anticipated to be provided by Ernst & Young during 2005. The Audit and Finance Committee plans to continue to review and pre-approve such services, as appropriate, on a periodic basis. In addition, the Audit and Finance Committee has delegated to its Chairman, Richard H. Glanton, the authority to grant, on behalf of the Audit and Finance Committee, the pre-approvals required under the Sarbanes-Oxley Act for the provision by Ernst & Young to GEO of auditing and permissible non-audit services; provided, however, that any decision made by Mr. Glanton with respect to any such pre-approvals must be presented at the next regularly scheduled full Audit and Finance Committee meeting that is held after such decision is made.

For purposes of this proxy statement, GEO's Named Executive Officers are (i) the Chief Executive Officer of GEO, (ii) each of the four most highly compensated executive officers of GEO other than the Chief Executive Officer, and (iii) a fifth executive officer whose salary and bonus in 2004 were equal to those of the third and fourth most highly compensated executive officers of GEO other than the Chief Executive Officer (collectively, the Named Executive Officers). EXECUTIVE EMPLOYMENT AND RETIREMENT AGREEMENTS

We have Executive Employment Agreements with George C. Zoley, our Chairman and CEO, Wayne H. Calabrese, our Vice Chairman, President and COO, and John G. O Rourke, our Senior Vice President and CFO. The employment agreements for Messrs. Zoley and Calabrese have initial three-year terms and thereafter convert into rolling three-year terms. The agreement for Mr. O Rourke has an initial two-year term and thereafter converts into a rolling two-year term. The agreements provide that Messrs. Zoley, Calabrese, and O Rourke will receive an annual base salary of \$750,000, \$525,000 and \$255,200, respectively, subject to annual cost of living increases not lower than 5% per year, to be established by the board of directors. Since the execution of Mr. O Rourke's agreement, his salary has been increased to \$325,000. The employment agreements also provide that each employee is entitled to receive a target annual incentive bonus in accordance with the terms established by our board of directors.

Each employment agreement provides that upon the termination of the agreement for any reason other than by us for cause (as defined in the employment agreement) or by the executive without good reason (as defined in the employment agreement), the executive will be entitled to receive a termination payment equal to the following: (i) two years of the executive's then current annual base salary and bonus (six months in the case of Mr. O Rourke); plus (ii) either the continuation of the executive's employee benefits (as defined in the employment agreement) for a period of ten years (three years in the case of Mr. O Rourke), or alternatively, at the executive's election, a cash payment equal to the present value of our cost of providing such executive benefits for a period of ten years (three years in the case of Mr. O Rourke); plus (iii) the dollar value of the sum of the vacation time that would have been credited to the

executive pursuant to our vacation policy and the paid vacation time that the executive was entitled to take immediately prior to the termination which was not in fact taken by the executive. In addition, the employment agreements provide that upon such termination of the executive, we will transfer all of our interest in any automobile used by the executive pursuant to our employee automobile policy and pay the balance of any outstanding loans or leases on such automobile so that the executive owns the automobile outright. In the event such automobile is leased, the employment agreements provide that we will pay the residual cost of the lease. Also, upon such termination, all of the executive's unvested stock options will fully vest immediately. The agreements provide that if any payment to the executive thereunder would be subject to federal excise taxes imposed on certain employment

payments, we will make an additional payment to the executive to cover any such tax payable by the executive together with the taxes on such gross-up payment.

Upon the termination of the employment agreements by us for cause or by the executive without good reason, the executive will be entitled to only the amount of salary, bonus, and employee benefits that is due through the effective date of the termination. Each employment agreement includes a non-competition covenant that runs through the three-year period (two-year period in the case of Mr. O'Rourke) following the termination of the executive's employment, and customary confidentiality provisions.

We also have executive retirement agreements with Messrs. Zoley, Calabrese and O'Rourke. The retirement agreements provide that upon the later of (i) the date the executive actually retires from employment with GEO, or (ii) the executive's 55th birthday, GEO will pay to the executive an amount of money equal to the amount set forth in the following table which corresponds to the executive's age on the date he retires. The amounts set forth below are net of all applicable federal, state, local and other taxes. GEO is required to pay a gross amount to the executive that results in the executive receiving the net after tax benefit set forth below. The amounts set forth below increase at a rate of approximately 4% per annum until the executive reaches age 71.

The retirement agreements provide that if the executive should die after his 55th birthday but before he retires from GEO, GEO shall immediately pay to the executive's beneficiary(ies) or estate the amount GEO would have paid to the executive had he retired immediately prior to his death. In the event of the executive's death before his 55th birthday, GEO will immediately pay to the executive's beneficiary(ies) or estate one-half (1/2) the amount that would otherwise be paid to the executive had he retired on his 55th birthday. Messrs. Zoley has already turned age 55. The retirement agreements include non-competition provisions that run for a period of two (2) years after the termination of the executive's employment.

Keens, our Senior Vice President of International Services. The employment agreements have rolling two-year terms which continue until each executive reaches age 67 absent earlier termination. The agreements provide that Messrs. Bulfin, Dominicis, Hurley and Keens will receive an annual base salary for 2005 of \$315,000, \$290,000, \$315,000, and \$315,000, respectively. Those salaries may be increased in the future in amounts to be determined by our Chief Executive Officer. The executives are also entitled to receive a target annual incentive bonus in accordance with the terms of the executive bonus plan established by our board of directors.

Each employment agreement provides that upon the termination of the agreement for any reason other than by GEO for cause (as defined in the employment agreement) or by the voluntary resignation of the executive, the executive will be entitled to receive a termination payment equal to the following: (1) two years of the executive's then current annual base salary; plus (2) either the continuation of the executive's employee benefits (as defined in the employment agreement) for a period of two years, or alternatively, at the executive's election, a cash payment equal to the present value of GEO's cost of providing such executive benefits for a period of two years; plus (3) the dollar value of the sum of paid vacation time that the executive was entitled to take immediately prior to the termination which was not in fact taken by the executive. In addition, the employment agreements provide that upon such termination of the executive, we will transfer all of our interest in any automobile used by the executive pursuant to our employee automobile

policy and pay

the balance of any outstanding loans or leases on such automobile so that the executive owns the automobile outright. In the event such automobile is leased, the employment agreements provide that we will pay the residual cost of the lease. Also, upon such termination, all of the executive's unvested stock options will fully vest immediately.

Upon the termination of the employment agreements by us for cause or by the executive without good reason, the executive will be entitled to only the amount of salary, bonus, and employee benefits that is due through the effective date of the termination. Each employment agreement includes a non-competition covenant that runs through the two-year period following the termination of the executive's employment, and customary confidentiality provisions.

GEO's Retirement Plan is a defined benefit plan and, subject to certain maximum and minimum provisions, bases pension benefits on a percentage of the employee's final average annual salary, not including bonus (earned during the employee's last five (5) years of credited service) times the employee's years of credited service. Benefits under the Retirement Plan are offset by social security benefits. A participant will vest in his or her benefits upon the completion of ten (10) years of service. The amount of benefit increases for each full year beyond ten (10) years of service except that there are no further increases after twenty-five (25) years of service.

SENIOR MANAGEMENT PERFORMANCE AWARD PLAN

On November 5, 2004 we adopted the Senior Management Performance Award Plan (the Award Plan) for certain of our Senior Officers including the CEO, the President, the CFO, and the Senior Vice Presidents. Participants in the Award Plan are assigned a target incentive award, stated as a percentage of the participant's base salary depending on the participant's position with GEO. The target incentive awards for 2004 for the CEO, President, CFO and Senior Vice Presidents of GEO were 150%, 120%, 50% and 45% respectively, of base salary. Under the Award Plan, the targets for these performance awards are set at the beginning of the year and are based on GEO's revenues and net income after tax. In the event that the budgeted targets set for these criteria are exceeded, the target incentive awards for the CFO and Senior Vice Presidents may be increased up to an additional 50% based upon a recommendation by

the CEO subject to review and approval by the Compensation Committee. The CEO and President are not eligible for the discretionary adjustment. Factors typically considered by the Compensation Committee and the CEO in determining whether to grant the discretionary award include the contribution of the particular employee during the fiscal year and compliance with previously agreed upon goals and objectives. The Award Plan is governed by the Compensa-

tion Committee of the Board of Directors and the Award Plan is administered on a day to day basis by the CEO and Vice President of Human Resources. A description of the Award Plan is set forth in Proposal 3 of this proxy statement and a copy of the Award Plan is included in this proxy statement as Annex A. The Award Plan will be voted upon by the shareholders through Proposal 3.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee met seven (7) times during 2004. The Compensation Committee is composed of three independent, non-employee directors who are not eligible to participate in any of the executive compensation programs. Among its other duties, the Compensation Committee is responsible for recommending to the full Board the annual remuneration for all executive officers, including the Chief Executive Officer and the other officers named in the Summary Compensation Table set forth above, and to oversee GEO's compensation plans for key employees. The Compensation Committee seeks to provide, through its administration of GEO's compensation program, salaries that are competitive and incentives that are primarily related to corporate performance. The components of the compensation program are base salary, annual incentive bonuses, retirement plans (as noted earlier in this section of the Proxy), and long-term incentive awards in the form of stock options.

Base salary is the fixed amount of total annual compensation paid to executives on a regular basis during the course of the fiscal year. Management of GEO determines a salary for each senior executive position that it believes is appropriate to attract and retain talented and experienced executives and that is generally competitive with salaries for executives holding similar positions at comparable companies. The starting point for this analysis is each officer's base salary for the immediately preceding fiscal year. From time to time, management will obtain reports from independent organizations concerning compensation levels for reasonably comparable companies. This information will be used as a market check on the reasonableness of the salaries proposed by management. The comparator companies will include a group of competitor companies whose revenue, performance, and position matches are deemed relevant and appropriate. Management will then recommend executive salaries to the Compensation Committee.

The Compensation Committee reviews and adjusts the salaries suggested by management as it deems appropriate, and generally asks management to justify its recommendations, particularly if there is a substantial difference between the recommended salary and an officer's compensation for the prior fiscal year. In establishing the base salary for each officer (including that of the CEO), the Compensation Committee will evaluate numerous factors, including GEO's operating results, net income trends, and stock market performance, as well as comparisons with financial and stock performance of other companies, including those that are in competition with GEO. In addition, data developed as a part of the strategic planning process, but which may not directly relate to corporate profitability, will be utilized as appropriate.

The Summary Compensation Table set forth elsewhere in this Proxy Statement shows the salaries of the CEO and the other named executive officers. The Compensation Committee formally evaluates the performance of the CEO.

GEO has a Senior Management Performance Award Plan (the Award Plan) for officers and key employees. The aggregate amount of incentive compensation payable under the Award Plan is based on GEO's consolidated revenue and income after provision for income taxes. The Award Plan is intended as an incentive for executives to increase both revenue and profit and uses these as factors in calculating the individual bonuses. The weighing for these factors are 65% profit and 35% revenue. GEO exceeded the revenue and profit targets for 2004. A discretionary adjustment to the incentive award (up to 50% upward) may be applied to reflect individual performance. The CEO and President are not subject to this adjustment. The Compensation Committee's decisions regarding the amount of discretionary incentive compensation payable in a given year and the allocation among the participants, will be based on these factors, the contribution of a particular employee during the fiscal year and compliance with previously agreed upon goals and objectives. GEO also maintains a Stock Option Plan for executive officers, including the CEO and other key employees. Participants receive stock option grants based upon their overall contribution to GEO. Such

options are granted at market value at the time of grant and have variable vesting periods in order to encourage retention.

The base salary, Award Plan and Stock Option Plan components of compensation, will be implemented by the above described policies, and will result in a compensation program that the Compensation Committee believes is fair, competitive, and in the best interests of the shareholders.

DIRECTORS' COMPENSATION

Proposal 2

Ratification of Independent Registered Certified Public Accountants

The Audit and Finance Committee of our board of directors contemplates the appointment of Ernst & Young LLP as our independent registered certified public accountants for the 2005 fiscal year. Services provided to us and our subsidiaries by Ernst & Young LLP in Fiscal 2004 are described under *Independent Certified Public Accountants* on page 16. Ernst & Young LLP audited our accounts for Fiscal 2004. The Audit and Finance Committee is responsible for the appointment, oversight and termination of our independent registered certified public accountants. We are seeking the ratification of our shareholders of this appointment, although our Audit and Finance Committee is not bound by any shareholder action on this matter.

If the appointment of Ernst & Young LLP as our independent registered certified public accountants is not ratified by our shareholders, the Audit and Finance Committee will reconsider its appointment, but may nevertheless retain Ernst & Young LLP. Also, even if the appointment of Ernst & Young LLP as our independent registered certified public accountants is ratified by our shareholders, the Audit and Finance Committee may direct the appointment of a different independent auditor at any time during the year if the Audit and Finance Committee determines, in its discretion, that such a change would be in our best interests. Ernst & Young LLP has advised GEO that no partner or employee of Ernst & Young LLP has any direct financial interest or any material indirect interest in GEO other than receiving payment for its services as independent certified public accountants.

Proposal 3

Approval of Senior Management Performance Award Plan

On November 4, 2004, the board of directors approved the Senior Management Performance Award Plan (the Award Plan), subject to shareholder approval. Under this Proposal we seek shareholder approval of the Award Plan. The board recommends that the shareholders approve the Award Plan.

The Senior Management Performance Award Plan

The Award Plan is designed, among other things, to ensure that compensation which may be payable under the Award Plan to participants who are covered employees as defined in Section 162(m) of the Code and the applicable Treasury regulations thereunder will qualify as tax-deductible pursuant to the performance-based compensation exception of Section 162(m) of the Code. Section 162(m) of the Code requires, among other things, shareholder approval.

Therefore, in accordance with this requirement, the Award Plan is being submitted to shareholders for approval. The description of the Award Plan is a summary of its principal provisions and is qualified in its entirety by reference to the Award Plan, a copy of which is annexed hereto as Annex A.

Purpose

The purpose of the Award Plan is to attract, retain and motivate designated key employees by providing performance-based cash awards. If approved by shareholders, the Award Plan will take effect for Performance Awards (as defined below), if any, payable with respect to our fiscal years commencing with fiscal 2005.

Administration

The Award Plan will be administered by the Compensation Committee, which currently is intended to be composed of not less than two individuals who qualify as outside directors under Section 162(m) of the Code, or another Committee of the board satisfying such requirement (the Committee). The Committee shall have the exclusive authority and responsibility to:

interpret the Award Plan,

determine the timing and form of amounts to be paid out under the Award Plan and the conditions for payment thereof,

certify attainment of performance goals and other material terms,

reduce Performance Awards,

authorize the payment of all benefits and expenses of the Award Plan,

adopt, amend and rescind rules and regulations relating to the Award Plan, and

make all other determinations and take all other actions necessary or desirable for the Award Plan s administration, including, without limitation, correcting any defect, supplying any omission or reconciling any inconsistency in the Award Plan in the manner and to the extent it shall deem necessary to carry the Award Plan into effect.

Eligible Employees/Performance Awards

Participants in the Award Plan shall be eligible to receive a performance award (Performance Award) based on attainment by us of specified performance goals. The performance goals are our budgeted net income after tax and revenue for the fiscal year. For purposes of the Award Plan, net income after tax means our net income after all federal, state and local taxes. Extraordinary items and changes in accounting principals, as defined by U.S. generally accepted accounting principals, shall be disregarded in determining our net income after tax. Further, non-recurring and unusual items not included or planned for in our annual budget may be

excluded from net income after tax in the sole and absolute discretion of the Committee. In determining the amount of the Performance Award, net income after tax will be weighted 65% and revenue will be weighted 35%. The eligible employees and the percentage of salary that an eligible employee may receive in the form of a Performance Award are as follows:

Positions	Performance Awards (% of Salary)
Chief Executive Officer	150%
President	120%
Chief Financial Officer	50%
Sr. Vice Presidents (4 persons)	45%

Upon the recommendation of the Chief Executive Officer, the Committee may increase the amount of the Performance Award by up to 50% of the Performance Award for all eligible employees except the Chief Executive Officer and the President.

Payment of Performance Awards

Performance Awards will be paid in cash as soon as practicable after the award amounts are approved and certified in writing by the Committee.

Amendment and Termination

The board may, in its sole discretion, amend, modify, suspend, discontinue or terminate the Award Plan or adopt a new plan in place of the Award Plan at any time. However, no amendment, suspension or termination may, without the consent of the participant, alter or impair a participant's right to receive payment of a Performance Award for any fiscal year that is payable under the Award Plan.

Without the prior approval of our shareholders (to the extent required under the performance-based compensation exception of Section 162(m) of the Code), no amendment may alter the performance goals, increase the maximum amount which can be awarded to any participant, change the class of eligible employees or make any other change that would require shareholder approval under the exemption for performance-based compensation under Section 162(m) of the Code.

Termination of Employment

In the event that an employee voluntarily terminates employment (except in the case of the Chief Executive Officer or President for Good Cause as defined in their employment agreements) or is terminated by us for cause (as defined under such employee's employment agreement with us), any Performance Award for the year in which the termination occurs will be forfeited. Upon the death or disability of an employee, such employee or such employee's estate, as applicable, is entitled to receive his or her pro rata portion of the Performance Award for the year when the death or disability occurred. Upon retirement, the employee is entitled to a pro rata portion of the Performance Award for which he/she was eligible under the Award Plan, based upon the length of time the employee served in the eligible position prior to his/her retirement from employment with us.

Federal Income Tax Consequences

Under present federal income tax law, participants will recognize ordinary income equal to the amount of the Performance Award received in the year of receipt. That income will be subject to applicable income and employment tax withholding by us. If and to the extent that the Award Plan payments satisfy the requirements of Section 162(m) of the Code and otherwise satisfy the requirements for deductibility under federal income tax law, we will receive a deduction for the amount constituting ordinary income to the participant.

Awards to be Granted to Certain Individuals and Groups

Awards under the Award Plan are determined based on actual performance. As a result, the amounts of future actual awards cannot be determined at this time.

Vote Required

The approval of the Award Plan requires the affirmative vote of a majority of the votes cast by holders of the shares of common stock present or represented at the annual meeting. If shareholders do not approve the Award Plan at the Annual Meeting, the Award Plan will automatically expire.

Recommendation of the board of directors

The board of directors recommends a vote FOR the approval of the Award Plan.

Proposal 4

Incorporate Social Criteria in Executive Compensation

Mercy Investment Program, 205 Avenue C, #10E, New York, New York 10009, beneficial owner of 200 shares of GEO stock, and The Province of St. Joseph of the Capuchin Order, 1015 North 9th Street, Milwaukee, Wisconsin 53233, beneficial owner of 272 shares of GEO stock, have co-filed the following shareholder proposal:

WHEREAS:

The size of executive compensation has become a major public as well as corporate issue. We believe that boards, in setting executive compensation, should consider a company's social as well as financial performance.

The relationship between a company's executive compensation and social responsibility is an important issue. For instance, should the pay of top officers be reduced if there is evidence that a company is associated with a pattern of unlawful discrimination or poor environmental performance, especially if the result may be damage to the company's reputation, costly fines, or protracted litigation?

The privatization of corrections services has raised concerns about the degree of public oversight over their operations, including:

- ¢ The quality of healthcare services in privately run facilities. See, *Hidden Hell: Women in Prison*, *Amnesty Now* (Fall 2004), at 10.
- ¢ The role and propriety of the American Legislative Exchange Counsel (ALEC), funded in part by private prison companies, in advocating tougher sentencing laws in Wisconsin and other states. See, e.g., *Tough-on-Crime Measures Increase Prison Population*, *American Radio Works*, <http://americanradioworks.publicradio.org/features/corrections/laws4html>. See also, Karen Olson, *Ghostwriting the Law*, *Mother Jones* (September/ October 2002).

These and similar questions deserve the careful scrutiny of our Board and its Compensation Committee. Many companies are now using social responsibility criteria in setting executive compensation. For example, more than twenty-five percent of Fortune 100 companies report that they integrate workplace diversity or environmental criteria in setting their compensation packages; and several—including Chevron, Texaco, Coca Cola, and Proctor & Gamble report that they use both of these criteria. At least seventy percent use at least one social responsibility criterion. Tying social responsibility to executive compensation will provide a strong incentive for our Company's executives to improve its performance in the area of social responsibility. Social criteria, for example, may be added to the list of factors already noted in the Compensation Committee Charter (2004) that are used to determine the long-term incentive portion of CEO compensation. Further, such criteria are consistent with the objectives listed in our Company's Code of Business Conduct and Ethics (2004).

RESOLVED:

The shareholders request that the Board's Compensation Committee, when setting executive compensation, include social responsibility as well as corporate governance financial criteria in the evaluation.

SUPPORTING STATEMENT

We recommend that the criteria include:

1. Protection of the human rights of prisoners civil, political, social, environmental, cultural and economic based on internationally recognized standards.
2. Consistent standards for health care and safety with particular emphasis on inmates experiencing HIV/ AIDS, mental health problems, pregnancy, and cancer.
3. Compliance with fair labor standards so that employees and their supervisors are trained appropriately and compensated justly for the management of immigration facilities, prisons and prisoners.
4. Services that are fairly priced for inmates and their families, e.g., telephone calls.

GEO's board of directors recommends a vote AGAINST the adoption of this proposal for the following reasons:

We believe that this proposal is unnecessary. Our executive compensation is already determined by the Compensation Committee of the board of directors which is comprised exclusively of independent directors, in accordance with the rules of The New York Stock Exchange. Our Compensation Committee considers all facts and circumstances which, in its business judgment, are appropriate in ensuring that our executive compensation is set at appropriate and competitive levels. This flexibility gives our Compensation Committee the latitude that it needs in order to ensure that our executive compensation policies are designed to maximize shareholder value over the long term and to attract, motivate and retain top executive talent. In undertaking its efforts, the Compensation Committee is separately advised by a nationally recognized, independent compensation consulting firm.

Based on our Compensation Committee's annual review of our executive compensation policies, we believe that our executive compensation programs adequately take into account all factors relevant to determining appropriate executive compensation. We also believe that our executive compensation policies are competitive and consistent with those at comparable companies, align executive compensation with our shareholders' interests, and link pay to the performance of the individual and the company. We believe that the shareholder proposal could have the effect of limiting the amount and type of compensation that could be offered to our senior executive officers, which would prevent us from aligning the interests of our senior executives with those of our shareholders, and put us at a competitive disadvantage for hiring and retaining top executive talent. The Compensation Committee's report explaining the criteria for executive officer compensation is included in this proxy statement beginning on page 22. For these reasons, the board of directors unanimously recommends a vote AGAINST this proposal. The proxy holders will vote all proxies received AGAINST this proposal unless instructed otherwise.

The affirmative vote of the holders of a majority of the shares present in person or by proxy at the annual meeting, and entitled to vote on this item, is required for approval of this proposal.

SHAREHOLDER PROPOSAL DEADLINE

Shareholder proposals intended to be presented at the year 2006 annual meeting of shareholders must be received by GEO for inclusion in GEO's proxy statement and form of proxy relating to that meeting by December 12, 2005. Additionally, GEO must have notice of any shareholder proposal to be submitted at the 2006 annual meeting of shareholders (but not required to be included in GEO's proxy statement) by February 25, 2006, or such proposal will be considered untimely pursuant to Rule 14a-5(e) under the Exchange Act and persons named in the proxies solicited by management may exercise discretionary voting authority with respect to such proposal.

OTHER MATTERS

The board of directors knows of no other matters to come before the shareholders' meeting. However, if any other matters properly come before the meeting or any of its adjournments, the person or persons voting the proxies will vote them in accordance with their best judgment on such matters.

By order of the Board of Directors,

John J. Bulfin
Senior Vice President, General Counsel
and Corporate Secretary

April 11, 2005

A copy of GEO's Annual Report on Form 10-K for the fiscal year ended January 2, 2005, including the financial statements and the schedules thereto, but excluding exhibits thereto, required to be filed with the SEC will be made available without charge to interested shareholders upon written request to Director, Corporate Communications, The GEO Group, Inc., 621 NW 53rd Street, Suite 700, Boca Raton, Florida 33487.
