PART I

ITEM 1. BUSINESS

THE COMPANY

Wendy's International, Inc. was incorporated in 1969 under the laws of the State of Ohio. Wendy's International, Inc. and its subsidiaries are collectively referred to herein as the "Company."

The Company is primarily engaged in the business of operating, developing and franchising a system of distinctive quick-service restaurants. At December 31, 2000, there were 5,792 Wendy's restaurants (Wendy's) in operation in the United States and in 26 other countries and territories. Of these restaurants, 1,153 were operated by the Company and 4,639 by the Company's franchisees.

Additionally, at December 31, 2000, the Company and its franchisees operated 1,980 Tim Hortons (Hortons) restaurants in Canada and the United States. Of these restaurants open at December 31, 2000, only 105 were company operated.

OPERATIONS

Each Wendy's restaurant offers a relatively standard menu featuring hamburgers and filet of chicken breast sandwiches, which are prepared to order with the customer's choice of condiments. Wendy's menu also includes chicken nuggets, chili, baked and French fried potatoes, prepared salads, desserts, soft drinks and other non-alcoholic beverages and children's meals. In addition, the restaurants sell a variety of promotional products on a limited basis.

Each Hortons unit offers coffee, cappuccino, fresh baked goods such as donuts, muffins, pies, croissants, tarts, cookies, cakes, bagels and in some units sandwiches, soups and fresh-baked breads.

The Company strives to maintain quality and uniformity throughout all restaurants by publishing detailed specifications for food products, preparation and service, by continual in-service training of employees and by field visits from Company supervisors. In the case of franchisees, field visits are made by Company personnel who review operations and make recommendations to assist in compliance with Company specifications.

Generally, the Company does not sell food or supplies to its Wendy's franchisees. However, the Company has arranged for volume purchases of many of these products. Under the purchasing arrangements, independent distributors purchase certain products directly from approved suppliers and then store and sell them to local company and franchised restaurants. These programs help assure availability of products and provide quantity discounts, quality control and efficient distribution. These advantages are available both to the Company and to any franchisee who chooses to participate in the distribution program.

Under the Hortons Canada franchise arrangements, the franchisee is required to purchase certain products such as coffee, sugar, flour and shortening from a Hortons' subsidiary. These products are distributed from six warehouses located across Canada. Products are delivered to Hortons Canada restaurants primarily by Hortons' fleet of trucks and trailers. Both company and franchise stores of Hortons U.S. purchase products from a supplier that has been approved by the Company.

The New Bakery Co. of Ohio, Inc., (Bakery) a wholly-owned subsidiary of the Company, is a producer of buns for Wendy's restaurants. At December 31, 2000, the Bakery supplied 623 restaurants operated by the Company and 2,043 restaurants operated by franchisees. At the present time, the Bakery does not manufacture or sell any other products.

See Notes 6 and 13 on pages AA-17, AA-18, AA-21 and AA-22 of the Financial Statements and Other Information furnished with the Company's 2001 Proxy Statement, which Notes are incorporated herein by reference, for further information regarding revenues, income before income taxes and total assets attributable to the Company's segments.

RAW MATERIALS

The Company and its franchisees have not experienced any material shortages of food, equipment, fixtures or other products which are necessary to restaurant operations. The Company anticipates no such shortages of products and, in any event, alternate suppliers are available.

TRADEMARKS AND SERVICE MARKS OF THE COMPANY

The Company has registered certain trademarks and service marks in the United States Patent and Trademark office and in international jurisdictions, some of which include "Wendy's", "Wendy", "Old Fashioned Hamburgers", "Quality Is Our Recipe", "Tim Hortons", "TimBits" and "Your Friend Along the Way". The Company believes that these and other related marks are of material importance to the Company's business. Domestic trademarks and service marks expire at various times from 2001 to 2013, while international trademarks and service marks have various durations of five to 20 years. The Company generally intends to renew trademarks and service marks which expire.

The Company entered into an Assignment of Rights Agreement with R. David Thomas and his wife dated as of November 5, 2000 (the "Assignment"). The Company has used Mr. Thomas, Senior Chairman of the Board and Founder, as a spokesperson and focal point for its products and services for many years, and with the efforts and attributes of Mr. Thomas has, through its extensive investment in the advertising and promotional use of Mr. Thomas' name, likeness, image, voice, caricature, endorsement rights and photographs (the "Thomas Persona"), made the Thomas Persona well known in the U.S. and throughout North America and a valuable asset for both the Company and Mr. Thomas. The elements comprising the Thomas Persona, taken

Edgar Filing: WENDYS INTERNATIONAL INC - Form 10-K405

together, comprise property rights, transferrable at death and otherwise. Under the terms of the Assignment the Company acquired the entire right, title, interest and ownership in and to the Thomas Persona, including the sole and exclusive right to commercially use the Thomas Persona.

SEASONALITY

The Company's business is moderately seasonal. Average restaurant sales are normally higher during the summer months than during the winter months.

WORKING CAPITAL PRACTICES

Cash from operations, cash and investments on hand, and possible asset sales, should enable the Company to meet its financing requirements. In addition, the Company has available unused lines of credit.

COMPETITION

Each company and franchised restaurant is in competition with other food service operations within the same geographical area. The quick-service restaurant industry is highly competitive. The Company competes with other organizations primarily through the quality, variety and value perception of food products offered. The number and location of units, quality and speed of service, attractiveness of facilities, effectiveness of marketing and new product development by the Company and its competitors are also important factors. The price charged for each menu item may vary from market to market depending on competitive pricing and the local cost structure.

The Company's competitive position at its Wendy's restaurants is enhanced by its use of fresh ground beef, its unique and diverse menu, promotional products, its wide choice of condiments and the atmosphere and decor of its restaurants. Hortons is known for the freshness of its wide variety of baked goods and for its excellent coffee.

RESEARCH AND DEVELOPMENT

The Company engages in research and development on an ongoing basis, testing new products and procedures for possible introduction into the Company's systems. While research and development operations are considered to be of prime importance to the Company, amounts expended for these activities are not deemed material.

GOVERNMENT REGULATIONS

A number of states have enacted legislation which, together with rules promulgated by the Federal Trade Commission, affect companies involved in franchising. Much of the legislation and rules adopted have been aimed at requiring detailed disclosure to a prospective franchisee and periodic registration by the franchisor with state administrative agencies. Additionally, some states have enacted, and others have considered, legislation which governs the termination or non-renewal of a franchise agreement and other aspects of the franchise relationship. The United States Congress has also considered legislation of this nature. The Company has complied with requirements of this type in all applicable jurisdictions. The Company cannot predict the effect on its operations, particularly on its relationship with franchisees, of future enactment of additional legislation. Various other government initiatives such as minimum wage rates and taxes can all have a significant impact on the Company's performance.

3

5

ENVIRONMENT AND ENERGY

Various federal, state and local regulations have been adopted which affect the discharge of materials into the environment or which otherwise relate to the protection of the environment. The Company does not believe that such regulations will have a material effect on its capital expenditures, earnings or competitive position. The Company cannot predict the effect of future environmental legislation or regulations.

The Company's principal sources of energy for its operations are electricity and natural gas. To date, the supply of energy available to the Company has been sufficient to maintain normal operations.

ACQUISITIONS AND DISPOSITIONS

The Company has from time to time acquired the interests of and sold Wendy's restaurants to franchisees, and it is anticipated that the Company may have opportunities for such transactions in the future. The Company generally retains a right of first refusal in connection with any proposed sale of a franchisee's interest. The Company will continue to sell and acquire Wendy's restaurants in the future where prudent.

See Notes 8 and 9 on page AA-20 of the Financial Statements and Other Information furnished with the Company's 2001 Proxy Statement, which Notes are incorporated herein by reference, for further information regarding acquisitions and dispositions.

INTERNATIONAL OPERATIONS

Edgar Filing: WENDYS INTERNATIONAL INC - Form 10-K405

Markets in Canada are currently being developed for both company owned and franchised restaurants. The Company has granted development rights for the countries and territories listed under Item 2 on page 7 of this Form 10-K.

FRANCHISED WENDY'S RESTAURANTS

As of December 31, 2000, the Company's franchisees operated 4,639 Wendy's restaurants in 50 states, the District of Columbia and 26 other countries and territories.

The rights and franchises under which most franchised restaurants in the United States are operated are set forth in one basic document, the Restaurant Franchise Agreement. This document gives the franchisee the right to construct, own and operate a Wendy's restaurant upon a site accepted by Wendy's and to use the Wendy's system in connection with the operation of the restaurant at that site. Since 1995, the Company has used a revised form of agreement, the Wendy's Unit Franchise Agreement, for new franchised restaurants operated in the United States.

Wendy's has in the past franchised under different agreements on a multi-unit basis; however, now it is generally the intent of the Company to grant new franchises both in the United States and foreign countries on a unit-by-unit basis.

After having submitted to Wendy's the requested application and financial materials, if initially approved by Wendy's, an individual becomes an approved applicant upon the execution of a Preliminary Letter Agreement. This Preliminary Letter Agreement does not guarantee that the applicant will be accepted as a Wendy's franchisee but entitles the applicant to commence a training program, intended to allow both parties the opportunity to more carefully assess a long-term franchise relationship. For existing franchisees who in Wendy's opinion are not in need of additional training or part of a special program, the Preliminary Letter Agreement may not be necessary. Upon the execution of a Preliminary Letter Agreement, the applicant is required to pay a non-refundable fee of \$5,000 to help defray some of the cost of initial orientation, the processing of the application and background investigation.

Both the Restaurant Franchise Agreement and the Wendy's Unit Franchise Agreement require that the franchisee pay a royalty of 4% of gross sales, as defined in the applicable agreement, from the operation of the restaurant. Both Agreements also typically require that the franchisee pay the Company a technical assistance fee. In the United States, the technical assistance fee required under newly executed Wendy's Unit Franchise Agreements is currently \$25,000 for each restaurant.

The technical assistance fee is used to defray some of the cost to the Company in providing technical assistance in the development of the Wendy's restaurant, initial training of franchisees or their operator and in providing other assistance associated with the opening of the Wendy's restaurant. In certain limited instances (like the regranting

Edgar Filing: WENDYS INTERNATIONAL INC - Form 10-K405

of franchise rights or the relocation of an existing restaurant), Wendy's may charge a reduced technical assistance fee or may waive the technical assistance fee. The Company does not select or employ personnel on behalf of the franchisees.

Wendy's currently offers to qualified franchisees, pursuant to its Franchise Real Estate Development program, the option of having Wendy's locate and secure real estate for new store development. Wendy's obtains all licenses and permits necessary to construct and operate the restaurant, with the franchisee having the option of building the restaurant or having Wendy's construct it. The franchisee pays Wendy's a fee for this service and reimburses Wendy's for all out-of-pocket costs and expenses Wendy's incurs in locating, securing, and/or constructing the new store.

4

6

The rights and franchises currently offered for international development are contained in the Franchise Agreement and Services Agreement (the Agreements) which are issued upon approval of a restaurant site. The Agreements are for an initial term of 10 years or the term of the lease for the restaurant site, whichever is shorter. The Agreements license the franchisee to use the Company's trademarks and know-how in the operation of the restaurant. Upon execution of the Agreements, the franchisee is required to pay a technical assistance fee. Generally, the technical assistance fee is \$30,000 for each restaurant. Currently, the franchisee is required to pay monthly fees, usually 4%, based on the monthly gross sales of the restaurant, as defined in the Agreements.

See Schedule II on page 14 of this Form 10-K, and Management's Review and Outlook on pages AA-1 through AA-7 and Note 10 on page AA-20 of the Financial Statements and Other Information furnished with the Company's 2001 Proxy Statement (Management's Review and Outlook and Note 10 are incorporated herein by reference) for further information regarding reserves, commitments and contingencies involving franchisees.

FRANCHISED HORTONS UNITS

Hortons franchisees operate under several types of license agreements. The typical term of a license agreement for a standard type of unit is 10 years plus aggregate renewal period(s) of approximately 10 years.

In Canada, for franchisees who lease land and/or buildings from Hortons, the license agreement generally requires between 3% and 4.5% of weekly gross sales of the restaurant, as defined in the license agreement, for royalties plus a monthly

Edgar Filing: WENDYS INTERNATIONAL INC - Form 10-K405

rental which is the greater of a base monthly rental payment or a percentage (usually 10%) rental payment based on monthly gross sales, as defined in the license agreement. Where the franchisee either owns the premises or leases it from a third party, the royalty required is increased by 1.5%. In the United States, for franchisees who lease land and/or buildings from Hortons, the license agreement generally requires 4.5% of weekly gross sales of the restaurant, as defined in the license agreement, for royalties plus a monthly rental which is the greater of a base monthly rental payment or a percentage (usually 8.5%) rental payment based on monthly gross sales, as defined in the license agreement.

Hortons generally retains the right to reacquire a franchisee's interest in a restaurant in the event the franchisee wants to sell its interest during the first five years of the term of the license agreement. After such period, Hortons generally retains a right of first refusal with regard to any proposed transfer of the franchisee's interest in the restaurant, together with the right to consent to any transfer to a new franchisee.

ADVERTISING AND PROMOTIONS

Products sold by Wendy's restaurants are advertised through television, radio, newspapers and a variety of promotional campaigns. The Company attempts to keep franchisees informed of current advertising techniques and effective promotions. The Company's advertising materials are also made available to the franchisees. Both the Restaurant Franchise Agreement and the Wendy's Unit Franchise Agreement provide that franchisees will spend 4% of their gross sales, as defined in the applicable agreement, for advertising and promotions. The Restaurant Franchise Agreement specifies 2% is to be spent on local and regional advertising (including in many cases cooperative advertising) and 2% is the required contribution to The Wendy's National Advertising Program, Inc. (WNAP). Under the Restaurant Franchise Agreement, the Company has the ability to increase the required local and regional expenditures to 3%, for a total of 5% for advertising and promotions, subject to certain conditions.

The Company has the ability under the Wendy's Unit Franchise Agreement to specify and to change the 4% advertising and promotions allocation subject to certain restrictions. Currently, the Company requires franchisees under the Wendy's Unit Franchise Agreement to allocate 2% to local and regional advertising and promotions and 2% to national advertising and promotions. In addition, under that agreement the Company may increase the total advertising and promotions contribution to 5% for franchisees operating restaurants pursuant to that agreement, if such increase is approved by an affirmative vote representing 75% or more of all domestic Wendy's restaurants.

Since 1993, a systemwide vote has been taken on a proposal to increase national advertising for the following calendar year(s). This voluntary program reallocates the 4% required minimum advertising expenditures such that 2.5% goes toward national advertising and 1.5% toward local and regional advertising. The 1999 systemwide vote approved reallocation

Edgar Filing: WENDYS INTERNATIONAL INC - Form 10-K405

through the end of fiscal year 2001. For the period from September 1, 1998 through February 28, 1999, the national advertising contribution rate was temporarily reduced to 1.75%. In 2001, a systemwide vote was taken to increase the national advertising contribution rate to 3% for fiscal years ended 2002 and 2003 and reduce the local and regional advertising rate to 1%. In 2004, these minimum requirements will revert back to 2% for national and 2% for local and regional advertising unless a new systemwide vote in 2003 approves reallocation for 2004.

In 2000, 1999 and 1998, approximately \$152 million, \$144 million and \$126 million, respectively, was spent on advertising, promotions and related expenses by WNAP. WNAP is a not-for-profit corporation which was established to collect and administer the funds contributed by the Company and all domestic franchisees. WNAP's Trustees are comprised of representatives of both the Company and its franchisees.

Products sold by Wendy's Canada franchise and corporate restaurants are advertised through television, radio and a variety of promotional campaigns. Wendy's Canadian Advertising Program Inc. (WCAP) provides Wendy's Canada corporate and franchise restaurants (excluding Quebec, where all advertising is done locally) with in-store advertising and promotional materials. WCAP currently collects approximately 2.75% of monthly gross sales, as defined in the franchise agreement, from Wendy's Canada franchise and corporate restaurants (excluding Quebec) as contributions to this fund. During 2000, 1999 and 1998, approximately \$8.8 million, \$8.1 million and \$7.4 million, respectively, was spent by WCAP.

5

7

Products sold by Hortons restaurants are advertised through television, radio, newspapers and a variety of promotional campaigns. Hortons provides franchisees with in store advertising and promotional materials. Tim Hortons Canada currently collects 4% of monthly gross sales, as defined in the franchise agreement, from franchisees as a contribution to the Tim Hortons Advertising and Promotion Fund (Canada) Inc. (Ad Fund). For the 2001 calendar year, the contribution percentage was voluntarily and temporarily reduced to 3.75% pursuant to a decision made by the franchisees. Tim Hortons U.S. collects 4% of monthly gross sales, as defined in the franchise agreement, from franchisees as a contribution to The Tim's National Advertising Program (TNAP). During 2000, 1999 and 1998, approximately \$49 million, \$40 million and \$33 million, respectively, was spent by the Ad Fund and approximately \$4.5 million, \$4 million and \$3 million, respectively, was spent by TNAP.

Products sold by Wendy's international restaurants outside of Canada are advertised through various media including television, radio, newspaper and a variety of promotional campaigns. Most international franchisees are required by their franchise agreement to spend at least 4% of the gross sales of their restaurants, as defined in the franchise agreement, on advertising and marketing. The Company assists

Edgar Filing: WENDYS INTERNATIONAL INC - Form 10-K405

its international franchisees in preparing and executing marketing plans and endeavors to keep its international franchisees informed of current advertising techniques and effective promotions.

See Note 12 on page AA-21 of the Financial Statements and Other Information furnished with the Company's 2001 Proxy Statement, which Note is incorporated herein by reference, for further information regarding advertising.

PERSONNEL

As of December 31, 2000, the Company employed approximately 44,000 people, of whom approximately 41,000 were employed in company operated restaurants. The total number of full-time employees at that date was approximately 7,700. The Company believes that its employee relations are satisfactory.

ITEM 2. PROPERTIES

Wendy's uses outside contractors in the construction of its restaurants. The restaurants are built to Company specifications as to exterior style and interior decor. The majority are free-standing, one-story brick buildings, substantially uniform in design and appearance, constructed on sites of approximately 40,000 square feet, with parking for approximately 45 cars. Some restaurants, located in downtown areas or shopping malls, are of a store-front type and vary according to available locations but generally retain the standard sign and interior decor. The typical new free-standing restaurant contains about 2,910 square feet and has a food preparation area, a dining room capacity for 94 persons and a double pick-up window for drive-through service. The restaurants are generally located in urban or heavily populated suburban areas, and their success depends upon serving a large number of customers. Wendy's also operates restaurants in special site locations such as travel centers, gas station/convenience stores, military bases, arenas, malls, hospitals, airports and college campuses.

Hortons uses outside contractors in the construction of its restaurants. The restaurants are built to Company specifications as to exterior style and interior decor. The standard Hortons restaurant currently being built consists of a free-standing producing unit ranging from 2,500 to 3,030 square feet. Each of these includes a bakery capable of supplying fresh baked goods every 12 hours to several satellite Hortons within a defined area. In addition, Hortons has restaurants ranging from 550 to 2,250 square feet without bakery facilities, 550 to 800 square feet drive-through-only units, kiosks, full-service carts and mobile carts which are typically located in high traffic areas.

There are also Wendy's and Hortons concepts combined in one free-standing unit which averages about 5,200 square feet. This unit shares a common dining room seating 104 persons. Each unit has separate food preparation and storage areas and most have separate pick-up windows for each concept.

Edgar Filing: WENDYS INTERNATIONAL INC - Form 10-K405

The Company remodels its restaurants on a periodic basis to maintain a fresh image, providing convenience for its customers and increasing the overall efficiency of restaurant operations.

At December 31, 2000, the Company and its franchisees operated 5,792 Wendy's restaurants in the locations listed under Item 2 on page 7 of this Form 10-K. Of the 1,153 company operated Wendy's restaurants, the Company owned the land and building for 512 restaurants, owned the building and held long-term land leases for 387 restaurants and held leases covering land and building for 254 restaurants. The Company's land and building leases are written for terms of 10 to 25 years with one or more five-year renewal options. In certain lease agreements the Company has the option to purchase the real estate. Certain leases require the payment of additional rent equal to a percentage (ranging from 1% to 10%) of annual sales in excess of specified amounts. Some of the real estate owned by the Company is subject to mortgages which mature over various terms. The Company also owned land and buildings for, or leased, 497 Wendy's restaurant locations which were leased or subleased to franchisees. Surplus land and buildings are generally held for sale.

At December 31, 2000, there were 1,980 Hortons units, of which all but 105 were franchise operated. Of the 1,875 franchised units, 359 were owned by Hortons and leased to franchisees, 1,076 were leased by Hortons and in turn subleased to a franchisee, with the remainder either owned or leased directly by the franchisee.
