accordingly. The proxy may be revoked by the stockholder at any time before the meeting by providing notice to the Secretary.

Only stockholders of record as of the close of business on March 31, 2005, will be entitled to vote at the Annual Meeting or any adjournments thereof. ELECTION OF DIRECTORS

Thirteen directors are to be elected at the Annual Meeting to serve until the following annual meeting of stockholders and until their successors are duly elected and qualified. Set forth below are the names of the persons to be nominated by the Board of Directors, together with a description of each person's principal occupation during the past five years and other pertinent information.

Votes that are withheld or stricken will be excluded entirely from the vote and will have no effect. The Company anticipates that all nominees listed in this Proxy Statement will be candidates when the election is held. However, if for any reason any nominee is not a candidate at that time, proxies will be voted for any substitute nominee designated by the Board of Directors (except where a proxy withholds authority with respect to the election of directors). Directors may participate in the Company's health insurance plans by paying rates offered to former employees under COBRA.

Directors may also elect to defer receipt of their directors' fees under the Company's Excess Benefit Plan.

COMMITTEES AND MEETINGS OF THE BOARD

The Company has the following Committees of the Board of Directors: Audit Committee, Nominating Committee and Compensation/Incentive Committee.

The Audit Committee (a) is directly responsible for the appointment, compensation, and oversight of a firm of independent accountants to audit the Company and its consolidated subsidiaries, (b) reviews and reports to the Board of Directors on the Company's annual financial statements and the independent accountants' report on such financial statements, (c) meets with the Company's senior financial officers, internal auditors and independent accountants to review audit plans and work and other non-audit services regarding the Company's accounting, financial reporting and internal control systems and (d) confers quarterly with senior management, internal audit staff, and the independent accountants to review quarterly financial results. The Audit Committee consists of Messrs. Erhart, Grace and Saunders. The Board of Directors has determined that Mr. Saunders qualifies as an "audit committee financial expert" within the meaning of the applicable SEC regulations. The Audit Committee met on twelve occasions during 2004.

3

The Compensation/Incentive Committee makes recommendations to the Board of Directors concerning (a) salary and incentive compensation payable to officers and certain other key employees of the Company, (b) establishment of incentive compensation plans and programs generally, (c) adoption and administration of certain employee benefit plans and programs and (d) additional year-end contributions by the Company under the Chemed/Roto-Rooter Savings and Retirement Plan ("Retirement Plan"). In addition, the Compensation/Incentive Committee administers the Company's (a) 2002 Executive Long-Term Incentive Plan, (b) eight Stock Incentive Plans and the 1999 Long-Term Employee Incentive Plan and (c) grants of stock options and stock awards to key employees of the Company. The Compensation/Incentive Committee consists of Messrs. Erhart, Breen and Wood. The Compensation/Incentive Committee met on six occasions during 2004. A copy of the Compensation/Incentive Committee Charter is available on the Company's Web site, www.chemed.com.

The Nominating Committee (a) recommends to the Board of Directors the candidates for election to the Board at each Annual Meeting of Stockholders of the Company, (b) recommends to the Board of Directors candidates for election by the Board to fill vacancies on the Board, (c) considers candidates submitted by directors, officers, employees, stockholders and others and (d) performs such other functions as may be assigned by the Board. The Nominating Committee

Edgar Filing: CHEMED CORP - Form DEF 14A

consists of Messrs. Erhart, Gemunder and Grace. Each member of the Nominating Committee is independent as defined under the listing standards of the New York Stock Exchange. The Nominating Committee met once during 2004. In identifying and evaluating nominees for director, the Nominating Committee considers candidates with a wide variety of academic backgrounds and professional and business experiences. After reviewing written statements of the candidates' backgrounds and qualifications, the Nominating Committee arranges for personal interviews with those candidates that it believes merit further consideration. Once it has completed this process, the Nominating Committee makes its final recommendations to the Board. Mr. Krebs, who is the only nominee for director who is not standing for re-election, was recommended to the Nominating Committee by Mr. McNamara, the Company's Chief Executive Officer. Stockholders wishing to submit a candidate for election to the Board should submit the name of such candidate and a supporting statement to the Company's Secretary at 2600 Chemed Center, 255 East Fifth Street, Cincinnati, Ohio 45202-4726. The Nominating Committee has a charter and a current copy is available on the Company's Web site, www.chemed.com.

During 2004, there were six meetings of the Board of Directors, and each director attended at least 75 percent of the aggregate of (a) the total number of meetings held by the Board of Directors and (b) the total number of meetings held by all Committees of the Board of Directors on which he or she served that were held during the period for which he or she was a director or member of any such Committee. While the Company does not have a formal policy with regard to Board members' attendance at the Annual Meeting, all members of the Board are encouraged to attend. Eleven members of the Board attended last year's Annual Meeting held on May 17, 2004.

The Board and the Nominating Committee of the Board undertook an annual review of director independence. During this review, the Board and the Nominating Committee considered transactions and relationships between each director or any member of his or her immediate family and the Company and its subsidiaries and affiliates, including those reported under the caption "Certain Relationships and Related Transactions" below. The Board and the Nominating Committee also examined transactions and relationships between directors or their affiliates and members of the Company's senior management or their affiliates. The purpose of this review was to determine whether any such relationships or transactions were inconsistent with a determination that the director is independent under the New York Stock Exchange corporate governance standards. The Board and the Nominating Committee similarly reviewed the independence of Mr. Krebs, who is the only nominee for director who is not standing for re-election.

As a result of this review, the Board and the Nominating Committee have affirmatively determined that, under the New York Stock Exchange listing standards, the following directors and nominees for director, constituting a majority of the individuals nominated for election as directors at the Annual Meeting, are independent of the Company and its management: Messrs. Breen, Erhart, Gemunder, Grace, Krebs, Saunders, Walsh and Wood.

Stockholders wishing to communicate with members of the Board should send such communications to the Company's Secretary at 2600 Chemed Center, 255 East Fifth Street, Cincinnati, Ohio, 45202-4726. The Secretary will forward these communications to the members of the Board and, if applicable, to specified individual directors.

EXECUTIVE COMPENSATION

REPORT OF THE COMPENSATION/INCENTIVE COMMITTEE ON EXECUTIVE COMPENSATION

Edgar Filing: CHEMED CORP - Form DEF 14A

The Company believes that executive compensation must align executive officers' interests with those of the Company's stockholders and that such interests are served by having compensation directly and materially linked to financial and operating performance criteria which, when successfully achieved, will enhance stockholder value.

The Company attempts to achieve this objective with an executive compensation package for its senior executives which combines base salary, annual cash incentive compensation, and long-term incentive compensation in the form of stock options, stock awards and awards under the 2002 Executive Long-Term Incentive Plan ("LTIP"), along with various benefit plans, including pension plans, savings plans and medical benefits generally available to the employees of the Company.

The executive compensation program is administered by the Compensation/Incentive Committee of the Board of Directors. The membership of the Compensation/Incentive Committee comprises three outside directors (i.e., nonemployees of the Company). The Compensation/Incentive Committee is responsible for the review, approval and recommendation to the Board of Directors of matters concerning base salary and annual cash incentive compensation for key executives of the Company. The recommendations of the Compensation/Incentive Committee on such matters must be approved by the full Board of Directors. The Compensation/Incentive Committee also administers the Company's stock incentive plans, under which it reviews and approves grants of stock options and stock awards, and the Company's LTIP. The Compensation/Incentive Committee also has retained the services of compensation consultants, Compensation Strategies, Inc.

The Compensation/Incentive Committee may use its discretion to set executive compensation where, in its judgment, external, internal or individual circumstances warrant.

Following is a discussion of the components of the executive officer compensation program.

In determining base salary levels for the Company's executive officers, the Compensation/Incentive Committee takes into account the magnitude of responsibility of the position, individual experience and performance and specific issues particular to the Company. In general, base salaries are set at levels believed by this Compensation/Incentive Committee to be sufficient to attract and retain qualified executives when considered along with the other components of the Company's compensation structure.

The Compensation/Incentive Committee believes that a significant portion of total cash compensation should be linked to annual performance criteria. Consequently, the purpose of annual incentive compensation for senior executives and key managers is to provide a direct financial incentive in the form of an annual cash bonus to those executives who achieve their business units' and the Company's annual goals. Operational and financial goals are established at the beginning of each fiscal year and generally take into account such measures of performance as sales and earnings growth, profitability, cash flow and return on investment. Other nonfinancial measures of performance relate to organizational development, product or service expansion and strategic positioning of the Company's assets.

Individual performance is also taken into account in determining individual bonuses. It is the Company's belief that bonuses as a percentage of a senior executive's salary should be sufficiently high so as to provide a major incentive for achieving annual performance targets. Bonuses for senior executives of the Company generally range from 25 percent to 83 percent of base salary.

Edgar Filing: CHEMED CORP - Form DEF 14A

The Long-Term Incentive Plan and stock option and stock award programs form the basis of the Company's incentive plans for executive officers and key managers. The objective of these plans has been to align executive and long-term-stockholder interests by creating a strong and direct link between executive pay and stockholder return.

Stock options have customarily been granted annually and have been generally regarded as the primary incentive for long-term performance as they are granted at fair market value and have had vesting restrictions over four-year periods, except for those granted in May 2004 which vested in full on November 17, 2004. The Committee considers each grantee's current option holdings in making grants. Both the amounts of stock awards and proportion of stock options have increased as a function of higher salary and position of responsibility within the Company. In May 2002, the stockholders of the Company approved the adoption of the LTIP covering officers and key employees of the Company. The LTIP is administered by the Compensation/Incentive Committee of the Board of Directors and was adopted to replace the restricted stock program, which was terminated at the end of 2001. In August 2002, the Compensation/Incentive Committee established guidelines which covered the

5

granting of compensation awards based on two independent elements: 1) a totally discretionary award based on operating performance of the Company covering a period greater than one year and less than four years and 2) an award based on the attainment of a target stock price of \$50 per share during 10 consecutive trading days prior to the fourth anniversary of the plan. Based on this criteria, in February 2004, the Compensation/Incentive Committee approved a payout under the LTIP in the aggregate amount of \$7.8 million. In June, the Compensation/Incentive Committee established new guidelines covering LTIP awards. These guidelines are disclosed under the caption "Long Term Incentive Plan."

The Compensation/Incentive Committee has considered, and is continuing to review, the qualifying compensation regulations issued by the Internal Revenue Service in December 1993. Generally, the Committee structures compensation arrangements to achieve deductibility under the tax regulations, except where the benefit of such deductibility is outweighed by the need for flexibility or the attainment of other corporate objectives.

The base salary of Mr. K. J. McNamara, President and Chief Executive Officer of the Company, was increased on February 18, 2005, to a base rate of \$600,000. His bonus in respect of 2004 services was \$500,000 and a restricted stock award of 4,000 shares, vesting in full on February 18, 2009. The Compensation/Incentive Committee believes that Mr. McNamara's base salary, LTIP awards, 2004 bonus and stock options granted are consistent with his performance as measured by the criteria discussed above.
