In various meetings and telephone calls with securities analysts and investors during the week of December 16, 2002, officials of the Company expect to confirm the earnings guidance given in a conference call on November 1, 2002, which excludes certain non-recurring items (such as the possible charge noted below). As a result of a federal court ruling issued on December 12, 2002, the Company is uncertain whether it will recognize the charge indicated in that press release.
