EXHIBIT 99.1

PITTSBURGH, Dec. 31 /PRNewswire/ -- USX Chairman and CEO Thomas J. Usher confirmed today that the previously announced plan to spin off its wholly owned subsidiary, United States Steel Corporation (NYSE: X) will be effective at 11:59 p.m. on December 31, 2001. USX Corporation stockholders had overwhelmingly approved the Agreement and Plan of Reorganization at a special stockholders meeting held in October.

As previously announced, USX has received a private letter ruling from the Internal Revenue Service confirming that the spin-off of United States Steel Corporation will be tax free to USX and the holders of its common stock. Immediately preceding the separation, United States Steel LLC will be converted into a corporation named United States Steel Corporation (U. S. Steel), and all subsidiaries of United States Steel LLC will become subsidiaries of United States Steel Corporation. U. S. Steel will be headquartered in Pittsburgh.

Upon the effectiveness of the separation, each share of USX-U. S. Steel Group Common Stock will be converted into the right to receive one share of United States Steel Corporation common stock. Stockholders of record will be receiving letters of transmittal and instructions concerning the procedures for exchanging their share certificates.

USX-Marathon Group Common Stock will remain outstanding as the sole common stock of USX Corporation, which will change its name to Marathon Oil Corporation (NYSE: MRO), and will continue to own and operate the remaining energy business of Marathon Oil Company. Marathon's headquarters will be in Houston.

In addition, upon the effectiveness of the separation, all outstanding shares of 6.50% Cumulative Convertible Preferred Stock of USX Corporation will be converted into the right to receive \$50.00 in cash plus accrued but unpaid dividends, and all outstanding 6.75% Convertible Quarterly Income Preferred Securities of USX Capital Trust I (QUIPS) will be redeemed at their face value plus accrued but unpaid distributions.

Edgar Filing: USX CORP - Form 8-K

Holders of record of these issues will be receiving letters of transmittal and instructions concerning the procedures for redeeming their shares. The 8.75% Cumulative Monthly Income Preferred Share, Series A, of USX Capital LLC (MIPS) had previously been called for redemption at the close of business today at their face value plus accrued but unpaid dividends.

Usher, who has served as chairman of the board of USX since 1995, will become chairman, CEO and president of United States Steel Corporation and non-executive chairman of Marathon Oil Corporation. "We are enthusiastic about the separation and believe it will allow the two companies to focus on their core businesses and to make the critical acquisitions and investments necessary to grow each business," Usher said. "United States Steel Corporation and Marathon Oil Corporation are now well positioned to succeed and prosper."

2. The holders of shares of the Preferred Stock of each series shall be entitled to receive, when and as declared by the Board of Directors, out of funds legally available for the payment of dividends, dividends at the rates fixed by the Board of Directors for such series, and no more, before any dividends, other than dividends payable in Common Stock, shall be declared and paid, or set apart for payment, on the Common Stock with respect to the same dividend period.

Edgar Filing: USX CORP - Form 8-K

Preferred Stock or by the General Corporation Law of Delaware, the holders of shares of the Common Stock issued and outstanding shall have and possess the exclusive right to notice of stockholders' meetings and the exclusive power to vote. The holders of shares of the Preferred Stock issued and outstanding shall, in no event, be entitled to more than one vote for each share of Preferred Stock held by them unless otherwise required by law.

Terms of the Preferred Stocks are as follows:

Series A Junior Preferred Stock

Section 1. Designation and Amount. This resolution shall provide for a single series of preferred stock, the designation of which shall be "Series A Junior Preferred Stock", without par value, and the number of shares constituting such series shall be Eight Million (8,000,000).

Section 2. Dividends and Distributions.

(A) Subject to the prior and superior rights of the holders of any shares of any series of Preferred Stock ranking prior and superior to the shares of Series A Junior Preferred Stock with respect to dividends, the holders of shares of Series A Junior Preferred Stock shall be entitled to receive, when, as and if declared by the Board of Directors out of funds legally available for the purpose, quarterly dividends payable in cash on the first day of March, June, September and December in each year (each such date being referred to herein as a "Quarterly Dividend Payment Date"), commencing on the first Quarterly Dividend Payment Date after the first issuance of a share or fraction of a share of Series A Junior Preferred Stock, in an amount per share (rounded to the nearest cent) equal to the greater of (a) \$5.00 or (b) subject to the provision for adjustment hereinafter set forth, 100 times the aggregate per share amount of all cash dividends, and 100 times the aggregate per share amount (payable in kind) of all non-cash dividends or other distributions other than a dividend payable in shares of Common Stock or a subdivision of the outstanding shares of Common Stock (by reclassification or otherwise), to be or being declared on the Common Stock, par value \$1.00 per share, of the Corporation (the "Common Stock") with respect to the same dividend period. If the Quarterly Dividend Payment Date is a Saturday, Sunday or legal holiday then such Quarterly Dividend Payment Date shall be the first immediately preceding calendar day which is not a Saturday, Sunday or legal holiday. In the event the Corporation shall at any time after October 10, 1989 (the "Rights Declaration Date") (i) declare any dividend on Common Stock payable in shares of Common Stock, (ii) subdivide the outstanding Common Stock, or (iii) combine the outstanding Common Stock into a smaller number of shares, then in each such case the amount to which holders of shares of Series A Junior Preferred Stock were entitled immediately prior to such event under clause (b) of the preceding sentence shall be adjusted by multiplying such amount by a fraction the numerator of which is the number of shares of Common Stock outstanding immediately after such event and the denominator of which is the number of shares of

Edgar Filing: USX CORP - Form 8-K

Common Stock that were outstanding immediately prior to such event.

(B) The Corporation shall declare a dividend or distribution on the Series A Junior Preferred Stock as provided in paragraph (A) above immediately prior to the time it declares a dividend or distribution on the Common Stock (other than a dividend payable in shares of Common Stock); provided that, in the event no dividend or distribution shall be declared on the Common Stock with respect to a particular dividend period, a dividend of \$5.00 per share on the Series A Junior Preferred Stock shall nevertheless be payable on such Quarterly Dividend Payment Date with respect to such quarterly period.

(C) Dividends shall begin to accrue and be cumulative on outstanding shares of Series A Junior Preferred Stock from the Quarterly Dividend Payment Date next preceding the date of issue of such shares of Series A Junior Preferred Stock, unless the date of issue of such shares is prior to the record date for the first Quarterly Dividend Payment Date, in which case dividends on such shares shall begin to accrue from the date of issue of such shares, or unless the date of issue is a Quarterly Dividend Payment Date or is a date after the record date for the determination of holders of shares of Series A Junior Preferred Stock entitled to receive a quarterly dividend and before such Quarterly Dividend Payment Date, in either of which events such dividends shall begin to accrue and be cumulative from such Quarterly Dividend Payment Date. Accrued but unpaid dividends shall not bear interest. Dividends paid on the shares of Series A Junior Preferred Stock in an amount less than the total amount of such dividends at the time accrued and payable on such shares shall be allocated pro rata on a share-by-share basis among all such shares at the time outstanding. The Board of Directors may fix a record date for the determination of holders of shares of Series A Junior Preferred Stock entitled to receive payment of a dividend or distribution declared thereon, which record date shall be no more than 30 days prior to the date fixed for the payment thereof. Dividends in arrears may be declared and paid at any time, without reference to any Quarterly Dividend Payment Date, to holders of record on such date, not exceeding 45 days preceding the payment date thereof, as may be fixed by the Board of Directors.

(D) Except as hereinafter provided, no dividends shall be declared or paid or set apart for payment on the shares of Series A Junior Preferred Stock for any period if the Corporation shall be in default in the payment of any dividends (including cumulative dividends, if applicable) on any shares of Preferred Stock ranking, as to dividends, prior to the Series A Junior Preferred Stock, unless the same shall be contemporaneously declared and paid.

(E) Dividends payable on the Series A Junior Preferred Stock for the initial dividend period and for any period less than a full quarterly period, shall be computed on the basis of a 360-day year of 30-day months.

Edgar Filing: USX CORP - Form 8-K

Section 3. Voting Rights. The holders of shares of Series A Junior Preferred Stock shall have the following voting rights:

(A) Each share of Series A Junior Preferred Stock shall entitle the holder thereof to one vote on all matters submitted to a vote of the stockholders of the Corporation. The holders of Series A Junior Preferred Stock shall be entitled to notice of all meetings of the stockholders of the Corporation.

(B) Except as otherwise provided herein or by law, the holders of shares of Series A Junior Preferred Stock and the holders of shares of Common Stock shall vote together as one class on all matters submitted to a vote of stockholders of the Corporation.

(C) If, on the date used to determine stockholders of record for any meeting of stockholders for the election of directors, a default in preference dividends on the Preferred Stock shall exist, the number of directors constituting the Board of Directors of the Corporation shall be increased by two, and the holders of the Preferred Stock of all series (whether or not the holders of such series of Preferred Stock would be entitled to vote for the election of directors if such default in preference dividends did not exist), shall have the right at such meeting, voting together as a single class without regard to series, to the exclusion of the holders of Common Stock, to elect two directors of the Corporation to fill such newly created directorships. Each director elected by the holders of shares of Preferred Stock (herein called a "Preferred Director"), shall continue to serve as such director for the full term for which he shall have been elected, notwithstanding that prior to the end of such term a default in preference dividends shall cease to exist. Any Preferred Director may be removed by, and shall not be removed except by, the vote of the holders of record of the outstanding shares of Preferred Stock, voting together as a single class without regard to series, at a meeting of the stockholders, or of the holders of shares of Preferred Stock, called for the purpose. So long as a default in any preference dividends on the Preferred Stock shall exist (i) any vacancy in the office of a Preferred Director may be filled (except as provided in the following clause (ii)) by an instrument in writing signed by the remaining Preferred Director and filed with the Corporation and (ii) in the case of the removal of any Preferred Director, the vacancy may be filled by the vote of the holders of the outstanding shares of Preferred Stock, voting together as a single class without regard to series, at the same meeting at which such removal shall be voted. Each director appointed as aforesaid by the remaining Preferred Director shall be deemed, for all purposes hereof, to be a Preferred Director. Whenever the term of office of the Preferred Directors shall end and no default in preference dividends shall exist, the number of directors constituting the Board of Directors of the Corporation shall be reduced by two. For the purposes of this paragraph (C), a "default in preference dividends" on the

Edgar Filing: USX CORP - Form 8-K

Preferred Stock shall be deemed to have occurred whenever the amount of accrued and unpaid dividends upon any series of the Preferred Stock shall be equivalent to six full quarterly dividends or more, and, having so occurred, such default shall be deemed to exist thereafter until, but only until, all accrued dividends on all shares of Preferred Stock of each and every series then outstanding shall have been paid through the last Quarterly Dividend Payment Date.

Section 4. Certain Restrictions.

(A) Whenever quarterly dividends or other dividends or distributions payable on the Series A Junior Preferred Stock as provided in Section 2 are in arrears, thereafter and until all accrued and unpaid dividends and distributions, whether or not declared, on shares of Series A Junior Preferred Stock outstanding shall have been paid in full, the Corporation shall not:

(i) declare or pay dividends on, make any other distributions on (other than a dividend in Common Stock or in any other stock of the Corporation ranking junior to the Series A Junior Preferred Stock as to dividends and upon liquidation, dissolution or winding up and other than as provided in subparagraph (ii) of this section), or redeem or purchase or otherwise acquire for consideration (except by conversion into or exchange for stock of the Corporation ranking junior to the Series A Junior Preferred Stock as to dividends and upon dissolution, liquidation or winding up), any shares of stock ranking junior (either as to dividends or upon liquidation, dissolution or winding up) to the Series A Junior Preferred Stock;

(ii) declare or pay dividends on or make any other distributions on any shares of stock ranking on a parity (either as to dividends or upon liquidation, dissolution or winding up) with the Series A Junior Preferred Stock, except dividends paid ratably on the Series A Junior Preferred Stock and all stock ranking on a parity with the Series A Junior Preferred Stock as to dividends on which dividends are payable or in arrears in proportion to the total amounts to which the holders of all such shares are then entitled;

(iii) redeem or purchase or otherwise acquire for consideration shares of any stock ranking on a parity (either as to dividends or upon liquidation, dissolution or winding up) with the Series A Junior Preferred Stock, provided that the Corporation may at any time redeem, purchase or otherwise acquire shares of any such parity stock in exchange for shares of any stock of the Corporation ranking junior (as to dividends and upon dissolution, liquidation or winding up) to the Series A Junior Preferred

Edgar Filing: USX CORP - Form 8-K

Stock;

(iv) purchase or otherwise acquire for consideration any shares of Series A Junior Preferred Stock, except in accordance with a purchase offer made in writing or by publication (as determined by the Board of Directors) to all holders of such shares upon such terms as the Board of Directors, after consideration of the respective annual dividend rates and other relative rights and preferences of the respective series and classes, shall determine in good faith will result in fair and equitable treatment among the respective series or classes.

(B) The Corporation shall not permit any subsidiary of the Corporation to purchase or otherwise acquire for consideration any shares of stock of the Corporation unless the Corporation could, under paragraph (A) of this Section 4, purchase or otherwise acquire such shares at such time and in such manner.

Section 5. Reacquired Shares. Any shares of Series A Junior Preferred Stock purchased or otherwise acquired by the Corporation in any manner whatsoever shall be retired and cancelled promptly after the acquisition thereof. All such shares shall upon their cancellation become authorized but unissued shares of Preferred Stock and may be reissued as part of a new series of Preferred Stock to be created by resolution or resolutions of the Board of Directors, subject to the conditions and restrictions on issuance set forth herein.

Section 6. Liquidation, Dissolution or Winding Up.

(A) In the event of any voluntary or involuntary liquidation, dissolution or winding up of the Corporation, the holders of the Series A Junior Preferred Stock shall be entitled to receive the greater of (a) \$100 per share, plus accrued dividends to the date of distribution, whether or not earned or declared, or (b) an amount per share, subject to the provision for adjustment hereinafter set forth, equal to 100 times the aggregate amount to be distributed per share to holders of Common Stock (the "Series A Liquidation Preference"). In the event the Corporation shall at any time after the Rights Declaration Date (i) declare any dividend on Common Stock payable in shares of Common Stock, (ii) subdivide the outstanding Common Stock or (iii) combine the outstanding Common Stock into a smaller number of shares, then in each such case the amount to which holders of shares of Series A Junior Preferred Stock were entitled immediately prior to such event pursuant to clause (b) of the preceding sentence shall be adjusted by multiplying such amount by a fraction the numerator of which is the number of shares of Common Stock outstanding immediately after such event and the denominator of which is the number of shares of Common Stock that were outstanding immediately prior to such event.

(B) In the event, however, that there are not sufficient assets available to permit payment in full of

Edgar Filing: USX CORP - Form 8-K

the Series A Liquidation Preference and the liquidation preferences of all other series of preferred stock, if any, which rank on a parity with the Series A Junior Preferred Stock, then such remaining assets shall be distributed ratably to the holders of such parity shares in proportion to their respective liquidation preferences.

Section 7. Consolidation, Merger, etc. In case the Corporation shall enter into any consolidation, merger, combination or other transaction in which the shares of Common Stock are exchanged for or changed into other stock or securities, cash and/or any other property, then in any such case the shares of Series A Junior Preferred Stock shall at the same time be similarly exchanged or changed in an amount per share (subject to the provision for adjustment hereinafter set forth) equal to 100 times the aggregate amount of stock, securities, cash and/or any other property (payable in kind), as the case may be, into which or for which each share of Common Stock is changed or exchanged. In the event the Corporation shall at any time after the Rights Declaration Date (i) declare any dividend on Common Stock payable in shares of Common Stock, (ii) subdivide the outstanding Common Stock, or (iii) combine the outstanding Common Stock into a smaller number of shares, then in each such case the amount set forth in the preceding sentence with respect to the exchange or change of shares of Series A Junior Preferred Stock shall be adjusted by multiplying such amount by a fraction the numerator of which is the number of shares of Common Stock outstanding immediately after such event and the denominator of which is the number of shares of Common Stock that were outstanding immediately prior to such event.

Section 8. Optional Redemption.

(A) The Corporation shall have the option to redeem the whole or any part of the Series A Junior Preferred Stock at any time on at least 30 days notice in accordance with the provisions of paragraph (B) of this Section 8 at a redemption price equal to, subject to the provision for adjustment hereinafter set forth, 100 times the "current per share market price" of the Common Stock on the date of the mailing of the notice of redemption, together with unpaid accumulated dividends to the date of such redemption. In the event the Corporation shall at any time after October 10, 1989 (i) declare any dividend on Common Stock payable in shares of Common Stock, (ii) subdivide the outstanding Common Stock or (iii) combine the outstanding Common Stock into a smaller number of shares, then in each such case the amount to which holders of shares of Series A Junior Preferred Stock were otherwise entitled immediately prior to such event under the preceding sentence shall be adjusted by multiplying such amount by a fraction the numerator of which is the number of shares of Common Stock outstanding immediately after such event and the denominator of which is the number of shares of Common Stock that were outstanding immediately prior to such event. The "current per share market price" on any date shall be deemed to be the average of the closing price per share of such Common Stock for the 10 consecutive Trading Days (as such term is hereinafter defined) immediately prior to such date. The closing price for each day shall be the last sale

Edgar Filing: USX CORP - Form 8-K

price, regular way, or, in case no such sale takes place on such day, the average of the closing bid and asked prices regular way, in either case as reported in the principal consolidated transaction reporting system with respect to securities listed or admitted to trading on the New York Stock Exchange or, if the Common Stock is not listed or admitted to trading on the New York Stock Exchange, as reported in the principal consolidated transaction reporting system with respect to securities listed or admitted to trading on the principal national securities exchange on which the Common Stock is listed or admitted to trading or, if the Common Stock is not listed or admitted to trading on any national securities exchange, the last quoted price or, if not so quoted the average of the high bid and low asked prices in the over-the-counter market, as reported by the National Association of Securities Dealers, Inc. Automated Quotations System ("NASDAQ") or such other system then in use or, if on any such date the Common Stock is not quoted by any such organization, the average of the closing bid and asked prices as furnished by a professional market maker making a market in the Common Stock selected by the Corporation. If on such date no such market maker is making a market in the Common Stock, the fair value of the Common Stock on such date as determined in good faith by the Board of Directors of the Corporation shall be used. The term "Trading Day" shall mean a day on which the principal national securities exchange on which the Common Stock is listed or admitted to trading is open for the transaction of business or, if the Common Stock is not listed or admitted to trading on any national securities exchange, a Monday, Tuesday, Wednesday, Thursday or Friday on which banking institutions in the State of New York are not authorized or obligated by law or executive order to close.

(B) Whenever shares of Series A Junior Preferred Stock are to be redeemed, the Corporation shall mail a notice ("Notice of Redemption") by first-class mail, postage prepaid, to each holder of record of shares of Series A Junior Preferred Stock to be redeemed and to the transfer agent for the Series A Junior Preferred Stock. The Notice of Redemption shall be addressed to the holder at the address of the holder appearing on the stock transfer books of the Corporation maintained by the transfer agent for the Series A Junior Preferred Stock. The Notice of Redemption shall include a statement of (i) the redemption date, (ii) the redemption price, (iii) the number of shares of Series A Junior Preferred Stock to be redeemed, (iv) the place or places where shares of the Series A Junior Preferred Stock are to be surrendered for payment of the redemption price, (v) that the dividends on the shares to be redeemed will cease to accrue on such redemption date, and (vi) the provision under which redemption is made. No defect in the Notice of Redemption or in the mailing thereof shall affect the validity of the redemption proceedings, except as required by law. From the date on which a Notice of Redemption shall have been given as aforesaid and the Corporation shall have deposited with the transfer agent for the Series A Junior Preferred Stock a sum sufficient to redeem the shares of Series A Junior Preferred Stock as to which Notice of

Edgar Filing: USX CORP - Form 8-K

Redemption has been given, with irrevocable instructions and authority to pay the redemption price to the holders thereof, or if no such deposit is made, then upon such date fixed for redemption (unless the Corporation shall default in making payment of the redemption price), all rights of the holders thereof as stockholders of the Corporation by reason of the ownership of such shares (except their right to receive the redemption price thereof, but without interest), shall terminate including, but not limited to, their right to receive dividends, and such shares shall no longer be deemed outstanding. The Corporation shall be entitled to receive, from time to time, from the transfer agent for Series A Junior Preferred Stock the interest, if any, on such monies deposited with it and the holders of any shares so redeemed shall have no claim to any such interest. In case the holder of any shares so called for redemption shall not claim the redemption price for his shares within one year after the date of redemption, the transfer agent for the Series A Junior Preferred Stock shall, upon demand, pay over to the Corporation such amount remaining on deposit and the transfer agent for the Series A Junior Preferred Stock shall thereupon be relieved of all responsibility to the holders of such shares and such holder of the shares of the Series A Junior Preferred Stock so called for redemption shall look only to the Corporation for the payment thereof.

(C) In the event that fewer than all the outstanding shares of the Series A Junior Preferred Stock are to be redeemed, the number of shares to be redeemed shall be determined by the Board of Directors and the shares to be redeemed shall be determined by lot or pro rata as may be determined by the Board of Directors or by any other method as may be determined by the Board of Directors in its sole discretion to be equitable.

(D) If the Corporation shall be in default in the payment of any dividends (including cumulative dividends, if applicable) on any shares of Preferred Stock ranking, as to dividends, prior to the Series A Junior Preferred Stock, then no shares of the Series A Junior Preferred Stock shall be redeemed and the Corporation shall not purchase or otherwise acquire any shares of the Series A Junior Preferred Stock.

Section 9. Ranking.

(A) The Series A Junior Preferred Stock shall rank junior to all other series of the Corporation's Preferred Stock as to the payment of dividends and the distribution of assets upon liquidation, dissolution or winding up, unless the terms of any such series shall provide otherwise.

(B) For purposes of this resolution, any stock of any class or classes of the Corporation shall be deemed to rank:

(i) prior to the shares of the Series A Junior Preferred Stock, either as to dividends or upon liquidation, dissolution or winding up,

if the holders of such class or classes shall be entitled to the receipt of dividends or of amounts distributable upon dissolution, liquidation or winding up of the Corporation, whether voluntary or involuntary, as the case may be, in preference or priority to the holders of shares of the Series A Junior Preferred Stock. Each holder of any share of the Series A Junior Preferred Stock, by his acceptance thereof, expressly covenants and agrees that the rights of the holders of any shares of any other series of Preferred Stock of the Corporation to receive dividends or amounts distributable upon dissolution, liquidation or winding up of the Corporation, whether voluntary or involuntary, shall be and hereby are expressly prior to his rights unless in the case of any particular series of Preferred Stock the certificate or other instrument creating or evidencing the same expressly provides that the rights of the holders of such series shall not be prior to the shares of the Series A Junior Preferred Stock; and

(ii) on a parity with shares of the Series A Junior Preferred Stock, either as to dividends or upon liquidation, whether or not the dividend rates, dividend payment dates or redemption or liquidation prices per share or sinking fund provisions, if any, be different from those of the Series A Junior Preferred Stock, if the holders of such stock shall be entitled to the receipt of dividends or of amounts distributable upon dissolution, liquidation or winding up of the Corporation, whether voluntary or involuntary, as the case may be, in proportion to their respective dividend rates or liquidation prices, without preference or priority, one over the other, as between the holders of such stock and the holders of shares of the Series A Junior Preferred Stock; and

(iii) junior to shares of the Series A Junior Preferred Stock, either as to dividends or upon liquidation, if such class or classes shall be Common Stock or if the holders of shares of the Series A Junior Preferred Stock shall be entitled to receipt of dividends or of amounts distributable upon dissolution, liquidation or winding up of the Corporation, whether voluntary or involuntary, as the case may be, in preference or priority to the holders of shares of such class or classes.

Section 10. Amendment. Except as otherwise set forth in this Certificate of Designation, Preferences and Rights with respect to the Series A Junior Preferred Stock, holders of Series A Junior Preferred Stock shall not have any special powers and their consent shall not be required for taking any corporate action, provided, however, that:

Edgar Filing: USX CORP - Form 8-K

(A) Unless the vote or consent of the holders of a greater number of shares shall then be required by law, the consent of the holders of at least 66 2/3% of all of the shares of the Series A Junior Preferred Stock at the time outstanding, given in person or by proxy, either in writing or by a vote at a meeting called for the purpose at which the holders of shares of the Series A Junior Preferred Stock shall vote together as a separate class, shall be necessary for authorizing, effecting or validating the amendment, alteration or repeal of any of the provisions of the Certificate of Incorporation or of any certificate amendatory thereof or supplemental thereto (including any Certificate of Designation, Preferences and Rights or any similar document relating to any series of Preferred Stock) so as to affect adversely the powers, preferences, or rights, of this Series A Junior Preferred Stock. The increase of the authorized amount of the Preferred Stock, or the creation, authorization or issuance of any shares of any other class of stock of the Corporation ranking prior to or on a parity with the shares of the Series A Junior Preferred Stock as to dividends or upon liquidation, or the reclassification of any authorized or outstanding stock of the Corporation into any such prior or parity shares, or the creation, authorization or issuance of any obligation or security convertible into or evidencing the right to purchase any such prior or parity shares shall not be deemed to affect adversely the powers, preferences or rights of the Series A Junior Preferred Stock.

Section 11. Fractional Shares. Series A Junior Preferred Stock may be issued in fractions of a share which shall entitle the holder, in proportion to such holder's fractional shares, to exercise voting rights, receive dividends, participate in distributions and to have the benefit of all other rights of holders of Series A Junior Preferred Stock.

FIFTH: The existence of the Corporation is to be perpetual.

SIXTH: The private property of the stockholders shall not be subject to the payment of corporate debts to any extent whatever.

SEVENTH: The number of directors of the Corporation shall be fixed from time to time by, or in the manner provided in, its by-laws and may be increased or decreased as therein provided; but the number thereof shall not be less than three.

The directors of the Corporation shall be divided into three classes: Class I, Class II and Class III. Each class shall consist, as nearly as may be possible, of one-third of the whole number of the Board of Directors. In the election of directors at the 2002 annual meeting of the stockholders, the Class I directors shall be elected to hold office for a term to expire at the first annual meeting of the stockholders thereafter; the Class II directors shall be elected to hold office for a term to expire at the second annual meeting of the stockholders thereafter; and the Class III directors shall be elected to hold office for a term to expire at the third annual meeting of the stockholders thereafter, and in the case of each class, until their respective successors are duly elected and qualified. At each annual election held after the 2002 annual meeting of the stockholders the directors elected to succeed those whose terms expire shall be identified as being of the same class as the directors they succeed and shall be elected to hold office for a term to expire at the

Edgar Filing: USX CORP - Form 8-K

third annual meeting of the stockholders after their election, and until their respective successors are duly elected and qualified. If the number of directors is changed, any increase or decrease in directors shall be apportioned among the classes so as to maintain all classes as equal in number as possible, and any additional director elected to any class shall hold office for a term which shall coincide with the terms of the other directors in such class and until his successor is duly elected and qualified.

In the case of any increase in the number of directors of the Corporation, the additional director or directors shall be elected by the Board of Directors.

In the case of any vacancy in the Board of Directors from death, resignation, disqualification or other cause, a successor to hold office for the unexpired portion of the term of the director whose place shall be vacant, and until the election of his successor, shall be elected by a majority of the Board of Directors then in office, though less than a quorum.

Directors of the Corporation may be removed only for cause.

EIGHTH: The Board of Directors shall have power to adopt, amend and repeal the by-laws at any regular or special meeting of the Board of Directors, provided that notice of intention to adopt, amend or repeal the by-laws in whole or in part shall have been included in the notice of meeting; or, without any such notice, by a vote of two-thirds of the directors then in office.

Stockholders may adopt, amend and repeal the by-laws at any regular or special meeting of the stockholders by an affirmative vote of two-thirds of the shares outstanding and entitled to vote thereon, provided that notice of intention to adopt, amend or repeal the by-laws in whole or in part shall have been included in the notice of the meeting.

Any action required to be taken at any annual or special meeting of the stockholders of the Corporation, or any action which may be taken at any annual or special meeting of the stockholders or otherwise, may not be taken without a meeting, prior notice and a vote, and stockholders may not act by written consent.

NINTH: The Board of Directors from time to time shall determine whether and to what extent, and at what times and places, and under what conditions and regulations, the accounts and books of the Corporation, or any of them, shall be open to the inspection of the stockholders, and no stockholder shall have any right to inspect any account or book or document of the Corporation, except as conferred by law or authorized by the Board of Directors, or by the stockholders.

TENTH: The directors may from time to time declare such dividends as they shall deem advisable and proper, subject to the provisions of Article Fourth and to such restrictions as may be imposed by law, and pay the same to the stockholders at such times as they shall fix.

The Board of Directors shall have power to issue bonds, debentures, or other obligations, either non-convertible or convertible into the Corporation's stock, subject to the provisions of Article Fourth and upon such terms, in such manner and under such conditions in conformity with law, as may be fixed by the Board of Directors prior to the issue of such bonds, debentures or other obligations.

ELEVENTH: No director shall be personally liable to the

Edgar Filing: USX CORP - Form 8-K

Corporation or its stockholders for monetary damages for any breach of fiduciary duty by such director as a director, except (i) for breach of the director's duty of loyalty to the Corporation or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) pursuant to Section 174 of the Delaware General Corporation Law, or (iv) for any transaction from which the director derived an improper personal benefit. No amendment to or repeal of this Article Eleventh shall apply to or have any effect on the liability or alleged liability of any director of the Corporation for or with respect to any acts or omissions of such director occurring prior to such amendment or repeal.

TWELFTH: The powers and authorities hereinbefore conferred upon the Board of Directors are in furtherance and not in limitation of those conferred by the laws of the State of Delaware.

THIRTEENTH: The Corporation reserves the right at any time and from time to time to amend, alter, change or repeal any provision contained in this Certificate of Incorporation in the manner now or hereafter prescribed by law, and all rights preferences and privileges of whatsoever nature conferred upon stockholders, directors or any other persons whomsoever by and pursuant to this Certificate of Incorporation in its present form or as hereafter amended are granted subject to the rights reserved in this Article.

The USX Tax Allocation and Settlement Policy effective as of 1991 and as amended and restated as of August 26, 1997 (including any amendments thereto) shall be or shall have been terminated as of the Distribution Date. On and after the Distribution Date, United States Steel and Marathon and their respective affiliates (including direct or indirect corporate subsidiaries, controlled partnerships, and controlled limited liability companies) shall have no rights or liabilities (including, without limitation, any rights and liabilities that may have accrued prior to the Distribution Date) under such terminated agreements and arrangements, and this Agreement shall be the sole tax sharing or tax allocation agreement among such corporations.

Nothing in this Agreement shall be interpreted to create any rights or liabilities (i) among members of the Marathon Tax Group, (ii) among members of the United States Steel Tax Group, (iii) between the Marathon Tax Group and any USX Shareholder, Marathon shareholder or United States Steel shareholder, or (iv) between the United States Steel Tax Group and any USX Shareholder, Marathon shareholder or United States Steel shareholder.

SECTION 2.03. Good Faith.

All parties shall act in good faith with respect to all aspects of this Agreement.

ARTICLE III

ADMINISTRATIVE AND COMPLIANCE MATTERS

SECTION 3.01. Designation Of Agent.

(a) Except with respect to Tax Returns described in Sections 3.02(a) (iii) and 3.02(a) (iv) of this Agreement, United States Steel hereby irrevocably authorizes and designates, and agrees to cause each member of the United States Steel Tax Group to so authorize and designate, Marathon as its sole and exclusive agent and attorney-in-fact to take such action (including execution of documents) as Marathon, in its sole discretion, may deem appropriate in any and all matters relating to Taxes (including Tax Proceedings) for taxable years or portions thereof in which United States

Edgar Filing: USX CORP - Form 8-K

Steel and its affiliates were members of the USX Consolidated Group. In exercising its authority under this Section 3.01, Marathon shall act in good faith and in a reasonable manner consistent with the principles of this Agreement.

(b) Marathon may, in its sole and absolute discretion, delegate at any time all or a portion of its authority, rights, or obligations under this Agreement to any corporation(s) or any person(s) (including, without limitation, United States Steel). Such delegation may be revoked by Marathon in its sole and absolute discretion.

SECTION 3.02. USX Consolidated Group Tax Returns and Elections.

(a) Original Tax Returns.

(i) Marathon shall prepare and file the Consolidated Federal Tax Returns and Combined State Tax Returns of the USX Consolidated Group for all Pre-Distribution Periods with the assistance of the members of the United States Steel Tax Group; provided that, all such Tax Returns shall be (1) prepared in a manner that is consistent with the most recent prior Tax Return of the USX Consolidated Group that includes the relevant position or is supported by a written opinion of outside tax counsel or nationally recognized accounting firm indicating that the position is more likely than not to prevail if litigated, unless the parties otherwise agree in writing; (2) prepared in a manner that is consistent with Article 6 of this Agreement and any Ruling, Supplemental Ruling, Ruling Documents, or Supplemental Ruling Documents; and (3) filed on a timely basis (taking into account applicable extensions); and further provided that, Marathon shall prepare any Tax Return that includes Combined State Taxes on a separate return basis or combined return basis, as the case may be, consistent with the manner in which such return was filed for the immediately preceding period.

(A) Marathon shall consult with United States Steel, and United States Steel shall assist Marathon, in preparing the portions of any such Tax Returns relating directly to any Tax Items generated solely by, or allocated solely to, the United States Steel Stock Group. Notwithstanding the obligation to consult with United States Steel, but subject to United States Steel's rights pursuant to Section 3.02(a)(i)(C) of this Agreement and subject to Section 3.02(c) of this Agreement, Marathon shall have the exclusive right to determine how the Tax Returns shall be prepared and filed, including, without limitation, the positions taken with respect to any Tax Item reported thereon, and how any elections shall be made thereon.

(B) Marathon shall provide drafts of all Tax Returns of the USX Consolidated Group to United States Steel, in the case of Federal income tax no later than 30 Calendar Days prior to the due date for filing such Tax Return (including all applicable extensions), and in the case of State Income Tax and all other Taxes no later than 15 Calendar Days prior to the due date for filing such Tax Returns (including all applicable extensions).

(C) If United States Steel requests that Marathon take a position relating to any Tax Item generated solely by, or allocated solely to, the United States Steel Stock Group (including a position with respect to the combined or separate status of a State Tax Return) that is (1) consistent with the most recent prior Tax Return of the USX Consolidated Group that includes the relevant position and (2) otherwise meets the requirements of Section 3.02(a)(i) of this Agreement, then Marathon shall reflect such position on the Tax Return. If United States Steel requests that Marathon take a position relating to any Tax

Edgar Filing: USX CORP - Form 8-K

Item generated solely by, or allocated solely to, the United States Steel Stock Group that is (1) supported by a written opinion of outside tax counsel or a nationally recognized accounting firm that the position is more likely than not to prevail in litigation (but does not meet the consistency requirements of the immediately preceding sentence) and (2) otherwise meets the requirements of Section 3.02(a)(i) of this Agreement, then Marathon may decline to take such position on the Tax Return; provided that, Marathon shall make to United States Steel a Buy-out Payment pursuant to Section 3.06 of this Agreement.

(ii) Marathon and the members of the Marathon Tax Group shall be solely responsible for the preparation and filing of (A) their respective Separate State Tax Returns for all taxable years, and (B) Tax Returns for the Marathon Tax Group for taxable years that begin after the Distribution Date.

(iii) United States Steel and the members of the United States Steel Tax Group shall be solely responsible for the preparation and filing of (A) their respective Separate State Tax Returns for all taxable years, and (B) Tax Returns for the United States Steel Tax Group for taxable years that begin after the Distribution Date.

(iv) All foreign Tax Returns shall be filed by the legal entities which had responsibility for filing such Tax Returns, regardless of whether such entities are members of the United States Steel Tax Group or the Marathon Tax Group after the Distribution.

(v) Without limiting the generality of Sections 8.01 and 8.02 of this Agreement, Marathon shall provide United States Steel, and United States Steel shall provide Marathon, with any information relevant or required for the preparation of the Tax Returns described in this Section 3.02. No later than June 30, 2002, Marathon shall provide United States Steel with a list of all Consolidated Federal Tax Returns and Combined State Tax Returns that Marathon will file pursuant to Section 3.02(a) of this Agreement.

(b) Amended Tax Returns, Claims for Refunds, and Tentative Carryback Adjustments.

(i) Marathon shall prepare and file any amended Tax Return, claim for refund, or tentative carryback adjustment (including an IRS Form 1139 arising as a result of an election made pursuant to Section 3.02(c)(ii) of this Agreement involving a Tax Item of the United States Steel Tax Group arising in a Post-Distribution Period) affecting a Tax Item included, or to be included, on any Consolidated Federal Tax Return or Combined State Tax Return of the USX Consolidated Group; provided that, all such amended Tax Returns, claims for refund, or tentative carryback adjustment shall (A) be prepared in a manner that is consistent with Article 6 of this Agreement and any Ruling, Supplemental Ruling, Ruling Documents, or Supplemental Ruling Documents, (B) meet the requirements of Section 3.02(c) of this Agreement, and (C) be filed on a timely basis (taking into account applicable extensions).

(ii) Marathon shall provide to United States Steel for its review any amended Tax Return, claim for refund, or tentative carryback adjustment of the USX Consolidated Group no later than 30 Calendar Days prior to its filing. Within 25 Calendar Days of receiving from Marathon such amended Tax Return, claim for refund, or tentative carryback adjustment, United States Steel shall have the right to request that Marathon not take any position proposed to be taken on such amended Tax Return, claim for refund, or tentative carryback adjustment relating to any Tax Item generated by (in whole or in part), or allocated to (in whole or

Edgar Filing: USX CORP - Form 8-K

in part), the Marathon Stock Group, and Marathon shall not take such position on an amended Tax Return, claim for refund, or tentative carryback; provided that, United States Steel shall make to Marathon a Buy-out Payment pursuant to Section 3.06 of this Agreement.

(iii) United States Steel shall have the right to request that Marathon file an amended Tax Return, claim for refund, or tentative carryback adjustment relating to any Tax Item generated solely by, or allocated solely to, the United States Steel Stock Group; provided that, all such amended Tax Returns, claims for refund, or tentative carryback adjustments shall satisfy the requirements of Section 3.02(b)(i) of this Agreement. United States Steel shall submit such portion of the amended Tax Return, claim for refund, or tentative carryback adjustment to Marathon no later than 30 Calendar Days prior to the due date for filing such amended Tax Returns, claims for refund, or tentative carryback adjustments and Marathon shall either (A) file such amended Tax Return, claim for refund, or tentative carryback adjustment within 25 Calendar Days of receiving it from United States Steel or (B) exercise its buy-out right provided in the next sentence. Marathon may, in its sole and absolute discretion, decline to take any position proposed to be taken on such amended Tax Return, claim for refund, or tentative carryback adjustment relating to any Tax Item generated solely by, or allocated solely to, the United States Steel Stock Group; provided that, if such position otherwise satisfies the requirements of this Section 3.02(b)(iii), then Marathon shall make to United States Steel a Buy-out Payment pursuant to Section 3.06 of this Agreement.

(c) Elections.

(i) Consistency. Any election that affects the Tax Items of both the Marathon Stock Group and the United States Steel Stock Group shall be made consistent with the most recently filed original Tax Return, unless the parties otherwise agree or the party seeking to make the inconsistent election makes a Buy-out Payment to the other party pursuant to Section 3.06 (for purposes of applying section 3.06, any such election shall be treated as a position with respect to all affected Tax Items).

(ii) Carryback of Post-Distribution Period United States Steel Losses and Credits. Subject to the standards for filing Tax Returns of the USX Consolidated Group set forth in Sections 3.02(a) and 3.02(b) of this Agreement, United States Steel may elect to carry back any Post-Distribution Period losses or credits of the United States Steel Tax Group that may be carried back to a Tax Return of the USX Consolidated Group under any pertinent section of the Treasury Regulations, and Marathon shall take any such election into account in preparing the relevant Tax Returns, including amended Tax Returns if necessary, of the USX Consolidated Group.

(iii) Marathon may, at its option, elect, and the United States Steel Tax Group shall join it in electing (if necessary), to ratably allocate Tax Items (other than extraordinary Tax Items) of the United States Steel Stock Group in accordance with the relevant provisions of Treasury Regulations Section 1.1502-76. If Marathon makes such an election, the members of the United States Steel Tax Group shall provide to Marathon such statements as are required under the Treasury Regulations and other appropriate assistance.

(iv) Marathon shall elect, and the United States Steel Tax Group shall join it in electing (if necessary), to reattribute any net operating loss or capital loss carryover of a member of the United States Steel Stock Group to USX in accordance with the relevant provisions of Treasury Regulations Section 1.1502-20(g). The members of the United States Steel Tax Group shall provide to Marathon such statements as are required

Edgar Filing: USX CORP - Form 8-K

under the Treasury Regulations and other appropriate assistance.

SECTION 3.03. USX Consolidated Group Tax Proceedings.

(a) Control Over Tax Proceedings.

Subject to the limitations set forth below in this Section 3.03, Marathon shall have the exclusive right to control, contest, and represent the interests of United States Steel and each member of the United States Steel Tax Group in any Tax Proceeding relating to any Tax Item included on a Consolidated Federal Tax Return or Combined State Tax Return for all Pre-Distribution Periods, including the right to resolve, settle, or agree to any deficiency, claim or adjustment proposed, asserted, or assessed, in connection with or as a result of any such Tax Proceeding, and including the right to execute waivers, choose the forum for contests, schedule conferences, and resolve or settle any Tax Item.

(b) United States Steel Participation Rights.

Marathon shall consult with United States Steel, and United States Steel shall have the right (i) to represent the interests of itself and each member of the United States Steel Tax Group, in any Tax Proceeding relating to any Tax Item generated solely by, or allocated solely to, the United States Steel Stock Group, and (ii) to contest, resolve, settle, or agree to any deficiency, claim, or adjustment proposed, asserted, or assessed in connection with or as a result of such Tax Proceeding; provided that, the entering into of any such resolution, settlement, or agreement or any decision in connection with (including the entering into of) any judicial or administrative proceeding relating to Taxes shall be subject to the review and approval of Marathon which approval shall not be unreasonably withheld. Notwithstanding the preceding sentence, Marathon shall have the exclusive right to represent the interests of United States Steel and each member of the United States Steel Tax Group in any Tax Proceeding with respect to any Tax Items that are allocated to both the Marathon Stock Group and the United States Steel Stock Group; provided that, Marathon shall exercise this authority under this Section 3.03(b) without discriminating against United States Steel or any member of the United States Steel Tax Group unless Marathon makes to United States Steel a Buy-out Payment pursuant to Section 3.06 of this Agreement.

(c) Marathon Buy-Out Right.

Notwithstanding Section 3.03(b) of this Agreement, Marathon shall have the right to concede, resolve, or settle any Tax Proceeding relating to any Tax Item generated by (in whole or in part), or allocated to (in whole or in part), the United States Steel Stock Group without the consent of United States Steel or any member of the United States Steel Tax Group; provided that, Marathon shall make to United States Steel a Buy-out Payment pursuant to Section 3.06 of this Agreement.

(d) United States Steel Buy-Out Right.

Notwithstanding Section 3.03(a) of this Agreement, United States Steel shall have the right to request that Marathon concede, resolve, or settle any Tax Proceeding relating to any Tax Item generated by (in whole or in part), or allocated to (in whole or in part), the Marathon Stock Group, and Marathon shall be required to so concede, resolve, or settle such Tax Proceeding; provided that, United States Steel shall make to Marathon a Buy-out Payment pursuant to Section 3.06 of this Agreement.

(e) Alternative Method for Administrative Resolution of Tax Proceedings.

Edgar Filing: USX CORP - Form 8-K

Notwithstanding Sections 3.03(a), 3.03(b), 3.03(c), and 3.03(d) of this Agreement, Marathon and United States Steel may mutually agree to resolve with the relevant Tax Authority any proposed adjustments to a Tax Return of the USX Consolidated Group in any manner mutually agreed to by Marathon and United States Steel (including settling any Tax Proceeding on a basis that benefits one Group to the detriment of the other), and may take any action consistent with this Agreement to facilitate such settlement (including payment from one Group to the other).

(f) Judicial Resolution of Tax Proceedings.

In the event that any proposed adjustments to Tax Items of the USX Consolidated Group are not resolved administratively and a judicial resolution is necessary, Marathon and United States Steel shall consult regarding the choice of litigation forum and may agree to choose any available forum, which, as of the date of this Agreement, are the United States Tax Court, the United States Court of Federal Claims, the United States district court with jurisdiction over the relevant Federal Tax Return, or a state court with jurisdiction over the relevant State Tax Return. If Marathon and United States Steel agree that the jurisdiction of a refund forum should be obtained, United States Steel shall make any payments required pursuant to Section 5.02(d) of this Agreement. If Marathon and United States Steel are unable to reach agreement as to the choice of litigation forum for any Federal tax matter, the United States Tax Court shall be selected as the litigation forum.

SECTION 3.04. Notices from Tax Authorities.

(a) If any member of the Marathon Tax Group receives written notice of, or relating to, a Tax Proceeding from a Tax Authority that asserts, proposes or recommends a deficiency, claim, or adjustment that, if sustained, would result in the redetermination of a Tax Item of a member of the United States Steel Stock Group, Marathon shall promptly provide a copy of such notice to United States Steel (but in no event later than ten Calendar Days following the receipt of such notice). If any member of the United States Steel Tax Group receives written notice of, or relating to, a Tax Proceeding from a Tax Authority that asserts, proposes or recommends a deficiency, claim, or adjustment that, if sustained, would result in the redetermination of a Tax Item of a member of the Marathon Stock Group, United States Steel shall promptly provide a copy of such notice to Marathon (but in no event later than ten Calendar Days following the receipt of such notice).

(b) Without limiting the generality of Section 12.04(b) of this Agreement, the failure of Marathon or United States Steel to promptly notify the other of any matter relating to a particular Tax for a taxable period shall not relieve the other party of any liability and/or obligation which it may have under this Agreement with respect to such Tax for such taxable period except to the extent that such other party's rights hereunder are materially prejudiced by such failure. The remedy for such failure shall be determined pursuant to Section 12.05 of this Agreement.

SECTION 3.05. Supplemental Rulings.

(a) Marathon shall have the right to obtain a Supplemental Ruling in its sole and exclusive discretion. If Marathon decides to obtain a Supplemental Ruling, United States Steel shall cooperate with Marathon and take any and all actions reasonably requested by Marathon in connection with obtaining the Supplemental Ruling (including, without limitation, by making any representation or covenant or providing any materials or information requested by any Tax Authority; provided that, United States

Edgar Filing: USX CORP - Form 8-K

Steel shall not be required to make any representation or covenant that is inconsistent with facts or as to future matters or events over which it has no control). In connection with obtaining a Supplemental Ruling (i) Marathon shall cooperate with and keep United States Steel informed in a timely manner of all material actions taken or proposed to be taken by Marathon in connection therewith; (ii) Marathon shall (A) reasonably in advance of the submission of any Supplemental Ruling Documents, provide United States Steel with a draft copy thereof; (B) reasonably consider United States Steel's comments on such draft copy; and (C) provide United States Steel with a final copy of all Supplemental Ruling Documents; and (iii) Marathon shall provide United States Steel with notice reasonably in advance of, and United States Steel shall have the right to attend, any formally scheduled meetings with any Tax Authority (subject to the approval of the Tax Authority) that relate to such Supplemental Ruling. Further, Marathon shall provide United States Steel with 30 Calendar Days to review such Supplemental Ruling under this Section 3.05(a) and shall not file such request prior to the expiration of 30 Calendar Days unless United States Steel agrees to such early filing in writing. Marathon shall bear all costs and expenses incurred in obtaining such Supplemental Ruling and shall reimburse United States Steel for all reasonable costs and expenses of outside third parties incurred by United States Steel in connection with obtaining a Supplemental Ruling requested by Marathon.

(b) United States Steel hereby agrees that Marathon shall have, subject to Section 3.05(a) of this Agreement, sole and exclusive control over the process of obtaining a Supplemental Ruling and that only Marathon shall apply for a Supplemental Ruling. United States Steel further agrees that it shall not seek any guidance from the IRS or any other Tax Authority concerning the Distribution, except as set forth in Section 3.05(c) of this Agreement.

(c) Marathon agrees that at the reasonable request of United States Steel, Marathon shall cooperate with United States Steel and use its reasonable efforts to seek to obtain, as expeditiously as possible, a Supplemental Ruling or other guidance from the IRS or any other Tax Authority for the purpose of confirming (i) the Ruling or any Supplemental Ruling issued previously and (ii) compliance on the part of United States Steel or any member of the United States Steel Tax Group with its obligations under this Agreement. United States Steel shall reimburse Marathon for all reasonable costs and expenses incurred by Marathon in connection with obtaining a Supplemental Ruling requested by United States Steel.

SECTION 3.06. Buy-out Payments.

(a) In General. Any payment made pursuant to this Section 3.06 (a "Buy-out Payment") shall be determined as follows.

(b) Buy-out Payments by Marathon.

(i) Amount of Buy-out Payment.

The amount of a Buy-out Payment shall be determined by the parties. If the parties are unable to agree on the amount of a Buy-out Payment within 30 Calendar Days from the time that the position which Marathon declines to take is proposed by United States Steel, and United States Steel does not withdraw its request and Marathon does not agree to take the position proposed (and the time available for taking such position has not expired), then the amount shall be determined pursuant to Dispute Resolution as provided in Section 11.01 of this Agreement in accordance with the following principles:

Edgar Filing: USX CORP - Form 8-K

(A) The amount shall reflect the extent to which each party has acted in good faith with respect to the position proposed by United States Steel; and

(B) The amount shall reflect the total benefit that would have been realized for all relevant taxable years by United States Steel had the position proposed by it been taken, including changes to the Separate Return Liability of United States Steel, payments from and to Marathon pursuant to Section 5.03 of this Agreement, Federal Tax interest savings and costs which would have been allocated to United States Steel, and the likelihood that any such benefits projected to be realized in future years in fact would have been received; and

(C) The amount shall reflect the relative likelihood that the position proposed by United States Steel would have prevailed in litigation; and

(D) The amount shall reflect the time when the benefits would have been realized by United States Steel giving due regard to whether the position would have been taken on an original return or at some other time.

Upon a determination that a party has not acted in good faith, the amount may be reduced (but not below zero (\$0)) and/or costs may be awarded as appropriate.

(ii) When Buy-out Payments are to be Made.

Unless the parties otherwise agree, a Buy-out Payment shall be made within 30 Calendar Days of the time when United States Steel would have received the relevant benefit if Marathon had agreed to pursue the position proposed by United States Steel. If the amount of a Buy-out Payment is determined pursuant to Dispute Resolution, Marathon shall make such Buy-out Payment no later than 30 Calendar Days following the conclusion of such Dispute Resolution, and if such payment date occurs prior to, or subsequent to, the date on which United States Steel would have realized the benefit from the proposed position, then the amount of the Buy-out Payment shall reflect interest from the time such benefit would have been realized until the actual payment date.

(iii) Tax Item Deemed Transferred.

If Marathon makes a Buy-out Payment with respect to a Tax Item generated by, or allocated to, the United States Steel Stock Group, such Tax Item thereafter shall be treated as a Tax Item allocated to the Marathon Stock Group for all purposes of this Agreement in all relevant taxable periods.

(c) Buy-out Payments By United States Steel.

The provisions of Section 3.06(b) of this Agreement shall be applied with respect to any Buy-out Payment by United States Steel by substituting "United States Steel" for "Marathon" each place that it appears and by substituting "Marathon" for "United States Steel" each place that it appears.

ARTICLE IV

DETERMINATION OF EACH GROUP'S SHARE OF THE USX CONSOLIDATED GROUP'S TAX LIABILITY AND TAX ATTRIBUTES

SECTION 4.01. General.

Edgar Filing: USX CORP - Form 8-K

(a) While the provisions of this Article 4 are intended to reflect the principles of the USX Tax Allocation and Settlement Policy effective as of 1991 and as amended and restated as of August 26, 1997, that policy shall have been revoked in its entirety as provided in Section 2.01 of this Agreement and the provisions of this Article 4 shall control. The principles of this Article 4 shall be applied in all relevant years as if there were two Groups, the Marathon Stock Group and the United States Steel Stock Group, and all Tax Items of the Delhi Stock Group shall be allocated to the Marathon Stock Group and the United States Steel Stock Group as provided in Section 4.02(a)(i)(E) of this Agreement. The determination under this Article 4 of a Group's allocable share of the tax liability of the USX Consolidated Group shall be made for the year to which the adjustment relates rather than for the current year.

(b) The entire determination required under this Article 4 shall be made whenever it is necessary to determine each Group's share of any tax liability of the USX Consolidated Group for any Pre-Distribution Period.

(c) Given the uncertain effects of various Tax Items on the total liability of the USX Consolidated Group, it is understood that a certain amount of judgment will be necessary to apply this Article 4 and that both Marathon and United States Steel will act reasonably and in good faith when applying the principles of this Article 4.

SECTION 4.02. Determination of Each Group's Allocable Share of the Federal Tax Liability of the USX Consolidated Group and Resulting Tax Attributes.

If the USX Consolidated Group is a regular taxpayer in the relevant period, each Group's share of the regular Federal income tax liability of the USX Consolidated Group and resulting Tax Attributes shall be determined under Section 4.02(a) of this Agreement; if the USX Consolidated Group is an alternative minimum taxpayer in the relevant period, each Group's share of the alternative minimum tax liability of the USX Consolidated Group and resulting Tax Attributes shall be determined under Section 4.02(b) of this Agreement.

(a) Determination of Groups' Allocable Share if the USX Consolidated Group is a Regular Taxpayer in the Relevant Period.

Each Group's allocable share of the regular Federal income tax liability of the USX Consolidated Group ("Total USX Liability") shall be determined by calculating the Group's Separate Return Liability pursuant to Section 4.02(a)(i) and then adjusting for the effects of the Consolidated Federal Tax Return of the USX Consolidated Group pursuant to Section 4.02(a)(ii). Each Group's share of the resulting Tax Attributes shall be determined by application of Section 4.02(a)(iii).

(i) Groups' Separate Return Liability.

The Federal regular income tax liability of the United States Steel Stock Group and the Marathon Stock Group (the "Separate Return Liability") shall be determined as if each Group were filing its own separate consolidated return (the "Separate Return Basis"). Without limiting the generality of the foregoing statement, the following special rules shall apply:

(A) For purposes of determining the Separate Return Liability of each Group, the taxable income or loss of each Group shall be the income or loss of each Group for financial statement purposes adjusted as shown on an IRS Form Schedule M associated with such Group. Any

Edgar Filing: USX CORP - Form 8-K

item of income or expense that is allocated between the Groups for financial statement purposes shall be allocated in a manner consistent with such financial statements in order to compute taxable income or loss on a Separate Return Basis.

(B) Dividend Income. For purposes of determining the Separate Return Liability of each Group, the tax treatment of any dividend income received by a Group shall be consistent with the actual tax consequences in the Tax Returns of the USX Consolidated Group.

(C) Tax Elections. All tax elections, which must be made on a consolidated return basis, shall conform to those elected by the USX Consolidated Group.

(D) Income Taxes relating to Holding Company Reorganization and Distribution.

(1) In the event that the USX Consolidated Group recognizes gain or other income as a result of the Holding Company Reorganization or Distribution being taxable due to the breach of a covenant or representation in Article 6 of this Agreement by a member of the United States Steel Tax Group or an acquisition of United States Steel that violates Section 355(e) of the Code, the United States Steel Stock Group shall be allocated such gain or other income. No portion of such gain or other income shall be allocated to the Marathon Stock Group.

(2) In the event that the USX Consolidated Group recognizes gain or other income as a result of the Holding Company Reorganization or Distribution being taxable due to the breach of a covenant or representation in Article 6 of this Agreement by a member of the Marathon Tax Group or an acquisition of Marathon that violates Section 355(e) of the Code, the Marathon Stock Group shall be allocated such gain or other income. No portion of such gain or other income shall be allocated to the United States Steel Stock Group.

(3) In the event that the USX Consolidated Group recognizes gain or other income as a result of the Holding Company Reorganization or Distribution being taxable due to an acquisition that violates Section 355(e) of the Code, and both United States Steel and Marathon have been acquired in transactions that are presumed to violate Section 355(e) of the Code (e.g., transactions that involve acquisitions by a third party of 50 percent or more of the stock of the relevant corporation), then such gain or other income shall be allocated to the Group whose acquisition occurred first in time (based on closing date). In the event that the USX Consolidated Group recognizes gain or other income as a result of the Holding Company Reorganization or Distribution being taxable under any other provision of the Code due to the breach of a covenant or representation in Article 6 of this Agreement, and both United States Steel and Marathon have breached a covenant or representation in Article 6 of this Agreement, then such gain or other income shall be allocated to the Group whose action causing such breach occurred first in time. No portion of such gain or other income shall be allocated to the other Group. Notwithstanding the foregoing, if the Distribution is characterized as other than a distribution of the stock of United States Steel and both United States Steel and Marathon (I) have been acquired in transactions that are presumed to violate Section 355(e) of the Code (e.g., transactions that involve acquisitions by a third party of 50 percent or more of the stock of the relevant corporation) or (II) have breached a covenant or representation in Article 6 of this Agreement, then any gain or other income recognized as a result of the Holding Company Reorganization or Distribution being taxable under any provision of the

Edgar Filing: USX CORP - Form 8-K

Code shall be allocated to the Group with respect to which such gain or other income is recognized.

(4) In the event that the USX Consolidated Group recognizes gain or other income as a result of the Holding Company Reorganization or Distribution being taxable, and no covenant or representation in Article 6 of this Agreement has been breached and neither United States Steel nor Marathon has been acquired in a transaction that is presumed to violate Section 355(e) of the Code, then any gain or other income shall be allocated to the Group with respect to which such gain or other income is recognized.

(E) Taxes Relating to Sale of Delhi Stock Group. In the event that the tax liability of the USX Consolidated Group is adjusted as a result of an adjustment to the taxable gain or loss on the sale of the Delhi Stock Group or as the result of adjustments to Tax Items allocated to entities within the Delhi Stock Group, the United States Steel Stock Group's share of such tax liability shall be 39%. The Marathon Stock Group's share shall be the remaining portion.

(F) Excess Loss Accounts and Deferred Intercompany Gains. Any tax liability resulting from the existence of any excess loss accounts or deferred intercompany gains immediately before the Distribution shall be allocated to the Group to which it relates and shall not be treated as a Tax relating to the Distribution under Section 4.02(a)(i)(D) of this Agreement. For purposes of this Agreement, an excess loss account shall relate to the Group which immediately before the Distribution owned the stock to which such excess loss account was attributable, and a deferred intercompany gain shall relate to the Group which immediately before the Distribution owned the entity whose gain was deferred.

(G) Offsets to Refund Claims. Any tax liability that otherwise would be precluded by the relevant statute of limitations which is applied as an offset to a refund claim shall be allocated to the Group whose Tax Items are included on such refund claim. In the event that a refund claim is filed which includes Tax Items of both Groups, any such offsets shall be allocated first to the Group whose Tax Items generated such offset and then to the other Group.

Example 1.

Assumptions. For the year at issue, the USX Consolidated Group files a claim for refund totaling \$10 million, of which \$8 million is attributable to Tax Items generated by, or allocated to, the United States Steel Stock Group and \$2 million is attributable to Tax Items generated by, or allocated to, the Marathon Stock Group. The Tax Authority has an offset in the amount of \$1 million, which is attributable entirely to Tax Items generated by, or allocated to, the Marathon Stock Group. The USX Consolidated Group receives a \$9 million refund.

Allocation. The offset is allocated to the Marathon Stock Group and reduces the portion of the refund allocated to Marathon to \$1 million. Of the \$9 million refund received by the USX Consolidated Group, \$8 million is allocated to the United States Steel Stock Group and \$1 million is allocated to the Marathon Stock Group.

Example 2.

Assumptions. For the year at issue, the USX

Edgar Filing: USX CORP - Form 8-K

Consolidated Group files a claim for refund totaling \$10 million, of which \$8 million is attributable to Tax Items generated by, or allocated to, the United States Steel Stock Group and \$2 million is attributable to Tax Items generated by, or allocated to, the Marathon Stock Group. The Tax Authority has offsets totaling \$4 million, which are attributable entirely to Tax Items generated by, or allocated to, the Marathon Stock Group. The USX Consolidated Group receives a \$6 million refund.

Allocation. The offset is allocated first to the Marathon Stock Group and reduces the portion of the refund allocated to Marathon to \$0. The offset is thereafter allocated to the United States Steel Stock Group, and reduces the refund allocated to the United States Steel Stock Group to \$6 million.

(H) Carryback of Post-Distribution United States Steel Losses and Credits. Any carryback of losses or credits of the United States Steel Tax Group to the Tax Returns of the USX Consolidated Group pursuant to an election described in Section 3.02(c)(ii) of this Agreement shall, for all purposes of this Agreement, be treated as a Tax Attribute of the United States Steel Stock Group.

(ii) Adjustments To Group's Separate Return Liability For Regular Tax Effects Of Consolidated Group.

The Separate Return Liability of each Group determined pursuant to Section 4.02(a)(i) of this Agreement shall be adjusted for the regular tax effects of the USX Consolidated Group as follows:

(A) The Total USX Liability shall be determined for regular tax purposes, taking into account the effects of any carryforward or carryback of Tax Attributes from prior or future years, including the effects of any carrybacks from a Tax Return for a Post-Distribution Period of the United States Steel Tax Group carried back pursuant to Section 4.02(a)(i)(H) of this Agreement.

(B) The Separate Return Liabilities of each Group determined pursuant to Section 4.02(a)(i) of this Agreement shall be combined (the "Combined Separate Return Liabilities"). The Combined Separate Return Liabilities shall be subtracted from the Total USX Liability to determine the aggregate net benefit or detriment of filing a Consolidated Federal Income Tax Return (the "Consolidated Return Benefit or Detriment").

(C) The Consolidated Return Benefit or Detriment shall be allocated to the Group whose Tax Attributes caused the benefit or detriment. Such allocation shall be consistent with the actual usage of the Tax Attributes on the Tax Returns of the USX Consolidated Group. Without limiting the generality of the foregoing statement, the following special rules shall apply:

(1) For these purposes, Tax Attributes shall be deemed to cause a benefit to the extent that such Tax Attributes are used on the Tax Returns of the USX Consolidated Group but are not used by a Group on a Separate Return Basis; Tax Attributes shall be deemed to cause a detriment to the extent that such Tax Attributes are used by a Group on a Separate Return Basis but are not used on the Tax Returns of the USX Consolidated Group (except where preemption by the other Group's Tax Attributes occurs as set forth in Section 4.02(a)(iii) of this Agreement). Thus, the effect of a statutory limitation on the use of a Group's Tax Attribute on a Tax Return of the USX Consolidated Group shall be disregarded even if the statutory limitation is attributable to Tax Items

Edgar Filing: USX CORP - Form 8-K

of the other Group.

Example.

Assumptions. The Marathon Stock Group generates a \$100 foreign tax credit that is used for purposes of computing the Separate Return Liability of the Marathon Stock Group for such year. The United States Steel Stock Group generates \$100 of interest expense that is used in its entirety to compute the Separate Return Liability of the United States Steel Stock Group for the year and decreases the amount of the USX Consolidated Group's foreign source income. As a result of such interest expense, only \$50 of the Marathon Stock Group's foreign tax credits is used in such year.

Allocation. For purposes of allocating any net Consolidated Return Benefit or Detriment, the United States Steel Group's \$100 of interest expense shall be treated as being used on the Tax Returns of the USX Consolidated Group and only \$50 of the Marathon Stock Group's foreign tax credits shall be treated as being used on the Tax Returns of the USX Consolidated Group.

(2) To determine the utilization of each Group's share of a particular Tax Attribute when the amount of such Tax Attribute available exceeds the total amount of such Tax Attribute capable of being utilized on the Tax Return of the USX Consolidated Group (the "Consolidated Tax Attribute"), each Group's portion of the Consolidated Tax Attribute shall be an amount which bears the same ratio to the Consolidated Tax Attribute utilized as the amount of each Group's available Tax Attribute bears to the sum of all of the Groups' available Tax Attributes; provided that, the amount allocated to a Group shall not exceed the amount utilized by such Group on a Separate Return Basis. Each Group's remaining carryforwards and carrybacks of such Tax Attributes shall be adjusted to reflect the utilization determined under this Section 4.02(a)(ii)(C)(2).

Example 1.

Assumptions. In the year at issue, each of the Marathon Stock Group and United States Steel Stock Group has \$100 of MTC available. The USX Consolidated Group is able to use \$100 of MTC on its Consolidated Federal Tax Return for such year. On a Separate Return Basis, the Marathon Stock Group is able to use \$100 of MTC, and the United States Steel Stock Group is able to use \$50 of MTC.

Allocation. The amount of each Group's Tax Attributes utilized on the Consolidated Federal Tax Return of the USX Consolidated Group is determined as follows. The amount utilized by each Group is deemed to be an amount equal to the ratio of each Group's available Tax Attributes to the amount of such Tax Attributes utilized on USX's Consolidated Federal Tax Return. Since in this case each Group has \$100 of MTC on a Separate Return Basis, each Group would be deemed to utilize 50% of the total utilized, or \$50 of MTC.

Example 2.

Assumptions. In the year at issue, each of the Marathon Stock Group and United States Steel Stock Group has \$100 of MTC available. The USX Consolidated Group is able to use \$100 of MTC on its Consolidated Federal Tax Return for such year. On a

Edgar Filing: USX CORP - Form 8-K

Separate Return Basis, the Marathon Stock Group is able to use \$100 of MTC, and the United States Steel Stock Group is able to use \$40 of MTC.

Allocation. The amount of each Group's Tax Attributes utilized on the Consolidated Federal Tax Return of the USX Consolidated Group is determined as follows. The amount utilized by each Group is deemed to be an amount equal to the ratio of each Group's available Tax Attributes to the amount of such Tax Attributes utilized on USX's Consolidated Federal Tax Return limited by each Group's use of such Tax Attribute on a Separate Return Basis. Since the United States Steel Stock Group only utilized \$40 of MTC on a Separate Return Basis, it shall be treated as having utilized \$40 of MTC on the USX Consolidated Federal Tax Return and Marathon shall be treated as having utilized \$60 of MTC. United States Steel shall have \$60 of the remaining MTC carryforward or carryback, and Marathon shall have \$40.

(D) Determination Of Adjusted Separate Return Liability and Benefit. Each Group's Separate Return Liability shall be adjusted to reflect the portion of the Consolidated Return Benefit or Detriment allocated to such Group under this Section 4.02(a)(ii) (the "Adjusted Separate Return Liability"). To the extent a Group's Adjusted Separate Return Liability for a taxable period is below zero, and the Adjusted Separate Return Liability of another Group is greater than the Total USX Liability for that same taxable period, then such other Group shall have realized a benefit to the extent of the difference between its Adjusted Separate Return Liability and the Total USX Liability and shall make a payment under Section 5.03(a)(ii) of this Agreement.

Example 1.

In the year at issue, Marathon has an Adjusted Separate Return Liability of \$200, United States Steel has an Adjusted Separate Return Liability of (\$100), and the Total USX Liability is \$100. Marathon shall be treated as having realized a benefit of \$100 (the difference between Marathon's Adjusted Separate Return Liability and the USX Total Liability), and a payment of \$100 will be required from Marathon under Section 5.03(a)(ii) of this Agreement.

Example 2.

In the year at issue, Marathon has a Separate Return Liability of \$200, United States Steel has a Separate Return Liability of \$100. The Total USX Liability is \$200 because of the use of \$100 of United States Steel MTC's, which United States Steel could not use on a Separate Return Basis. The \$100 of Consolidated Return Benefit shall be allocated to United States Steel, decreasing its Adjusted Separate Return Liability from \$100 to \$0. Marathon's Adjusted Separate Return Liability remains at \$200, and no payment will be required from Marathon under Section 5.03(a)(ii) of this Agreement.

(iii) Allocation of Tax Attributes and Adjustments.

Tax Attributes in the relevant year shall be allocated to the Group that generated them. If and when possible, adjustments shall be made to reflect as closely as possible the Separate Return Liability of each Group where such adjustments may be made without affecting the Separate Return Liability of the other Group. Without limiting the generality of the

Edgar Filing: USX CORP - Form 8-K

foregoing, the following principles shall apply:

(A) Preemption Rule.

For any Pre-Distribution Period, to the extent that a Group's Tax Attributes could have been utilized on a Separate Return Basis but actually are not used on the Tax Return of the USX Consolidated Group due to preemption by the other Group's Tax Attributes which could not have been used on a Separate Return Basis but are used on the Tax Return of the USX Consolidated Group (the "Preempting Attributes"), then (1) for all purposes, including specifically for purposes of applying the provisions of Articles 4 and 5 of this Agreement, the Preempting Attributes shall not be treated as utilized on the Tax Return of the USX Consolidated Group, and instead, (2) for purposes of applying this Article 4, there shall be, in all relevant years, a reallocation of Tax Attributes between the Groups in an amount equal to the Tax Attributes which have been preempted and which appropriately reflects each Group's Separate Return Liability.

Example.

Assumptions. In the year at issue, the Marathon Stock Group is able to use \$100 of MTC on a Separate Return Basis. In the same year, the USX Consolidated Group utilizes \$286 of net operating losses of the United States Steel Stock Group, which under the relevant ordering rules of the Code, preempt and displace in their entirety the \$100 of MTC utilized by the Marathon Stock Group on a Separate Return Basis. The United States Steel Stock Group could not have used its net operating losses on a Separate Return Basis. There is no Consolidated Return Benefit or Detriment, because the utilization of the \$286 of net operating losses of the United States Steel Stock Group exactly offsets the benefits of the utilization of the \$100 of MTC of the Marathon Stock Group.

Allocation. For purposes of Articles 4 and 5 of this Agreement, the Marathon Stock Group shall be treated as if its entire \$100 of MTC were utilized on the Consolidated Federal Tax Return of the USX Consolidated Group (thus, Marathon shall not be required to make a payment pursuant to Section 5.03(a)(ii) of this Agreement associated with the utilization of the United States Steel net operating losses), and the MTC not so utilized by the USX Consolidated Group but treated as having been utilized, shall be reallocated to the United States Steel Stock Group for all purposes, including, without limitation, for purposes of further application of this Article 4.

(B) Displacement By Subsequent Attributes.

If in any Pre-Distribution Period ("Year 1") a Group ("Group A") realizes the benefit from the utilization of the Tax Attributes of another Group ("Group B") on the Tax Return of the USX Consolidated Group and makes a payment for such realization under Section 5.03 of this Agreement, and in a subsequent year ("Year 2") Group A generates Tax Attributes which, on a Separate Return Basis, could have been carried back and utilized in Year 1, but which are not so carried back and utilized on the Tax Return of the USX Consolidated Group, then (1) for all purposes, including specifically for purposes of applying the provisions of Articles 4 and 5 of this Agreement, Group A shall be treated as if it had not realized the benefit from the utilization of Group B's Tax Attributes in Year 1 (thus requiring Group B to refund to Group A the Section 5.03 payment previously received from Group A in Year 1), and (2) for purposes of applying this Article 4, there shall be, in all relevant years, a reallocation of Tax Attributes between

Edgar Filing: USX CORP - Form 8-K

the Groups to appropriately reflect each Group's Separate Return Liability; provided that, if the displaced attribute cannot be utilized on a Pre-Distribution Period Tax Return of the USX Consolidated Group, then no reallocation of attributes shall be made under this Section 4.02(a)(iii)(B).

Example.

Assumptions. In 1998, the Marathon Stock Group generates \$200 of net operating losses which it is unable to use on a Separate Return Basis; the United States Steel Group generates \$100 of income, which on the Tax Return of the USX Consolidated Group is offset by \$100 of the Marathon net operating losses. United States Steel makes a payment to Marathon for the use of the net operating losses under Section 5.03 of this Agreement. In 1999, the United States Steel Stock Group generates \$100 of losses and the Marathon Stock Group has no income; on a Separate Return Basis, United States Steel would have been able to carry the losses back to 1998, but no such carryback is available on the Tax Returns of the USX Consolidated Group.

Allocation. For purposes of this Article 4 and Article 5 of this Agreement, the United States Steel Stock Group shall not be treated as having used the \$100 of Marathon losses in 1998, Marathon shall refund the Section 5.03 payment received from United States Steel in 1998, and the \$100 of 1999 United States Steel losses shall be reallocated to Marathon.

(b) Determination of Groups' Allocable Share if the USX Consolidated Group is an Alternative Minimum Taxpayer in the Relevant Period.

Each Group's allocable share of the alternative minimum tax ("AMT") liability of the USX Consolidated Group ("Total USX AMT Liability") shall be determined under Section 4.02(b)(i) of this Agreement, and each Group's allocable share of the resulting Tax Attributes (Minimum Tax Credits or "MTCs") shall be determined under Section 4.02(b)(ii). For these purposes, AMT refers to the tentative minimum tax liability computed under Code Section 55(b) and not the excess amount computed under Code Section 55(a).

(i) Each Group's Allocable Share Of the AMT Liability of the USX Consolidated Group.

Each Group's allocable share of the Total USX AMT Liability shall be determined by calculating each Group's AMT liability computed on a Separate Return basis ("AMT Separate Return Liability") and then adjusting for the effects of the Consolidated Federal Tax Return of the USX Consolidated Group as follows:

(A) Determination of AMT Separate Return Liability. Each Group's AMT Separate Return Liability shall be determined by applying the principles set forth in Section 4.02(a)(i) of this Agreement on an AMT basis.

(B) Adjustments To Group's AMT Separate Return Liability For AMT Effects Of Consolidated Group. Each Group's AMT Separate Return Liability shall be adjusted for any AMT Consolidated Return Benefit Or Detriment by applying the principles in Section 4.02(a)(ii) of this Agreement on an AMT basis ("Adjusted AMT Separate Return Liability").

(C) Allocation Of Total USX AMT Liability. The

Edgar Filing: USX CORP - Form 8-K

amount of Total USX AMT Liability is allocated to each Group up to the lesser of the Total USX AMT Liability or such Group's positive Adjusted AMT Separate Return Liability.

(ii) Each Group's Allocable Share of the Resulting MTCs and Benefit.

MTCs of the USX Consolidated Group (the "Consolidated MTCs") shall, to the extent possible, be allocated to each of the Groups in an amount such that the total regular Tax Attributes (i.e., Tax Attributes used against regular tax, including MTCs) received by the Group equals the excess of such Group's allocable share of the Total USX AMT Liability over its Adjusted Separate Return Liability (as computed under Section 4.02(a) of this Agreement). To the extent that the allocation of regular Tax Attributes is less than the excess of such Group's allocable share of the Total USX AMT Liability over its Adjusted Separate Return Liability, then the other Group shall have realized a benefit to the extent of such difference and shall make a payment under Section 5.03(a)(ii) of this Agreement.

Example 1.

Assumptions. Marathon's Adjusted Separate Return Liability is \$140, and its Adjusted AMT Separate Return Liability is \$100; United States Steel's Adjusted Separate Return Liability is (\$105), and its Adjusted AMT Separate Return Liability is (\$20). The Total USX Liability is \$35, and the Total USX AMT Liability is \$80.

Section 4.02(b)(i) Allocations. Marathon's share of the Total USX AMT Liability is \$80, which equals the lesser of the Total USX AMT Liability or its positive Adjusted AMT Separate Return Liability. United States Steel's share is \$0 since it has no positive Adjusted AMT Separate Return Liability.

Section 4.02(b)(ii) Allocations. The USX Consolidated Group will receive Consolidated MTCs of \$45, which equals USX's \$80 AMT liability minus \$35 regular tax liability. There are no other regular Tax Attributes generated in the year. United States Steel's share of the resulting Consolidated MTCs equals \$45 because its \$0 allocable share of the Total USX AMT Liability exceeds its (\$105) Adjusted Separate Return Liability. In contrast, Marathon's \$80 allocable share of the Total USX AMT Liability is less than its \$140 Adjusted Separate Return Liability, and it is not allocated any Consolidated MTCs. Since the \$45 of regular Tax Attributes (in this case, Consolidated MTCs) received by United States Steel is less than the \$105 difference between United States Steel's \$0 allocable share of the Total USX AMT Liability and its (\$105) Adjusted Separate Return Liability, Marathon has received a benefit to the extent of the difference, \$60, requiring a payment pursuant to Section 5.03(a)(ii) of this Agreement. In contrast, since Marathon's \$80 allocable share of the Total USX AMT Liability is less than its \$140 Adjusted Separate Return Liability, United States Steel has not received a benefit requiring a payment pursuant to Section 5.03(a)(ii) of this Agreement.

Example 2.

Assumptions. Marathon's Adjusted Separate Return Liability is \$70, and its Adjusted AMT Separate Return Liability is \$80; United States Steel's Adjusted Separate Return Liability

Edgar Filing: USX CORP - Form 8-K

is (\$70), and its Adjusted AMT Separate Return Liability is \$40. The Total USX Liability is \$0, and the Total USX AMT Liability is \$120.

Section 4.02(b)(i) Allocations. Marathon's share of the Total USX AMT Liability is \$80, which equals the lesser of the Total USX AMT Liability or its positive Adjusted AMT Separate Return Liability. United States Steel's share of the Total USX AMT Liability is \$40, which equals the lesser of the Total USX AMT Liability or its positive Adjusted AMT Separate Return Liability.

Section 4.02(b)(ii) Allocations. The USX Consolidated Group will receive total Consolidated MTCs of \$120, which equals USX's \$120 AMT liability minus \$0 regular tax liability. There are no other regular Tax Attributes generated in the year. Marathon's share of the resulting Consolidated MTCs is \$10, which equals the difference between its \$80 allocable share of the Total USX AMT Liability and its \$70 Adjusted Separate Return Liability. United States Steel's share of the resulting Consolidated MTCs is \$110, which equals the difference between its \$40 allocable share of the Total USX AMT Liability and its (\$70) Adjusted Separate Return Liability. Since the \$110 of regular Tax Attributes (in this case, Consolidated MTCs) received by United States Steel equals the difference between United States Steel's \$40 allocable share of the Total USX AMT Liability and its (\$70) Adjusted Separate Return Liability, Marathon did not receive a benefit requiring a payment pursuant to Section 5.03(a)(ii) of this Agreement. Similarly, since the \$10 of regular Tax Attributes (in this case, Consolidated MTCs) received by Marathon equals the difference between Marathon's \$80 allocable share of the Total USX AMT Liability and its \$70 Adjusted Separate Return Liability, United States Steel received no benefit requiring a payment pursuant to Section 5.03(a)(ii) of this Agreement.

Example 3.

Assumptions. Marathon's Adjusted Separate Return Liability is \$70, its AMT Separate Return Liability is \$80, and its Adjusted AMT Separate Return Liability is \$40 (i.e., there is an AMT Consolidated Return Benefit of \$40 allocable to Marathon pursuant to the principles of Section 4.02(a)(ii) of this Agreement); United States Steel's Adjusted Separate Return Liability is (\$70), and its Adjusted AMT Separate Return Liability is \$20. The Total USX Liability is \$0, and the Total USX AMT Liability is \$60.

Section 4.02(b)(i) Allocations. Marathon's share of the Total USX AMT Liability is \$40, which equals the lesser of the Total USX AMT Liability or its positive Adjusted AMT Separate Return Liability. United States Steel's Total USX AMT Liability is \$20, which equals the lesser of the Total USX AMT Liability or its positive Adjusted AMT Separate Return Liability.

Section 4.02(b)(ii) Allocations. The USX Consolidated Group will receive total Consolidated MTCs of \$60, which equals USX's \$60 AMT liability minus \$0 regular tax liability. There are no other regular Tax Attributes generated in the year. United States Steel's share of the resulting Consolidated MTCs is \$60, because its \$20 allocable share of the Total USX AMT Liability exceeds its (\$70) Adjusted Separate Return Liability. Marathon's share of the resulting Consolidated MTCs is \$0, because its \$40 allocable share of the Total USX AMT Liability

Edgar Filing: USX CORP - Form 8-K

is less than its \$70 Adjusted Separate Return Liability. Since the \$60 of regular Tax Attributes (in this case, Consolidated MTCs) received by Steel is less than the \$90 difference between United States Steel's \$20 allocable share of the Total USX AMT Liability and its (\$70) Adjusted Separate Return Liability, Marathon has received a benefit to the extent of the difference, \$30, requiring a payment pursuant to Section 5.03(a)(ii) of this Agreement. In contrast, since Marathon's \$40 allocable share of the Total USX AMT Liability is less than its \$70 Adjusted Separate Return Liability, Steel has not received a benefit requiring a payment pursuant to Section 5.03(a)(ii) of this Agreement.

Example 4.

Assumptions. Marathon's Adjusted Separate Return Liability is \$10, and its Adjusted AMT Separate Return Liability is \$100; United States Steel's Adjusted Separate Return Liability is \$10, and its Adjusted AMT Separate Return Liability is (\$20). The Total USX Liability is \$20, and the Total USX AMT Liability is \$80.

Section 4.02(b)(i) Allocations. Marathon's share of the Total USX AMT Liability is \$80, which equals the lesser of the Total USX AMT Liability or its positive Adjusted AMT Separate Return Liability. United States Steel's share of the Total USX AMT Liability is \$0, which equals the lesser of the Total USX AMT Liability or its positive Adjusted AMT Separate Return Liability.

Section 4.02(b)(ii) Allocations. The USX Consolidated Group will receive total Consolidated MTCs of \$60, which equals USX's \$80 AMT liability minus \$20 regular tax liability. In addition, there are no other regular Tax Attributes generated in the year. Marathon's share of the resulting Consolidated MTCs is \$60, because its \$80 allocable share of the Total USX AMT Liability exceeds its \$10 Adjusted Separate Return Liability. United States Steel's share of the resulting Consolidated MTCs is \$0, because its \$0 allocable share of the Total USX AMT Liability is less than its \$10 Adjusted Separate Return Liability. Since the \$60 of regular Tax Attributes (in this case, Consolidated MTCs) received by Marathon is less than the difference between Marathon's \$80 allocable share of the Total USX AMT Liability and its \$10 Adjusted Separate Return Liability, United States Steel receive a benefit in this amount requiring a payment pursuant to Section 5.03(a)(ii) of this Agreement. In contrast, since United States Steel's \$0 allocable share of the Total USX AMT Liability is less than its \$10 Adjusted Separate Return Liability, Marathon has not received a benefit requiring a payment pursuant to Section 5.03(a)(ii) of this Agreement.

Example 5.

Assumptions. Marathon's Adjusted Separate Return Liability is \$50, and its Adjusted AMT Separate Return Liability is \$100; United States Steel's Adjusted Separate Return Liability is (\$100), and its Adjusted AMT Separate Return Liability is (\$20). The Total USX Liability is (\$50), and the Total USX AMT Liability is \$80.

Section 4.02(b)(i) Allocations. Marathon's share of the Total USX AMT Liability is \$80, which equals the lesser of the Total USX AMT Liability or its positive Adjusted AMT Separate Return Liability. United States Steel's share of the Total USX AMT

Edgar Filing: USX CORP - Form 8-K

Liability is \$0, which equals the lesser of the Total USX AMT Liability or its positive Adjusted AMT Separate Return Liability.

Section 4.02(b)(ii) Allocations. The USX Consolidated Group will receive total Consolidated MTCs of \$80, which equals USX's \$80 AMT liability minus \$0 regular tax liability. In addition, there is \$50 of regular tax net operating losses generated in the year, which under Section 4.02(a)(iii) are allocated to United States Steel. Marathon's share of the resulting Consolidated MTCs is \$30, which equals its \$80 allocable share of the Total USX AMT Liability less its \$50 Adjusted Separate Return Liability. United States Steel's share of the resulting Consolidated MTCs is \$50, so that the total regular Tax Attributes received by United States Steel (in this case, net operating losses plus Consolidated MTCs) equals the \$100 difference between its \$0 allocable share of the Total USX AMT Liability less its (\$100) Adjusted Separate Return Liability. Since the \$30 of regular Tax Attributes (in this case, Consolidated MTCs) received by Marathon equals the difference between Marathon's \$80 allocable share of the Total USX AMT Liability and its \$50 Adjusted Separate Return Liability, United States Steel has not received a benefit requiring a payment pursuant to Section 5.03(a)(ii) of this Agreement. Similarly, since the \$100 of regular Tax Attributes (in this case, Consolidated MTCs and net operating losses) received by United States Steel equals the difference between United States Steel's \$0 allocable share of the Total USX AMT Liability and its (\$100) Adjusted Separate Return Liability, Marathon has not received a benefit requiring a payment pursuant to Section 5.03(a)(ii) of this Agreement.

SECTION 4.03. Allocation of Combined State Income Tax Liability.

Any Combined State Income Tax Liability of the USX Consolidated Group shall be allocated in a manner consistent with the allocation provided in Section 4.02 of this Agreement for Consolidated Federal Income Tax Liability.

SECTION 4.04. Transfer Taxes Related To Holding Company Reorganization and Distribution.

In the event that the USX Consolidated Group owes any transfer, documentary, sales, use, stamp, or registration taxes and fees ("Transfer Taxes") as a result of the Holding Company Reorganization or the Distribution, the United States Steel Stock Group's share of such liability shall be 35 percent of any such Transfer Taxes. The Marathon Stock Group shall be liable for the remaining portion of any such Transfer Taxes.

SECTION 4.05. Other Taxes.

Any other Taxes not specifically allocated in this Article 4 shall be allocated to the Group to which such Tax relates, and any USX Headquarters Tax liability which is not specifically allocated under any other section of this Agreement shall be allocated in the same manner as such Tax was allocated between the Groups for financial statement purposes with respect to the relevant period.

SECTION 4.06. Deductions and Certain Taxes Related to Stock Options, SARs, and Restricted Stock.

In the event that an employee or director of the Marathon Tax Group recognizes taxable income with respect to a stock option, restricted

Edgar Filing: USX CORP - Form 8-K

stock or SAR of United States Steel, the resulting tax deduction shall be allocated to United States Steel to the extent permitted by law, and any Payroll Taxes with respect thereto shall be allocated to United States Steel. In the event that an employee or director of the United States Steel Tax Group recognizes taxable income with respect to a stock option, restricted stock or SAR of Marathon, the resulting tax deduction shall be allocated to Marathon to the extent permitted by law, and any Payroll Taxes with respect thereto shall be allocated to Marathon.

ARTICLE V

TAXES AND RELATED OBLIGATIONS

SECTION 5.01. Payment of Taxes to Tax Authorities.

(a) Marathon shall pay (or cause to be paid) all Federal and State Taxes (including estimated Taxes and any adjustments to Taxes subsequently determined), interest, and Penalties with respect to any Tax Return of the USX Consolidated Group for all Pre-Distribution Periods; Marathon shall pay (or cause to be paid) all Taxes, interest, and Penalties relating to Tax Returns that Marathon is responsible for preparing pursuant to Sections 3.02(a)(i) and 3.02(a)(ii) of this Agreement; United States Steel shall pay (or cause to be paid) all Taxes, interest, and Penalties relating to Tax Returns that United States Steel is responsible for preparing pursuant to Section 3.02(a)(iii) of this Agreement; and each entity responsible for filing a foreign Tax Return pursuant to Section 3.02(a)(iv) of this Agreement shall pay all Taxes, interest, and Penalties with respect to such Tax Return.

(b) At any time, Marathon in its sole discretion may make a cash remittance to a Tax Authority with respect to Federal Taxes or Combined State Taxes to stop the running of interest in whole or in part. At any time, United States Steel may request that Marathon make a cash remittance to a Tax Authority to stop the running of interest in whole or in part with respect to a tax deficiency related to a Tax Item generated by, or allocated to, the United States Steel Stock Group, and Marathon shall comply with such remittance request; provided that, United States Steel makes a payment to Marathon pursuant to Section 5.02(d)(ii) of this Agreement.

(c) Pursuant to any agreement with United States Steel under Section 3.03(f) of this Agreement, Marathon shall make a cash remittance to a Tax Authority to obtain the jurisdiction of a United States district court, the United States Court of Federal Claims, or a state court in any Tax Proceeding relating to a Tax described in this Agreement.

(d) The parties may agree that, to the extent permitted by law, any payment to a Tax Authority with respect to a Tax of the USX Consolidated Group for a Pre-Distribution Period required to be paid by Marathon pursuant to Section 5.01 shall be allocated between the parties and that each party shall pay directly to the Tax Authority its share (as determined under this Agreement) of such Tax. Any payment by United States Steel pursuant to this Section 5.01(d) shall, to the extent of such payment, relieve Marathon's obligation to make a payment pursuant to Section 5.01 of this Agreement and satisfy United States Steel's payment obligation under Section 5.02 of this Agreement.

SECTION 5.02. Allocation of Tax Payments Between the Groups.

(a) United States Steel Estimated Tax Payments.

(i) No later than 20 Calendar Days prior to the due date

Edgar Filing: USX CORP - Form 8-K

(including all applicable and valid extensions), Marathon shall send to United States Steel a statement of any estimated tax liability owed to a Tax Authority by the USX Consolidated Group for any Pre-Distribution Period, including a statement of United States Steel's allocable share, as determined under the principles of Article 4 of this Agreement, of such estimated tax liability.

(ii) No later than two Business Days prior to the due date (including all applicable and valid extensions), United States Steel shall pay to Marathon, or Marathon shall pay to United States Steel, as appropriate, an amount equal to the difference, if any, between United States Steel's allocable share of the estimated tax liability and the aggregate amount of any installment payments previously made by the United States Steel Stock Group or the United States Steel Tax Group with respect to such taxable period.

(iii) No later than two Business Days following the due date (including all applicable and valid extensions), Marathon shall provide United States Steel with a copy of the electronic transmittal record or other proof that payment of the estimated tax liability was made to the Tax Authority.

(iv) United States Steel may invoke Dispute Resolution with respect to a disagreement over any payments required under Section 5.02(a)(ii) of this Agreement only after it has paid to Marathon any such amounts.

(b) United States Steel End-Of-Year Tentative Tax Payment.

(i) No later than 20 Calendar Days prior to the due date, Marathon shall send to United States Steel an IRS Form 7004 of the USX Consolidated Group and a statement of United States Steel's allocable share, as determined under the principles of Article 4 of this Agreement, of any tentative tax liability shown on such Form 7004. No later than 20 Calendar Days prior to the due date, Marathon shall send to United States Steel any tentative or estimated State Tax Returns for each tentative Combined State Tax liability of the USX Consolidated Group and a statement of United States Steel's allocable share of any tentative tax liability shown on such filing as determined under the principles of Article 4 of this Agreement.

(ii) No later than two Business Days prior to the due date, United States Steel shall pay to Marathon, or Marathon shall pay to United States Steel, as appropriate, an amount equal to the difference, if any, between United States Steel's allocable share of the tentative tax liability and the aggregate amount of the estimated installment payments previously made by the United States Steel Stock Group or the United States Steel Tax Group with respect to such taxable period.

(iii) United States Steel may invoke Dispute Resolution with respect to a disagreement over any payments required under Section 5.02(b)(ii) of this Agreement only after it has paid to Marathon any such amounts.

(c) United States Steel Final Tax Payment.

(i) No later than 20 Calendar Days prior to the due date (including all applicable and valid extensions), Marathon shall send to United States Steel a final Consolidated Federal Income Tax Return (an IRS Form 1120) of the USX Consolidated Group and a statement of United States Steel's allocable share, as determined under the principles of Article 4 of this Agreement, of any resulting tax liability. No later than 15 Calendar

Edgar Filing: USX CORP - Form 8-K

Days prior to the due date (including all applicable and valid extensions), Marathon shall send to United States Steel a final Combined State Tax Return for each Combined State Tax liability of the USX Consolidated Group and a statement of United States Steel's allocable share, as determined under the principles of Article 4 of this Agreement, of any resulting tax liability.

(ii) No later than two Business Days prior to the due date (including all applicable and valid extensions) for any Tax Return described in Section 5.02(c)(i), United States Steel shall pay to Marathon, or Marathon shall pay to United States Steel, as appropriate, an amount equal to the difference, if any, between the United States Steel's allocable share of the tax liability as determined by Marathon and the aggregate amount of the estimated installment payments previously made by the United States Steel Stock Group or the United States Steel Tax Group, including any end-of-year tentative tax payment or refund with respect to such taxable period pursuant to Section 5.02(b)(ii) of this Agreement.

(iii) United States Steel may invoke Dispute Resolution with respect to a disagreement over any payments required under Section 5.02(c)(ii) of this Agreement only after it has paid to Marathon any such amounts.

(d) Other Tax Payments.

(i) In the event that United States Steel requests pursuant to Section 5.01(b) of this Agreement, that Marathon make a cash remittance to a Tax Authority to stop the running of interest in whole or in part, United States Steel shall pay to Marathon the full amount that United States Steel has requested Marathon remit to such Tax Authority no later than two Business Days prior to the date on which Marathon will make such remittance to such Tax Authority. If United States Steel fails to make such payment to Marathon as provided above, Marathon need not make the requested remittance to the Tax Authority.

(ii) In the event that United States Steel and Marathon agree pursuant to Section 3.03(f) of this Agreement to obtain the jurisdiction of a United States district court, the United States Court of Federal Claims, or a state court in any Tax Proceeding, and a payment is required pursuant to Section 5.01(c) of this Agreement, then no later than two Business Days prior to the date on which Marathon shall make such remittance, United States Steel shall pay to Marathon its appropriate share of the remittance. For purposes of this Section 5.03(d)(ii), the parties shall use reasonable efforts to agree on the amount of each party's appropriate share of such remittance; provided that, if no agreement as to United States Steel's appropriate share is reached five Business Days prior to the date on which Marathon will make such remittance to the Tax Authority, Marathon shall determine United States Steel's appropriate share based on the ratio of the tax liability relating to Tax Items generated by, or allocated to, the United States Steel Stock Group that will be litigated to the total tax liability of the USX Consolidated Group that will be litigated. United States Steel may invoke Dispute Resolution with respect to a disagreement over any payment required under this Section 5.02(d)(ii) only after it has paid to Marathon any such amounts.

(e) Treatment of Adjustments to Taxes, Interest, and Penalties.

(i) Adjustments to Federal Taxes or Combined State Taxes.

(A) Payment Obligation.

If any adjustment is made in a Tax Return relating to Federal

Edgar Filing: USX CORP - Form 8-K

Taxes or Combined State Taxes of the USX Consolidated Group, after the filing thereof, then within 30 Calendar Days of the time of a Final Determination of such adjustment, United States Steel shall pay to Marathon, or Marathon shall pay to United States Steel, as the case may be and as appropriate, the difference between (1) all payments made, net of all refunds or recoupments received, by United States Steel in accordance with the principles of this Section 5.02 for the taxable period covered by such Tax Return, and (2) the amount of Tax that is allocable to United States Steel in accordance with the principles of Article 4 of this Agreement for the taxable period covered by such Tax Return taking such adjustment into account when redetermining the tax allocation. In the event that Tax is owed to a Tax Authority following receipt of a Final Determination, United States Steel may invoke Dispute Resolution with respect to a disagreement over any payment required under this Section 5.02(e) (i) (A) only after it has paid to Marathon any such amounts.

(B) Refunds Received Prior to Final Determination.

In the event that an amended Tax Return, claim for refund, or tentative carryback adjustment (including, without limitation, any Consolidated Federal Tax Returns, Combined State Tax Returns, IRS Form 1139, or comparable form of any Tax Authority) is filed with respect to Tax Items of the United States Steel Stock Group or the United States Steel Tax Group pursuant to Section 3.02(b) (iii) of this Agreement and a refund is received prior to a Final Determination with respect to such amended Tax Return (such as in the case of a refund pursuant to an IRS Form 1139), Marathon shall pay such refund to United States Steel no later than two Business Days following receipt of such refund from the Tax Authority; except that, if (1) the amended Tax Return, claim for refund, or tentative carryback adjustment is not supported by a written opinion of outside tax counsel or a nationally recognized accounting firm indicating that the positions shown on such amended Tax Return, claim for refund, or tentative carryback adjustment should prevail if litigated, and (2) United States Steel does not have an investment grade credit rating at the time when such refund is received from the Tax Authority, then either (I) United States Steel shall provide some form of credit enhancement acceptable to Marathon in which case Marathon shall pay the refund to United States Steel no later than two Business Days after receipt of the credit enhancement agreed upon by the parties, or (II) Marathon shall place the refund received from the Tax Authority into an escrow account for the benefit of United States Steel, the principal and earnings of which will be applied towards any liability resulting from a disallowance of, in whole or in part, the amended Tax Return, claim for refund, or tentative carryback adjustment and the excess will be distributed to United States Steel at such time as a Final Determination of the amended Tax Return, claim for refund, or tentative carryback adjustment is received.

(C) Refunds Received By United States Steel.

In the event that United States Steel receives a refund from a Tax Authority relating to a Tax Return of the USX Consolidated Group, United States Steel shall notify Marathon of such refund no later than two Business Days following its receipt. No later than five Business Days following notification that such refund has been received by United States Steel, Marathon shall send to United States Steel a statement of the allocation of such refund between the parties. United States Steel shall pay Marathon's share of such refund to Marathon no later than two Business Days following receipt of such statement from Marathon. United States Steel may invoke Dispute Resolution with respect to a disagreement over any payment required under this Section 5.02(e) (i) (C) only after it has paid to Marathon any such amounts.

Edgar Filing: USX CORP - Form 8-K

(ii) Interest Resulting from Adjustments to Taxes.

(A) Interest Owed To or Received From a Tax Authority.

If any interest is to be paid to a Tax Authority, or is received from a Tax Authority, as a result of an adjustment to the USX Total Liability shown on a Tax Return of the USX Consolidated Group for any Pre-Distribution Period, such interest shall be allocated between the United States Steel Stock Group and the Marathon Stock Group by applying the applicable statutory rate to each Group's incremental tax liability or refund. No later than five Business Days prior to the date on which Marathon will make a payment relating to such interest to the relevant Tax Authority, Marathon shall notify United States Steel of (1) such planned date, and (2) its appropriate share of such remittance.

Example.

In the year at issue, a deficiency of Tax of \$100 is determined for the USX Consolidated Group attributable to a Tax Item of the United States Steel Stock Group. Taking into account any payments made by the United States Steel Stock Group that offset such deficiency and the timing of such payments, the United States Steel Stock Group shall be allocated liability for all interest payments due and owing as a result of the \$100 deficiency.

(B) Overpayments and Underpayments.

To the extent that a Group's payments with respect to a Tax Return of the USX Consolidated Group exceed its allocable share of the adjusted Total USX Liability, and the other Group's payments with respect to such Tax Return are less than its allocable share of the adjusted Total USX Liability, the Group that has overpaid shall be compensated for the benefit derived from the use of such overpayment by the other Group. The interest rate utilized for purposes of calculating the amount of the compensatory payment shall be the average of the overpayment and underpayment rates published pursuant to Sections 6621(a)(1) (the overpayment rate) and 6621(a)(2) (the underpayment rate) of the Code for such period.

(C) United States Steel Interest Payment Obligation.

United States Steel shall pay to Marathon (1) United States Steel's Section 5.02(e)(ii)(A) allocable share of any interest owed to a Tax Authority no later than two Business Days prior to the date on which Marathon will make a payment of such interest to the relevant Tax Authority and (2) the amount of any interest that United States Steel owes Marathon under Section 5.02(e)(ii)(B) no later than 30 Calendar Days subsequent to a Final Determination of the tax liability to which such interest is attributable. United States Steel may invoke Dispute Resolution with respect to a disagreement over any payment required under this Section 5.02(e)(ii) only after it has paid to Marathon any such amounts.

(D) Marathon Interest Payment Obligation.

(C) Penalties for Failure to Take Required Action.

(i) Pre-Distribution Estimated Benefit Payment.

Edgar Filing: USX CORP - Form 8-K

Prior to the effective time of the Distribution, the Marathon Stock Group will have paid (through a debt allocation as provided under the then-existing tax allocation policy) to the United States Steel Stock Group the estimated amount, discounted as described below, of the payment, if any, that would have been made by Marathon to United States Steel under Section 5.03(a)(ii) with respect to Federal Income Taxes of the USX Consolidated Group for the 2001 tax year. The amount of such payment will have been determined under the following principles:

(A) The amount of such payment will have reflected the best estimate of the tentative liability for 2001 Federal Income Taxes for the USX Consolidated Group.

(B) The amount of the payment will have been discounted back from the date such payment would have otherwise been due absent this Section 5.03(a)(i) to the Distribution Date, using a short-term, after-tax interest rate of 4%.

Any subsequent payments between Marathon and United States Steel described in this Section 5.03 shall take into account the undiscounted amount of the payment made under this Section 5.03(a)(i).

(ii) Utilization of Tax Attributes in Pre-Distribution Periods.

Upon the Effective Realization by any member of the Marathon Stock Group of the benefit attributable to a Tax Attribute generated by, or allocated to, the United States Steel Stock Group or the United States Steel Tax Group, Marathon shall pay to United States Steel an amount equal to the benefit received by the Marathon Stock Group on the date of Effective Realization thereof taking into account the sum of any payment made by Marathon pursuant to Section 5.03(a)(i) and the discount used in computing the amount of such payment. Upon the Effective Realization by any member of the United States Steel Stock Group of the benefit attributable to a Tax Attribute generated by, or allocated to, the Marathon Stock Group, United States Steel shall pay to Marathon an amount equal to the benefit received by the United States Steel Stock Group on the date of Effective Realization thereof. Upon the Effective Realization by any member of the Marathon Tax Group of the benefit attributable to a Tax Attribute generated by, or allocated to, the United States Steel Stock Group or the United States Steel Tax Group, Marathon shall pay to United States Steel, on the date of Effective Realization thereof, an amount equal to the benefit received by the Marathon Tax Group. Upon the Effective Realization by any member of the United States Steel Tax Group of the benefit attributable to a Tax Attribute generated by, or allocated to, the Marathon Stock Group, United States Steel shall pay to Marathon, on the date of Effective Realization thereof, an amount equal to the benefit received by the United States Steel Tax Group. For purposes of this Section 5.03(a)(iii), the amount of a benefit Effectively Realized by a Group equals the difference between (A) the tax liability of the Group taking into account utilization of the Tax Attribute generated by, or allocated to, the other Group and (B) the tax liability of the Group without utilizing the Tax Attribute of the other Group.

Edgar Filing: USX CORP - Form 8-K

(b) True-Up Payments.

(ii) To the extent that any member of the United States Steel Stock Group or United States Steel Tax Group Effectively Realizes, or has Effectively Realized under a prior tax allocation policy or agreement, the benefit attributable to a Tax Attribute generated by, or allocated to, the Marathon Stock Group or the Marathon Tax Group (including a benefit determined under a prior application of this Section 5.03(b)) and there is an adjustment affecting the utilization of such Tax Attribute subsequent to such Effective Realization, the amount of the benefit Effectively Realized shall be redetermined, and Marathon shall pay United States Steel for any decrease, or United States Steel shall pay Marathon for any increase as the case may be, in the amount of the benefit Effectively Realized by the United States Steel Stock Group or the United States Steel Tax Group.

(iii) The amount of the payment under Sections 5.03(b)(i) and 5.03(b)(ii) of this Agreement (a "True-Up Payment") shall be the difference between (A) the benefit Effectively Realized by the Group prior to the adjustment and (B) the adjusted benefit Effectively Realized by such Group as determined under Article 4 of this Agreement following the adjustment.

(c) Notwithstanding Sections 5.03(a) and 5.03(b) of this Agreement, Marathon shall not be obligated to pay United States Steel any amount Effectively Realized in a Post-Distribution Period relating to Tax Attributes generated by, or allocated to, the United States Steel Stock Group with respect to State Taxes.

Without limiting the generality of Section 12.04(b) of this Agreement, no failure or delay by any party in taking any action pursuant to this Article 5, including the provision of any Tax Return or the making of any payment, shall operate as a waiver of any right, power, or privilege hereunder. Without limiting the generality of Section 12.05 of this Agreement, the remedy for any such failure or delay shall be limited to the actual damages suffered as a result of such failure or delay, including interest as provided in Section 10.03 of this Agreement for any late payments.

SECTION 10.02. Tax Consequences of Payments.

(a) For all tax purposes and notwithstanding any other provision of this Agreement, to the extent permitted by applicable law, the parties hereto shall treat any payment made pursuant to this Agreement (other than an interest payment) as a capital contribution or dividend distribution, as the case may be, immediately prior to the Distribution Date and, accordingly, as not includible in the taxable income of the recipient.

(b) If, as a result of a Final Determination, it is determined that the receipt or accrual of any payment made under this Agreement results in any increased tax liability or reduction of any Tax Attribute of the recipient of such payment, the payor shall pay to the recipient an amount (the "After-Tax Amount") equal to the sum of (i) any increase in the Taxes of the recipient as a result of receiving the payment from the payor (which shall itself be grossed up to take into account such payment, if applicable) and (ii) any interest or Penalty attributable to such increased tax liability or to the reduction of such Tax Attribute. If an Arbitrator becomes unable to serve, his or her successors shall be selected or appointed in accordance with this Section. Marathon and United States Steel shall act in good faith in selecting the Arbitrator or Panel and shall use reasonable efforts to reach agreement on such Arbitrator or Panel. WITNESSETH

WHEREAS, Steel is a wholly owned subsidiary of Parent; and

WHEREAS, Parent, Steel and another corporation named USX Corporation ("Old USX") were parties to a Holding Company Reorganization Agreement dated as of July 1, 2001 (the "Reorganization Agreement"); and

WHEREAS, to induce certain counterparties not to declare a "credit event upon merger" under certain ISDA swap agreements, Parent executed and delivered to various counterparties guarantees of the obligations of Steel under the aforesaid ISDA swap agreements (the "Swap Guarantees"); and

WHEREAS, Parent and Steel are also parties to an Agreement and Plan of Reorganization dated as of July 31, 2001 (the "Separation Agreement"), pursuant to which, and subject to the terms and conditions set forth therein, all of the shares of USX--U.S. Steel Group common stock will be converted into shares of common stock of United States Steel Corporation; and

Edgar Filing: USX CORP - Form 8-K

WHEREAS, Parent and Steel wish to establish how certain other debt obligations and financial matters shall be arranged. NOW,

THEREFORE, in consideration of the premises, the mutual covenants contained herein and intending to be legally bound hereby, the parties hereto agree as follows:

Article I Industrial Revenue Bonds

1.1 Assumption of Industrial Revenue Bond Obligations. Parent is the obligor on \$479,490,000 of obligations pursuant to agreements with respect to an equal principal amount of tax exempt environmental revenue bonds issued by various governmental issuers all of which are more particularly described on Schedule 1.1 attached hereto (collectively, the "Industrial Revenue Bonds").

- (a) For a term beginning on the date hereof and ending on the earlier of the tenth anniversary of the Separation Effective Time (as defined in the Separation Agreement) or December 31, 2040, Parent hereby assigns to Steel and Steel assumes all of Parent's rights and obligations with respect to the Industrial Revenue Bonds including, without limitation, the obligation to pay debt service on the Industrial Revenue Bonds. The term "debt service" is meant to include all sums due with respect to the Industrial Revenue Bonds including, without limitation, payments of principal, interest and premium, letter of credit fees and expenses (incurred by either Parent or Steel or both), trustee fees and expenses, issuer fees and expenses and remarketing fees and expenses.
- (b) During the term of this Agreement, Steel shall provide all notices and take such other actions as may be necessary or appropriate in connection with ongoing obligations related to the Industrial Revenue Bonds.

Steel's obligations with respect to the Industrial Revenue Bonds shall include payment of amounts due upon any defaults or acceleration of any of the obligations with respect to the Industrial Revenue Bonds other than defaults caused by Parent.

1.2 Rights of Steel. During the term of this Agreement, Steel shall have the right to exercise all of the existing contractual rights of Parent concerning the Industrial Revenue Bonds including all rights to the selection of interest rates, making prepayments or granting or releasing security interests and Parent shall use commercially reasonable efforts to assist Steel in its exercise of such rights. Notwithstanding the foregoing, Steel shall have no right to increase the principal amount or to change the maturity of any of the Industrial Revenue Bonds without the prior written consent of Parent except as set forth in Section 1.4(b).

1.3 Variable Rate Industrial Revenue Bonds. The Industrial Revenue Bonds that are designated on Schedule 1.1 as variable rate environmental revenue bonds are referred to as the "Variable Rate Bonds." During the term of this Agreement Steel may from time to time direct conversion of the Variable Rate Bonds to different interest rate periods, and Parent shall undertake all reasonable efforts to effectuate each such conversion. Parent will not, without the prior written consent of Steel, convert any of the Variable Rate Bonds to a different interest rate. Notwithstanding anything in this Agreement to the contrary, Steel's ability to direct conversion of the Variable Rate Bonds to a different interest rate period and maintain a

Edgar Filing: USX CORP - Form 8-K

given interest rate period shall be subject to Parent's ability to maintain appropriate letters of credit respecting the Variable Rate Bonds. Parent shall undertake commercially reasonable efforts to obtain and maintain letters of credit and/or such other liquidity facilities (each, a "Liquidity Facility") as may be permitted by the applicable Bond Documents (hereinafter defined). If Parent's ability to obtain and maintain Liquidity Facilities is reduced so that Parent's business is adversely affected in a material way, Parent may, following timely written notice to Steel, decline to renew one or more Liquidity Facilities with respect to one or more issues of Variable Rate Bonds. Concurrently with said notice Parent shall supply an opinion of an independent third party regarding the availability of Liquidity Facilities to Parent. Steel may at any time provide substitute Liquidity Facilities applicable to one or more issues of the Variable Rate Bonds.

1.4 Refinancing

(a) If Steel notifies Parent in writing that Steel elects to redeem all or part of any of the Industrial Revenue Bonds and supplies adequate funds therefor, Parent shall reasonably assist Steel to effectuate such redemption(s) and Steel's obligations under this Agreement shall be reduced accordingly. Parent shall not, without the prior written consent of Steel, direct the redemption of any Industrial Revenue Bonds prior to maturity.

(b) If Steel elects to refinance all or part of any of the Industrial Revenue Bonds through a tax-exempt refunding or otherwise, Parent shall take all such reasonable action as may be necessary or appropriate to reasonably assist Steel in completing the transactions contemplated by each such refinancing, so long as after the completion of such transactions, Parent does not have any obligations with respect to any new debt issued as a result. Steel agrees to undertake commercially reasonable efforts to effect such refinancings before the end of the term described in Section 1.5 hereof.

1.5 Release by Parent at end of Term. On the earlier of the tenth anniversary of the Separation Effective Time (as defined in the Separation Agreement) or December 31, 2040 Steel shall pay to Parent an amount equal to the principal amount of, all accrued and unpaid debt service then outstanding on, and any premium required to immediately retire each Industrial Revenue Bond. Upon such payment Parent shall retire all the then outstanding Industrial Revenue Bonds.

Article II

Leases

2.1 Assumption of Capital and Other Leases. Parent hereby assigns to Steel and Steel assumes all rights and obligations of Parent relating to the leases listed in Schedule 2.1 attached hereto (the "Assumed Leases") including without limitation, the obligation to pay all sums due under the Assumed Leases. Steel's obligations with respect to the Assumed Leases shall include payment of amounts due upon any defaults or acceleration of any of the obligations with respect to the Assumed Leases other than defaults caused by Parent.

2.2 Contingent Nature of Certain Leases. Certain of the Assumed Leases, as designated in Schedule 2.1, were previously assigned to and assumed by third parties in agreements between such third parties and Old USX (the "Previously Assigned Leases"). Steel assumes and shall discharge all obligations of Old USX relating to the Previously Assigned Leases.

Edgar Filing: USX CORP - Form 8-K

2.3 Rights of Steel. Steel shall have the right to exercise all of the existing contractual rights of Parent concerning the Assumed Leases including all rights relating to purchase options, prepayments or granting or releasing security interests, and Parent shall use commercially reasonable efforts to assist Steel in its exercise of such rights. Notwithstanding the foregoing Steel shall have no right to increase the amounts due under or lengthen the term of any of the Assumed Leases without the prior consent of Parent other than extensions set forth in the terms of any of the Assumed Leases.

2.4 Rights of Parent. Steel shall notify Parent of its decision whether to exercise any purchase option under the Assumed Leases and if Steel elects not to so exercise Parent shall have the right but not the obligation to do so. Parent agrees to use commercially reasonable efforts to comply with all provisions of the Assumed Leases and shall not take any action that would result in a default thereunder.

2.5 Assignment of Leases. Steel shall have the right to assign any of its rights and obligations under the Assumed Leases to any party provided that such assignment shall not release Steel from any of its obligations to Parent relative to such Assumed Leases.

Article III Obligations of Each Party

3.1 Obligations of Parent. In connection with the Reorganization Agreement Parent assumed certain obligations of Old USX as listed in Schedule 3.1 hereof (the "Parent Obligations"). Parent acknowledges that it is solely responsible for all obligations including debt service under the Parent Obligations.

3.2 Contingent Obligations of Steel. Steel remains contingently liable for certain of the Parent Obligations as set forth on Schedule 3.1. Parent agrees that it will use commercially reasonable efforts to cause Steel to be released from such contingent liability and shall not increase the amounts due under such obligations (other than amounts due under revolving credit facilities that do not exceed the amounts outstanding plus the existing commitments) or extend the terms thereof without the prior written consent of Steel other than extensions set forth in the terms of any of the Parent Obligations.

3.3 Contingent Obligations of Parent. Parent remains contingently liable under the 1314B Guarantee and the Swap Guarantees. Steel agrees that it will use commercially reasonable efforts to cause Parent to be released from the 1314B Guarantee and each Swap Guarantee and shall not increase the amounts of the obligations guaranteed under the Swap Guarantees without the prior written consent of Parent. Steel further agrees to use commercially reasonable efforts to avoid causing the amount for which Parent may be liable under the 1314B Guarantee to be increased without the Parent's prior written consent (such consent not to be unreasonably withheld).

Article IV Mutual Obligations

4.1 Maintenance of Current Conditions.

(a) Each of Steel and Parent agrees to employ all commercially reasonable efforts to take all necessary action or refrain from acting so as to assure compliance, and to cooperate with the other party in its endeavors to comply, with all obligations under the various documents that were executed and delivered in connection with the Assumed Leases and the Parent

Edgar Filing: USX CORP - Form 8-K

Obligations including, without limitation, covenants respecting the financed facilities, in each case, necessary to avoid the occurrence of a default, acceleration, casualty loss or other termination under any of the Assumed Leases and the Parent Obligations.

(b) Each of Steel and Parent agrees to employ all commercially reasonable efforts to take all necessary action or refrain from acting so as to assure compliance, and to cooperate with the other party in its endeavors to comply, with Parent's obligations under the various documents that were executed and delivered in connection with the issuance of the Industrial Revenue Bonds (collectively, the "Bond Documents") including, without limitation, covenants respecting the financed facilities, in each case, necessary to avoid the occurrence of an Event of Default under the Bond Documents or cause the interest on the Industrial Revenue Bonds to be included in the gross income of the holders thereof except holders who are "substantial users" or "related persons" as defined in Section 147(a) of the Internal Revenue Code of 1986, as amended or its predecessor.

4.2 Relationship of Parties.

(a) This Agreement is a general unsecured obligation of each of Parent and Steel (i.e., it ranks equal to accounts payable and other general unsecured obligations of each party). This Agreement does not contain any financial covenants and Parent and Steel remain free to incur additional debt, grant mortgages or security interests in its property and sell or transfer assets without the consent of the other. Parent acknowledges that Steel has granted or anticipates granting security interests in its accounts receivable and inventory.

(b) This Agreement is a contract between the parties. It does not grant any rights to the holders of the Industrial Revenue Bonds or the other parties to the Assumed Leases or the Parent Obligations or the beneficiaries of the 1314B Guarantee and the Swap Guarantees. Among other things the parties may agree to amend or modify this Agreement as they mutually agree and nothing herein creates or is intended to create any obligation to redeem or repurchase any of these instruments.

4.3 Events of Default.

(a) The following shall be "Events of Default" under this Agreement:

- (i) (A) Steel shall fail to make any payment under any Bond Document or Assumed Lease when due; (B) Parent shall fail to make any payment under any Parent Obligation when due and such failure causes a default under the applicable Parent Obligation;

(ii) Either party shall fail to comply with any other covenant contained in this Agreement (including, without limitation, covenants to comply with covenants under the Bond Documents, the Assumed Leases and the Parent Obligations) and such failure shall continue for more than thirty (30) days after such party becomes aware of it, provided that under the Bond Documents, Assumed Leases and Parent Obligations such period shall be extended to the extent (but only to the extent) it does not

Edgar Filing: USX CORP - Form 8-K

precipitate an event of default under the applicable Bond Documents, Assumed Leases or Parent Obligations;

(iii) Either party shall make a general assignment for the benefit of creditors, or files or has filed a petition in bankruptcy, or a petition or answer seeking a readjustment of its indebtedness under the United States Bankruptcy Code or any similar law or code, or consents to the appointment of a receiver or trustee of it or for a substantial part of its properties; or

(iv) Either party shall be adjudged bankrupt or insolvent, or a petition or proceedings for bankruptcy shall be filed against it, and such party shall admit the material allegations thereof, or an order, judgment, or decree shall be made approving such a petition, and such order, judgment or decree shall not be vacated or stayed within sixty (60) days of its entry, or a custodian, receiver or trustee shall be appointed for either party or a substantial part of its properties and remain in possession thereof for sixty (60) days.

(b) Upon the occurrence of an Event of Default pursuant to subparagraphs (iii) or (iv) of Section 4.3(a), all sums then or thereafter due hereunder (including, without limitation, the amounts that may become due under Section 1.4 hereof) shall become immediately due and payable. Upon the occurrence of any one or more of the other Events of Default, all sums then or hereafter due hereunder shall, at the non-defaulting party's option, immediately become due and payable. Overdue amounts shall bear interest at a rate of interest equal to that announced from time to time by J. P. Morgan Chase & Co. (or its successor) as its "prime rate" plus two percent per annum.

4.4 Indemnification.

(a) Steel agrees to indemnify and hold harmless Parent as well as all shareholders, directors, officers, employees, subsidiaries and agents of Parent (collectively, "Indemnified Persons") against any and all direct or indirect liability (whether absolute, accrued or unaccrued, contingent, liquidated or unliquidated, matured or unmatured or known or unknown), indebtedness, obligation, expense, claim, deficiency, guarantee or endorsement of or by any such Indemnified Person (including, without limitation, those arising under any law, regulation, ordinance, or award of any court, tribunal or arbitrator of any kind) together with all reasonable attorney's fees and other costs and expenses ("Liability") arising from, relating to or incurred in connection with the Industrial Revenue Bonds, the Assumed Leases, the 1314B Guarantee or the Swap Guarantees.

(b) Parent agrees to indemnify and hold harmless Steel as well as all Indemnified Persons of Steel against any and all Liability arising from, relating to or incurred in connection with the Parent Obligations.

Article V General Provisions

5.1 Governing Law. This Agreement shall be governed by, and construed in accordance with, the laws of Delaware, without reference to choice of law principles, including matters of construction, validity and performance.

Edgar Filing: USX CORP - Form 8-K

5.2 Notices. All notices shall be sent in accordance with the Reorganization Agreement.

5.3 Third Party Beneficiaries. Nothing in this Agreement shall confer any rights upon any Person or entity other than the parties hereto and their respective heirs, successors and permitted assigns. Without limiting the foregoing the inclusion of any matter within the defined terms Industrial Revenue Bonds, Assumed Leases or Parent Obligations is merely for purposes of allocating responsibility for such matter as between the parties hereto and such inclusion does not and is not intended to acknowledge legal enforceability or waive any defenses.

5.4. Entire Agreement. This Agreement, contains the entire understanding of the parties hereto and thereto with respect to the subject matter contained herein and therein, and supersedes and cancels all prior agreements, negotiations, correspondence, undertakings and communications of the parties, oral or written, respecting such subject matter.

5.5. Headings. The article, section and paragraph headings contained in this Agreement are for reference purposes only and shall not affect in any way the meaning or interpretation of this Agreement.

5.6. Counterparts. This Agreement may be executed in one or more counterparts and each counterpart shall be deemed to be an original, but all of which shall constitute one and the same original.

5.7. Parties in Interest; Assignment; Successors. Except as set forth herein, neither this Agreement nor any of the rights, interests or obligations hereunder shall be assigned by any of the parties hereto without the prior written consent of the other parties. Subject to the preceding sentence, this Agreement shall inure to the benefit of and be binding upon Steel and Parent and their respective successors and permitted assigns.

5.8. Severability; Enforcement. The invalidity of any portion hereof shall not affect the validity, force or effect of the remaining portions hereof. If it is ever held that any restriction hereunder is too broad to permit enforcement of such restriction to its fullest extent, each party agrees that a court of competent jurisdiction may enforce such restriction to the maximum extent permitted by law, and each party hereby consents and agrees that such scope may be judicially modified accordingly in any proceeding brought to enforce such restriction. Each party hereby consents to the exclusive jurisdiction of the Court of Chancery of the State of Delaware or the United States District Court for the District of Delaware to resolve any disputes under this agreement and all parties waive any and all defenses that they may have to challenge the jurisdiction or venue of such courts.

In witness whereof this Agreement is entered into as of the day first written above.

"Marathon Oil Corporation" ("USX"), and United States Steel LLC, a Delaware limited liability company and wholly owned subsidiary of USX, to be renamed "United States Steel Corporation" ("SteelCo").

W I T N E S S E T H:

WHEREAS, this Agreement is made pursuant to and as a condition of the Agreement and Plan of Reorganization, dated as of July 31, 2001 ("Separation Agreement"), by and between USX and SteelCo, pursuant to which the respective businesses of the Marathon Group of USX and the U.S. Steel Group of USX are being separated into two independent companies by merging USX Merger Corporation, a Delaware corporation and a wholly owned subsidiary of USX ("Merger Sub"), with and into USX, subject to the terms and conditions thereof, and pursuant to Section 251 of the DGCL (the "Separation Merger"), with USX continuing as the surviving corporation, so that immediately following the Separation Effective Time, SteelCo shall own and operate the business of the U.S. Steel Group and shall be wholly owned by the holders of the then outstanding shares of USX-U.S. Steel Group Common Stock and the business of the Marathon Group shall be owned and operated by USX, which shall be a separate and independent entity from SteelCo and shall be wholly owned by the holders of the then outstanding shares of USX-Marathon Group Common Stock (the "Separation"); and

NOW, THEREFORE, in furtherance of the foregoing and in consideration of the mutual promises and undertakings contained herein and in any other document executed in connection with this Agreement, the parties agree as follows:

ARTICLE I

DEFINITIONS

Section 1.1 General. Unless otherwise defined herein, capitalized terms used herein shall have their respective meanings as defined in the Separation Agreement.

Section 1.2 Other Definitional Provisions.

(a) The words "hereof", "herein", "hereunder" and words of similar import, when used in this Agreement, shall refer to this Agreement as a whole and not to any particular provision of this Agreement.

(b) The terms defined in the singular shall have a comparable meaning when used in the plural, and vice versa.

(c) The terms "dollars" and "\$" shall mean United States dollars.

ARTICLE II

LICENSE AND QUALITY CONTROL

Section 2.1 Grant of License. USX grants to SteelCo a fully paid, worldwide, nonexclusive license to use (i) the USX Name Rights

Edgar Filing: USX CORP - Form 8-K

solely in the conduct of SteelCo's business, and (ii) the Headquarters IP solely in the conduct of SteelCo's internal business. SteelCo acknowledges that by virtue of this Agreement, SteelCo is receiving only the right to use the USX Name Rights and Headquarters IP in accordance with the terms hereof and is not acquiring any rights of ownership thereof.

Section 2.2 Right to Sublicense. The grant of the license to SteelCo set forth in Section 2.1 shall include the right to sublicense the USX Name Rights and Headquarters IP to any Subsidiary of SteelCo. Any other sublicense by SteelCo shall require the written consent of USX.

Section 2.3 Quality Control. SteelCo agrees not to affix USX Name Rights to any products or to use USX Name Rights in connection with the provision of any services unless such products and services are of a type and quality consistent with the standards established from time to time by USX for such goods and services. SteelCo agrees to cooperate in facilitating USX's control over the quality of goods and services in connection with which SteelCo uses USX Name Rights. SteelCo shall permit USX and its authorized representatives to inspect and monitor at any reasonable time and place all goods and services produced or provided by SteelCo in connection with which SteelCo uses USX Name Rights. If USX reasonably concludes that any goods or services in connection with which SteelCo uses USX Name Rights do not conform to USX's quality standards, SteelCo shall promptly take steps either to insure conformance with USX's quality standards or to prevent the use of USX Name Rights in connection with such goods and services.

ARTICLE III

INDEMNIFICATION

Section 3.1 USX's Agreement to Indemnify. Subject to the terms and conditions set forth in this Agreement, USX shall indemnify, defend and hold harmless SteelCo and its directors, officers, employees, Representatives, advisors, agents and Affiliates (collectively, the "U.S. Steel Indemnified Parties") from, against and in respect of any and all Indemnifiable Losses of the U.S. Steel Indemnified Parties arising out of, relating to or resulting from, directly or indirectly, USX's use of the USX Name Rights or Headquarters IP.

Section 3.2 SteelCo's Agreement to Indemnify. Subject to the terms and conditions set forth in this Agreement, SteelCo shall indemnify, defend and hold harmless USX and each of its directors, officers, employees, Representatives, advisors, agents and Affiliates (collectively, the "USX Indemnified Parties") from, against and in respect of any and all Indemnifiable Losses of the USX Indemnified Parties arising out of, relating to or resulting from, directly or indirectly, SteelCo's use or sublicense of the USX Name Rights or Headquarters IP.

Section 3.3 Procedure for Indemnification. All claims for indemnification under this Article III shall be asserted and resolved as follows:

(a) Third-Party Claims. In the event that any claim or demand for which an Indemnifying Party may be liable to an Indemnified Party hereunder is asserted against or sought to be collected by a third party from an Indemnified Party (an "Asserted Liability"), the Indemnified Party shall as soon as possible notify the Indemnifying Party in writing of such Asserted Liability, specifying the nature of such Asserted Liability (the "Claim Notice"); provided that no delay on the part of the Indemnified Party in giving any such Claim Notice shall relieve the Indemnifying Party of any indemnification obligation hereunder except to

Edgar Filing: USX CORP - Form 8-K

the extent that the Indemnifying Party is materially prejudiced by such delay. The Indemnifying Party shall have 60 days (or less if the nature of the Asserted Liability requires) from its receipt of the Claim Notice to notify the Indemnified Party whether or not the Indemnifying Party desires, at the Indemnifying Party's sole cost and expense and by counsel of its own choosing, to defend against such Asserted Liability; provided, however, that if, under applicable standards of professional conduct a conflict on any significant issue between the Indemnifying Party and any Indemnified Party exists in respect of such Asserted Liability, then the Indemnifying Party shall reimburse the Indemnified Party for the reasonable fees and expenses of one additional counsel.

If the Indemnifying Party undertakes to defend against such Asserted Liability, the Indemnified Party shall cooperate fully with the Indemnifying Party and its counsel in the investigation, defense and settlement thereof, but the Indemnifying Party shall control the investigation, defense and settlement thereof. If the Indemnified Party desires to participate in any such defense, it may do so at its sole cost and expense. If the Indemnifying Party elects not to defend against such Asserted Liability, then the Indemnifying Party shall have the right to participate in any such defense at its sole cost and expense, but the Indemnified Party shall control the investigation, defense and settlement thereof at the sole cost and expense of the Indemnifying Party. The Indemnifying Party shall not, without the prior written consent of the Indemnified Party (which consent shall not be unreasonably withheld), consent to any settlement unless such settlement (i) includes a complete release of the Indemnified Party and (ii) does not require the Indemnified Party to admit any liability or make or forego any payment or forego or take any action. The Indemnifying Party shall not be liable for any settlement of any Asserted Liability effected without its prior written consent (which consent shall not be unreasonably withheld).

(b) Non-Third-Party Claims. In the event that an Indemnified Party should have a claim against the Indemnifying Party hereunder that does not involve a claim or demand being asserted against or sought to be collected from it by a third party, the Indemnified Party shall send a notice with respect to such claim to the Indemnifying Party. The Indemnifying Party shall have 60 days from the date such notice is delivered during which to notify the Indemnified Party in writing of any good faith objections it has to the Indemnified Party's notice or claims for indemnification, setting forth in reasonable detail each of the Indemnifying Party's objections thereto. If the Indemnifying Party does not deliver such written notice of objection within such 60-day period, the Indemnifying Party shall be deemed to not have any objections to such claim. If the Indemnifying Party does deliver such written notice of objection within such 60-day period, the Indemnifying Party and the Indemnified Party shall attempt in good faith to resolve any such dispute within 60 days of the delivery by the Indemnifying Party of such written notice of objection. If the Indemnifying Party and the Indemnified Party are unable to resolve any such dispute within such 60 day period, such dispute shall be resolved in accordance with the procedures set forth in Section 5.1 hereof.

(c) Miscellaneous Indemnification Provisions.

(i) The Indemnifying Party agrees to indemnify any successors of the Indemnified Party to the same extent and in the same manner and on the same terms and conditions as the Indemnified Party is indemnified by the Indemnifying Party under this Article III.

If an Indemnified Party shall have received the payment required by this Article III in respect of an Indemnifiable Loss and shall subsequently actually receive Insurance Proceeds or other amounts in respect of such Indemnifiable Loss, then such Indemnified Party shall pay to such Indemnifying Party a sum equal to the amount of such Insurance Proceeds or other amounts actually received, up to the aggregate amount of any payments received from such Indemnifying Party pursuant to this Article III in respect of such Indemnifiable Loss.
