TO BE HELD MAY 10, 2011

GENERAL INFORMATION

The enclosed Proxy is solicited by and on behalf of the Board of Directors of Alanco Technologies, Inc., an Arizona corporation (the "Company"), for use at the Company's Annual Meeting of Shareholders to be held at 15575 North 83rd Way, Suite 3, Scottsdale, Arizona 85260, on the 10th day of May 2011, at 10:00 a.m., Mountain Standard Time, and at any adjournment or postponement thereof.

The expense of soliciting proxies, including the cost of preparing, assembling and mailing this proxy material to shareholders, will be borne by the Company. It is anticipated that solicitations of proxies for the Meeting will be made only by use of the mails; however, the Company may use the services of its Directors, Officers and employees to solicit proxies personally or by telephone without additional salary or compensation to them. Brokerage houses, custodians, nominees and fiduciaries will be requested to forward the proxy soliciting materials to the beneficial owners of the Company's shares held of record by such persons, and the Company will reimburse such persons for their reasonable out-of-pocket expenses incurred by them in that connection.

Shares not voting as a result of a proxy not marked or marked to abstain will be counted as part of total shares voting in order to determine whether or not a quorum has been achieved at the Meeting. Shares registered in the name of a broker-dealer or similar institution for beneficial owners to whom the broker-dealer distributed notice of the Annual Meeting and proxy information and which such beneficial owners have not returned proxies or otherwise instructed the broker-dealer as to voting of their shares, will be counted as part of the total shares voting in order to determine whether or not a quorum has been achieved at the Meeting.

All shares represented by valid proxies will be voted in accordance therewith at the Meeting unless such proxies have previously been revoked. Proxies may be revoked at any time prior to the time they are voted by: (a) delivering to the Secretary of the Company a written instrument of revocation bearing a date later than the date of the proxy; or (b) duly executing and delivering to the Secretary a subsequent proxy relating to the same shares; or (c) attending the meeting and voting your proxy in person (although attendance at the Meeting will not in and of itself constitute revocation of a proxy).

Description of the Businesses of the Parties (see page 23)

- Alanco Technologies, Inc. was incorporated in 1969 under the laws of the State of Arizona. Unless otherwise noted, the "Company" or "Alanco" refers to Alanco Technologies, Inc.
- Alanco provides wireless monitoring and asset management solutions through its StarTrak Systems, LLC subsidiary.
- StarTrak Systems, LLC, or "StarTrak," located in Morris Plains, NJ, is the dominant provider of tracking, monitoring and control services to the refrigerated or "Reefer" segment of the transportation marketplace, enabling customers to increase efficiency and reduce costs of the refrigerated supply chain. As an innovator and leader in tracking, monitoring and controlling refrigerated trucks, trailers, containers and container gensets, StarTrak's ReeferTrak® RT6000 and GenTrak™ RT6000 deliver unmatched capabilities for wireless active control of the reefer environment using satellite and/or cellular wireless communication networks.

ORBCOMM Inc. ("ORBCOMM"), a Delaware corporation, is a satellite-based data communications company that operates a two-way global wireless data messaging system optimized for narrowband data communication. ORBCOMM also provides terrestrial-based cellular communication services through reseller agreements with major cellular wireless providers. ORBCOMM provides services through a constellation of 27 owned and operated low-Earth orbit satellites and accompanying ground infrastructure through which small, low power, fixed or mobile satellite subscriber communicators and cellular wireless subscriber identity modules, or SIMS, connected to the cellular wireless provider's network, that can be connected to other public or private networks, including the Internet (collectively, the "ORBCOMM System").

Past Contacts and Negotiations (see page 24)

Reason for Sale (see page 25)

- Through December 31, 2010, Alanco has reported recurring losses from our corporate operations, including our StarTrak Systems subsidiary. Since its acquisition by Alanco in June of 2006, StarTrak has reported cumulative operating losses of approximately \$7.5 million, including operating losses in excess of \$1 million for the initial six months of the current fiscal year ending June 30, 2011. During this current fiscal year, we have had difficulty meeting our working capital requirements with current cash reserves, cash generated from operations, or borrowing under our credit line. Due to our extended financial condition, along with other factors, including our inability to raise additional debt or equity capital on terms we feel commercially acceptable, management and our Board of Directors deemed it advisable and in the best interests of our stockholders to accept an offer from ORBCOMM to sell substantially all of StarTrak assets in accordance with the terms of the Asset Purchase Agreement and to consummate the Asset Sale.

Terms of the Transaction (see Page 25)

- Assets to be Sold. Substantially all of the assets of StarTrak will be sold to ORBCOMM, or its wholly owned subsidiary formed specifically to receive the assets, STK Acquisition, LLC.
- Purchase Price. Total consideration payable to Alanco by ORBCOMM at the closing for substantially all of the net assets of StarTrak of approximately \$18.2 million is composed of:
 1. Approximately \$2 million in cash less any amount due under a term loan agreement;
 2. ORBCOMM acquisition and discharge of \$3.9 million in principal under the Company's term loan agreement;
 3. Delivery of \$2.25 million face amount in Alanco Series E Convertible Preferred Stock held by ORBCOMM;
 4. Delivery of approximately 1.2 million shares of Alanco Class A Common Stock valued at approximately \$1.59 million. The valuation was based upon the closing market price at date of signing of the definitive Asset Purchase Agreement;
 5. Delivery of approximately 2.245 million shares of ORBCOMM common stock valued at approximately \$6.74 million determined by multiplying the number of shares at market value upon execution of the definitive Asset Purchase Agreement; and
 6. The issuance and delivery to Alanco of approximately \$1.8 million in face value of perpetual convertible preferred stock of ORBCOMM.
 7. In addition to the approximate \$18.2 million purchase price, the consideration may also include up to approximately \$1.2 million in additional payments of cash or ORBCOMM common stock, at ORBCOMM's option, contingent on StarTrak's calendar year 2011 revenue milestones. The Agreement also provides for a working capital adjustment based upon the change in working capital (as defined) of StarTrak from November 30, 2010 through the Effective Date of the closing that is not considered in the \$18.2 million of total consideration.

Closing (see Page 28)

- The closing of the transaction is conditioned upon normal occurrence for similar transactions, such as the accuracy of the parties' representations and warranties at closing, obtaining necessary third-party consents, and lack of injunctions or similar restraints, as well as the simultaneous closing of related third-party agreements including (i) an agreement whereby ORBCOMM acquires the lender's interest in the \$3,900,000 Loan Agreement between Alanco and StarTrak as borrower, and the Anderson Family Trust, as lender, (ii) an agreement pursuant to which ORBCOMM acquires all of the Alanco common stock owned by the Anderson Family Trust and affiliates, and (iii) an agreement pursuant to which ORBCOMM acquires all of the Alanco common stock owned by Timothy Slifkin and Thomas Robinson.
- The Agreement provides that Alanco's obligation to close is contingent upon obtaining approval of Alanco's shareholders of the transactions contemplated by the Agreement.

Material Terms of the Asset Purchase Agreement (see Page 28)

- The definitive Asset Purchase Agreement sets forth the various rights and obligations of the parties to the agreement. In addition, the Asset Purchase Agreement contains customary representations, warranties and covenants of the Company, StarTrak and ORBCOMM.

Shareholder Voting (See Page 30)

- In the event that a majority of the shares eligible to vote approve Proposal No. 4, Alanco intends to complete the transaction as detailed in the Agreement.

Use of Proceeds; Our business after the Sale (see Page 29)

- The Company, and not our stockholders, will receive all of the net proceeds from the Asset Sale. We anticipate using the net proceeds from the Asset Sale in one or more of the following ways:
 1. Repayment of any remaining unpaid interest bearing debt;
 2. Explore potential opportunities for an acquisition or merger transaction with an operating company, or;
 3. A potential distribution of all or a portion of our net assets to shareholders.

- After completion of the Asset Sale, we will continue to operate as a public company, but we will have no on-going operations. We are unable to assure our stockholders that we will continue to trade on the NASDAQ market because without acquiring or merging with an operating company, we cannot maintain our NASDAQ listing. We have not made any definitive determination about our future business plans once the Asset Sale is consummated. The Company's directors will evaluate all possible options, including an acquisition and/or merger with an operating business whereby our shareholders would retain an ownership interest in a new "public" corporation with opportunity for future enhanced value.

Risk Factors (see Page 29)

- Investing in our securities involves significant risks. Please see the risk factors under the heading "Risk Factors" in our most recent Annual Report on Form 10-K as revised or supplemented by our Quarterly Reports on Form 10-Q filed with the SEC since the filing of our most recent Annual Report on Form 10-K, each of which is on file with the SEC. Before casting your vote with respect to this Proxy Statement, you should carefully consider these risks as well as other information we include or incorporate by reference in this Proxy Statement. The risks and uncertainties we have described are not the only ones facing our company. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also affect our business operations. In addition, because we will receive a substantial number of ORBCOMM shares in exchange for the assets of StarTrak, you should also consider the Risk Factors in ORBCOMM's most recent Annual Report on Form 10-K, as revised or supplemented by ORBCOMM's Quarterly Reports on Form 10-Q filed with the SEC since the filing of its most recent Annual Report on Form 10-K, each of which is on file with the SEC and is incorporated by reference in this Proxy Statement.

Recommendation of the Board (see Page 30)

- The Board of Directors recommends that shareholders vote "For" the proposal to sell substantially all of the assets of its wholly owned subsidiary, StarTrak Systems, LLC, to ORBCOMM Inc.

SHARES OUTSTANDING AND VOTING RIGHTS

Effective August 26, 2010, the Company effected a 1:8 reverse stock split. All references to both number of shares and price per share of Class A Common Stock issued and outstanding, options and warrants granted, and common stock equivalent shares are presented herein on a post-split basis.

Voting rights are vested in the holders of the Company's Common Stock and Preferred Stock. Only shareholders of record at the close of business on March 28, 2011, are entitled to notice of and to vote at the Meeting or any adjournment or postponement thereof. As of March 28, 2011, the Company had 5,534,552 shares of Class A Common Stock issued and outstanding, 116,800 shares of Series B Convertible Preferred Stock issued and outstanding, 82,393 shares of Series D Preferred Stock issued and outstanding, and 725,000 shares of Series E Convertible Preferred Stock issued and outstanding. Each Class A Common share is entitled to one vote, each share of Series B Convertible Preferred stock is entitled to .65 votes (the equivalent number of common shares into which the Series B Convertible Preferred Stock is convertible), each share of Series D Preferred Stock is entitled to 2.5 votes, and each share of Series E Convertible Preferred Stock is entitled to 1.5 votes. If the number of common shares into which the Series B Preferred Stock is convertible and the voting rights of the Series D Preferred Stock and Series E Convertible Preferred Stock are considered, the total shares eligible to vote on the record date are 6,903,954 shares ("Total Voting Rights"), each of which is entitled to one vote on all matters to be voted upon at the Meeting, including the election of Directors. No fractional shares are outstanding. A majority of the Company's outstanding voting stock represented in person or by proxy shall constitute a quorum at the Meeting. The affirmative vote of a majority of the votes cast, providing a quorum is present, is necessary to approve each proposal, except Proposal No. 4 which must

receive a majority of the total votes eligible to vote for approval.

Each shareholder present, either in person or by proxy, will have cumulative voting rights with respect to the election of Directors. Under cumulative voting, each shareholder is entitled to as many votes as is equal to the number of voting rights of the Company held by the shareholder on the Record Date multiplied by the number of directors to be elected, and such votes may be cast for any single nominee or divided among two or more nominees. The five nominees receiving the highest number of votes will be elected to the Board of Directors. There is no conditions precedent to the exercise of cumulative voting rights. Unless otherwise instructed in any proxy, the persons named in the form of proxy which accompanies this Proxy Statement (the "Proxy Holders") will vote the proxies received by them for the Company's five nominees set forth in "Election of Directors" below. If additional persons are nominated for election as directors, the Proxy Holders intend, unless otherwise instructed in any proxy, to vote all proxies received by them in such manner in accordance

with cumulative voting as will assure the election of as many of the Company's nominees as possible, and, in such event, the specific nominees for whom votes will be cast will be determined by the Proxy Holders. If authority to vote for any nominee of the Company is withheld in any proxy, the Proxy Holders intend, unless otherwise instructed in such proxy, to vote the shares represented by such proxy, in their discretion, cumulatively for one or more of the other nominees of the Company.

The percentages shown are calculated based upon 6,903,954 voting rights as of March 28, 2011. In calculating the percentage of ownership, option and warrant shares are deemed to be outstanding for the purpose of computing the percentage of shares owned by such person, but are not deemed to be outstanding for the purpose of computing the percentage of shares owned by any other stockholders.

Meetings and Committees of the Board of Directors

The Board of Directors has a Compensation/Administration Committee, which was formed in 1995 and is comprised of Messrs. Harold S. Carpenter and James T. Hecker, who are independent directors of the Company. The Compensation/Administration Committee recommends to the Board the compensation of executive officers and serves as the Administrative Committee for the Company's Stock Option Plans. The Compensation/Administration Committee met three times during the fiscal year ended June 30, 2010.

The Board of Directors also has an Audit/Corporate Governance Committee. The Audit Committee was originally formed in 1995. In September 2004, the Board of Directors approved a name change for the committee to Audit/Corporate Governance Committee to more accurately reflect the additional duties and responsibilities of the committee as required by the Sarbanes-Oxley Act of 2002. The Audit/Corporate Governance Committee, comprised of Messrs. Harold S. Carpenter, James T. Hecker, and Thomas C. LaVoy, all of whom are independent non-employee directors of the Company who have significant business experience and are deemed to be financially knowledgeable, serves as a liaison between the Board and the Company's independent auditor. The Audit/Corporate Governance Committee provides general oversight of the Company's financial reporting and disclosure practices, system of internal controls, and the Company's processes for monitoring compliance with Company policies. The Audit/Corporate Governance Committee reviews with the Company's independent auditors the scope of the audit for the year, the results of the audit when completed, and the independent auditor's fee for services performed. The Audit/Corporate Governance Committee also recommends independent auditors to the Board of Directors and reviews with management various matters related to its internal accounting controls. The Audit/Corporate Governance Committee is comprised of independent members as defined under the National Association of Securities Dealers listing

standards. In addition to conference calls with audit committee members and the Company's independent auditors, the Audit/Corporate Governance Committee met three times during the fiscal year ended June 30, 2010.

The final Board committee is the Nominating/Independent Directors Committee, which is comprised of Messrs. Harold S. Carpenter, James T. Hecker and Thomas C. LaVoy, all members of the Company's Board of Directors who have been determined by the Board to meet the qualification as "independent" directors as set forth in Rule 10A-3 of the Exchange Act. Mr. Donald Anderson was also on the Nominating/Independent Directors Committee until his resignation on October 4, 2010. Per Board resolution, the Nominating/Independent Directors Committee approves all nominations for membership to the Company's Board of Directors. In addition, the Nominating/Independent Directors Committee meets in regularly scheduled executive sessions at which only the independent directors are present.

All meetings held by the Board of Directors' committees were attended by each of the directors serving on such committees.

The Company's Board of Directors held three meetings during the fiscal year ended June 30, 2010, at which time all Directors were present except for Don Anderson, who was absent from one of the three meetings. All current members of the Board of Directors' committees are expected to be nominated for re-election at a meeting of the Board of Directors following the annual meeting.

Compliance with Section 16(a) of Securities Exchange Act of 1934

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's Officers and Directors, and persons who own more than 10% of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange Commission ("SEC"). Officers, Directors and greater than 10% shareholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file. Based solely upon a review of the copies of such forms furnished to the Company, or written representations that no Form 5's were required, the Company believes that as of the date of this filing, all Section 16(a) filing requirements applicable to its officers, Directors and greater than 10% beneficial owners were satisfied.

Compensation of Directors

During fiscal year 2010, non-employee Directors were compensated for their services in cash (\$750 per meeting per day up to a maximum of \$1,500 per meeting) and through the grant of options to acquire shares of Class A Common

Stock as provided by the 1996, 1998, 1999, 2000, 2002, 2004, 2005, and 2006 Directors and Officers Stock Option Plans (the "D&O Plans") which are described below. All Directors are entitled to receive reimbursement for all out-of-pocket expenses incurred for attendance at Board of Directors meetings.

The 1996 Directors and Officers Stock Option Plan was approved by the Board of Directors on September 9, 1996. Shareholders approved the 1998, 1999, 2000, 2002, 2004, 2005, and 2006 Directors and Officers Stock Option Plans on November 6, 1998, November 5, 1999, November 10, 2000, November 22, 2002, November 19, 2004, January 20, 2006, and January 30, 2007, respectively. The purpose of the 1996, 1998, 1999, 2000, 2002, 2004, 2005, and 2006 D&O Plans is to advance the business and development of the Company and its shareholders by affording to the Directors and Officers of the Company the opportunity to acquire a proprietary interest in the Company by the grant of Options to acquire shares of the Company's common stock. All Directors and Executive Officers of the Company are eligible to participate in the 1996, 1998, 1999, 2000, 2002, 2004, 2005, and 2006 Plans. Newly appointed Directors receive options to purchase shares of common stock at fair market value. Upon each subsequent anniversary of the election to the Board of Directors, each non-employee Director may receive an additional option to purchase shares of common stock at fair market value.

AUDIT/CORPORATE GOVERNANCE COMMITTEE REPORT (1)

The Audit/Corporate Governance Committee of the Board of Directors is currently comprised of three independent directors, and operates under a written charter adopted by the Board. The Audit/Corporate Governance Committee Charter was included as Exhibit A in the Company's Definitive Proxy Statement filed with the SEC on October 18, 2004. The members of the Audit/Corporate Governance Committee are Harold S. Carpenter, a CEO with over 30 years senior management experience, James T. Hecker, an attorney and CPA, and Thomas C. LaVoy, a CPA. All three individuals are experienced in reading and understanding financial statements, and, in fact, are deemed to be financial experts as defined by audit committee requirements.

The Audit/Corporate Governance Committee is directly responsible for the appointment, compensation, retention and oversight of the work of the independent auditor engaged for the purpose of preparing an audit report or performing other audit, review or attest services for the Company. The independent auditor reports directly to the Audit/Corporate Governance Committee. The Audit/Corporate Governance Committee has established "whistleblower" procedures for the receipt, retention and treatment of complaints regarding accounting, internal accounting controls or auditing matters, including procedures for the confidential anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters.

Authority to engage independent counsel and other advisors has been given to the Audit/Corporate Governance Committee as it determines is necessary to carry out its duties. The Company provides appropriate funding for the Audit/Corporate Governance Committee to compensate the independent auditors and any lawyers and advisors it employs and to fund ordinary administrative expenses of the Audit/Corporate Governance Committee that are necessary in carrying out its duties.

The Audit/Corporate Governance Committee provides general oversight of the Company's financial reporting and disclosure practices, system of internal controls, and the Company's processes for monitoring compliance by the Company with Company policies. The Audit/Corporate Governance Committee reviews with the Company's registered public accountants the scope of the audit for the year, the results of the audit when completed, and the registered independent public accountant's fee for services performed. The Audit/Corporate Governance Committee also recommends independent registered public accountants to the Board of Directors and reviews with management various matters related to its internal accounting controls. During the last fiscal year, there were three meetings of the Audit/Corporate Governance Committee.

Management is responsible for the Company's internal controls and the financial reporting process. The independent registered public accounting firm is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) and issuing a report thereon. The Audit/Corporate Governance Committee is responsible for overseeing and monitoring the quality of the Company's accounting and auditing practices.

The members of the Audit/Corporate Governance Committee are not professionally engaged in the practice of auditing or accounting and may not be experts in the fields of accounting or auditing, or in determining auditor independence. Members of the Audit/Corporate Governance Committee rely, without independent verification, on the information provided to them and on the representations made by management and the independent registered public accounting firm. Accordingly, the Audit/Corporate Governance Committee's oversight does not provide an independent basis to determine that management has maintained procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit/Corporate Governance Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with the standards of the Public Company Accounting Oversight Board

(United States), that the financial statements are presented in accordance with accounting principles generally accepted in the United States of America or that the Company's independent registered public accounting firm is in fact "independent."

Review of Audited Financial Statements

In this context, the Audit/Corporate Governance Committee reviewed and discussed the Company's audited financial statements with management and with the Company's independent auditors. Management represented to the Audit/Corporate Governance Committee that the Company's consolidated financial statements were prepared in accordance with

accounting principles generally accepted in the United States of America. Discussions about the Company's audited financial statements included the auditor's judgments about the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in its financial statements. The Audit/Corporate Governance Committee also discussed with the auditors the matters required by Statement on Auditing Standards, ("SAS") No. 61 "Communication with Audit Committees," as amended and as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

The Company's auditors provided to the Committee written disclosures required by the Independence Standards Board Standard No. 1 "Independence Discussion with Audit Committee." The Audit/Corporate Governance Committee discussed with the independent auditors their independence from the Company, and considered the compatibility of non-audit services with the auditor's independence.

Audit Committee Pre-Approval Policies and Procedures

The fiscal year 2009 and 2010 audit services provided by Semple, Marchal & Cooper, LLP were approved by our Audit/Corporate Governance Committee. The Audit/Corporate Governance Committee implemented pre-approval policies and procedures related to the provision of audit and non-audit services. Under these procedures, the Audit/Corporate Governance Committee pre-approves both the type of services to be provided by our independent auditors and the estimated fees related to these services. During the approval process, the Audit/Corporate Governance Committee considers the impact of the types of services and related fees on the independence of the auditor. These services and fees must be deemed compatible with the maintenance of the auditor's independence, in compliance with the SEC rules and regulations. Throughout the year, the Audit/Corporate Governance Committee and, if necessary, the Board of Directors, reviews revisions to the estimates of audit and non-audit fees initially approved.

Recommendation

Based on the Audit/Corporate Governance Committee's discussion with management and the independent auditors, and the Audit/Corporate Governance Committee's review of the representations of management and the report of the independent auditors to the Audit/Corporate Governance Committee, the Audit/Corporate Governance Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended June 30, 2010, filed with the Securities and Exchange Commission.

Proposal No. 1 ELECTION OF DIRECTORS

Proposal No. 2 RATIFICATION OF RE-APPOINTMENT OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has re-appointed the firm of Semple, Marchal & Cooper, LLP to serve as our independent registered public accounting firm for the fiscal year ending June 30, 2011, and has directed that such re-appointment be submitted to our shareholders for ratification at the Annual Meeting. Our organizational documents do not require that our shareholders ratify the selection of our independent registered public accounting firm. If our shareholders do not ratify the selection, the Audit Committee will reconsider whether to retain Semple, Marchal & Cooper, LLP, but still may retain it nonetheless. Even if the selection is ratified, the Audit Committee, in its discretion, may change the appointment at any time during the year if it determines that such a change would be in our best interests.

Representatives of Semple, Marchal & Cooper, LLP are expected to be present at the Annual Meeting and will have an opportunity to make a statement if they desire to do so. They also will be available to respond to appropriate questions from shareholders.

Audit and Non-Audit Fees

No such services were provided during the fiscal year ended June 30, 2009.

As part of its responsibility for oversight of the independent registered public accountants, the Audit Committee has established a pre-approval policy for engaging audit and permitted non-audit services provided by our independent registered public accountants. In accordance with this policy, each type of audit, audit-related, tax and other permitted service to be provided by the independent auditors is specifically described and each such service, together with a fee level or budgeted amount for such service, is pre-approved by the Audit Committee. The Audit Committee has delegated authority to its Chairman to pre-approve additional non-audit services (provided such services are not prohibited by applicable law) up to a pre-established aggregate dollar limit. All services pre-approved by the Chairman of the Audit Committee must be presented at the next Audit Committee meeting for review and ratification. All of the services provided by Semple, Marchal & Cooper LLP described above were approved by our Audit Committee.

The Board of Directors recommends approval of the 2011 Plan. On the effective date of the 2011 Plan, 750,000 new shares of common stock will be reserved for issuance under the 2011 Plan. Shares issued under the 2011 Plan shall be drawn from authorized and unissued shares or shares now held or subsequently acquired by the Company as treasury shares.

The following description of the 2011 Plan is a summary and is not intended to be a complete description of the 2011 Plan. Please read the 2011 Plan in Appendix E of this Proxy Statement for more detailed information.

Description of 2011 Plan

Purpose

The purpose of the 2011 Plan is to attract, retain and motivate employees, officers, directors, consultants, agents, advisors and independent contractors of the Company and Related Companies by providing them with the opportunity to acquire a proprietary interest in the Company and to align their interests and efforts to the long-term interests of the Company's stockholders.

Administration

The 2011 Plan will be administered by our Board of Directors or the Compensation Committee of our Board of Directors, or any other committee appointed by the Board to administer the 2011 Plan. The Compensation Committee has the full and exclusive discretionary authority to construe and interpret the 2011 Plan and the rights granted under it and to establish rules and regulations for the administration of the 2011 Plan. The Compensation Committee may delegate to one or more of our officers, within limits prescribed by the Board of Directors or the Compensation Committee, the right to grant awards with respect to participants who are not officers or directors.

Eligibility

Awards may be granted under the 2011 Plan to employees, officers, directors, consultants, agents, advisors and independent contractors of the Company or any Related Company.

Certain Executive Officers of the Company and its wholly owned subsidiary, StarTrak Systems, LLC, have agreed to defer a portion of their salaries to reduce the Company's cash requirements and have provided the Company the option of paying the deferred amounts in cash or the Company's common stock upon shareholder approval of the 2011 Plan. If the Company elects to pay the deferred amounts in common shares, the common shares will be valued at the average five day closing price prior to the date the 2011 Plan is approved by the Company's shareholders. The following table represents the potential shares that could be issued in payment of deferred compensation to the individuals indicated through March 31, 2011:

Name and Position (1)	Total Deferred	
	Salary Per Month	March 31, 2011 (2)
Robert R. Kauffman Director/COB/CEO	\$ 7,500	\$ 67,500

Kevin Dahill CEO StarTrak	0	0
Thomas A. Robinson EVP StarTrak	5,000	45,000
Timothy P. Slifkin Director/CTO StarTrak	5,000	45,000

Executive Group	24,000	216,000
Non-Executive	0	0
Director Group		
Non-Executive	1,575	14,175
Officer Employees		
Total	\$25,575	\$230,175

(1) COB is Chairman of the Board; CEO is Chief Executive Officer; EVP is Executive Vice President; CFO is Chief Financial Officer and CTO is Chief Technology Officer.

(2) Calculated at the monthly deferred rate for the nine month period from July 1, 2010 to March 31, 2011.

The Company has the option of paying the deferred amounts in cash or, upon shareholder approval of the 2011 Plan, common stock of the Company valued at the average five day closing market price immediately prior to approval of the 2011 Plan by the Company's shareholders. Other than the information noted in the above table, the Company currently has no other plans, proposals, or arrangements to grant specific awards under the 2011 Plan.

Types of Awards

The 2011 Plan permits the granting of any or all of the following types of awards: (1) incentive and nonqualified stock options; (2) stock awards, restricted stock and stock units; (3) performance shares and performance units conditioned on meeting performance criteria; and (4) other stock or cash-based awards.

Stock Options. Stock options entitle the holder to purchase a specified number of shares of our common stock at a specified price, which is called the exercise price, subject to the terms and conditions of the option grant. The exercise price of stock options under the 2011 Plan must be at least 100% of the fair market value of our common stock on the grant date. Alternatively, if the Compensation Committee so determines in its sole discretion, the Compensation Committee may establish an exercise price equal to the average of the fair market value of our common stock over a period of up to 30 trading days. The Compensation Committee will fix the term of each option. Each option will be exercisable at such time or times as determined by the Compensation Committee. Options may be exercised, in whole or in part, by payment in full of the purchase price either in cash, delivery of shares of common stock (including shares covered by the option being exercised) or delivery of other consideration, or by any combination of cash, stock and other consideration as may be determined by the Compensation Committee. Options may also be exercised by means of a broker-assisted cashless exercise.

After termination of service, a participant will be able to exercise the vested portion of his or her option for the period of time stated in the option agreement.

Stock Awards, Restricted Stock and Stock Units. Awards of shares of stock, or awards designated in units of stock, may be granted under the 2011 Plan. These awards may be made subject to forfeiture restrictions at the Compensation Committee's discretion, and the Compensation Committee may waive any such restrictions at any time in its sole discretion. Until the lapse of any such restrictions, recipients may not dispose of their restricted stock.

Performance Awards. Performance awards may be in the form of performance shares, which are units valued by reference to shares of stock, or performance units, which are units valued by reference to property other than stock. Performance shares or performance units may be payable upon the attainment of performance criteria and other terms and conditions as established by the Compensation Committee, and the amount of any payment may be adjusted on the basis of such further consideration as the Compensation Committee determines. Performance awards may be paid entirely in cash, stock or other property, or in any combination of those, at the discretion of the Compensation Committee.

Other Stock- or Cash-Based Awards. The Compensation Committee is also authorized to grant to participants under the 2011 Plan, either alone or in addition to other awards granted under the 2011 Plan, incentives payable in cash or in shares of common stock subject to terms and conditions determined by the Compensation Committee.

Shares Subject to the 2011 Plan

Number of Shares Reserved for Issuance. The 2011 Plan authorizes the issuance of up to 750,000 shares of common stock. Shares of common stock covered by an award granted under the 2011 Plan will not be counted as used unless and until they are actually issued and delivered to a participant. Shares relating to awards granted under the 2011 Plan that are forfeited, settled for cash or otherwise terminated, and shares withheld by or tendered in connection with the exercise of an option or other award granted under the 2011 Plan or in connection with the satisfaction of tax withholding obligations relating to awards or exercises of options or other awards, will become available for issuance under the 2011 Plan. Awards made or adjusted to assume or convert awards in connection with acquisition transactions will not reduce the number of shares authorized for issuance under the 2011 Plan. The shares of stock

deliverable under the 2011 Plan will consist of authorized and unissued shares. The Compensation Committee may adjust the aggregate number of shares or the number of shares subject to awards under the plan in the event of a change affecting shares of our common stock, such as stock dividends, recapitalization, reorganization or mergers.

Nonassignability of Awards

Unless the Compensation Committee determines otherwise, no award granted under the 2011 Plan may be sold, assigned, transferred, pledged or otherwise encumbered by a participant, other than by will, by designation of a beneficiary in a manner established by the Compensation Committee or by the laws of descent and distribution. Each award may be exercisable only by the participant.

Amendment and Termination

Unless earlier terminated by the Board of Directors or the Compensation Committee, the 2011 Plan will terminate ten years from its effective date. The Board of Directors or the Compensation Committee may generally amend, suspend or terminate all or a portion of the 2011 Plan at any time, as long as the rights of a participant are not materially impaired,

without the participant's consent, subject to stockholder approval to the extent necessary to comply with applicable law, stock exchange rule or regulatory requirements or, as determined by the Compensation Committee, to qualify with tax requirements. The Compensation Committee may amend the terms of any award granted, prospectively or retroactively, but cannot materially impair the rights of any participant without the participant's consent. The Compensation Committee may reprice options without stockholder approval. Also, generally, no change or adjustment may be made to an outstanding incentive stock option, without the consent of the participant, that would cause the incentive stock option to fail to continue to qualify as an incentive stock option under the Code.

Performance-Based Compensation Under Section 162(m)

Under Section 162(m) of the Code, we are generally prohibited from deducting compensation paid to our Chief Executive Officer and our four other most highly compensated executive officers in excess of \$1,000,000 per person in any year. However, compensation that qualifies as performance-based is excluded for purposes of calculating the amount of compensation subject to the \$1,000,000 limit. As the applicable Company salaries are substantially below the effective level, we do not expect the Section 162(m) limit to be applicable. In general, the Compensation Committee determines the terms and conditions of awards. If the Compensation Committee intends to qualify an award as "qualified performance-based compensation" under Section 162(m) of the Code, the performance goals it may choose include any or all of the following or any combination: cash flows (including, but not limited to, operating cash flow, free cash flow or cash flow return on capital); working capital; earnings per share; book value per share; operating income (including or excluding depreciation, amortization, extraordinary items, restructuring charges or other expenses); revenues; operating margins; return on assets; return on equity; debt; debt plus equity; market or economic value added; stock price appreciation; total stockholder return; cost control; strategic initiatives; market share; net income; return on invested capital; improvements in capital structure; customer satisfaction, employee satisfaction, services performance; or cash management or asset management metrics. Performance goals may be stated in absolute terms or relative to the performance of comparison companies. Performance goals may relate to the performance of the Company as a whole or any business unit of the Company, as determined by the Compensation Committee. The Compensation Committee shall have absolute discretion to reduce the amount of the award payable to any participant for any period below the maximum award determined based on the attainment of performance goals. The Compensation Committee may waive the achievement of applicable performance goals except in the case of death or disability of a participant.

The Compensation Committee may also provide in any award that any evaluation of performance may include or exclude any of the following events that occurs during a performance period: asset write-downs; litigation or claim judgments or settlements; the effect of changes in tax laws, accounting principles, or other laws or provisions affecting reported results;

any reorganization and restructuring programs; extraordinary nonrecurring items as presented in accordance with the provisions of the Accounting Standards Codification ("ASC") and/or in Management's Discussion and Analysis of Financial Condition and Results of Operations appearing in the Company's annual report to stockholders for the applicable year; acquisitions or divestitures; foreign exchange gains and losses; and gains and losses on asset sales. To the extent such inclusions or exclusions affect Awards to Covered Employees, they shall be prescribed in a form that meets the requirements of the exemption under Section 162(m) of the Code.

Company Transaction and Change in Control

Restrictions on awards granted under the 2011 Plan will terminate in certain circumstances that constitute a change in control or a merger, stock or asset sale or similar company transaction that does not involve a related party.

Change in Control. Under the 2011 Plan, a change in control of the Company means the occurrence of any of the following events:

- An acquisition of beneficial ownership of 40% or more of either (a) the then outstanding shares of common stock or (b) the combined voting power of the then outstanding voting securities of the Company entitled to vote generally in the election of directors (excluding any acquisition directly from the Company, any acquisition by the Company, any acquisition by any employee benefit plan of the Company or a related party transaction).
- A change in the composition of our Board of Directors during any two-year period such that the incumbent Board members cease to constitute at least a majority (not including directors whose election was approved by more than half of the incumbent Board).

Under the 2011 Plan, to maintain all of the participants' rights in the event of a change in control of the Company (as described below), unless the Compensation Committee determines otherwise with respect to a particular award:

- Any options become fully exercisable and vested to the full extent of the original grant.
- Any restrictions and deferral limitations applicable to any restricted stock or stock units lapse.
- All performance shares and performance units will be earned and payable in full at target levels, and any deferral or other restrictions lapse and such performance shares and performance units will be immediately settled or distributed.
- Any restrictions and deferral limitations and other conditions applicable to any other awards lapse, and such other awards become free of all restrictions, limitations or conditions and become fully vested and transferable to the full extent of the original grant.

The Compensation Committee can provide a cash-out right for awards in connection with a change in control.

Company Transaction. Under the 2011 Plan, a company transaction means the consummation of any of the following:

- a merger or consolidation of the Company with or into any other company or other entity;
- a sale in one transaction or a series of transactions undertaken with a common purpose of acquiring at least 50% of the Company's outstanding voting securities; or
- a sale, lease, exchange or other transfer in one transaction or a series of related transactions undertaken with a common purpose of all or substantially all of the Company' assets.

Under the 2011 Plan, a related party transaction means a company transaction pursuant to which:

- the beneficial ownership of the Company or the resulting company remains the same with respect to at least 50% of the voting power of the outstanding voting securities in substantially the same proportions as immediately prior to such company transaction;
- no entity (other than the Company or an affiliate) will beneficially own 40% or more of the outstanding shares of common stock of the resulting company or the voting power of the outstanding voting securities; and
- our incumbent board will, after the company transaction, constitute at least a majority of the board of the company resulting from such company transaction.

Under the 2011 Plan, to maintain all of the participants' rights in the event of a company transaction that is not a change in control or a related party transaction, unless the Compensation Committee determines otherwise at the time of grant with respect to a particular award or elects to cash out awards:

- All outstanding awards (other than performance awards) become fully and immediately exercisable, and any restrictions or forfeiture provisions lapse, immediately prior to the company transaction, unless such awards are converted, assumed or replaced by the successor company.
- Performance awards earned and outstanding become payable in full at target levels, and deferrals or other restrictions not waived by the Compensation Committee shall remain in effect.

U.S. Federal Income Tax Consequences

The following briefly describes the U.S. federal income tax consequences of the 2011 Plan generally applicable to the Company and to participants who are U.S. citizens.

Stock Options

Nonqualified Stock Options. A participant will not recognize taxable income upon the grant of a nonqualified stock option. Upon the exercise of a nonqualified stock option, a participant will recognize taxable ordinary income equal to the difference between the fair market value of the shares on the date of exercise and the option exercise

price. When a participant sells the shares, the participant will have short-term or long-term capital gain or loss, as the case may be, equal to the difference between the amount the participant received from the sale and the tax basis of the shares sold. The tax basis of the shares generally will be equal to the greater of the fair market value of the shares on the exercise date or the option exercise price.

Incentive Stock Options. A participant will not recognize taxable income upon the grant of an incentive stock option. If a participant exercises an incentive stock option during employment or within three months after his or her employment ends other than as a result of death (12 months in the case of disability), the participant will not recognize taxable income at the time of exercise (although the participant generally will have taxable income for alternative minimum tax purposes at that time as if the option were a nonqualified stock option). If

a participant sells or exchanges the shares after the later of (a) one year from the date the participant exercised the option and (b) two years from the grant date of the option, the participant will recognize long-term capital gain or loss equal to the difference between the amount the participant received in the sale or exchange and the option exercise price. If a participant disposes of the shares before these holding period requirements are satisfied, the disposition will constitute a disqualifying disposition, and the participant generally will recognize taxable ordinary income in the year of disposition equal to the excess, as of the date of exercise of the option, of the fair market value of the shares received over the option exercise price (or, if less, the excess of the amount realized on the sale of the shares over the option exercise price). Additionally, the participant will have long-term or short-term capital gain or loss, as the case may be, equal to the difference between the amount the participant received upon disposition of the shares and the option exercise price, increased by the amount of ordinary income, if any, the participant recognized.

With respect to both nonqualified stock options and incentive stock options, special rules apply if a participant uses shares already held by the participant to pay the exercise price or if the shares received upon exercise of the option are subject to a substantial risk of forfeiture by the participant.

Restricted Stock Awards. Upon receipt of a restricted stock award, a participant generally will recognize taxable ordinary income when the shares cease to be subject to restrictions in an amount equal to the excess of the fair market value of the shares at such time over the amount, if any, paid to us by the participant for the shares. However, no later than 30 days after a participant receives a restricted stock award, the participant may elect to recognize taxable ordinary income in an amount equal to the fair market value of the shares at the time of receipt. Provided that the election is made in a timely manner, when the restrictions on the shares lapse, the participant will not recognize any additional income. When a participant sells the shares, the participant will have short-term or long-term capital gain or loss, as the case may be, equal to the difference between the amount the participant received from the sale and the tax basis of the shares sold. The tax basis of the shares generally will be equal to the amount, if any, paid to us by the participant for the shares plus the amount of taxable ordinary income recognized by the participant either at the time the restrictions lapsed or at the time of election, if an election was made by the participant. If the participant forfeits the shares to us (e.g., upon the participant's termination prior to expiration of the restriction period), the participant may not claim a deduction with respect to the income recognized as a result of the election. Any dividends paid with respect to shares of restricted stock generally will be taxable as ordinary income to the participant at the time the dividends are received.

Performance Awards and Other Stock Unit Awards. A participant generally will not recognize taxable income upon the grant of a performance award. Upon the distribution of cash, shares or other property to a participant pursuant to the terms of a performance award, the participant generally will recognize taxable ordinary income equal to the excess of the amount of cash or the fair market value of any property transferred to the participant over any amount paid to us by the participant with respect to the award. The tax consequences of other stock unit awards will depend upon the specific terms of each award.

Tax Consequences to the Company. In the foregoing cases, we generally will be entitled to a deduction at the same time and in the same amount as a participant recognizes ordinary income, subject to the limitations imposed under Section 162(m) of the Code.

Tax Withholding. We are authorized to withhold from any award granted or payment due under the 2011 Plan the amount of any withholding taxes due in respect of the award or payment and to take such other action as may be necessary to satisfy all obligations for the payment of applicable withholding taxes. The Compensation Committee is authorized to establish procedures for election by participants to satisfy their obligations for the payment of withholding taxes by delivery of shares of our stock or by directing us to retain stock otherwise deliverable in connection with the award.

New Plan Benefits

A new plan benefits table, as described in the federal proxy rules, is not provided because all awards made under the 2011 Plan are discretionary. The closing price of our common stock, as reported on the Nasdaq Capital Market on March 1, 2011, was \$1.43 per share.

Vote Required

The affirmative vote of the holders of a majority of the shares represented in person or by proxy at the Annual Meeting and entitled to vote on the resolution is required for approval of the 2011 Plan. The Board of Directors has unanimously approved the 2011 Plan and believes it to be in the best interests of the Company and our stockholders.

Past Contacts and Negotiations

ORBCOMM is a leading satellite data communications company, also providing cellular data messaging services through third party cellular networks.

StarTrak commenced utilization of ORBCOMM's cellular network services in 2007. In 2008, StarTrak acquired the assets of MicroLogic which brought approximately 1,000 assets utilizing ORBCOMM's satellite data services into StarTrak's operations.

StarTrak Cofounder, Mr. Tim Slifkin and ORBCOMM CEO, Mr. Marc Eisenberg had developed a business relationship over the past ten years based upon their common wireless communication industry experience and respective company's strategic interests.

During late 2009 Messrs. Slifkin and Eisenberg began discussions relating to a possible ORBCOMM investment in Alanco/StarTrak. Shortly thereafter, Mr. Slifkin discussed the possibility of an ORBCOMM investment with Alanco corporate management, Mr. Robert Kauffman and Mr. John Carlson, Alanco CEO and CFO, respectively, which Alanco management determined to pursue.

On December 16, 2009, a meeting was held at ORBCOMM corporate headquarters in Fort Lee, N.J. attended by ORBCOMM's CEO, Marc Eisenberg; CFO, Robert Costantini; and VP of Business Development, Lucas Binder; StarTrak's Mr. Slifkin and Alanco's Mr. Kauffman to discuss a possible ORBCOMM investment in Alanco/StarTrak.

On January 8, 2010 ORBCOMM submitted a non-binding proposal to Alanco for a \$2 million purchase of Alanco common stock. Subsequent discussions between the parties resulted in preliminary agreement in late January, subject to due diligence, for an ORBCOMM purchase of \$2.25 million of Alanco's Series E Convertible Preferred Stock and further agreement for joint strategic activities. Following a period of ORBCOMM due diligence activity, the final agreement between ORBCOMM and Alanco was executed and publicly announced on April 6, 2010 which included ORBCOMM's \$2.25 million purchase of Alanco Preferred Stock and certain strategic partnership initiatives.

In early November 2009, Imperial Capital, a Los Angeles based investment bank, initiated due diligence with certain directors of a privately-held StarTrak competitor ("Competitor"), concerning their interest in considering a merger or acquisition transaction with Alanco/StarTrak. An initial meeting was held at Imperial Capital's New York City offices on April 15, 2010, attended by two Competitor directors and Alanco's Messrs. Kauffman and Carlson. On May 4, 2010 a meeting was hosted by ORBCOMM at their operations center in Dulles, VA for Competitor and Alanco/StarTrak executives to discuss a possible combination of StarTrak and Competitor. ORBCOMM's stated intent was to explore enhancement of the value of their recently (4/6/10) acquired equity investment in Alanco. Attendees were: Competitor's CEO and Senior VP; Alanco/StarTrak's Messrs. Kauffman and Slifkin; and ORBCOMM's Messrs. Eisenberg, Costantini, and Binder. Several subsequent discussions, including exchange of summary financial statements, led to the Competitor's non-binding preliminary proposal to Alanco to acquire substantially all of the assets of StarTrak. This preliminary Competitor offer was reviewed by the Alanco Board of Directors at its regular quarterly meeting on September 16, 2010 in Scottsdale, Arizona and was determined to be insufficient, which response was verbally communicated to Competitor's CEO. Alanco management declined an opportunity to counter offer, and, in the absence of a revised offer from the Competitor, activity ceased on this potential transaction.

In late September 2010, Alanco initiated discussions with ORBCOMM regarding its their rights under terms of its initial investment agreement to participate in an additional Alanco equity financing. ORBCOMM declined this offer, but indicated their possible interest in acquiring the StarTrak business. Alanco responded affirmatively, and, on October 4, 2010, engaged the services of investment banker, Oberon Securities, LLC to advise the Company relative to the possible sale of StarTrak to ORBCOMM.

Negotiations between the parties formally commenced with a preliminary meeting on October 8, 2010 at StarTrak's New Jersey offices attended by ORBCOMM, representation of ORBCOMM's investment bank, Raymond James; Alanco, StarTrak, and representative's of Alanco's investment bank Oberon Securities, following which ORBCOMM initiated an in-depth due diligence process.

On November 11, 2010, at a meeting held at ORBCOMM's operations headquarters in Dulles, VA attended by all parties and their respective investment advisors, ORBCOMM presented their initial non-binding proposal to acquire Alanco's StarTrak business. During the remainder of the month of November, 2010, primary negotiations were conducted between Alanco's Mr. Kauffman and ORBCOMM's Mr. Eisenberg to reach agreement, which resulted in the execution by both parties of a non-binding proposal for ORBCOMM to acquire substantially all of the assets of Alanco's StarTrak Systems, LLC. Following execution of the December 2010 Letter of Intent, ORBCOMM commenced further due diligence activities, primarily involving StarTrak personnel, focusing on historical and projected StarTrak financial data. ORBCOMM, with Alanco's consent, also engaged in separate discussions with Mr. Donald Anderson, representing the Anderson Family Trust, provider of Alanco's line of credit agreement, with the objective of reaching agreement in regard to ORBCOMM's assumption of certain Alanco obligations under the line of credit. In addition, ORBCOMM, again with Alanco's consent, engaged in discussions with Mr. Donald Anderson and his affiliates, and Mr. Slifkin and Mr. Robinson, founders of StarTrak, to reach agreement relative to ORBCOMM directly purchasing their respective Alanco stock holdings in a simultaneous transaction to the proposed asset purchase agreement. The definitive Asset Purchase Agreement (APA) between the parties was executed on February 23, 2011.

Reason for Sale

Through December 31, 2010, Alanco has reported recurring losses from our corporate operations, including our StarTrak Systems subsidiary. Since its acquisition by Alanco in June of 2006, StarTrak has reported cumulative operating losses of approximately \$7.5 million, including operating losses in excess of \$1 million for the initial six months of the current fiscal year ending June 30, 2011. During this current fiscal year, we have had difficulty meeting our working capital requirements with current cash reserves, cash generated from operations, or borrowing under our credit line. Due to our extended financial condition, along with other factors, including our inability to raise additional debt or equity capital on terms we feel commercially acceptable, management and our Board of Directors deemed it advisable and in the best interests of our stockholders to accept an offer from ORBCOMM to sell substantially all of StarTrak assets in accordance with the terms of the Asset Purchase Agreement and to consummate the Asset Sale. The Asset Sale is projected to result in a significant amount of retained current assets, projected to be approximately \$8 million, which would permit us to maintain our corporate public existence for a period of time allowing management and the Board of Directors to seek an attractive operating company for a possible acquisition or merger transaction or to distribute all or a substantial portion of the remaining assets to our shareholders, as the Board of Directors deems advisable. Accordingly, management and the Board of Directors have determined that the Asset Sale is prudent at this time and in the best interests of the Company's shareholders.

Terms of the Transaction

Assets to be Sold. Substantially all of the assets of StarTrak will be sold to ORBCOMM, or its wholly owned subsidiary formed specifically to receive the assets, STK Acquisition, LLC. The assets include all property leases, receivables, inventories, cash in accounts, machinery, equipment and other tangible personal property, contracts and related contract rights, advances, prepaid expenses, and deposits, intellectual property including patents issued and pending, copywrites, trademarks and trade names, including the name "StarTrak Systems," data and records of StarTrak, the goodwill and going concern value of the business of StarTrak, and all other assets, properties and rights, other than specific retained assets. The retained assets include certain company organizational records, any equity in StarTrak owned by Alanco and the rights of Alanco and StarTrak under the Asset Purchase Agreement.

Purchase Consideration. The total consideration payable by ORBCOMM for substantially all of the net assets of StarTrak aggregates to approximately \$18,200,000 and is composed of cash, stock of ORBCOMM, stock of Alanco and discharge of certain debt. The consideration may also include up to approximately \$1.2 million in additional payments of cash or ORBCOMM stock, at ORBCOMM's option, contingent on StarTrak's achieving certain calendar year 2011 revenue milestones. The Agreement also provides for a working capital adjustment based upon the change in working capital, as defined, for the period from November 30, 2010 through the Effective Date of the transaction that is not considered in the \$18.2 million of total consideration. The consideration to be paid at closing of the transaction consists of the following:

1. Cash consideration in an amount equal to \$2,000,000, less any amount due under the secured loan referred to in paragraph 3 below;
2. ORBCOMM's acquisition and discharge of the secured debt of Alanco and StarTrak owed to the Anderson Family Trust in the principal amount of \$3,900,000;
3. Cancellation and termination of all outstanding obligations of Alanco and StarTrak to ORBCOMM under the Secured Promissory Note (as defined below), including the then outstanding principal amount anticipated to be \$300,000, plus interest and fees, if any, due thereunder as of the closing date;
4. Delivery to Alanco of 500,000 shares of Series E Convertible Preferred Stock of Alanco having a face amount of \$2,250,000;
 5. Delivery of approximately 1,212,500 shares of Alanco Class A Common Stock;
6. Issuance and delivery to Mellon Investor Services LLC, as escrow agent ("Mellon") of 249,917 shares of ORBCOMM common stock registered in the name of Alanco, which escrowed shares will be available to pay for half of the expenses and liabilities incurred as a result of certain litigation currently pending against StarTrak. The other half of such litigation expenses and liabilities will be paid by ORBCOMM.
7. The issuance and delivery to Mellon, as escrow agent, of 166,611 shares of ORBCOMM Stock registered in the name of Alanco, less certain reductions as described in the next sentence, which escrowed shares will be available to pay for a portion of certain product warranty costs, under certain conditions, relating to a fuel sensor sold by StarTrak. The value, and therefore the number of shares required to be placed in escrow, shall be reduced by one half of such warranty expenses incurred by StarTrak before the closing.
8. The issuance and delivery to Alanco of 1,987,194 shares of ORBCOMM common stock, less the number of escrowed shares of such stock described under paragraph 7 above;
9. The issuance and delivery to Alanco of 183,550 shares of Series A Perpetual Convertible Preferred Stock of ORBCOMM having a face value of \$10 per share, or \$1,835,500 aggregately, which shares are entitled to a 4% annual paid-in-kind dividend and each such share shall be convertible into 1.666 shares of ORBCOMM common stock;
10. Assumption by ORBCOMM of certain specified liabilities of StarTrak arising out of the normal course of business;
11. The parties have agreed to adjust the Closing Consideration for changes in working capital of the StarTrak business between November 30, 2010 and the Effective Date, which is the month end closest to the closing date. If working capital, which is defined as current assets minus current liabilities minus long-term deferred revenue, changes between November 30, 2010 and the last day of the month immediately preceding the closing, there will be a preliminary adjustment to the cash amount paid under paragraph 1 above. Following the closing, ORBCOMM will prepare a final closing statement setting forth the working capital as of the Effective Date. If there are additional working capital adjustments to be made as of the Effective Date, ORBCOMM will pay to Alanco the value of any working capital adjustment in cash or additional ORBCOMM common stock, at ORBCOMM's option, or if amounts are due to ORBCOMM, Alanco will return to ORBCOMM shares of ORBCOMM common stock issued under paragraph 8 above having a value equal to the working capital adjustment.
12. In addition to the consideration to be paid at closing discussed above, up to an additional gross amount of approximately \$1,170,000 in contingent payments (the "Earn Out Amount") is payable to Alanco by ORBCOMM if certain revenue milestones of the StarTrak business are achieved for the 2011 calendar year (the "Earn-Out Period"), ranging from approximately \$194,000 for total revenue of at least \$20,000,000 in the Earn-Out Period to approximately \$1,170,000 for total revenue of at least \$24,000,000 in the Earn-Out Period.

As part of the Agreement, ORBCOMM has lent \$300,000 to Alanco and StarTrak pursuant to a Secured Promissory Note of Alanco and StarTrak. The principal accrues interest at the rate of 6% per annum, and all principal and accrued interest is due in full upon the closing of the Asset Sale, or within ten days following termination of the Agreement if the Asset Sale does not close. The Secured Promissory Note is secured by a second lien upon all of the assets of the Company and StarTrak.

The Series A Perpetual Convertible Preferred Stock of ORBCOMM to be issued to Alanco in accordance with paragraph 9 above shall have the following powers, rights, privileges, preferences and limitations. Without the affirmative vote of two-thirds of the aggregate number of shares of the Series A Perpetual Convertible Preferred Stock outstanding, ORBCOMM may not authorize any reclassification of the Series A Perpetual Convertible Preferred Stock that would adversely affect the preferences, special rights, privileges or voting power of the Series A Perpetual Convertible Preferred Stock, nor create or issue any class of stock ranking prior to the Series A Perpetual Convertible Preferred Stock as to dividends or distribution of assets on liquidation. The Series A Perpetual Convertible Preferred Stock shall be convertible into 1.666 shares of ORBCOMM common stock at any time before redemption by the holder, or by ORBCOMM after six months from its issue date, provided the market price of ORBCOMM common stock is at least \$11.20 per share. The Series A Perpetual Convertible Preferred Stock shall have voting rights as if converted into ORBCOMM common stock, and shall be paid dividends quarterly when declared by ORBCOMM's Board of Directors in-kind at the annual rate of 4%. The Series A Perpetual Convertible Preferred Stock can be redeemed after two years by ORBCOMM for its face value of \$10.00 per share. (See Appendix B of this Proxy Statement for the complete Description of the powers, rights, privileges, preferences and limitations of the Series A Perpetual Convertible Preferred Stock.)

The shares of ORBCOMM common stock to be held in escrow pursuant to paragraphs 6 and 7 above, shall be held in accordance with an Escrow Agreement among Alanco, ORBCOMM and Mellon Investor Services LLC, as escrow agent, ("Mellon"). The Escrow Agreement provides that ORBCOMM may cause Mellon to deliver shares of ORBCOMM common stock from the escrow account to compensate ORBCOMM with respect to one-half of expenses and liabilities it incurs with respect to certain litigation, or to certain product warranty matters in excess of the threshold of \$600,000. One escrow account in the amount of \$750,000 for the litigation matters and another escrow account in the amount of \$500,000 (subject to possible reduction) for the warranty matters are to be established, with each escrow account containing sufficient shares of ORBCOMM common stock valued at \$3.001 per share to fully fund the escrow accounts. One-half of the liabilities incurred by StarTrak with respect to the warranty matter prior to closing shall reduce the number of ORBCOMM shares to be placed into the escrow. The other half of such pre-closing warranty liabilities incurred shall be absorbed by ORBCOMM without impact on the consideration to be paid by ORBCOMM for StarTrak assets. The litigation escrow shall exist until depleted or final resolution of the litigation. The warranty escrow shall terminate upon depletion or March 1, 2012. Any remaining shares held in the escrows after termination of the escrows shall be delivered by Mellon to Alanco. (See Appendix C of this Proxy Statement for a copy of the Escrow Agreement to more fully understand the rights and privileges of Alanco thereunder.)

ORBCOMM has agreed to file a Registration Statement with the Securities Exchange Commission to register the shares of ORBCOMM common stock to be issued to Alanco under the Asset Purchase Agreement, as well as the shares of ORBCOMM common stock issuable upon conversion of the Series A Perpetual Convertible Preferred Stock of ORBCOMM to be issued to Alanco under the Asset Purchase Agreement. (See Appendix E of this Proxy Statement for a copy of the Registration Rights Agreement to more fully understand the rights and privileges of Alanco thereunder.)

Assumption of Liabilities. The Asset Purchase Agreement requires ORBCOMM to assume certain liabilities of StarTrak in connection with ORBCOMM's purchase of the StarTrak assets. In particular, the liabilities to be assumed include (a) post closing liabilities under assumed contracts, (b) certain liabilities to employees of StarTrak hired by ORBCOMM at the closing, and (c) liabilities reflected on the final closing statement generally to include StarTrak's current liabilities and long-term deferred revenue. ORBCOMM will also assume liabilities associated with StarTrak's leased facilities and furniture and equipment leases.

Representation and Warranties. Each of the parties to the Asset Purchase Agreement makes customary representations and warranties in the agreement consistent with similar transactions. In particular, Alanco and StarTrak make representations concerning their due organization and authority to enter into the agreement, that StarTrak is the owner of the assets including StarTrak's intellectual property, financial information concerning StarTrak given to ORBCOMM having been prepared in accordance with accounting principles generally accepted in the United States consistently applied, taxes due applicable to StarTrak have been paid, as well as representations with respect to contracts with StarTrak, litigation, environmental matters, employee matters, absence of certain material events, product warranties, insurance and certain customers and suppliers. Alanco makes additional representations customary in connection with the private placement of ORBCOMM stock as an investment and without a plan to distribute same. ORBCOMM makes similar representation concerning its due organization and authority, the valid issuance of the ORBCOMM stock to be issued to Alanco, its financial reports, title to its properties, litigation and its compliance with Nasdaq continued listing requirements.

Covenants of Alanco and StarTrak. StarTrak covenants to conduct its business only in the ordinary course consistent with past practices, to allow ORBCOMM representatives access to information concerning the StarTrak business and assets pending closing, and to pursue necessary consents required to close. Alanco and StarTrak agree not to engage in a competing business for the three-year period following closing. StarTrak has agreed to pay any past due amounts owing to ORBCOMM at or prior to closing. Upon closing, the name of StarTrak will be changed to a name other than "StarTrak Systems."

Alanco and StarTrak have agreed to take necessary actions to obtain approval for the transaction from Alanco's shareholders, and in that regard, Alanco has agreed not to entertain competing offers for StarTrak or the StarTrak assets except as may be required by law. The Alanco Board of Directors has retained the right, consistent with its fiduciary duties, to change its recommendations to the Alanco shareholders if circumstances require.

Closing Conditions. The closing of the transaction is conditioned upon normal occurrence for similar transactions, such as the accuracy of the parties' representations and warranties at closing, obtaining necessary third-party consents, and lack of injunctions or similar restraints, as well as the simultaneous closing of related third-party agreements including (i) an agreement whereby ORBCOMM acquires the lender's interest in the \$3,900,000 Loan Agreement between Alanco and StarTrak as borrower, and the Anderson Family Trust, as lender, (ii) an agreement pursuant to which ORBCOMM acquires all of the Alanco common stock owned by the Anderson Family Trust and affiliates, and (iii) an agreement pursuant to which ORBCOMM acquires all of the Alanco common stock owned by Timothy Slifkin and Thomas Robinson.

Termination of Agreement. The Agreement may be terminated prior to closing upon mutual consent of the parties, upon material default of a party, if Alanco shareholder approval is not obtained, or if the transaction does not close on or before June 30, 2011 without default of the party terminating the Agreement.

In the event the Agreement is terminated without default of any party, no party shall have liability for same and the parties shall bear their own costs and expenses. In the event the Agreement is terminated due to the default of a party, the non-defaulting party shall have the right to pursue its contract remedies. In the event Alanco shareholder approval is not obtained due to the existence of a competing proposal recommended by Alanco's Board of Directors, the Agreement is terminated accordingly by Alanco or StarTrak, and another contract to sell StarTrak or its assets is

entered into before February 23, 2012, then ORBCOMM shall be paid the sum of \$500,000 plus its costs and expenses related to this Agreement up to a maximum of \$250,000.

Indemnification. The Agreement contains customary indemnity provisions for transactions of this type requiring the parties to indemnify each other and their respective affiliates and representatives against a breach of the Agreement, requiring Alanco and StarTrak to indemnify ORBCOMM against liabilities arising from retained assets or liabilities, and requiring ORBCOMM to indemnify Alanco and StarTrak against liabilities arising from the liabilities assumed by ORBCOMM. No party's indemnity obligation for breaches of representations arises until the total of indemnified liabilities exceed \$75,000 and then only for the excess. Additionally, Alanco's and StarTrak's indemnity liability for breaches of representations shall not exceed one-half of the consideration received for the assets if they had no knowledge of the facts creating the breach of agreement, or the full amount of the consideration received if they had such knowledge.
