DIRECTOR NOMINEES (PROPOSAL NO. 1)

Our director nominees are listed in the following table. In 2018, seven of our eight current directors are standing for re-election along with one new director nominee, Mr. Aylwin B. Lewis. One of our current directors, Mr. Richard Howell, will retire and conclude his board service upon the conclusion of the annual meeting and is therefore not standing for re-election. Mr. Howell will continue his service as chair of the audit committee and a member of the compensation committee until his retirement.

The board recommends a vote FOR all director nominees. All directors and director nominees except our CEO, Ms. Post, are independent. Therefore 87.5% of our board is independent. Our directors bring a diverse set of backgrounds, experience, and skills to their board service. Directors are elected by a majority of votes cast. See "Proposal 1 Election of Directors Directors and Nominees" in this proxy statement for more information about our director nominees. In 2017, each director attended at least 75% of the aggregate number of board and

applicable committee meetings.

ADVISORY VOTE ON EXECUTIVE COMPENSATION (PROPOSAL NO. 2)

We are requesting that stockholders approve, on an advisory basis, the compensation of our named executive officers as disclosed in this proxy statement. The board recommends a vote FOR Proposal No. 2 because it believes the Company's executive compensation program is designed to link incentives and rewards for our executives to the achievement of specific and sustainable financial and strategic goals, which are expected to result in increased stockholder value. In 2017, our executive compensation advisory vote proposal was supported by approximately 98.5% of the votes cast. Highlights of our executive compensation program, pay for performance compensation structure, 2017 performance, and 2017 compensation are set forth below. Please see "Compensation Discussion and Analysis" in this proxy statement for a full discussion of the items below.

Executive Compensation Program

Listed below are highlights of our executive compensation program that reflect our focus on strong corporate governance and prudent compensation decision-making:

- Pay for performance focused executive compensation structure, with a significant portion of executive pay "at-risk"
- Independent compensation committee setting executive compensation advised by an independent compensation consultant

Edgar Filing: RED ROBIN GOURMET BURGERS INC - Form DEF 14A

Annual evaluation of potential risks of our executive compensation program

No excise tax gross ups

Double trigger required for equity vesting upon change in control (other than certain performance awards)

No repricing of underwater options without stockholder approval

Table of Contents

- Meaningful stock ownership guidelines for executives and board members
- Formal policy prohibiting hedging and pledging of Company securities by executive officers and directors
- Clawback policy for the return of certain executive incentive compensation in the event of a financial restatement
- Limited number of perquisites offered to our executives

Pay for Performance

Our compensation program is designed to pay our executives for performance. Our short-term annual cash incentive program uses performance targets based on annual EBITDA (earnings before interest, taxes, depreciation, and amortization) goals. Our long-term incentive compensation program is based on achievement of financial goals designed to demonstrate sustained improvement over multi-year periods, together with time vesting designed to reward executive retention and value creation. Restricted stock units and options granted under this program each vest ratably in annual increments over four years, with the amount realizable from such awards being dependent, in whole or in part, on increased stock price. Through 2017, the cash portion of our long-term incentive awards was measured over a three-year performance period based on both cumulative EBITDA and ROIC (return on invested capital) metrics. In 2017, we shifted the cash portion of our long-term incentive awards for our chief executive officer and chief financial officer to performance-based equity compensation, who received equity grants in the form of performance share units instead of cash for this portion of the program.

2017 Performance and Compensation Highlights

Our 2017 performance improved year-over-year and we achieved some of our expectations and performance goals. In our fiscal fourth quarter 2017, we outperformed the casual dining industry on Guest traffic for the sixth consecutive quarter and ended 2017 with positive same store sales, while making considerable progress on the critical changes we believe will make Red Robin successful in 2018 and beyond. Highlights of our 2017 performance are set forth below.

Total revenues were \$1.4 billion in 2017, an increase of 6.5% over 2016.

Net income increased to \$30.0 million in 2017 from \$11.7 million in 2016.

Comparable restaurant revenue increased 0.6% (using constant currency rates).

Comparable restaurant guest counts increased 0.4%.

GAAP earnings per diluted share increased to \$2.31 in 2017 from \$0.87 in 2016.

We outperformed the casual dining industry in Guest traffic for the 2017 fiscal year by approximately 310 basis points, making it the sixth consecutive year of outperformance as reported by Black Box Intelligence, a financial benchmarking report for the restaurant industry.

Based on our 2017 performance, our named executive officers met the performance goals necessary to achieve a partial (but below target) payout of the annual corporate bonus. The long-term incentive program that covered the last three fiscal years did not pay out because the long-term EBITDA and ROIC threshold performance goals were not met. See "Compensation Discussion and Analysis Key Components of our Executive Compensation Program Incentive Based Compensation" for further information and discussion on the annual corporate incentive and long-term incentive program.

PROXY STATEMENT

The Board of Directors ("board" or "board of directors") of Red Robin Gourmet Burgers, Inc. ("Red Robin" or the "Company") is providing this proxy statement to stockholders in connection with the solicitation of proxies on its behalf to be voted at the annual meeting of stockholders. The meeting will be held on Wednesday, May 30, 2018, beginning at 8:00 a.m. MDT, at our corporate headquarters, located at 6312 South Fiddler's Green Circle, Suite 200N, Greenwood Village, Colorado 80111. The proxies may be voted at any time and date to which the annual meeting may be properly adjourned or postponed.

**PROPOSAL 1
ELECTION OF DIRECTORS**

General

As of the date of this proxy statement, our board of directors consists of eight directors, all of whom are independent except our CEO. Therefore, currently, 87.5% of our board is independent. Following the annual meeting, if all director nominees are elected, all directors will be independent except our CEO. Mr. Lloyd Hill retired and concluded his board service on May 18, 2017, the date of the 2017 annual meeting of stockholders, and Mr. Robert B. Aiken resigned from the board effective June 23, 2017. Following Mr. Hill's retirement and Mr. Aiken's resignation, the size of the board was reduced from ten directors to eight directors during fiscal 2017. Mr. Richard Howell will retire and conclude his board service upon the conclusion of the annual meeting. A new independent director nominee, Mr. Aylwin B. Lewis, has been nominated for election. Mr. Lewis was identified as a potential director candidate by the nominating and governance committee. The board may decide at a later time to add one or more directors who possess skills and experience that may be beneficial to our board and the Company. All of our directors are elected on an annual basis for a one-year term.

The directors elected at this annual meeting will serve in office until our 2019 annual meeting of stockholders or until their successors have been duly elected and qualified, or until the earlier of their respective deaths, resignations, or retirements. Each nominee has consented to serve if elected and we expect each of them will be able to serve if elected. If any nominee should become unavailable to serve as a director, our board of directors can name a substitute nominee, and the persons named as proxies in the proxy card, or their nominees or substitutes, will vote your shares for such substitute nominee unless an instruction to the contrary is written on your proxy card.

Selecting Nominees for Director

Our board has delegated to the nominating and governance committee the responsibility for reviewing and recommending nominees for director. The board determines which candidates to nominate or appoint, as appropriate, after considering the recommendation of the committee.

In evaluating a director candidate, the nominating and governance committee considers the candidate's independence, character, corporate governance skills and abilities, business experience, industry specific experience, training and education, commitment to performing the duties of a director, and other skills, abilities, or attributes that fill specific needs of the board or its committees. While there is no policy for consideration of diversity in identifying director nominees, the nominating and governance committee considers diversity in business experience, professional expertise, gender, and ethnic background, along with various other factors when evaluating director nominees. The nominating and governance committee will use the same criteria in evaluating candidates suggested by stockholders.

The nominating and governance committee is authorized under its charter to retain, at our expense, outside search firms and any other professional advisors it deems appropriate to assist in identifying or evaluating potential nominees for director.

CORPORATE GOVERNANCE AND BOARD MATTERS

Governance Principles

The board of directors seeks to ensure that good governance and responsible business practices are part of our culture and values. To ensure that we achieve this goal, the board of directors has previously established corporate governance guidelines it follows with respect to corporate governance matters, which are available on the investor relations section of our website at www.redrobin.com. The board of directors reviews the governance guidelines annually to ensure that they are timely, effective, and supportive of the board's oversight and other responsibilities.

Executive Development and Management Succession

Executive development and succession is an important responsibility of the board of directors. Under the Company's corporate governance guidelines, the board maintains an ongoing policy and plan for the development and succession of the CEO and other senior officers. The board has delegated some of this responsibility to the nominating and governance committee. As provided in our corporate governance guidelines, the succession policy and plan has a multi-year focus that encompasses, among other things, the following attributes:

criteria that reflect the Company's ongoing business strategies;

identification and development of potential internal candidates;

formal assessment processes to evaluate such potential internal candidates and their development; and

an emergency succession component to address the unforeseen loss of the CEO or other key executives through death, disability, or other similar emergency.

The nominating and governance committee and the board work closely with management to ensure that development and succession are anticipated, planned for, and addressed in a timely manner. Under the guidance of the committee, Ms. Post and each of the executive officers conduct annual succession planning activities. This process includes annual performance reviews, evaluations, and development plans of the CEO and executive officers, who also conduct evaluations and development of their direct reports.

Ms. Post regularly meets with the full board on her performance, and her annual performance evaluation is conducted under the oversight of the compensation committee. Ms. Post conducts annual and interim performance and development evaluations of the other senior executives and reviews these evaluations with the compensation committee or full board.

At least annually, and when otherwise necessary, the nominating and governance committee reviews, makes recommendations for, and reports to the board on programs that have been implemented by management for executive and leadership team development and succession planning.

Stockholder Engagement

The board and management believe that the Company's relationships with our stockholders and other stakeholders are an important part of our corporate governance responsibility, and recognize the value of continuing communications. Among other things, engagement with our stockholders helps us to:

understand and consider the issues that matter most to our stockholders;

share and discuss our strategy and objectives; and

Table of Contents

assess stockholder feedback and any emerging issues related to our governance practices, business, operations, or compensation.

This approach has resulted in our receiving essential input and additional perspectives from our stockholders. We regularly engage with our stockholders through attendance at investor conferences, issuance of press releases and quarterly conference calls, other stockholder communications, and individual meetings throughout the year. We spoke to holders of more than 68% of our outstanding shares since the last annual meeting to discuss our business and solicit feedback.

We also recognize the connection between good corporate governance and our ability to create and sustain value for our stockholders. In response to evolving governance practices, regulatory changes, and concerns of our stockholders, the Company has made a number of changes to our corporate governance practices over the past several years.

Highlights of our governance program include:

Fully declassified board of directors

Independent chair of the board of directors

All director nominees are independent other than our CEO

All current committee members are independent

Board members have diverse backgrounds, expertise, and skills

Robust board, committee, and director self-evaluation process completed annually instead of age or term limits

The board of directors and each committee regularly meet in executive session without members of management

Frequent engagement by management with institutional investors

Majority voting standard for uncontested director elections

Annual review of our succession plan and talent development plan

Directors receive regular governance updates to stay well-informed and evaluate governance trends

Limits on outside board service

Formal policy prohibiting hedging and pledging of Company securities by executive officers and directors

Directors regularly engage in in-boardroom and outside director education

No poison pill in place

Board Leadership Structure

The board recognizes that one of its key responsibilities is to evaluate and determine the optimal leadership structure so as to provide independent oversight of management. Accordingly, at this time, we believe it is appropriate for our board to maintain the separation of the roles of board chair and chief executive officer. Pattye L. Moore currently serves as chair of the board due to, among other things, her prior experience on public company boards of directors, as well as her extensive leadership experience within the restaurant industry.

We believe that having a non-executive, independent board chair is in the best interests of the Company and our stockholders at this time. The separation of the roles of board chair and chief executive officer allows Ms. Post to focus on managing the Company's business and operations, and allows Ms. Moore to focus on board matters, especially in light of the high level of regulation and scrutiny of public company boards. Further, we believe that the separation of these roles ensures the independence of the board in its oversight role of evaluating and assessing the chief executive officer and management generally.

Role in Risk Oversight

Our executive officers have the primary responsibility for enterprise risk management within our Company. Our board actively oversees the Company's risk management and regularly engages in discussions of the most significant risks that the Company faces and how these risks are being managed. The board receives regular reports on enterprise risk areas from senior officers of the Company, including the areas of food safety and data security. The board delegates certain risk oversight functions to the audit committee. Under its charter, the audit committee is responsible for oversight of the enterprise risk assessment and management process framework and ensures that the board or a designated committee is monitoring the identification, assessment, and mitigation of all significant enterprise risks. The audit committee oversees policies and guidelines that govern the process by which major financial and accounting risk assessment and management may be undertaken by the Company. The audit committee also oversees our corporate compliance programs and the internal audit function. In addition, the other board committees receive reports and evaluate risks related to their areas of focus. The committees regularly report to the full board on the assessment and management of these risks. The board believes that the work undertaken by the audit committee, together with the work of the other committees, the full board, and the senior officers of the Company, enables the board to effectively oversee the Company's risk management.

Board Membership and Director Independence

Our board of directors has determined that each of our directors, except our CEO, Ms. Post, qualifies as an independent director under the rules promulgated by the U.S. Securities and Exchange Commission ("SEC") and The Nasdaq Stock Market® ("Nasdaq") listing standards. Therefore, 87.5% of our directors and director nominees are independent. Pursuant to these rules, only independent directors may serve on the board's audit committee, compensation committee, and nominating and governance committee. Currently, all members of each of these committees are independent in accordance with SEC rules and Nasdaq listing standards. There are no family relationships among any of our executive officers, directors, or nominees for directors.

Director Attendance

The board of directors held ten meetings in 2017, including eight in-person meetings. Each of our current directors attended at least 75% of the aggregate total of meetings of the board of directors and committees during their period of service in 2017. The non-management directors of the Company meet at least quarterly throughout the year and as necessary or appropriate in executive sessions at which members of management are not present.

The board of directors strongly encourages each of the directors to attend the annual meeting of stockholders. All of our directors serving at the time attended our 2017 annual meeting.

Committees of the Board of Directors

Our board of directors currently has three standing committees: an audit committee, a compensation committee, and a nominating and governance committee. Each of our standing committees generally meets at least once each quarter. In addition, other regular and special meetings are scheduled as necessary and appropriate depending on the responsibilities of the particular committee. Each committee regularly meets in executive session without management present.

Each board committee operates pursuant to a written charter. The charter for each committee is available on the corporate governance section of the investor relations tab of our website at

Table of Contents

www.redrobin.com. The committee charters are reviewed at least annually by the respective committee to revise and update the committee duties and responsibilities as necessary.

In 2017, we also had a finance committee that provided principal oversight of, and made recommendations to the board and management on, the Company's financial plan and strategies.

budget and long range plan, capital allocation, financial and analytic aspects of operations, the Company's financial policies and goals, and material transactions involving capital structure. The duties of the finance committee have been absorbed by the other committees and the full board to streamline board actions. The members of the finance committee in 2017 were Glenn B. Kaufman (Chair), Steven K. Lumpkin, and Stuart I. Oran. The finance committee held eight telephonic meetings in 2017.

Mr. Howell will conclude his board and committee service upon the conclusion of the annual meeting. It is anticipated that Mr. Lewis will join the audit and compensation committees upon his election to the board and Mr. Lumpkin will assume the duties of chair of the audit committee.

Limits on Outside Board Service

As provided in our corporate governance guidelines, without specific approval from our board, no director of the Company may serve on more than four public company boards (including the Company's board) and no member of the audit committee may serve on more than three public company audit committees (including the Company's audit committee). Any audit committee member's service on more than three public company audit committees will be subject to the board's determination that the member is able to effectively serve on the Company's audit committee.

Certain Relationships and Related Transactions

Transactions with Related Persons

For 2017, we had no material related party transactions which were required to be disclosed in accordance with SEC regulations.

Review, Approval, or Ratification of Transactions with Related Persons

The board of directors recognizes that transactions between the Company and certain related persons present a heightened risk of conflicts of interest. To ensure that the Company acts in the best interest of our stockholders, the board has delegated the review and approval of related party transactions to the audit committee. Pursuant to our Code of Ethics and the audit committee charter, any related party transaction required to be disclosed in accordance with applicable SEC regulations must be reviewed and approved by the audit committee. In reviewing a proposed transaction, the audit committee must:

satisfy itself that it has been fully informed as to the related party's relationship and interest, and as to the material facts of the proposed transaction, and

consider all the relevant facts and circumstances available to the committee.

After its review, the audit committee will only approve or ratify transactions that are fair to the Company and not inconsistent with the best interests of the Company and our stockholders.

Compensation Committee Interlocks and Insider Participation

During the last completed fiscal year, Robert B. Aiken, Cambria W. Dunaway, Kalen F. Holmes, Richard J. Howell, and Glenn B. Director Compensation

The compensation of our directors was determined by the compensation committee after reviewing market data and analyses from its independent compensation consultant. Set forth below are the elements of our director compensation for 2017.

Annual Retainer Each non-employee director of the Company received an annual retainer of \$70,000, payable in substantially equal quarterly installments. In addition, the following amounts were paid to the chair of the board and each board committee chair in substantially equal quarterly installments:

Chair of the board	\$85,000
Chair of audit committee	\$15,000
Chair of compensation committee	\$12,500
Chair of nominating and governance committee	\$7,500
Chair of finance committee	\$10,000

Equity Awards Upon initial appointment or election to the board of directors, each non-employee director generally receives a non-qualified stock option grant covering 5,000 shares. Each initial grant of 5,000 stock options vests and becomes exercisable in equal monthly installments over the 24-month period following the date of grant. In addition, at the discretion of the board of directors, each non-employee director is eligible to receive annual grants of stock options, restricted stock, or restricted stock units. In 2017, each non-employee director received an annual grant of restricted stock units with a grant date value of approximately \$110,000 and a vesting term of one year. The one-year vesting term is consistent with the Company's declassification of its board of directors with annual elections for one-year terms in accordance with governance best practices.

The fair value of such restricted stock units was computed in accordance with the guidance for accounting for stock compensation at \$71.10 per share for all directors. All such restricted stock units are subject to vesting in full on the first anniversary of the date of grant, unless earlier vested per the terms of the award agreement or the Company's 2017 Performance Incentive Plan (the "2017 Plan").

Table of Contents**Director Stock Ownership Guidelines**

The compensation committee has had stock ownership guidelines in place for non-employee directors since March 2009 (see "Compensation Discussion and Analysis Executive Compensation Policies and Guidelines Executive Stock Ownership Guidelines" for discussion of the ownership guidelines for executive officers). The current ownership guidelines require non-employee directors to own Company securities with a cumulative cost basis of at least five times the director's annual retainer. Based on the current annual retainer for non-employee directors, that dollar amount is \$350,000. The value of the director's holdings is based on the cumulative cost basis of securities held, which is calculated using the price of the Company's common stock at the date of acquisition. All forms of equity owned of record or beneficially, including vested in-the-money options, are credited toward the guidelines. New non-employee directors have five years from the time the director joins the board to reach the minimum ownership threshold. Non-employee directors may not sell, transfer, or otherwise dispose of common stock that would decrease such director's cumulative cost basis below the ownership guideline amount. All our directors are currently in compliance or on track to be in compliance with the minimum ownership threshold.

The following table sets forth the ownership guidelines and the holdings of the non-employee directors as of March 16, 2018, valued at the acquisition dates pursuant to our director stock ownership guidelines:

Our stockholders have approved each of these plans.

To ensure the continued success of Red Robin in a rapidly evolving marketplace, we focus on five strategic areas:

Building Team Member engagement. We emphasize and support Team Member engagement, retention, and culture that will foster the development of great leaders. Our goal is to enhance clarity with our Team Members by consistently communicating our strategy and ensuring we remain narrowly focused on our strategic initiatives. We continually strive to develop extraordinary people and encourage Team Member performance through appreciation, recognition, and respect. attractive prices wherever and however our guests want. We actively seek to enhance value through a balance of quality, quantity, price, and experience. This includes providing high quality core menu items, as well as delivering value through new products at everyday value prices and abundance through bottomless sides and beverages. We are enhancing loyalty offerings via our Red Robin Royalty program to drive Guest traffic. Additionally, we are focused on driving guest preference by offering our products through alternate modes of access. As part of this strategy, we offer online ordering for carry-out, delivery access in limited locations via multiple third-party services, and catering. We are also currently testing self-delivery for potential deployment in future years.

Rapidly reinventing Red Robin. Facing rapidly increasing labor costs and changing guest needs, we are also working to transform our existing assets as needed with new service models and to craft entirely new Red Robin prototypes which will enable future unit growth. We are dedicating resources to defining the "Red Robin of the Future."

Delivering great stockholder value. We are committed to delivering stockholder value by improving profitability and investing capital wisely. Our goal is to optimize our capital structure, pace development activities, and improve our EBITDA margin through revenue growth and targeted cost savings.

We believe these strategic initiatives will provide the foundations for scalable and sustainable long-term growth, profitability, and increased stockholder value.

Our executive compensation program supports this focus through several key objectives:

Attracting, retaining, and motivating the best possible executive talent who have the experience and leadership skills capable of driving performance and top-line growth in sales;

Creating value for our stockholders by linking executive compensation to the achievement of measurable corporate objectives and the minimization of unreasonable or excessive risk-taking; and

Paying for superior results through a program that incentivizes and rewards achievement of both short-term and long-term organizational and functional objectives with a mix of compensation elements that place a significant portion of cash and equity compensation at risk.

2017 EXECUTIVE SUMMARY

Following is an executive summary of our 2017 executive compensation program:

Compensation Philosophy

Our executive compensation program is designed to pay for performance and link incentives to current and long-term sustained achievement of Company strategic goals. It encourages our executive officers to think and act like owners, because they are owners and as such are compensated in significant part based on the performance of the Company.

Pay Elements

Our 2017 executive compensation program was comprised of three primary elements: base salaries, annual performance-based cash bonus incentive, and long-term incentives that include performance share units (PSUs) or cash awards (depending on position) based on three-year performance cycles and equity awards (stock options and restricted stock units). Financial metrics used for the annual performance-based cash bonus incentive and long-term cash and PSU incentive grants are linked to the Company's strategic business plans.

Approximately 80% of our CEO's and 68% of our named executive officers' target total compensation is made up of either annual cash incentives or long-term incentives.

In 2017, our chief executive officer and chief financial officer compensation shifted to increase the portion of compensation paid in equity and based on performance. These executives received equity grants in the form of PSUs, instead of cash for that portion of the long-term incentive program. This change will be effective for all executive officers beginning in 2018.

Setting Compensation

Executive compensation decisions are made by our independent compensation committee, which is currently comprised solely of independent directors.

When making compensation decisions, our compensation committee receives input from its independent compensation consultant and receives recommendations from our CEO for her direct reports. Our compensation committee also reviews benchmarking data of the compensation paid by a peer group of restaurant companies selected by the compensation committee.

Company Performance in 2017

Our 2017 performance improved year-over-year with total revenues of \$1.4 billion in 2017, an increase of 6.5% over 2016, and we achieved some of our expectations and performance goals, including pre-set company EBITDA goals for 2017 for both our annual bonus and long-term incentive programs. We achieved these results while making considerable progress on the critical changes we believe will make Red Robin successful in 2018 and beyond.

Net income increased to \$30.0 million in 2017 from \$11.7 million in 2016.

Comparable restaurant revenue increased 0.6% (using constant currency rates).

Table of Contents

Comparable restaurant guest counts increased 0.4%.

GAAP earnings per diluted share increased to \$2.31 in 2017 from \$0.87 in 2016.

In our fiscal fourth quarter 2017, we outperformed the casual dining industry on Guest traffic for the sixth consecutive quarter and ended 2017 with positive same store sales. We outperformed the casual dining industry in Guest traffic for the 2017 fiscal year by approximately 310 basis points, making it the sixth consecutive year of outperformance as reported by Black Box Intelligence, a financial benchmarking report for the restaurant industry.

2017 Compensation Highlights

The compensation committee did not make significant structural changes to our executive compensation program for 2017. We believe this is consistent with the wishes of our stockholders, who have expressed overwhelming support (greater than 98% of votes cast) for our executive compensation program at each of our last three annual "say-on-pay" advisory votes.

Based on our total compensation philosophy and peer compensation levels as well as successful individual performance, the compensation committee chose to increase salary levels for certain named executive officers in 2017.

- Ms. Post's salary increased from \$700,000 to \$750,000.
- Ms. Stutz's salary increased from \$400,000 to \$475,000.
- Mr. Muhtar's salary increased from \$375,000 to \$385,000.
- Mr. Kaplan's salary increased from \$345,000 to \$355,000.

The structure and primary metric of our annual performance-based cash bonus incentive program remained the same in 2017.

- Based on the achievement of pre-set company EBITDA goals for 2017, our named executive officers received a payout of their annual performance-based cash incentive at 72.64% of target (compared to no payout received in 2016).

The structure of our long-term incentive program opportunities remained the same in 2017 for executives other than the CEO and CFO, with 40% of long-term incentives delivered in the form of stock options, 20% delivered in the form of restricted stock units, and 40% delivered in the form of long-term cash incentives. For our CEO and CFO, 40% of the long-term incentives were payable in PSUs instead of long-term cash incentives. Ms. Post received additional PSUs pursuant to her employment agreement related to her promotion to CEO in 2016.

- Certain of our executive officers' long-term incentive targets as a percent of salary were increased based on updated market information and individual performance. Ms. Post's long-term incentive target was increased from 250% to approximately 275%. Ms. Stutz's long-term incentive target was increased from 100% to 150%.

Table of Contents

- Because we did not meet threshold performance measures for the three-year EBITDA and ROIC targets for the 2015-2017 long-term incentive cash award, our named executive officers did not receive a payout for that award (compared to payout at 29.75% of target for long-term cash incentives for the 2014-2016 performance period).

No excise tax gross ups

Limited number of perquisites offered to our executives

2017 Performance and Impact on Pay

Under Ms. Post's leadership, the Company continues to pursue improvement in performance designed to drive top-line growth in sales and lay the foundation for scalable and sustainable long-term growth, profitability, and increased stockholder value. Our compensation objectives are designed to link incentives and rewards with current and long-term sustained achievement of these goals.

Our 2017 performance improved year-over-year and we were able to achieve some of our expectations and performance goals. Based on this performance, our named executive officers met the performance goals necessary to achieve partial payout of the annual cash incentive. The long-term incentive program that covered the last three fiscal years did not pay out because the long-term performance goals were not met.

Executive Compensation Decision-making

The compensation committee determines target total direct compensation for named executive officers by establishing base salaries and setting annual and long-term incentive compensation targets.

Table of Contents

When appropriate, the committee also approves special awards and relatively modest perquisites. When determining target total direct compensation, the committee considers the following:

Company performance and our pay for performance compensation program design.

Company strategy and alignment of incentives.

Benchmarking data for our restaurant peer group for target total direct compensation (base salaries, short-term incentives, and long-term incentives), based on disclosure in peer proxies and other applicable survey data.

Individual performance and areas of responsibility relative to the market data.

Compensation relative to other executive officers in the Company.

Advice from the committee's independent compensation consultant.

The CEO's recommendations with respect to the compensation of the executives who report directly to her, including the other named executive officers.

Whether our compensation program encourages unnecessary or excessive risk taking.

Results of the Company's say-on-pay advisory votes in prior years.

Management succession planning and retention.

Pay for Performance Alignment

Our compensation program is designed to pay for performance and link incentives to current and long-term sustained achievement of Company strategic goals. Accordingly, a significant portion of our named executive officers' compensation, excluding base salary, is incentive based, and is comprised of performance-based short-term and long-term awards. Such compensation therefore varies in value and is at-risk of forfeiture or reduced payout if performance goals are not achieved for cash-based incentives, or loss of value if our performance does not drive increases in our stock price. Financial measures such as EBITDA (earnings before interest, taxes, depreciation, and amortization) and ROIC (return on invested capital) used for the annual bonus and cash incentive grants are linked to the Company's strategic business plans that are reviewed and approved by our board of directors. Minimum financial targets must be achieved for any payouts of cash to be made under both the annual bonus and long-term incentive grants. Restricted stock units and stock options vest ratably over four years, the value of which is dependent, in whole or in part, on an increase in the Company's stock price.

The annual cash incentives and the long-term incentives place a large portion of the executive's pay at risk because such pay will fluctuate or vary in value based upon the level of performance achieved by the Company. Because incentive awards are performance-based, they are at risk of forfeiture or reduced payout if performance goals are not achieved. Moreover, long-term equity awards are at risk of forfeiture if the executive does not remain with the Company until the equity vests and are at risk of reduced realized value based upon Company stock price at the date of exercise.

2017 Named Executive Officer At-Risk Compensation. In 2017, "at-risk" or "variable" pay (subject to forfeiture or partial or complete loss of value) comprised 80% of total target compensation for CEO compensation and 68% of total target compensation for the other named executive officers as a group and included short-term and long-term incentives. The charts below reflect the portion of our named executive officers' 2017 total target compensation that is considered at risk or variable.

Benchmarking

Restaurant Peer Group. Restaurant peer group companies were selected and approved by the compensation committee upon the recommendation of management and its compensation consultant, Aon Hewitt, and are based on their similarity to us with respect to several criteria, including revenue, size, and scope. Specifically, peers include U.S. public companies within the restaurant industry that have similar revenue and market value. The peer group used for 2017 compensation benchmarking consists of the 20 restaurant companies identified in the chart below. The Company ranked in the 54th percentile for its peer group in sales and 40th percentile in market value based on Aon Hewitt compensation analysis conducted in 2017.

In 2017, the compensation committee evaluated and updated its peers to the "New Peer Group" identified in the chart below. Bob Evans Farms, Inc. was removed from the Company's peer group because it is no longer a public reporting company. Ignite Restaurant Group, Inc. was also removed due to bankruptcy. Jack in the Box, Inc. was added based on similarities to the Company's

peer group revenue and market capitalization criteria. No other changes were made to the Company's peer group in 2017. The New Peer Group will be used for setting 2018 compensation.

2017 Compensation Setting. The compensation committee uses competitive compensation data from the annual total compensation study of peer and other restaurant companies and other relevant survey sources to inform its decisions about overall compensation opportunities and specific compensation elements. Additionally, the compensation committee uses multiple reference points when establishing targeted compensation levels. The committee applies judgment and discretion in establishing targeted pay levels, considering not only competitive market data, but also factors such as company, business unit, and individual performance, scope of responsibility, critical needs and skill sets, leadership potential, and succession planning.

Independent Compensation Consultant

In 2017, the compensation committee retained Aon Hewitt as its independent compensation consultant. The independent compensation consultant assists with the compensation committee's annual review of our executive compensation program, cash and equity compensation practices, ongoing development of our executive compensation philosophy, and acts as an advisor to the compensation committee on compensation matters as they arise. The compensation consultant also advises the compensation committee on compensation for the board of directors. The compensation committee evaluated Aon Hewitt's independence as its compensation consultant by considering each of the independence factors adopted by Nasdaq and the SEC. Based on such evaluation, the compensation committee believes that no conflict of interest exists that would prevent Aon Hewitt from independently representing the compensation committee. The compensation committee has retained Meridian Compensation Partners, LLC as its new independent compensation consultant in 2018. The compensation committee determined Meridian's independence pursuant to the Nasdaq and SEC requirements.

Table of Contents

Risk Mitigation

The compensation committee considers, in establishing and reviewing our executive compensation program, whether the program encourages unnecessary or excessive risk taking. The factors considered by the committee include:

the general design philosophy of our compensation policies and practices for employees whose behavior would be most affected by the incentives established by our compensation policies and practices, as such policies and practices relate to or affect risk taking by employees on our behalf, and the manner of their implementation;

our risk assessment and incentive considerations in structuring our compensation policies and practices or in awarding and paying compensation;

how our compensation policies and practices relate to the realization of risks resulting from the actions of employees in both the short term and the long term;

our policies regarding adjustments to our compensation programs and practices to address changes in our risk profile; and

material adjustments that we have made to our compensation policies and practices as a result of changes in our risk profile.

The compensation committee believes that it has mitigated unnecessary risk taking in both the design of the compensation plans and the controls placed upon them because:

payouts under our annual and long-term incentive compensation plans are capped;

the compensation committee has the ability to reduce payouts under our annual incentive compensation plans in its discretion;

executives are subject to robust stock ownership guidelines;

executives are subject to anti-hedging policies with respect to our common stock;

the performance goals under our incentive programs relate directly to the business plan approved by the board of directors; and

there is an appropriate balance between our annual operating achievements and longer-term value creation, with a particular emphasis on longer-term value creation for our executives.

The compensation committee completes this evaluation annually. Accordingly, based upon the foregoing, the Company believes that the risks arising from its compensation policies and practices are not reasonably likely to have a material adverse effect on the Company.

Consideration of Prior Say-on-Pay Advisory Votes

At our 2017 annual meeting of stockholders, holders of approximately 98.5% of the votes cast on such proposal approved the advisory vote ("say-on-pay") on the 2016 compensation of our named executive officers, which was consistent with the level of support we received in 2016 and 2015, when 98.2% and 99.0% of stockholders voted for our "say-on-pay" proposal.

We believe the level of support we received from stockholders for the last three years was driven in part by our continued improvement in performance and our commitment to pay for performance and link incentives to current and long-term sustained achievement of Company strategic goals. The compensation committee did not make significant structural changes to our executive compensation program for 2017. The compensation committee considered the results of the advisory vote when setting executive compensation for 2017 and will continue to do so in future executive compensation policies and decisions.

Table of Contents

Key Components of our Executive Compensation Program

Base Salary

Base salary provides a minimum level of remuneration to our named executive officers for their efforts. The compensation committee sets base salaries for our executives to reflect the scope of each executive's responsibilities, experience, and performance. The compensation committee reviews base salaries annually and adjusts them from time to time to account for relevant factors such as market changes, as documented by the compensation consultant. The compensation committee also considers the CEO's evaluation of each executive's performance and reviews her salary recommendations for our executives.

Incentive-Based Compensation

For our incentive-based compensation, the compensation committee utilizes a mix of performance metrics and time and tenure. Each type of metric serves a different purpose. The short-term (annual bonus) and the cash (and PSU) component of the long-term incentive awards are performance-based and require achievement of certain financial targets, measured over either one or three years. If the financial metrics are not achieved at a minimum threshold level at the end of the performance period, no payment (or shares) is earned or made. The equity portion of the grants vests ratably over four years. The time-based vesting of the restricted stock units, a comparatively lesser portion of the total long-term incentive awards, is used primarily for retention purposes and to encourage stock ownership by executives, thereby aligning their interests with our stockholders. The stock options vest over time but require improved stock price performance to realize value.

Annual Performance-Based Incentive (Cash Bonus). Annual performance-based cash bonuses are intended to reward achievement of short-term operating goals and financial performance that are incremental to long-term, sustained creation of stockholder value. Our annual bonuses are established with reference to the annual portion of our multi-year strategic plan and, although measured in one-year increments, are designed to tie each year's results into a long-term target. As the Company's business evolves and develops, the long-term targets may be revised with concurrent impact on each year's annual planning. The annual performance metrics are financial-based measures that the compensation committee believes are aligned with our strategic goals described above. The compensation committee continually evaluates the measures against which we gauge our performance and may incorporate additional or alternative metrics to incentivize executives to achieve appropriate performance targets and respond to industry changes or market forces.

Each of our executives is eligible to receive an annual cash bonus based on achievement of certain performance objectives, based on annual EBITDA. The EBITDA measure was selected because we believe it best captures our operating results without reflecting the impact of decisions related to our growth, non-operating factors, and other matters. The EBITDA goal is intended to be a "stretch" goal, or challenging target, and is meant to encourage superior performance.

The 2017 Plan and the Cash Incentive Plan permit the compensation committee to adjust, in its discretion, EBITDA for non-cash, non-recurring, or unusual items. The compensation committee approves the annual bonus program based on achievement of a predetermined range of minimum threshold, target, and maximum-level EBITDA and approves payout of the bonuses, if any, following review of actual results. Bonuses are based on a percentage of the executive's salary and are set based on market and peer comparisons, and internal equity among other factors. The corresponding dollar payout value varies up or down depending on the actual EBITDA performance level. Bonuses are not payable at all if the minimum threshold of EBITDA is not achieved. The compensation committee sets the EBITDA ranges each year based on performance expectations and other factors. The compensation

committee may add or substitute performance measures in future years. The compensation committee may also use various factors to exercise negative discretion when evaluating performance for purposes of awarding annual incentive compensation. Through fiscal year 2017, cash incentive awards were awarded and paid pursuant to the Cash Incentive Plan. Beginning in fiscal year 2018, the Company intends to grant all cash incentive awards, including annual bonus awards, under the 2017 Plan.

In addition, the compensation committee may approve special bonuses on an individual or group basis in recognition of extraordinary achievements, or to address other special situations. No such awards were made in 2017.

Long-Term Performance-Based Incentives. The compensation committee determines the long-term incentive grants for the executive officers, including the named executive officers, by referencing to peer group and market data and analysis from its compensation consultant and recommendations from the CEO. The compensation committee believes that a mix of performance and time-based incentives provides an element of performance risk for executives and encourages equity ownership, thereby aligning the interests of executive officers with our stockholders.

Long-term incentive grants consist of equity awards, typically in the form of restricted stock units and stock options, and a long-term performance-based incentive component (the "LTIP"), payable in cash for participants other than the CEO or CFO or in PSUs in the case of the CEO and CFO. They are designed to focus management on our strategy of driving consistent, sustainable achievement of long-term goals, both incrementally and over long performance periods. The annual granting of multi-year performance compensation (including performance targets measured annually over a three-year period) is designed to ensure that the execution of our evolving strategic plan considers appropriate risks and returns and allows for initiatives that span several fiscal years.

Currently, except as described below, the long-term incentive awards for executives consist of an equity component comprised of 40% stock options and 20% restricted stock units (both of which vest ratably over four years), and a 40% LTIP. 2017 was the first year our LTIP component was payable in shares as PSUs for the CEO and CFO. We use stock options to align the interests of our executive officers with stockholders because value is realized only if the stock price appreciates (stock price performance) from the grant date. We use restricted stock units to help retain our executives and further align their interests with our stockholders.

The LTIP component is payable if annual EBITDA or ROIC targets are achieved each year within a three-year performance period. When the performance measure has been met and approved by the compensation committee for a particular fiscal year during the three-year period of the award, that portion of units is determined or "banked," but is not considered "earned" or vested and will not be delivered until the three-year period has concluded. The annual EBITDA and ROIC LTIP metrics are independent of each other. The compensation committee selected an earnings metric (EBITDA) and a return on investment metric (ROIC) in the design of the LTIP to achieve a balance between earnings, growth, and return on investment and to effectively reward both. Both the EBITDA goal and the ROIC goal are intended to be "stretch" goals, or challenging targets, and are meant to encourage superior performance.

The transition to annual goals measured and assessed over a three-year period reflects the challenges of multi-year forecasting in the current volatile restaurant operating environment, which continues to be impacted by changes in traditional consumer dining behavior, including a shift from traditional dine-in consumption to increased off-premise dining activity and the use of technology-based food ordering systems. The 2007 Plan, 2017 Plan, and the Cash Incentive Plan permit the compensation committee to adjust, in its discretion, EBITDA or ROIC for non-cash, non-recurring, or unusual items. While there is overlap with one of the metrics in our annual performance-based cash bonuses and LTIP

Table of Contents

awards (EBITDA), the compensation committee believed this was appropriate because the annual performance-based cash bonus is focused on earnings in a particular year, whereas the individual annual EBITDA targets within LTIP are focused on year-to-year progress over the three-year performance period. The compensation committee believes that the longer-term nature of the LTIP links performance to our multi-year strategic plan and growth objectives while encouraging management's collaboration on strategic initiatives. In 2017, equity incentive awards were granted under the terms of the Second Amended and Restated 2007 Performance Incentive Plan and the 2017 Performance Incentive Plan. In 2017, cash incentive awards payable under the LTIP were awarded pursuant to the terms of the Cash Incentive Plan. As noted above, beginning in fiscal year 2018, the Company intends to grant all incentive awards, including LTIP awards, under the 2017 Plan.

Employee Benefits

We also provide certain other customary retirement and health and welfare benefits and other ancillary compensation to executives, which are in line with those offered to other groups of our employees, and which comprise a modest portion of our named executive officer compensation.

Modest Perquisites

We offer a limited number of modest perquisites to our named executive officers, which include a car allowance, phone allowance and in-restaurant meal discounts. In addition, where appropriate, we offer usual and customary relocation expense reimbursements including related tax reimbursements on relocation.

Summary of 2017 Compensation Activity***Base Salary***

Named executive officer salaries for 2017, along with any corresponding increases from their 2016 salaries, are set forth below. Incentive-Based Compensation

2017 Annual Performance-Based Cash Incentives. For 2017, annual performance-based cash bonuses were contingent upon achievement of an annual Company EBITDA target to focus our efforts on continuing to improve performance and maximizing stockholder returns. In fiscal year 2017, we continued to realize significant progress toward these goals, reporting increased revenues and sustainable cost reductions. We view these achievements as progress toward establishing best in class operations, profitability, and brand value.

Table of Contents

Target bonus opportunities under our annual performance-based cash incentive program are equal to a pre-established percentage of the employee's base salary. Actual bonuses are determined by comparing the Company's fiscal year EBITDA to a target level of EBITDA for the year established by our compensation committee. Actual bonus amounts can range from 0% to 200% of the executive's target bonus opportunity based on achievement of EBITDA ranging from 90% to 120% of the target level of EBITDA for the year. For 2017, the EBITDA target was \$149.0 million, and we achieved 94.5% of the EBITDA target based on our 2017 EBITDA of approximately \$140.9 million which resulted in a payout of 72.6% of each named executive officer target bonus opportunity.

Minimum	90%	50%
Actual	94.5%	72.6%
Target	100%	100%

The actual amounts of our 2017 annual performance-based cash incentives paid to our named executive officers in March 2018 for fiscal 2017 performance are as follows.

M. Kaplan	\$ 355,000	70%	\$ 248,500	\$ 180,515

2017 Long-Term Incentive ("LTI") Program. The 2017 LTI grants made to named and other executive officers followed the same program mix implemented in 2011 and used through 2016. For our executives, the program consists of an equity component comprised of 40% stock options and 20% restricted stock units (both of which vest ratably over four years), and a 40% LTIP component (payable in cash or PSUs, depending on executive, as described further below) measured by annual company performance periods over three-years.

2017 Incentive Grants. In February 2017, the Company made the following annual grants to our named executive officers in the form of LTIP awards, options, and restricted stock units under the 2007 Plan and the Cash Incentive Plan. As described above, an executive's total target incentive is

comprised of 40% long-term performance-based cash or PSUs (depending on the executive), 40% stock options, and 20% restricted stock units.

Named Executive Officer	Total Long-Term Incentive Target Value (\$)	Long-Term Incentive PSUs (\$)	Long-Term Incentive Cash (\$)	Non-Qualified Stock Options (\$)	Time-Based Restricted Stock Units (\$)

Ms. Post received additional PSUs pursuant to her employment agreement related to her promotion to CEO in 2016.

Long-Term Cash Portion (for Executive Officers other than CEO and CFO). In 2017, for our executive officers other than our chief executive officer and chief financial officer, the LTIP portion of the performance plan is focused on the achievement of important operational metrics over a three-year period. The awards consist of three distinct tranches measured annually over a three-year performance cycle. Performance is measured annually based on a range of minimum threshold, target, and maximum level. In 2017, there are two independent metrics used that provide an appropriate balance between capital efficiency and operational results. The first metric is EBITDA, which allows progress toward the EBITDA goal to be established and measured annually over a three-year performance period. The second metric is ROIC, which recognizes that capital-related returns may take time to manifest. The goals are equally weighted, and the payouts will depend upon the achievement level of each metric. When the performance measure has been met and approved by the compensation committee for a particular fiscal year during the three-year period of the award, that portion of units is determined or "banked," but is not considered "earned" or vested and will not be delivered until the three-year period has concluded. The move towards annual measures over the three-year performance period provides flexibility for the compensation committee in establishing appropriate goals during uncertain times as the industry continues to adapt to changing consumer habits.

The same LTI cash award metrics and methodology were implemented for years 2011 through 2017. In 2018, the compensation committee shifted the structure of the long-term incentive component for the remainder of our named and other executive officers to include more equity and less cash, similar to the approach adopted for our chief executive officer and chief financial officer. See " 2018 Compensation Program" below.

Long-Term Performance-Based Equity Portion (for CEO and CFO). In 2017, we shifted the 40% long-term incentive component for our chief executive officer and chief financial officer compensation from cash to equity grants in the form of PSUs, with the other components otherwise remaining the same, as follows:

Ms. Post, our chief executive officer received a PSU grant representing 22,340 shares of the Company's common stock (at target), which had a grant date fair value (at target) of \$1,050,000. Ms. Post received additional PSUs pursuant to her employment agreement related to her promotion to CEO in 2016.

Table of Contents

Mr. Constant, our chief financial officer received a PSU grant representing 7,332 shares of the Company's common stock (at target), which had a grant date fair value (at target) of \$400,000.

The PSU awards cliff-vest at the end of a three-year performance cycle, generally subject to executive's continued employment through the applicable vesting date, with the number of PSUs determined based on achievement of threshold, target or maximum performance objectives approved by the compensation committee and that are consistent with the long-term cash program for executive officers described below. In 2017 the metrics were EBITDA and ROIC. The CEO and CFO will earn no PSUs if threshold performance objectives are not met and will earn 200% of the target number of PSUs if maximum performance objectives are achieved.

2015-2017 LTI Cash Incentives. At the end of 2017, the Company completed a three-year performance cycle for the long-term cash incentive portion of the LTI plan. The performance period covered fiscal 2015 through fiscal 2017. The 2015 LTI cash awards represented 40% of the executive's total 2015 LTI award. Based on EBITDA and ROIC performance, our executive officers did not earn an LTI cash payout, as reflected in the tables below.

For the 2015-2017 LTI cash incentive, our target (100%) level EBITDA objective was approximately \$484.9 million. The range of EBITDA objectives to achieve a LTI cash payout based on EBITDA was 90% of target EBITDA for the minimum threshold level, and 120% of target EBITDA for the maximum level (which corresponds to a 50% to 200% target payout range). Our EBITDA achievement for 2015-2017 was \$415.9 million, which was 85.8% of the target EBITDA level, which was below minimum of the target EBITDA level, and therefore generated no corresponding payout.

EBITDA Target and Preliminary Payout %

Actual	85.8%	0%
Minimum	90%	50%
Target	100%	100%
Maximum	≥120%	200%

Our target (100%) level ROIC objective for the 2015-2017 performance period was approximately 12.1%. The range of ROIC objectives to achieve a LTI cash payout based on ROIC was 87.7% of target ROIC for the minimum threshold level, and 109.9% of target ROIC for the maximum level, with a corresponding multiple range that decreased or increased the payout of the executive's target LTI cash incentive. Our ROIC achievement for 2015-2017 was 70.5%, which was below minimum of the target ROIC level, and therefore generated no corresponding payout.

Stock Options. The stock options that were granted in 2017 vest ratably over four years on each anniversary date of the grant, which is designed to align incentives with longer-term achievement of objectives. The exercise price of the stock options was set at our closing share price on the date of grant. This means the stock options will have no value unless our share price on the date the option is exercised is greater than the exercise price.

Restricted Stock Units. The restricted stock units granted in 2017 vest ratably over four years on each anniversary date of the grant.

2018 Compensation Program

Our 2018 compensation program has substantially the same key components as our 2017 program except for the shift to increase the portion of compensation paid in equity and based on performance to all executive officers by making equity grants in the form of PSUs instead of cash for that portion of the long-term incentive program, as described above.

Deductibility of Executive Compensation

The compensation committee considers the tax impacts of material elements of our executive compensation program. These factors alone do not drive our compensation decisions, but rather they are considered along with other factors such as the cash and non-cash impact of the program, and whether the program is consistent with our compensation objectives.

The compensation committee has historically generally intended to structure our executive compensation in a manner designed to qualify for deductibility under Section 162(m) of the Internal Revenue Code, provided additional requirements are satisfied. The exemption from Section 162(m)'s deduction limit for performance-based compensation has been repealed, effective for taxable years beginning after December 31, 2017, such that compensation paid to our named executive officers in excess of \$1 million will not be deductible unless it qualifies for transition relief applicable to certain arrangements in place as of November 2, 2017.

Despite the compensation committee's efforts in the past to structure our executive compensation in a manner designed to qualify for deductibility under Section 162(m), because of ambiguities and uncertainties as to the application and interpretation of Section 162(m) and the regulations issued thereunder, including the uncertain scope of the transition relief under the legislation repealing Section 162(m)'s exemption from the deduction limit, no assurance can be given that compensation intended to satisfy the requirements for exemption from Section 162(m) in fact will. Further, while we consider deductibility as one factor in determining executive compensation, in some cases we may decide that it is either not possible or desirable to satisfy all of the conditions of Section 162(m) for deductibility and still meet our compensation needs. Accordingly, we may pay compensation that is not deductible under Section 162(m) from time to time.

Executive Compensation Policies and Guidelines

Executive Employment Agreements

Each of Ms. Post, Mr. Constant, Mr. Muhtar, Ms. Stutz, and Mr. Kaplan has an employment agreement with the Company, described below under "Executive Employment Agreements." The employment agreements have indefinite terms, terminating on discontinuance of employment in accordance with the terms of the agreements. The agreements provide for severance payments upon certain terminations of employment (both before and after a change in control of the Company). The compensation committee believes that the terms of these agreements are in line with market standards

Table of Contents

and are an important means to allow management to continue to focus on running the business of the Company in the event of a pending or actual change in control event or other event potentially affecting their employment. More detailed information concerning these severance payments appears below under the caption "Potential Payments upon Termination or Change in Control."

Executive Stock Ownership Guidelines

Stock ownership guidelines have been in effect for the Company's executive officers and directors since March 2009. (See "Corporate Governance and Board Matters Director Stock Ownership Guidelines" in this proxy statement for ownership guidelines for directors). The compensation committee believes that executive stock ownership requirements increase alignment of executive interests with those of stockholders with respect to long-term ownership risk. The guidelines require executive officers to achieve and maintain during the term of the executive's employment a dollar value of Company's securities based on a multiple of base salary. In 2017, the ownership guideline values were adjusted to five times base salary for our CEO, three times base salary for executive vice presidents, and two times base salary for senior vice presidents. Pursuant to the guidelines, the value of the executive's holdings is based on the cumulative cost basis of Company securities held, which is calculated using the price of the Company's common stock at the date of acquisition. All forms of equity owned of record or beneficially, including vested in-the-money options, are credited toward the guidelines. The executive officers have five years to achieve the guidelines from their effective date of employment or promotion date. An executive officer may receive additional time to achieve his or her minimum requirement if the officer's requirement is increased, calculated based on the additional incremental amount. The compensation committee periodically reviews the guidelines and receives guidance and market data from its advisors.

The following table sets forth the ownership guidelines and the holdings of the named executive officers as of March 16, 2018, valued at the acquisition dates pursuant to our executive stock ownership guidelines:

Named Executive Officer	Ownership Guideline	Current Dollar	
		Value of Guideline	Cumulative Cost Basis

G. Constant	3x salary	\$ 1,500,000	\$ 763,672(2)
C. Stutz	3x salary	\$ 1,425,000	\$ 703,902(3)
J. Muhtar	3x salary	\$ 1,155,000	\$ 534,554(4)

Compensation Clawback Policy

In March 2012, the Company's board of directors adopted a compensation clawback policy for its executive officers that provides for the recoupment by the Company of certain excess incentive compensation paid to the officers under certain circumstances. In the event of a restatement of the Company's previously issued financial statements as a result of either (i) material non-compliance with financial reporting requirements under the securities law or (ii) intentional misconduct by an executive,

Table of Contents

the Company may recover, to the extent permitted by law, certain incentive compensation received by the executive that was in excess of what would have been paid in the absence of the incorrect financial statements. If additional clawback rules are approved by the SEC, the Company would be required to review and revise its clawback policy to comply with the new rules.

Pledging and Hedging Transactions in Company Securities

In 2014, the board adopted a formal policy prohibiting hedging and pledging of Company securities by executive officers and directors. The policy is set forth in the Company's Insider Trading Policy. All directors and executive officers have confirmed that they are currently in compliance with the policy.

Compensation Committee Report

The compensation committee, has reviewed and discussed the Compensation Discussion and Analysis contained in this proxy statement with the Company's management. Based on this review and discussion, the compensation committee recommended to the Company's board of directors that the Compensation Discussion and Analysis be included in this proxy statement.

(1) Amounts reflect potential annual bonus payouts to the named executive officers which depend on satisfaction of Company EBITDA targets in fiscal 2017. See "Compensation Discussion and Analysis Incentive-Based Compensation Annual Performance-Based Incentive (Cash Bonus)" for further information.

(2) Amounts reflect potential payouts under a long-term cash performance awards granted to the named executive officers under the 2007 Plan. The awards will cliff vest at the end of the 2017-2019 three-year performance cycle. Performance will be measured over the three years based on a range of minimum threshold, target, and maximum level. Performance goals are established for each of three performance intervals under the awards on or prior to the 90th day of each such performance interval. In the performance interval ending December 31, 2017 there were two independent metrics used: (A) ROIC and (B) EBITDA. The goals are equally weighted, and the payouts may be different depending on the achievement level of each metric. For further information on the terms of the long-term cash performance awards, see the discussion under "Compensation Discussion and Analysis Summary of 2017 Compensation Activity Incentive-Based Compensation 2017 Long-Term Incentive ("LTI") Program."

(3) See Note 15 to our financial statements included in our annual report on Form 10-K for the fiscal year ended December 31, 2017 for descriptions of the methodologies and assumptions we use to value option awards pursuant to the guidance for accounting for stock compensation.

(4) Options were granted pursuant to the 2007 Plan. The options are scheduled to vest 25% on each of the first, second, third, and fourth anniversaries of the date of grant subject to continuing employment or service with the Company. Options are exercisable for ten years from the date of issuance, as defined in the 2007 Plan, subject to certain other conditions.

Red Robin Gourmet Burgers, Inc. Deferred Compensation Plan. Company employees who are generally considered "highly compensated" pursuant to Internal Revenue Code Section 414(q) are not permitted to participate in the Company's 401(k) program. To permit these employees to save for retirement, the Company has established the Red Robin Gourmet Burgers, Inc. Deferred Compensation Plan. The plan permits executives and other eligible employees to defer portions of their compensation. Under this plan, eligible employees may elect to defer up to 75% of their base salary and up to 100% of incentive compensation and commissions each plan year. The Company may make matching contributions in an amount determined by the compensation committee. For the 2017 plan year, the compensation committee authorized matching contributions equal to 50% of the first 4% of compensation that is deferred by the participant. The Company match for named executive officers and other members of the executive team was capped at \$3,000 for the 2017 plan year.

The Company contributes all amounts deferred under the plan to a rabbi trust. Assets in the rabbi trust are invested in certain mutual funds that cover an investment spectrum ranging from equities to money market instruments. All rabbi trust assets remain available to satisfy the claims of the Company's creditors in the event of the Company's bankruptcy or insolvency.

When participants elect to defer amounts into the plan, they also select when the amounts ultimately will be distributed. Participants can elect to have deferrals for a particular year paid in a future year if the participant is still employed at that time. Such in-service distributions are made in the form of a lump sum or, if the participant's total account balance at the time of the in-service distribution is at least \$25,000, the participant can elect to receive payment in up to 15 annual

Table of Contents

installments. Otherwise, payment of a participant's account is made a minimum of six months from participant's termination of employment in the form of a lump sum or up to 15 annual installments if the participant so elected at the time of deferral and if the participant's total account balance is at least \$25,000. A participant can elect to change a prior distribution election to further delay distribution provided that such new election must be provided at least 12 months before the date the previously scheduled distribution would have occurred and provided that the new distribution date is at least 5 years from the originally scheduled distribution date. A participant may obtain a withdrawal prior to the date otherwise scheduled or elected by the participant if the participant incurs an "unforeseeable emergency" (generally including illness, casualty losses, etc.).

In December 2017, we amended the plan to remove the threshold requirement for in-service distributions (such that a participant can elect to receive payment in up to 15 annual installments regardless of the total account balance at the time of distribution). In addition, we increased the minimum total account balance to \$50,000 for participants that elected to receive payment in installments for deferral elections made in connection with a termination of employment. Such amendments were effective as of January 1, 2018.

With respect to deferrals after 2004, the plan is intended to comply with the requirements of section 409A of the Internal Revenue Code, which was enacted as part of the American Jobs Creation Act of 2004. The plan is a "non-qualified" plan for federal tax purposes, meaning that the arrangements are deemed to be unfunded and an employee's interest in the plan is no greater than that of an unsecured general creditor of the Company.

Denny Marie Post Amended and Restated Employment Agreement. Our employment agreement with Ms. Post, our chief executive officer, dated August 8, 2016, and amended effective July 25, 2017, has an indefinite term. The agreement provides that she is entitled to receive certain benefits upon termination of her employment. If the Company terminates Ms. Post's employment upon the occurrence of a change in control, subject to the limitations and conditions described below, she will receive, among other things, (a) payment of an amount equal to two times her annual base salary; (b) her pro rata share of the annual bonus, calculated and paid at the end of the plan cycle, that would otherwise have been earned and been payable had she continued to be employed by the Company; (c) payment of an amount equal to two times the highest annual bonus amount earned by Ms. Post for performance in the last three fiscal years prior to the change in control date for which bonuses have been paid or are payable; (d) payment of an amount equal to the difference between the exercise price of each outstanding option granted to Ms. Post and the fair market value of the common shares of the Company at the time of termination; and (e) payment of an amount equal to the product of (i) the portion of premiums of Ms. Post's group health insurance that the Company paid immediately prior to her date of termination and (ii) eighteen.

If Ms. Post's employment is terminated either by the Company without cause, or by Ms. Post for good reason, as those terms are defined in the agreement, Ms. Post will receive, among other things, (a) continued payment of her annual base salary for a period of two years following the effective date of termination; (b) her pro rata share of the annual bonus, calculated and paid at the end of the plan cycle, that would otherwise have been earned and be payable had she continued to be employed by the Company; and (c) payment of an amount equal to the product of (i) the portion of premiums of Ms. Post's group health insurance that the Company paid immediately prior to her date of termination and (ii) eighteen.

Table of Contents

Generally, under Ms. Post's employment agreement and subject to limited exceptions set forth in the agreement, a change in control will be deemed to occur if any person acquires more than 50% of the outstanding common stock or combined voting power of the Company, if there are certain changes in a majority of our board of directors, if stockholders prior to a transaction do not continue to own more than 50% of the voting securities of the Company (or a successor or a parent) following a reorganization, merger, statutory share exchange or consolidation or similar corporate transaction involving the Company or any of our subsidiaries, a sale or other disposition of all or substantially all of the Company's assets or the acquisition of assets or stock of another entity by us or any of our subsidiaries, or if the Company's stockholders approve a complete liquidation or dissolution of the Company. However, upon the occurrence of any such event, Ms. Post is not entitled to any such payment unless her employment with the Company is terminated by the Company without cause or by Ms. Post for good reason within the two-year period following such change in control.

Good reason is defined in Ms. Post's agreement as a reduction in her compensation other than as permitted under the employment agreement, relocation of the Company's headquarters to a location more than 20 miles from the existing location, a willful breach of a material provision contained in the employment agreement, or a significant reduction in the then-effective responsibilities of the chief executive officer; provided that the Company has 30 days to cure any such condition following Ms. Post's notice thereof (which notice is required to be provided within 90 days of the initial existence of the condition).

If the Company terminates Mr. Constant's employment upon the occurrence of a change in control, subject to the limitations and conditions described below, he will receive, among other things, (a) payment of an amount equal to one time his annual base salary; (b) payment of the higher of Mr. Constant's target or actual annual bonus amount earned by Mr. Constant for performance during the fiscal year in which the change in control occurs; (c) payment of an amount equal to the difference between the exercise price of each outstanding option granted to Mr. Constant and the fair market value of the common shares of the Company at the time of termination; and (d) payment of an amount equal to the product of (i) the portion of premiums of Mr. Constant's group health insurance that the Company paid immediately prior to his date of termination and (ii) twelve.

If the Company terminates Mr. Constant's employment without cause, or Mr. Constant terminates his employment for good reason, Mr. Constant will receive, among other things, payment of an amount equal to one time his annual base salary.

Generally, under Mr. Constant's employment agreement and subject to limited exceptions set forth in the agreement, a change in control will be deemed to occur if any person acquires more than 50% of the outstanding common stock or combined voting power of the Company, if there are certain changes in a majority of our board of directors, if stockholders prior to a transaction do not continue to own more than 50% of the voting securities of the Company (or a successor or a parent) following a reorganization, merger, statutory share exchange or consolidation or similar corporate transaction involving the Company or any of our subsidiaries, a sale or other disposition of all or substantially all of the Company's assets or the acquisition of assets or stock of another entity by us or any of our subsidiaries, or if the Company's stockholders approve a complete liquidation or dissolution of the Company. However, upon the occurrence of any such event, Mr. Constant is not entitled to any such payment unless his employment with the Company is terminated by the Company without cause or by Mr. Constant for good reason within the two-year period following such change in control.

Michael L. Kaplan Employment Agreement. Our employment agreement with Mr. Kaplan, our chief legal officer, dated September 30, 2013, and amended effective July 25, 2017, has an indefinite term. The employment agreement provides that he is entitled to receive certain benefits upon termination of his employment. If the Company terminates Mr. Kaplan's employment upon the occurrence of a change in control, subject to the limitations and conditions described below, he will receive, among other things, (a) payment of an amount equal to one time his annual base salary; (b) payment of the higher of Mr. Kaplan's target or actual annual bonus amount earned by Mr. Kaplan for performance during the fiscal year in which the change in control occurs; (c) payment of an amount equal to the difference between the exercise price of each outstanding option granted to Mr. Kaplan and the fair market value of the common shares of the Company at the time of termination; and (d) payment of an amount equal to the product of (i) the portion of premiums of Mr. Kaplan's group health insurance that the Company paid immediately prior to his date of termination and (ii) twelve.

Table of Contents

If the Company terminates Mr. Kaplan's employment without cause, or Mr. Kaplan terminates his employment for good reason, Mr. Kaplan will receive, among other things, (a) payment of an amount equal to one time his annual base salary; and (b) payment of an amount equal to the target amount of Mr. Kaplan's annual bonus for the fiscal year in which the effective date of termination occurs.

Generally, under Mr. Kaplan's employment agreement and subject to limited exceptions set forth in the employment agreement, a change in control will be deemed to occur if any person acquires more than 50% of the outstanding common stock or combined voting power of the Company, if there are certain changes in a majority of our board of directors, if stockholders prior to a transaction do not continue to own more than 50% of the voting securities of the Company (or a successor or a parent) following a reorganization, merger, statutory share exchange or consolidation or similar corporate transaction involving the Company or any of our subsidiaries, a sale or other disposition of all or substantially all of the Company's assets or the acquisition of assets or stock of another entity by us or any of our subsidiaries, or if the Company's stockholders approve a complete liquidation or dissolution of the Company. However, upon the occurrence of any such event, Mr. Kaplan is not entitled to any such payment unless his employment with the Company is terminated by the Company without cause or by Mr. Kaplan for good reason within the two-year period following such change in control.

Good reason is defined in Mr. Kaplan's employment agreement as a reduction in his compensation other than as permitted under the employment agreement, relocation of the Company's headquarters to a location more than 20 miles from the existing location, a willful breach of a material provision contained in the employment agreement, or a significant reduction in the then-effective responsibilities of the chief legal officer; provided that the Company has 30 days to cure any such condition following Mr. Kaplan's notice thereof (which notice is required to be provided within 90 days of the initial existence of the condition).

Change in Control Agreements

The Company has change in control agreements with certain of its current executive officers other than those who have separate employment agreements. The Company's change in control agreements provide that if the executive resigns for good reason or is terminated by the Company other than for cause or disability or other than as a result of the executive's death during the 24-month period following a change in control, the executive is entitled to receive the following payments and benefits:

all options, restricted shares and other securities beneficially owned by the executive that are unvested, restricted or subject to similar restrictions that otherwise require continued employment beyond the change in control date to become vested will automatically vest and become exercisable, or the restrictions will lapse;

payment of all earned and determinable, but unpaid, wages through the date of termination;

payment in a lump sum in cash of an amount equal to twelve (12) months of his or her annual base salary as in effect immediately prior to the date of termination;

payment in a lump sum in cash of the higher of his or her target or actual annual bonus amount earned for his or her performance during the fiscal year in which the change in control occurs;

Table of Contents

upon surrender within 90 days after termination (at the sole option of the executive) of outstanding options granted to the executive, payment in a lump sum in cash of an amount equal to the difference between the exercise price of each option so surrendered and the fair market value of the common shares of the Company at the date of termination (but not less than the closing price of our common stock on the last trading day prior to surrender); and

payment in a lump sum in cash equal to the product of (i) the portion of premiums of the executive's group health insurance that the Company paid immediately prior to the date of termination and (ii) twelve.

None of our change in control provisions provide for an excise tax gross up payment for Internal Revenue Code Section 280G/4999 purposes. The board has determined not to enter into any agreements with a named executive officer that contain such an excise tax gross up provision. The definition of change in control is substantially similar to the definition contained in the employment agreements with our named executive officers, as discussed above. Good reason is defined as a reduction in the executive's compensation, relocation of the Company's headquarters to a location more than 20 miles from the existing location, a significant reduction in the then-effective responsibilities of the executive without the executive's prior written consent (for this purpose, if the Company ceases to be a publicly traded corporation, the executive will not be deemed to have suffered such a reduction in the nature and scope of his or her responsibilities solely because of the change in the nature and scope thereof resulting from the Company no longer being publicly traded), or failure by the Company to obtain the assumption of the obligations contained in the change in control agreement by any successor to the Company. The agreements also contain standard confidentiality and non-solicitation provisions.

Incentive Plans

Set forth below is a description of the change in control provisions contained within our 2017 Plan, Second Amended and Restated 2007 Performance Incentive Plan (under which there are unvested awards currently outstanding), and our Cash Incentive Plan. All outstanding awards under our 2004 Plan are vested.

2017 Plan. Generally, and subject to limited exceptions set forth in the 2017 Plan, if any person acquires more than 50% of the outstanding common stock or combined voting power of the Company, if there are certain changes in a majority of our board of directors, if stockholders prior to a transaction do not continue to own more than 50% of the voting securities of the Company (or a successor or a parent) following a reorganization, merger, statutory share exchange or consolidation or similar corporate transaction involving the Company or any of our subsidiaries, a sale or other disposition of all or substantially all of the Company's assets or the acquisition of assets or stock of another entity by us or any of our subsidiaries, or if the Company is dissolved or liquidated, then awards then-outstanding under the 2017 Plan may become fully vested or paid, as applicable, and may terminate or be terminated upon consummation of such a change in control event. However, unless the individual award agreement provides otherwise, with respect to executive and certain other high level officers of the Company, upon the occurrence of a change in control event, no award will vest unless such officer's employment with the Company is terminated by the Company without cause within the two-year period following such change in control event. The compensation committee also has the discretion to establish other change in control provisions with respect to awards granted under the 2017 Plan. For example, subject to certain limitations, the compensation committee could provide for the acceleration of vesting or payment of an award in connection with a change in control event that is not described above and provide that any such acceleration shall be automatic upon the occurrence of any such event. The compensation committee has established awards of PSUs and cash performance awards

Table of Contents

under the 2017 that provide for acceleration of vesting of such awards in the event of death, disability or retirement of the participant or a change in control event of the Company.

Second Amended and Restated 2007 Performance Incentive Plan. Generally, and subject to limited exceptions set forth in the 2007 Plan, if any person acquires more than 50% of the outstanding common stock or combined voting power of the Company, if there are certain changes in a majority of our board of directors, if stockholders prior to a transaction do not continue to own more than 50% of the voting securities of the Company (or a successor or a parent) following a reorganization, merger, statutory share exchange or consolidation or similar corporate transaction involving the Company or any of our subsidiaries, a sale or other disposition of all or substantially all of the Company's assets or the acquisition of assets or stock of another entity by us or any of our subsidiaries, or if the Company is dissolved or liquidated, then awards then-outstanding under the 2007 Plan may become fully vested or paid, as applicable, and may terminate or be terminated upon consummation of such a change in control event. However, unless the individual award agreement provides otherwise, with respect to executive and certain other high level officers of the Company, upon the occurrence of a change in control event, no award will vest unless such officer's employment with the Company is terminated by the Company without cause within the two-year period following such change in control event. The administrator also has the discretion to establish other change in control provisions with respect to awards granted under the 2007 Plan. For example, the administrator could provide for the acceleration of vesting or payment of an award in connection with a change in control event that is not described above and provide that any such acceleration shall be automatic upon the occurrence of any such event.

Cash Incentive Plan. Through fiscal year 2017, the Company awarded bonuses under the Cash Incentive Plan. At the beginning of each performance period under the Cash Incentive Plan, the compensation committee established when bonus awards for such performance period were to be paid. Under that plan, the compensation committee had the ability to provide for the effect of any participant's death, disability, termination without cause, or a change in control event of the Company on the payment of awards for the performance period. The definition of a change in control event under the Cash Incentive Plan is substantially the same as that contained in the 2007 Plan and the 2017 Plan. The compensation committee also had the discretion to establish other change in control provisions with respect to awards granted under the Cash Incentive Plan. Beginning in fiscal year 2018, the Company intends to make all awards, including annual bonus award, under the 2017 Plan.

There are currently no amounts payable to or accrued for payment to any named executive officer under the change in control provisions contained in the plans.

- (1) A number of our employee benefit and incentive pay plans provide for payment upon termination of employment of any participant. If terminated on December 31, 2017, each of the named executive officers would have received benefits and payments under these plans in addition to the amounts described in the table above.
- (2) As discussed above, the change in control provisions or termination provisions that apply before or after a change in control in Ms. Post's employment agreement, Mr. Constant's employment agreement, Mr. Muhtar's employment agreement, Ms. Stutz's employment agreement, Mr. Kaplan's employment agreement, and applicable award agreements contain double trigger provisions, and thus any payments described in the above table are generally required to be made only if the Company terminates the executive's employment without cause or the executive resigns with good reason, within a defined protection period following the change in control.
- (3) Represents the total amount of continued payments for a period of twenty-four months following the effective date of termination based on Ms. Post's 2017 base salary.
- (4) Represents an amount equal to two times Ms. Post's 2017 base salary payable in a lump sum within 10 days following effective date of termination of employment.
- (5) Represents an amount equal to one times Mr. Constant's 2017 base salary payable in a lump sum within 60 days following termination of employment.
- (6) Represents an amount equal to one times Ms. Stutz's 2017 base salary payable in a lump sum within 60 days following termination of employment.
- (7) Represents an amount equal to one times Mr. Muhtar's 2017 base salary payable in a lump sum within 60 days following termination of employment.
- (8) Represents an amount equal to one times Mr. Kaplan's 2017 base salary payable in a lump sum within 60 days following termination of employment.
- (9) Represents the amount the named executive officer or his or her estate would have been paid for his or her annual bonus for 2017 had the named executive officer been employed on the bonus payment date. Such amount represents the bonus amount that would have been paid to the named executive officer based on the Company achievement of EBITDA goals for fiscal 2017.

(10)

Edgar Filing: RED ROBIN GOURMET BURGERS INC - Form DEF 14A

Represents the amount Ms. Post would have been paid for her annual bonus for 2017 had Ms. Post been employed on the bonus payment date. Such amount represents the bonus amount that would have been paid to Ms. Post based on Company achievement of EBITDA goals for fiscal 2017. Per the terms of her employment agreement, Ms. Post would also be entitled to receive an amount that

Table of Contents

is equal to two times her highest bonus amount earned in the last three completed fiscal years payable in a lump sum at the regularly scheduled payment date following the effective date of termination.

- (11) Consists of the costs of the Company portion of premiums for the named executive officer and his or her dependents under the Company's existing medical, dental, and prescription insurance plans for a period of eighteen months following the effective date of termination.
- (12) Consists of the costs of the Company portion of premiums for the named executive officer and his or her dependents under the Company's existing medical, dental, and prescription insurance plans for a period of twelve months following the effective date of termination.
- (13) Represents the amount the named executive officer would have been paid for his/her annual bonus for 2017 had the named executive officer been employed on the bonus payment date. Such amount represents the bonus amount that would have been paid to the named executive officer based on Company achievement of EBITDA goals for fiscal 2017. Per the terms of the named executive officer's employment agreement, the named executive officer would also be entitled to an amount equal to the higher of the named executive officer's actual or target Annual Bonus payable in a lump sum at the regularly scheduled payment date.
- (14) The values included in the table above are based on the pro-rata amount of LTI cash that would have vested on December 31, 2017. For purposes of this calculation, it is assumed that a pro-rata portion of the LTI cash target amount would vest upon death or total disability as of December 31, 2017. The actual award amount calculated at December 31, 2017, if any, would be based on the Company's performance during the performance period as measured by cumulative EBITDA and average ROIC, with appropriate adjustments to the targets for cumulative EBITDA and average ROIC to account for the performance period being deemed to end on the effective date of death or total disability and would be payable within 65 days after the effective date of termination.
- (15) The values included in the table above are based on the number of restricted shares or restricted stock units that would have vested on December 31, 2017, multiplied by the closing sales price of the Company's common stock on Nasdaq as of December 29, 2017, the business day immediately preceding such date (\$56.40).
- (16) The change in control agreements and the applicable award agreements for the named executive officers provide that upon a termination in connection with a change in control, the named executive officer has the right to require the Company to pay the difference between the fair market value of the Company's common stock on December 31, 2017 and the exercise price of the options held by the named executive officer on an aggregate basis.
- (17) For purposes of this calculation, it is assumed that the LTI cash award amount is paid at 100% of the target value upon a change in control as of December 31, 2017. The actual award amount calculated at December 31, 2017, if any, would be based on the Company's performance during the performance period as measured by cumulative EBITDA and average ROIC, with appropriate adjustments to the targets for cumulative EBITDA and average ROIC to account for the performance period being deemed to end on the effective date of the change in control and would be payable within 65 days after the effective date of termination.
- (18) The PSU awards for the chief executive officer and chief financial officer provide, among other things, that upon the death or disability of such named executive officer after the completion of the performance period applicable to a particular tranche, the number of shares of stock earned with respect to such tranche is based on the extent to which the performance goals for such tranche

Table of Contents

have been achieved. Accordingly, the values included in the table above are based on the number of shares that would have vested under the PSU on December 31, 2017 (the last day of a tranche under the PSU awards), multiplied by the closing sales price of the Company's common stock on Nasdaq as of December 29, 2017, the business day immediately preceding such date (\$56.40).

(19)

The PSU awards for the chief executive officer and chief financial officer provide that if a change in control occurs prior to the last day of the third performance period under the award, then each tranche will be deemed earned as follows: (a) if the change in control occurs on or prior to the completion of six months of the performance period applicable to such tranche, the number of shares earned with respect to such tranche will be determined as if the performance goals had been achieved at target; and (b) for other tranches, based on the extent to which the performance goals for such tranche have been achieved (which amount would be pro-rated, and the Company's performance against the performance goals for any partial periods determined by the compensation committee in good faith as of the date of the change in control). Accordingly, the values included in the table above are based on the number of shares that would have vested under the PSU on December 31, 2017 (using the actual achievement for the tranche ending December 31, 2017 and based on target for the remaining two tranches ending December 31, 2018 and 2019), multiplied by the closing sales price of the Company's common stock on Nasdaq as of December 29, 2017, the business day immediately preceding such date (\$56.40).

(20)

Represents the named executive officer's target annual bonus payable in a lump sum at the regularly scheduled payment date.

PROPOSAL 2
ADVISORY VOTE ON EXECUTIVE COMPENSATION

Pursuant to Section 14A of the Exchange Act, the Company is again asking our stockholders to cast an advisory vote to approve the executive compensation of our named executive officers as disclosed in this proxy statement. This proposal, commonly known as a "say-on-pay" proposal, gives our stockholders the opportunity to express their views on the design and effectiveness of our executive compensation programs. As an advisory vote, the outcome of the vote on this proposal is not binding upon us. Our compensation committee, which is responsible for designing and administering our executive compensation programs, values the opinions expressed by our stockholders and will consider the outcome of this vote when making future compensation decisions for our named executive officers. In 2017, our advisory vote proposal was supported by approximately 98.5% of the votes cast. The board has adopted a policy of providing for annual say-on-pay advisory votes.

As described in detail under the heading "Compensation Discussion and Analysis," our executive compensation objectives have been designed to link incentives and rewards for our executives to the achievement of specific and sustainable financial and strategic goals which are expected to result in increased stockholder value. We believe that our executive compensation program satisfies these goals and is aligned with the long-term interests of our stockholders. Highlights of our current compensation program include the following.

Direct retention by the compensation committee of its independent compensation consultant.

Emphasis on a long-term pay for performance, including our LTI program that is measured over three-year performance periods.

Financial measures used for the annual performance-based bonus and long-term incentive grants are linked to the Company's strategic business plans reviewed and approved by our board of directors.

The LTI cash component shifted to performance-based equity in the form of PSUs in 2017 for our CEO and CFO and for all executives in 2018.

Minimum financial goals must be met for payouts to be made under both the annual performance-based bonus and long-term cash incentive grants.

Payouts under our annual and long-term incentive compensation plans are capped.

None of our change in control provisions provide for excise tax gross-ups and the board has committed not to enter into any such agreements; we have double-trigger equity vesting upon a change in control.

Repricing of stock options is expressly prohibited by our equity compensation plan without stockholder approval.

Meaningful stock ownership guidelines for executives, which promote alignment with stockholders.

Formal policy prohibiting hedging and pledging of Company securities by executive officers and directors.

Adoption of a clawback policy that provides for the recoupment of incentive compensation from executive officers under certain circumstances.

Relatively modest executive perquisites, and no excessive executive only-perquisites.

Please read the "Compensation Discussion and Analysis" section contained in this proxy statement, including the tables and narrative disclosures contained therein for additional details about our executive compensation programs.

**PROPOSAL 3
RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The audit committee is responsible for the appointment, compensation, retention, and oversight of the independent registered public accounting firm retained to perform the audit of our financial statements and our internal control over financial reporting. The audit committee selected KPMG LLP ("KPMG") as our independent auditor for the fiscal year ending December 30, 2018. KPMG also served as our independent auditor for the 2017 fiscal year ended December 31, 2017, the 2016 fiscal year ended December 25, 2016 and the 2015 fiscal year ended December 27, 2015. In 2017, stockholders approved the ratification of KPMG by approximately 99.98% of votes cast. The audit committee believes the continued retention of KPMG is in the best interests of the Company and our stockholders. Representatives from KPMG are expected to be present at the annual meeting, will have an opportunity to make a statement if they desire to do so, and will be available to respond to any questions that might arise.

Evaluation of Auditor

In approving the selection of KPMG as the Company's independent auditor for the fiscal year ending December 30, 2018, the audit committee considered, among other factors:

- Firm and engagement team experience, including in our industry;
- Audit approach and supporting tools;
- General technical expertise;
- Audit quality factors, including timing of procedures and engagement team workload and allocation;
- Recent Public Company Oversight Board (PCAOB) inspection findings and the firms' responses thereto;
- Communication and interaction with the audit committee and management;
- Independence and commitment to objectivity and professional skepticism;
- Prior year audit performance; and
- The reasonableness and appropriateness of fees.

Based on this evaluation, our board is requesting that our stockholders ratify KPMG's appointment for the 2018 fiscal year. We are not required to seek ratification from stockholders of our selection of independent auditor but are doing so as a matter of good governance. If the selection is not ratified, the audit committee will consider whether it is appropriate to select another independent auditor. Even if the selection is ratified, the audit committee in its discretion may select a different independent auditor at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

Audit Committee's Pre-Approval Policies and Procedures

The audit committee pre-approves all audit and non-audit services to be performed by its independent auditor and has established policies and procedures to ensure that the Company is in full compliance with the requirements for pre-approval set forth in the Sarbanes-Oxley Act of 2002 and the SEC rules regarding auditor independence. The policies and procedures are detailed as to the particular service and do not delegate the audit committee's responsibility to management.

In accordance with these policies and procedures, management submits for approval audit and non-audit services that management may wish to have the independent auditor perform during the fiscal year, accompanied by an estimated range of fees for each service to be performed. The audit committee pre-approves or rejects the service and an accompanying range of fees for each service desired to be performed. Management is required to seek additional audit committee pre-approval when management becomes aware that any pre-approved service will result in actual fees greater than the fees initially approved. During the course of the year, the chair of the audit committee has the authority to pre-approve requests for services. At each subsequent audit committee meeting, the chair of the audit committee reports any interim pre-approvals since the last meeting.

All of the fees set forth in the Principal Accountant Fees and Services table above for fiscal year 2017 were pre-approved by the audit committee.

AUDIT COMMITTEE REPORT

The audit committee is responsible for overseeing and evaluating the Company's financial reporting process on behalf of the board of directors. Management has the primary responsibility for the Company's financial reporting process, accounting principles, and internal controls as well as preparation of the Company's financial statements in accordance with generally accepted accounting principles in the United States (GAAP). KPMG, our independent auditor for 2017, 2016 and 2015, is responsible for expressing opinions on the conformity of the Company's audited financial statements with generally accepted accounting principles and on the Company's internal control over financial reporting.

The audit committee has reviewed and discussed with management and KPMG the audited financial statements for the year ended December 31, 2017, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, the clarity of the disclosures in the financial statements, and KPMG's evaluation of the Company's internal control over financial reporting.

The audit committee has reviewed and discussed with KPMG the matters required to be discussed pursuant to Public Company Accounting Oversight Board (PCAOB) standards. The audit committee has received from KPMG the written disclosures and the letter required by applicable PCAOB requirements regarding the independent accountant's communications with the audit committee concerning independence. The audit committee has also discussed such independence with KPMG.

Based upon the review and discussions described above, the audit committee recommended to the board of directors that the Company's audited financial statements be included in its annual report on Form 10-k for the year ended December 31, 2017, and the board of directors accepted the audit committee's recommendations.

Whether or not you plan to attend the meeting, please take the time to vote your shares as soon as possible.

DELIVERY OF PROXY MATERIALS

The SEC's "notice and access" rule allows companies to deliver a notice regarding internet availability of proxy materials ("notice regarding internet availability") to stockholders in lieu of a paper copy of the proxy statement and related materials and the Company's annual report on Form 10-K (collectively, the "proxy materials"). We use the notice and access process for all of our beneficial holders. The notice regarding internet availability provides instructions as to how these holders can access the proxy materials online, contains a listing of matters to be considered at the meeting, and sets forth instructions as to how shares can be voted. Shares must be voted either by telephone, online, or by completing and returning a proxy card. **Shares cannot be voted by marking, writing on, and/or returning the notice regarding internet availability.** Any notices regarding internet availability that are returned will not be counted as votes. Instructions for requesting a paper copy of the proxy materials are set forth on the notice regarding internet availability.

Important Notice Regarding Availability of Proxy Materials

Our proxy materials are available at <http://www.redrobin.com/eproxy>.

"Householding" of Proxy Materials

As permitted by applicable law, we may deliver only one copy of certain of our documents, including the notice regarding internet availability, proxy statement, annual report, and information statement to stockholders residing at the same address, unless such stockholders have notified us of their desire to receive multiple copies thereof. This process, which is commonly referred to as "householding," is intended to provide extra convenience for stockholders and cost savings for the Company.

If you wish to opt-out of householding and continue to receive multiple copies of the proxy materials at the same address, you may do so at any time prior to thirty days before the mailing of the notice regarding internet availability or the proxy materials themselves, which are typically mailed in April of each year, by notifying us in writing at: Red Robin Gourmet Burgers, Inc., Attn: Shareholder Services, 6312 South Fiddler's Green Circle, Suite 200N, Greenwood Village, Colorado 80111, or by contacting us at (303) 846-6000. You also may request additional copies of the proxy materials by notifying us in writing at the same address or contacting us at (303) 846-6000, and we will undertake to deliver such additional copies promptly. If you share an address with another stockholder and currently are receiving multiple copies of the proxy materials, you may request householding by notifying us at the above referenced address or telephone number.

VOTING INFORMATION

Voting rights. As of April 2, 2018, the record date for the meeting, we had 12,971,479 shares of common stock outstanding. Each share of our common stock outstanding on the record date is entitled to one vote on all items being voted on at the meeting. You can vote all of the shares that you owned on the record date. These shares may include: (1) shares held directly in your name as the stockholder

of record, and (2) shares held for you as the beneficial owner through a stockbroker, bank, or other nominee.

Voting instructions. We encourage all stockholders to submit votes in advance of the meeting. Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct how your shares are voted in advance of the meeting.

Stockholder of record. If your shares are registered directly in your name with Red Robin's transfer agent, American Stock Transfer & Trust Company, you are considered the stockholder of record of those shares and we are sending these proxy materials directly to you. If you are a stockholder of record, you may vote by submitting a proxy. We have enclosed a proxy card and return envelope for you to use.

Beneficial ownership. If your shares are held in a brokerage account, by a bank, broker, trustee, or other nominee, you are considered the beneficial owner of shares held in street name. Your proxy materials are being forwarded to you by your bank, broker, trustee, or nominee, who is considered the stockholder of record of those shares. As the beneficial owner, you have the right to direct your bank, broker, trustee, or nominee on how to vote via the Internet or by telephone if the bank, broker, trustee, or nominee offers these options or by signing and returning a proxy card. Your bank, broker, trustee, or nominee provides you instructions on how to vote your shares. Stock exchange rules prohibit brokers from voting on Proposal No. 1 (election of directors) and Proposal No. 2 (advisory vote on executive compensation) without receiving instructions from the beneficial owner of the shares. In the absence of instructions, shares subject to such broker non-votes will not be counted as voted or as present or represented on those proposals and so will have no effect on the vote for Proposal Nos. 1 and 2. Votes directed by Internet or telephone through such a bank, broker, trustee, or nominee must be received by 11:59 p.m. Eastern Time on May 29, 2018, unless otherwise directed by your bank or broker. Because a beneficial owner is not the stockholder of record, you may not vote these shares in person at the meeting unless you obtain a "legal proxy" from the broker, bank, or other holder of record that holds your shares, giving you the right to vote the shares at the meeting.

If you receive more than one set of proxy materials, it means that you hold shares registered in more than one name or account. You should sign and return each proxy and follow the instructions on each notice regarding internet availability that you receive to ensure that all your shares are voted.

Voting in-person. Shares held in your name as the stockholder of record may be voted in person at the annual meeting. Shares held beneficially in street name may be voted in person only if you obtain a legal proxy from the broker, bank, or other holder of record that holds your shares giving you the right to vote the shares.

Counting of votes. Votes will be counted by our transfer agent, American Stock Transfer & Trust Company, LLC, which we have retained to act as the inspector of election for the annual meeting.

Additional meeting matters. We do not expect any matters to be presented for a vote at the meeting other than the matters described in this proxy statement. If you grant a proxy, either of the officers named as proxy holder, Denny Marie Post or Guy J. Constant, or their nominee(s) or substitute(s), will have the discretion to vote your shares on any additional matters that are properly presented for a vote at the meeting. If a nominee is not available as a candidate for director, the person named as the proxy holder will vote your proxy for another candidate nominated by our board of directors.

Dissenters' rights. No action is proposed herein for which the laws of the state of Delaware or our bylaws provide a right of our stockholders to dissent and obtain appraisal of or payment for such stockholders' common stock.

REVOKING YOUR PROXY

Even after you have submitted your proxy, you may change your vote or revoke your proxy at any time before the votes are cast at the meeting by: (1) delivering a written notice of your revocation to our corporate secretary at our principal executive office, 6312 South Fiddler's Green Circle, Suite 200N, Greenwood Village, Colorado 80111; or (2) executing and delivering a later dated proxy. In addition, the powers of the proxy holders will be suspended if you attend the meeting in person and so request, although attendance at the meeting will not by itself revoke a previously granted proxy.

ATTENDANCE AT THE MEETING

All stockholders as of the record date, or their duly appointed proxies, may attend the meeting. If you are not a stockholder of record but hold shares through a broker or bank, you should provide proof of beneficial ownership on the record date, such as your most recent account statement as of April 2, 2018, a copy of the voting instruction card provided by your broker, bank, or other holder of record, or other similar evidence of ownership. Registration and seating will begin at 7:30 a.m. We do not permit cameras, recording devices, or other electronic devices at the meeting.

QUORUM, VOTE REQUIRED, ABSTENTIONS, AND BROKER NON-VOTES

Quorum

The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of our common stock outstanding as of the record date will constitute a quorum. There must be a quorum for any action to be taken at the meeting (other than an adjournment or postponement of the meeting). If you submit a properly executed proxy card, even if you abstain from voting, then your shares will be counted for purposes of determining the presence of a quorum. Broker non-votes will be counted for purposes of determining the presence of a quorum at the meeting.

Vote Required

For Proposal 1 (director election), in an uncontested election (such as the election to be held at this annual meeting), each director will be elected by the affirmative vote of the majority of the votes cast. A majority of votes cast means that the number of shares cast **FOR** a director's election exceeds the number of shares cast **AGAINST** that director. If a nominee does not receive a majority of the votes cast for such nominee, then the resulting vacancy will be filled only by a majority vote of the directors then in office, and the director(s) so chosen shall serve for a term expiring at the next annual meeting of stockholders or until such director's successor shall have been duly elected and qualified. Abstentions and broker non-votes are not considered votes cast and therefore will have no effect on the outcome of the vote.

Proposal 2 (say-on-pay) represents an advisory vote and the results will not be binding on the board or the Company. The affirmative vote of a majority of the votes cast for this proposal will constitute the stockholders' non-binding approval with respect to our executive compensation programs. Our board will review the voting results and take them into consideration when making future decisions regarding executive compensation. Abstentions and broker non-votes will have no effect on the outcome of the vote.

Table of Contents

For Proposal 3 (ratification of auditors), the affirmative vote of a majority of the votes cast on this proposal will be required to approve such proposal. Abstentions will have no effect on the outcome of the vote.

Broker Non-Votes

Brokers, banks, or other holders of record are no longer permitted to vote on most proxy proposals without specific client instructions. In these cases, the broker can register your shares as being present at the annual meeting for purposes of determining the presence of a quorum but will not be able to vote on those matters for which specific authorization is required under the rules. If you are a beneficial owner whose shares are held of record by a broker, bank, or other holder of record, you must instruct the broker, bank, or other holder of record how to vote your shares. If you do not provide voting instructions, your shares will not be voted on any proposal on which the broker does not have discretionary authority to vote. Accordingly, it is particularly important that beneficial owners instruct their brokers how they wish to vote their shares.

At this annual meeting, your broker, bank, or other holder of record does not have discretionary voting authority to vote on any of the proposals other than Proposal 3 (ratification of auditors) without instructions from you, in which case a broker non-vote will occur and your shares will not be voted on these matters.

ADDITIONAL INFORMATION

Section 16(a) Beneficial Ownership Reporting Compliance. Section 16(a) of the Exchange Act requires our directors and executive officers, and persons who own more than ten percent of a registered class of our equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of common stock and other equity securities of the Company. Officers, directors, and greater than ten percent stockholders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file. To our knowledge, based solely on a review of the copies of such reports furnished to us and representations that no other reports were required, during fiscal year 2017, all of our officers, directors, and greater than ten percent beneficial owners timely complied with all Section 16(a) filing requirements.

Proposals for Inclusion in 2019 Proxy Statement. For your proposal or director nomination to be considered for inclusion in our proxy statement for next year's meeting, your written proposal must be received by our corporate secretary at our principal executive office no later than December 11, 2018. If we change the date of next year's meeting by more than 30 days from the date of this year's meeting, then the deadline is a reasonable time before we begin to print and mail our proxy materials. You should also be aware that your proposal must comply with SEC regulations regarding inclusion of stockholder proposals in Company-sponsored proxy materials and our bylaws.

Proposals to be Addressed at 2019 Annual Meeting (but not included in proxy statement). In order for you to properly bring a proposal (including director nominations) before next year's annual meeting, our corporate secretary must receive a written notice of the proposal no later than February 25, 2019 and no earlier than January 25, 2019, and it must contain the additional information required by our bylaws. All proposals received after February 25, 2019 will be considered untimely. You may obtain a complete copy of our bylaws by submitting a written request to our corporate secretary at our principal executive office. If we change the date of next year's meeting by more than 30 days from the date contemplated at this year's meeting, in order for the proposal to be timely, we must receive

your written proposal at least 90 days before the date of next year's meeting or no more than 10 days following the day on which the meeting date is publicly announced.

Proxy Solicitation Costs. The accompanying proxy is being solicited on behalf of the board of directors of our Company. The expense of preparing, printing, and mailing the notice regarding internet availability or proxy card and the material used in the solicitation thereof will be borne by the Company. In addition to the use of the mails, proxies may be solicited by telephone, other electronic means, or in person, by our directors, officers, and employees at no additional compensation. Arrangements may also be made with brokerage houses and other custodians, nominees, and fiduciaries for the forwarding of solicitation material to the beneficial owners of stock held of record by such persons, and we may reimburse them for reasonable out-of-pocket expenses incurred by them in connection therewith. In addition, Georgeson LLC has been retained to assist in the solicitation of proxies for the 2018 annual meeting of stockholders for a fee of approximately \$6,500 plus associated costs and expenses.

ANNUAL REPORT ON FORM 10-K

We filed with the SEC an annual report on Form 10-K on February 27, 2018 for the fiscal year ended December 31, 2017. A copy of the annual report on Form 10-K has been made available concurrently with this proxy statement to all of our stockholders entitled to notice of and to vote at the annual meeting. In addition, you may obtain a copy of the annual report on Form 10-K, without charge, by writing to Red Robin Gourmet Burgers, Inc., Attn: Shareholder Services, 6312 South Fiddler's Green Circle, Suite 200N, Greenwood Village, Colorado 80111.
